CITY OF DESTIN

AGENDA ITEM

COUNCIL MEETING DATE: July 7, 2025
TYPE OF AGENDA ITEM: Public Hearing
AGENDA OUTLINE NUMBER: 5.B.

TO: City Council

THRU: Larry Jones , City Manager
Kimberly Kopp, City Attorney

FROM: David Prichard, Community Development Director
Daniel Butler, Principal Planner

DATE: July 1, 2025

SUBJECT: A public hearing regarding the submittal of a Major Development Order for the construction of an Alvin's Island retail store at 1073 East Highway 98 (Parcel ID: 00-2S-22-0000-0024-0020).

I. BACKGROUND: McNeil Carroll Engineering, on behalf of Alvin's Stores, Inc., is requesting approval for a Major Development Order for the construction of a 12,600-square-foot retail space. The proposed project is located at 1073 Highway 98 East (Parcel ID: 00-2S-22-0000-0024-0020) and encompasses approximately 1.21 acres.

II. DISCUSSION: The proposed project includes the construction of a 12,600-square-foot retail store, along with associated site improvements to provide required parking, a pedestrian network, and right-of-way enhancements in accordance with City of Destin design standards. This general merchandise store is intended to replace the former 22,000-square-foot Alvin's Island store, which was destroyed by fire on March 25, 2021.

COMPREHENSIVE PLAN/LAND DEVELOPMENT CODE

The subject property is within the **Town Center Commons Planning Area.** Also, the property has a Future Land Use Map Designation of **Town Center Mixed Use (TCMU)** and a Zoning Designation of **Town Center Mixed Use (TCMU)**. The proposed use is consistent with these land use regulations. The project, as required by the Comprehensive Plan and the Land Development Code, has undergone a compatibility review and meets the minimum requirements.

LAND USE

General Merchandise Stores (NAICS #452) are a permitted use within the **TCMU** Zoning District.

EXISTING USES
General Merchandise Store (NAICS #452) – Previous 22,000 square-foot retail store was destroyed by a fire on March 25, 2021. The lot has remained vacant.

*Per LDC ***Section 7.09.03.1.A***, "*Buildings shall be oriented towards the public street frontage and shall be constructed as close to the adjacent right-of-way as possible in order to improve access from the multimodal transportation network.*" The application of this code ensures ease of access from the pedestrian network in the right-of-way and to mitigate separation concerns, as outlined in LDC ***Section 7.09.03.1.F***, from the residential properties abutting the rear of the parcel.

Stormwater Management: Signed June 12, 2025
Potable Water/Sanitary Sewer: Signed January 30, 2025

Solid Waste: Signed November 14, 2024

AIRPORT PROTECTION
As proposed, this project is not affected by nor affects the Destin Executive Airport. The applicant has indicated on the development order application that the proposed project is not within the Airport impact area.

NOTE: Per Okaloosa County Airports, all contractors that will require a crane to hang any material will need to file notice with the Federal Aviation Administration's (FAA) Obstruction Evaluation Group (OEG) and obtain an Aeronautical Study Number (ASN). File Notice by submitting FAA Form 7460-1 at https://oeaaa.faa.gov/oeaaa/external/portal.jspb. The general contractor can obtain the ASN for the entirety of the project and all subcontractors can fall under their ASN.

TRANSPORTATION ANALYSIS
The proposed project meets the de minimis criteria outlined in ***Comprehensive Plan Policy 12-4.1.4(C)(5)***. This project is reducing the size of the previous Alvin's Island Store on this site from 22,000 square feet to 12,600 square feet. Because of this, the Traffic Concurrency Evaluation illustrates a net negative in trip generations.

RIGHT-OF-WAY DEDICATION
The project does not include any right-of-way dedication.

INGRESS/EGRESS
Vehicular access to the property is provided by the Highway 98 East public right-of-way (ROW).

PEDESTRIAN NETWORK
The project provides a complete pedestrian network as required in ***LDC 8.09.03.A(6)***. A continuous on-site internal sidewalk is provided throughout the development.

waste collection areas or inside a building. The approved dumpster location within Exhibit C shall not be altered unless a Development Order (DO) Deviation is submitted, reviewed, approved, and issued.

No signs were reviewed for permitting or compliance with the Development Order application. All proposed signs must be permitted through a sign permit and shall comply with the sign code section of the Destin Land Development Code in effect at the time a sign application is submitted.

IMPACT/MOBILITY FEES

Imposition of impact or mobility fees will be determined based on timing of permitting. Final impact/mobility fee amounts have been developed using the provisions outlined in ***LDC 19.03.05.A*** and ***Ordinance Number 2025-08-LC.*** TABLE 1 reflects the estimated impact fees prior to August 25, 2025. 3. SEE SYMBOL LEGEND ON THIS SHEET FOR SYMBOL INFORMATION AND REFERENCED DETAILS.
4. SEE SECTIONS IN CONSTRUCTION DETAILS.
5. SILT FENCE TO BE INSTALLED AT PERIMETER OF SITE DURING CONSTRUCTION. EROSION CONTROL MEASURES WILL BE UTILIZED THROUGHOUT THE CONSTRUCTION PHASE OF THIS PROJECT TO RESTRICT ANY TURBID RUNOFF FROM LEAVING THE CONSTRUCTION SITE.
6. CONTROL OF SEDIMENT-LADEN RUNOFF SHALL BE PROVIDED WITH HAY BALES AND/OR GEOTECH STYLE FABRICS. ALL CONTROL MEASURES SHALL BE PROPERLY LOCATED AND CONSTRUCTED TO PREVENT SEDIMENT TRANSPORT. THE MEANS FOR RETAINING THE SEDIMENTS WILL BE MAINTAINED BY THE CONTRACTOR UNTIL PERMANENT IMPROVEMENTS ARE COMPLETE.
7. THE CONTRACTOR IS RESPONSIBLE FOR TREATING ALL ONSITE STORMWATER DRAINAGE AS REQUIRED TO MEET THE CRITERIA OF 62-3 FLORIDA ADMINISTRATIVE CODE, F.A.C. PRIOR TO DISCHARGE.
8. ALL CATCH BASINS, INLETS AND ACCESSES TO UNDERGROUND STORMWATER SYSTEMS SHALL BE PROTECTED IN ACCORDANCE WITH THE ATTACHED DETAILS.
9. THE CONTRACTOR IS RESPONSIBLE FOR COMPLYING WITH THE TERMS AND CONDITIONS OF ANY STORMWATER PERMITS THAT MAY APPLY (FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION, FLORIDA DEPARTMENT OF TRANSPORTATION, DESTIN, WATER MANAGEMENT DISTRICT, ETC.).
10. CONSTRUCTION DRIVES SHALL SLOPE AWAY FROM THE ROADWAY AT A MINIMUM SLOPE OF 2.00% TO DISTANCE OF NOT LESS THAN 15 FEET FROM THE EDGE OF PAVEMENT. THE MAXIMUM WIDTH OF THE DRIVE SHALL BE 30 FEET WITH #57 GRAVEL SURFACE 6 INCHES THICK. SIGNS SHALL BE PLACED (IN ACCORDANCE WITH CITY AND STATE REQUIREMENTS) TO WARN APPROACHING DRIVERS AND PEDESTRIANS.
11. THE DEVELOPER AND/OR CONTRACTOR IS RESPONSIBLE FOR FOLLOWING REQUIRED WASTE MANAGEMENT PRACTICES AS DEFINED IN THE DESTIN MUNICIPAL CODE SECTION 22-91 "UNLAWFUL DISPOSAL OF WASTE, FAILURE TO DELIVER WASTE", WHICH MAKES IT UNLAWFUL FOR ANY PERSON TO DUMP, LEAVE OR BURY ANY SOLID WASTE ON PUBLIC OR OR PRIVATE PROPERTY.
12. THE DEVELOPER AND/OR CONTRACTOR IS RESPONSIBLE FOR OBTAINING COVERAGE UNDER THE FDEP GENERIC PERMIT FOR STORMWATER DISCHARGE FROM LARGE AND SMALL CONSTRUCTION ACTIVITIES PRIOR TO START OF CONSTRUCTION OR ANY DISTURBANCE OF LAND GREATER THAN 1 ACRE. THE DEVELOPER/CONTRACTOR WILL FORWARD A COPY OF THE PERMIT AND WILL PROVIDE 48 HOUR NOTIFICATION TO THE APPROPRIATE AGENCIES PRIOR TO COMMENCEMENT OF CONSTRUCTION. ALL REQUIRED ELEMENTS OF THE SWPP MUST BE IN PLACE PRIOR TO COMMENCEMENT OF CONSTRUCTION. FAILURE TO COMPLY COULD RESULT IN CODE ENFORCEMENT ACTION AND FINES.
13. QUALIFIED PERSONNEL SHALL INSPECT THE FOLLOWING ITEMS AT LEAST ONCE EVERY SEVEN (7) CALENDAR DAYS AND/OR WITHIN 24 HOURS OF THE END OF A STORM EVENT (RAINFALL) THAT IS A 1/2 INCH OR GREATER:

THE THIRD STEP SHALL BE TO CLEAR AND GRUB AREAS WHERE IMPROVEMENTS ARE TO BE INSTALLED. AS FILL IS BROUGHT INTO THE SITE, THE STORMWATER BASIN SHOULD BE CREATED TO CAPTURE ANY OVERLAND FLOW AND ACT AS A SEDIMENT TRAP. IT IS RECOMMENDED THAT THE BASIN BE CONSTRUCTED APPROXIMATELY ½' HIGHER THAN DESIGN AT THIS POINT TO ENSURE ALL SILTS AND FINES ARE REMOVED AT THE TIME OF FINAL GRADING OF THE STORMWATER BASIN.
19. TYPICALLY, THE SANITARY SEWER, STORM SEWER, AND WATER MAINS ARE INSTALLED RESPECTIVELY. UPON INSTALLATION OF THE STORM SEWER, HAY BALES AND FILTER FABRICS SHALL BE USED AT ALL INLET OPENINGS PER THE CONSTRUCTION DETAILS TO THE KEEP THE SYSTEM FREE OF SEDIMENTS DURING THE CONSTRUCTION PHASE. DEPENDING ON SITE CONDITIONS AND SIZE, SEDIMENT TRAPS SHALL BE UTILIZED TO PREVENT TURBID RUNOFF FROM LEAVING THE SITE (SEE EROSION CONTROL PLAN).
20. SITE STABILIZATION SHALL BE PROVIDED AS SOON AS THE GRADING WILL ALLOW IN ORDER TO STOP EROSION AND REDUCE TURBID RUNOFF. SEEDING, SODDING, OR HYDROSEEDING SHALL BE USED WHEN FINAL GRADES ARE ESTABLISHED.
21. EROSION CONTROL MEASURES SHALL BE UTILIZED THROUGHOUT THE CONSTRUCTION PHASE OF THIS PROJECT AND BE MANAGED IN ACCORDANCE THE THE STATE NPDES PROGRAM.

ASPHALT PAVING MATERIAL AND MIX DESIGN. PROVIDE COPIES OF MATERIALS CERTIFICATES SIGNED BY MATERIAL PRODUCER AND CONTRACTOR, CERTIFYING THAT EACH MATERIAL ITEM COMPLIES WITH, OR EXCEEDS, SPECIFIED REQUIREMENTS.

WEATHER LIMITATIONS: APPLY PRIME AND TACK COATS WHEN AMBIENT TEMPERATURE IS ABOVE 50 DEGREES F. (10 DEGREES C), AND WHEN TEMPERATURE HAS NOT BEEN BELOW 35 DEGREES F. (1 DEGREE C) FOR 12 HOURS IMMEDIATELY PRIOR TO APPLICATION. DO NOT APPLY WHEN BASE IS WET OR CONTAINS AN EXCESS OF MOISTURE.

CONSTRUCT ASPHALT CONCRETE SURFACE COURSE WHEN ATMOSPHERIC TEMPERATURE IS ABOVE 40 DEGREES F. (4 DEGREES C), AND WHEN BASE IS DRY. SURFACE COURSE MAY BE PLACED WHEN AIR TEMPERATURE IS ABOVE 30 DEGREES F. (−1 DEGREE C) AND RISING.

GRADE CONTROL: ESTABLISH AND MAINTAIN REQUIRED LINES AND ELEVATIONS.

THE SUBCONTRACTOR SHALL WARRANT ALL ASPHALT PAVING AGAINST DEFECTS IN MATERIALS AND WORKMANSHIP FOR A PERIOD OF TWO YEARS.

PRODUCTS: USE LOCALLY AVAILABLE MATERIALS AND GRADATIONS WHICH EXHIBIT A SATISFACTORY RECORD OF PREVIOUS INSTALLATIONS.

AGGREGATE: CRUSHED STONE, CRUSHED GRAVEL, AND SHARP−EDGED NATURAL SAND.

MAXIMUM AGGREGATE SIZE SHALL BE NO GREATER THAN ONE−HALF OF THE DESIGN THICKNESS OF THE WEARING OR BINDER COURSE.

SURFACE PREPARATION: PROOF ROLL PREPARED BASE SURFACE TO CHECK FOR UNSTABLE AREAS AND AREAS REQUIRING ADDITIONAL COMPACTION.

NOTIFY CONTRACTOR OF UNSATISFACTORY CONDITIONS. DO NOT BEGIN PAVING WORK UNTIL DEFICIENT BASE AREAS HAVE BEEN CORRECTED AND ARE READY TO RECEIVE PAVING.

PRIME COAT: APPLY AT RATE OF 0.2 TO 0.5 GAL. PER SQ. YD., OVER COMPACTED BASE. APPLY MATERIAL TO PENETRATE AND SEAL, BUT NOT FLOOD SURFACE. CURE AND DRY AS LONG AS NECESSARY TO ATTAIN PENETRATION AND EVAPORATION OF VOLATILE.

TACK COAT: APPLY TO CONTACT SURFACE OF PREVIOUSLY CONSTRUCTED ASPHALT OR PORTLAND CEMENT CONCRETE AND SURFACES ABUTTING OR PROJECTING INTO ASPHALT CONCRETE PAVEMENT. DISTRIBUTE AT RATE OF 0.05 TO 0.51 GAL. PER SQ. YD. OF SURFACE.

ALLOW TO DRY UNTIL AT PROPER CONDITION TO RECEIVE PAVING.

ASPHALT CONCRETE MIX: THIS ITEM SHALL CONSIST OF A WEARING SURFACE CONSTRUCTED OF ASPHALTIC CONCRETE ON A PREPARED BASE.

THE MATERIALS AND CONSTRUCTION METHODS SHALL COMPLY WITH THOSE SET FORTH FOR ASPHALTIC CONCRETE IN THE LATEST F.D.O.T. EDITION OF THE STANDARD SPECIFICATIONS.

THE ASPHALTIC CEMENT SHALL MEET THE REQUIREMENTS OF AASHTO SPECIFICATIONS M−20, VISCOSITY GRADE AC−20 (PENETRATION GRADE 60−70).

THE THICKNESS OF THE SURFACE SHALL BE AS SPECIFIED IN THE SITE WORK PLANS. THIS REQUIREMENT SHALL BE CHECKED BY CORES AND WHERE A DEFICIENCY OF MORE THAN 1/4" EXISTS, THE CONTRACTOR SHALL BE REQUIRED TO CORRECT THE DEFICIENCY EITHER BY REPLACING THE FULL THICKNESS OR OVERLAYING THE AREAS TO THE SATISFACTION OF THE ENGINEER.

SAND ASPHALT BASE

PLACE ASPHALT CONCRETE MIXTURE ON PREPARED SURFACE, SPREAD AND STRIKE−OFF. SPREAD MIXTURE AT MINIMUM TEMPERATURE OF 225 DEGREES F. (107 DEGREES C).

PLACE IN STRIPS NOT LESS THAN 10' WIDE, UNLESS OTHERWISE ACCEPTABLE TO THE ENGINEER. AFTER FIRST STRIP HAS BEEN PLACED AND ROLLED, PLACE SUCCEEDING STRIPS AND EXTENDED ROLLING TO OVERLAP PREVIOUS STRIPS. COMPLETE BASE COURSE FOR A SECTION BEFORE PLACING SURFACE COURSE.

MAKE JOINTS BETWEEN OLD AND NEW PAVEMENTS, OR BETWEEN SUCCESSIVE DAYS' WORK, TO ENSURE CONTINUOUS BOND BETWEEN ADJOINING WORK. CLEAN CONTACT SURFACES AND APPLY TACK COAT.

BEGIN ROLLING WHEN MIXTURE WILL BEAR ROLLER WEIGHT WITHOUT EXCESSIVE DISPLACEMENT.

ACCOMPLISH BREAKDOWN OR INITIAL ROLLING IMMEDIATELY FOLLOWING ROLLING OF JOINTS AND OUTSIDE EDGE. CHECK SURFACE AFTER BREAKDOWN ROLLING, AND REPAIR DISPLACED AREAS BY LOOSENING AND FILLING, IF REQUIRED, WITH HOT MATERIAL. CONTINUE SECOND ROLLING UNTIL MIXTURE HAS BEEN THOROUGHLY COMPACTED.

PERFORM FINISH ROLLING WHILE MIXTURE IS STILL WARM ENOUGH FOR REMOVAL OF ROLLER MARKS. CONTINUE ROLLING UNTIL ROLLER MARKS ARE ELIMINATED AND COURSE HAS ATTAINED MAXIMUM DENSITY. AFTER FINAL ROLLING, DO NOT PERMIT VEHICULAR TRAFFIC ON PAVEMENT UNTIL IT HAS COOLED AND HARDENED. ERECT BARRICADES TO PROTECT PAVING FROM TRAFFIC UNTIL MIXTURE HAS COOLED ENOUGH NOT TO BECOME MARKED.

TEST IN−PLACE ASPHALT CONCRETE COURSES FOR PAVING AS DIRECTED BY ENGINEER FOR SMOOTHNESS.

THICKNESS: IN−PLACE COMPACTED THICKNESS WILL NOT BE ACCEPTABLE IF EXCEEDING FOLLOWING ALLOWABLE VARIATION FROM REQUIRED THICKNESS:

BASE COURSE SURFACE: 1/4"
WEARING COURSE SURFACE: 3/16"

IT IS THE CONTRACTOR'S RESPONSIBILITY TO DETERMINE THE EXACT LOCATIONS OF THESE STRUCTURES OR UTILITIES AND TO DETERMINE IF OTHER STRUCTURES OR UTILITIES WILL BE ENCOUNTERED DURING THE COURSE OF THE WORK. THE CONTRACTOR SHALL TAKE WHATEVER STEPS NECESSARY TO PROVIDE FOR THEIR PROTECTION AND RELOCATION OF UTILITIES IN CONFLICT WITH NEW CONSTRUCTION BY APPROPRIATE UTILITY COMPANY.

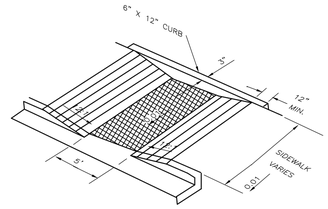
THE CONTRACTOR SHALL PLACE AND MAINTAIN ADEQUATE BARRICADES, CONSTRUCTION SIGNS, FLASHING LIGHTS, TORCHES, RED LANTERNS AND GUARDS DURING PROGRESS OF CONSTRUCTION WORK IN ACCORDANCE WITH STATE STANDARDS AND UNTIL IT IS SAFE FOR BOTH PEDESTRIAN AND VEHICULAR TRAFFIC.

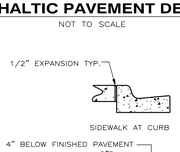
CONTRACTOR IS RESPONSIBLE FOR REPLACING EXISTING SURROUNDINGS (I.E., ASPHALT, SIDEWALKS, CURBS, ETC.) THAT ARE DAMAGED DURING CONSTRUCTION. REPLACEMENT SHALL MATCH EXISTING.

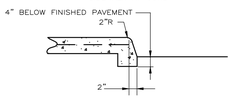
ALL SITE WORK MATERIALS AND CONSTRUCTION METHODS SHALL BE IN ACCORDANCE WITH THE LATEST EDITION OF THE FLORIDA DEPARTMENT OF TRANSPORTATION STANDARD SPECIFICATIONS.

CONTRACTOR SHALL HAVE ALL PERMITS PRIOR TO CONSTRUCTION IN WETLANDS, COUNTY RIGHT OF WAY, ETC.



CONSTRUCTION PLANS ARE BASED ON FIELD SURVEY AND OTHER DATA AS SHOWN. IT IS THE CONTRACTOR'S RESPONSIBILITY TO FIELD VERIFY ALL LOCATIONS OF NEW AND EXISTING CONNECTIONS NECESSARY TO COMPLETE THE INTENT OF THE PLANS. IN THE EVENT THERE IS A CONFLICT DUE TO UNFORESEEN OBSTRUCTIONS OR SHORT FALLS TO CONNECTIONS (WHICH DOES NOT MEET THE INTENT OF THE CONSTRUCTION PLANS), THE CONTRACTOR SHALL CONTACT THE ENGINEER IMMEDIATELY FOR DIRECTION. THE CONTRACTOR SHALL RELOCATE OR REMOVE OBSTACLES AS DIRECTED BY OWNER.





WITHIN 4' OF SUBGRADE BOTTOM ALL SILTY AND PEATY SOILS OR ANY OTHER ORGANIC SOILS SHALL BE REMOVED. FILL SOILS SHALL BE SANDS TO SLIGHTLY SILTY SANDS CONTAINING NO MORE THAN 15% BY DRY WEIGHT, FINER THAN THE U.S. NO. 200 MESH SIEVE AND COMPACTED TO A DENSITY OF 95% OF THE MODIFIED PROCTOR MAXIMUM DRY DENSITY THROUGHOUT ITS FULL DEPTH.

GEOTECHNICAL REPORT (NOVA) ..... APPENDIX D

1.1 INTRODUCTION

This drainage report was prepared for a redevelopment of a commercial retail building located on the north side of Hwy 98 and west side of Airport Road in Destin, Florida known as Alvin's Island #11. The site consists of one (1) parcel with a total area of 1.21± acres with no wetlands on site and is identified by the Okaloosa County Property Appraiser's office as Parcel ID **00-2S-22-0000-0024-0020.** A vicinity map is included within this permit application for your reference.

1.2 STORMWATER MODELING TECHNIQUES

Interconnected Channel & Pond Routing (ICPR version 3.02) was used as the stormwater management facility modeling software. This program has been accepted by numerous regulatory agencies across Florida and is accepted by FEMA for Flood Insurance projects. ICPR uses a link-node concept to idealize real-world systems. A node is a discrete location in the drainage system where conservation of mass or continuity is maintained. Links are the connections between nodes and are used to transfer or convey water through the drainage system. A Node-Link Diagram, Node Maximum Conditions (Maximum Stage Elevation) and Link Maximum Conditions (Post Development Flow Rate) has been included.

2.0 DESIGN CRITERIA

The development has been designed to meet the treatment and attenuation requirements of the City of Destin, Northwest Florida Water Management (NWFWMD) and Florida Department of Transportation (FDOT).

2.1 Water Quality

To comply with the City of Destin requirements, the stormwater management facility (SWMF) for the proposed drainage area must provide treatment for the first 1/2" of runoff from the drainage area. The total volume must be recovered within 72 hours.

To comply with the NWFWMD requirements, the SWMF for the proposed drainage area must provide treatment for the first 1" of rainfall from the drainage area. The total volume must be recovered within 72 hours.

2.2 Water Quantity Criteria per ERP Applicant's Handbook Volume II, Part 3.0

Systems that meet any of the following thresholds must be designed, constructed, operated, and maintained in accordance with this Part: (a) Systems that serve projects of 40 or more acres of total land area; (b) Systems that provide for the placement of 12 or more acres of impervious surface, which also constitutes more than 40 percent of the total land area; or (c) Systems that are at any time capable of impounding a volume of water exceeding 40 acre-feet. The total site area is less than 40 acres, contains less than 12 acres of impervious area and is not capable of impounding a volume of water in excess of 40 acre-feet, and therefore **is exempt** from water quantity and flood control requirements.

2.3 Peak Discharge Attenuation Criteria to Protect Streambanks, per ERP Applicant's Handbook Volume II, Part 4.5.1

For systems serving new construction that is greater than 50 percent impervious (excluding water bodies) of the project area, the post development peak discharge rate must not exceed the pre-development peak discharge rate for the 2-year, 24-hour design storm event, utilizing a Natural Resource Conservation Service (NRCS) type III rainfall distribution with an antecedent moisture condition II. The site area contains **more than** 50% impervious area, and therefore is not exempt from peak discharge attenuation criteria to protect streambanks.

2.4 Flood Attenuation (City of Destin and FDOT)

To comply with the requirements of the City of Destin and FDOT, the post development peak discharge rate must not exceed the pre development discharge rate for the 100 year critical storm event.

3.0 PRE-DEVELOPMENT

3.1 Background.

Drainage Area 1

This drainage area contains an existing retail building with attendant parking. The existing site has positive fall from approximate EL. 25.0 along the northern side to EL. 13.0 along the southern driveway entrance connecting to Hwy 98 (see provided survey and contour map). The site is bordered by Hwy 98 right of way to the south, and existing commercial buildings to the east and west of the property.

3.2 Time of Concentration (TOC_{pre})

The pre-development time of concentration was calculated using the TR-55 Manual for Small Urban Watersheds methodology which uses sheet flow, shallow concentrated flow and channel flow to determine time of concentrations. The TOC_{pre} result is summarized in Appendix B.

3.2 Geotechnical Information.

Geotechnical exploration was performed by NOVA for seasonal high water table determination and permeability rates. The test borings generally encountered medium dense to loose fine-grained sands and slightly silty sands (USCS classifications of SP-SM and SP, respectively) to a depth of about 10 feet below existing grade (BEG) underlain by medium dense to very dense fine-grained sands (SP) to the maximum depth explored of about 25 feet BEG. Groundwater was encountered at depths ranging between 4.75 feet to 5.75 feet below existing grade.

4.0 POST DEVELOPMENT

The stormwater management system has been designed for the proposed redevelopment and consists of one (1) drainage area utilizing an exfiltration system to provide treatment and attenuation.

4.1 Receiving Waters

The receiving waters for discharges from the site will be to the groundwater and to the stormwater conveyance system on Hwy 98 that the site currently connects to. Groundwater was encountered during the geotechnical exploration ranging from 4.75 feet to 5.75 feet below existing grade and an estimated seasonal high water table was established at El. 9.00. Based on depth of boring, the tailwater elevation for the groundwater table was conservatively estimated to be elevation 9.00 feet, NAVD88.

4.2 Drainage Area 1 (DA 1).

Drainage Area 1 contains an exfiltration system that provides treatment and attenuation for ± 1.21 acres. The treatment volume required for this drainage basin was for the first 1" of rainfall. This drainage area has been designed for the proposed development containing 0.84 acres of onsite impervious area. The top of the gravel pack is set at EL 14.00 and the bottom at El. 11.00. During the 100 year critical storm event (100-year 8-hour), the maximum stage will be EL. 13.77. Seasonal high groundwater was estimated during the geotechnical exploration at EL 9.00.

4.3 CN Summary

The post development site is considered to be developed with SCS Type "A" soil classification. The resulting SCS curve number calculated for the drainage area is summarized in Appendix B. The CN value in the post for the undisturbed/grassed areas are lower due to clean fill being utilized on the lot and the existing soils are very low and subject to seasonal high water table effects. The post condition will be compacted but not subject to the water table, allowing higher permeability. The existing impervious area within the drainage area was taken into consideration for the calculated pre development curve number.

4.4 Time of Concentration Summary

The post development time of concentration was calculated using the TR-55 Manual for Small Urban Watersheds methodology which uses sheet flow, shallow concentrated flow and channel flow to determine time of concentrations. The TOC_{post} result is summarized in Appendix B.

4.5 100-Year Floodplain Evaluation.

The subject developed portion of the parcel is not located within the 100-year floodplain according to provided survey as well as the FEMA Firmette Flood Map.

5.0 CONCLUSION

The design of the stormwater management system for this project comply with the requirements of the following:

1.0 SUMMARY

A brief summary of pertinent findings, conclusions, and recommendations are presented below. This information should not be utilized in design or construction without reading the report in its entirety and paying particular attention to the recommendations presented in the text and Appendix.

1.1 GENERAL

The proposed retail development will be located at 1073 U.S. Highway 98 in Destin, Okaloosa County, Florida. NOVA understands the project will include constructing a new single-story retail store and a stormwater management system (SMS) consisting of a combination of a shallow dry stormwater retention basin and a sub-pavement exfiltration system to treat and dispose of stormwater runoff associated with the planned site improvements.

Our field exploration at the subject site included performing two (2) Standard Penetration Test (SPT) borings within the proposed structure footprint and two (2) auger borings within the proposed SMS areas. Drilling, testing, and sampling operations were performed in general accordance with ASTM designations and other industry standards.

Beneath an existing pavement section, the test borings generally encountered medium dense to loose fine-grained sands and slightly silty sands (USCS classifications of SP-SM and SP, respectively) to a depth of about 10 feet below existing grade (BEG) underlain by medium dense to very dense fine-grained sands (SP) to the maximum depth explored of about 25 feet BEG.

1.2 SITE PREPARATION

Based on the boring results, following site stripping and grubbing of the proposed construction areas to remove the existing structures, sub-structures, pavement sections, all surficial vegetation and topsoil, trees and/or associated root systems, and any other deleterious non-soil materials that are found to be present, the subgrade profile beneath the proposed building footprint appears to be feasible for supporting the proposed construction employing conventional site preparation practices as recommended in the Site Preparation section of this report.

We note that vibratory compaction operations should not be conducted for this project within 50 feet from any neighboring structures.

1.3 GROUNDWATER CONTROL

A stabilized groundwater table was encountered in the test borings at depths ranging between about 4 feet to 6 feet BEG at the time of our field exploration, which shortly followed a period of above normal seasonal rainfall.

Based on our understanding of the proposed construction, groundwater is not anticipated to adversely impact the planned development of this property.

1.4 FOUNDATIONS

After the recommended site/subgrade preparation and fill placement, we recommend that the proposed structure be supported on a conventional shallow foundation system bearing upon compacted native soils and/or compacted structural fill. The building foundation may be designed for a maximum soil bearing pressure of **2,000 pounds per square foot (psf).**

1.5 STORMWATER MANAGEMENT SYSTEM

We understand that the SMS is desired to consist of both a conventional shallow dry retention basin and a sub-pavement exfiltration system to treat and dispose of stormwater runoff associated with the planned site improvements. Based on the results of our field exploration, the subsurface conditions encountered in the proposed SMS area appear to be adaptable for the treatment and disposal of stormwater runoff via either desired SMS.

2.0 INTRODUCTION

2.1 PROJECT INFORMATION

Our understanding of this project is based on discussions with the project team, review of the provided site plan, a site reconnaissance performed during the boring layout, our review of aerial photography of the site via internet-based GIS software, and our experience with similar geotechnical conditions in the near vicinity to this project site.

2.1.1 Proposed Construction

NOVA understands the project will include constructing a new single-story retail shop and a stormwater management system (SMS) consisting of both a shallow dry stormwater retention basin and a sup-pavement exfiltration system to treat and dispose of stormwater runoff associated with the planned site improvements.

2.1.2 Maximum Loads

We understand that the structure will be supported by a shallow foundation system. Final structural loadings were not available from the design team at the time of the issuance of this report. We have therefore assumed that maximum loadings for the proposed building will not exceed 50 kips per column for isolated interior columns and 4 kips per lineal foot for continuous load bearing walls.

2.1.3 Floor Elevations / Site Grading

We understand that achieving the desired finish site grade elevations will require up to 2 feet of fill and no cut relative to current site grades within the proposed structure footprint. The proposed SMS will be on the order of 5 feet or less in depth, also relative to current site grade elevations.

2.2 SCOPE OF WORK

Alvin's Stores engaged NOVA to provide geotechnical engineering consulting services for the proposed **Alvin's #11** facility in Destin, Okaloosa County, Florida. This report briefly discusses our understanding of the project, describes our exploratory procedures, and presents our findings, conclusions, and recommendations.

The primary objectives of this study were to perform a geotechnical exploration within the areas of the proposed construction and to assess these findings as they relate to geotechnical aspects of the planned site development.

The authorized geotechnical engineering services included a site reconnaissance, a soil test boring and sampling program, laboratory testing, engineering evaluation of the field and laboratory data, and the preparation of this report. The services were performed substantially as outlined in our proposal number 016-20212589, dated April 26, 2021, and in general accordance with industry standards.

As authorized by the client, this completed geotechnical report includes:

- A description of the site, fieldwork, laboratory testing, and general soil conditions encountered, as well as a Boring Location Plan, and individual Test Boring Records.
- Site preparation considerations that include geotechnical discussions regarding site stripping and subgrade preparation and engineered fill/backfill placement.
- Recommendations for controlling groundwater and/or run-off during construction, and the potential need for permanent dewatering systems based on the anticipated post construction groundwater levels.
- Foundation system recommendations for the proposed structure, including an allowable foundation capacity, a recommended bearing depth, and installation considerations.
- Slab-on-grade construction considerations based upon the geotechnical findings, including the need for a sub-slab vapor barrier or a capillary layer.
- SMS design parameters including hydraulic conductivity values, a void ratio estimate, and apparent and normal permanent seasonal high groundwater levels in the proposed SMS areas.
- Suitability of on-site soils for re-use as structural fill and backfill. Additionally, the criteria for suitable fill materials will be provided.
- Recommended quality control measures (i.e., sampling, testing, and inspection requirements) for site grading and foundation construction.

The assessment of site environmental conditions, including the presence of wetlands or detection of pollutants in the soil, rock or groundwater, laboratory testing of samples, or a site-specific seismic study was beyond the scope of this geotechnical study. If requested, NOVA can provide these services.

3.0 SITE DESCRIPTION

3.1 LOCATION AND LEGAL DESCRIPTION

The subject property is located at 1073 U.S. Highway 98 in Destin, Okaloosa County, Florida. According to the Okaloosa County Property Appraiser's online GIS database, the 1.21-acre property is referenced as the parcel ID 00-2S-22-0000-0024-0020. A Site Location Map is included in Appendix A.

3.2 SUBJECT PROPERTY AND VICINITY GENERAL CHARACTERISTICS

At the time of our field exploration, the vicinity of the Subject Property was observed to be generally developed with light commercial and residential land uses.

3.3 CURRENT USE OF THE PROPERTY

At the time of our field exploration, the subject property was observed to be developed with an existing retail store with associated asphalt paved parking areas.

4.0 FIELD EXPLORATION

Boring locations were established in the field by NOVA personnel using the provided site plan, and by estimating/taping distances and angles from existing site landmarks. The approximate locations are shown in Appendix A. Consequently, referenced boring locations should be considered approximate. If increased accuracy is desired by the client, NOVA recommends that the boring locations and elevations be surveyed.

Our field exploration was conducted on November 18, 2021, and included:

- Two (2), 25-foot deep SPT borings performed as close as practical to the proposed building footprint.
- Two (2), 15-foot-deep auger borings within the proposed SMS areas.

Test Borings: The building borings were performed using the guidelines of ASTM Designation D-1586, "Penetration Test and Split-Barrel Sampling of Soils". A mud rotary drilling process was used to advance the borings. At regular intervals, soil samples were obtained with a standard 1.4-inch I.D., 2.0-inch O.D., split-tube sampler. The sampler was first seated six inches and then driven an additional foot with blows of a 140-pound hammer falling 30 inches. The number of hammer blows required to drive the sampler the final foot is designated the "Penetration Resistance". The penetration resistance, when properly interpreted, is an index to the soil strength and density. Representative portions of the soil samples, obtained from the sampler, were placed in sealed containers, and transported to our laboratory for further evaluation and laboratory testing.

Test Boring Records in Appendix B show the Standard Penetration Test (SPT) resistances, or "N-values" for the SPT borings and present the soil conditions encountered in all of the borings. These records represent our interpretation of the subsurface conditions based on the field exploration data, visual examination of the recovered samples, laboratory test data, and generally accepted geotechnical engineering practices. The stratification lines and depth designations represent approximate boundaries between various subsurface strata. Actual transitions between materials may be gradual.

5.0 LABORATORY TESTING

A laboratory testing program was conducted to characterize materials which exist at the site using the recovered samples. Selected test data are presented on the Test Boring Records attached in the Appendix. The specific tests are briefly described below. All soil samples will be properly disposed of 30 days following the submittal of this NOVA subsurface exploration report unless you request otherwise.

5.1 SOIL CLASSIFICATION

Soil classification provides a general guide to the engineering properties of various soil types and enable the engineer to apply past experience to current problems. In our explorations, samples obtained during drilling operations are observed in our laboratory and visually classified by an engineer. The soils are classified according to consistency (based on number of blows from standard penetration tests), color and texture. The classification system discussed above is primarily qualitative; laboratory testing is generally performed for detailed soil classification. Using the test results, the soils were visually classified using the Unified Soil Classification System. This classification system and the in-place physical soil properties provide an index for estimating the soil's behavior. The soil classification and physical properties obtained are presented in this report.

5.2 MOISTURE CONTENT AND SIEVE ANALYSIS

The moisture content is the ratio expressed as a percentage of the weight of water in a given mass of soil to the weight of the solid particles. These tests were conducted in general accordance with ASTM D-2216. The sieve analysis consists of passing a soil sample through a series of standard sieve openings. The percentage of soil, by weight, passing the individual sieves is then recorded and generally presented in a graphical format. The percentage of fines passing through the No. 200 sieve is generally considered to represent the amount of silt and clay of the tested soil sample. The sieve analysis test was conducted in general accordance with ASTM Designation D-1140.

5.3 LABORATORY PERMEABILITY TEST

A remolded falling head permeability test (ASTM D-5084) is one of the standard test methods used to determine the hydraulic conductivity of saturated soils. The test involves the flow of water through a remolded, fully saturated soil sample inside a rigid-wall permeameter connected to a standpipe of constant diameter. Before beginning the flow measurements, the soil sample is saturated and the standpipe is filled with water to a given level. The test then starts by allowing the water to flow through the sample until the water in the standpipe reaches a lower limit. The time required for the water to flow from the upper to lower limit is recorded.

6.0 SUBSURFACE CONDITIONS

6.1 GEOLOGY

The site is located in the Okaloosa County, Florida area and according to the United States Geological Survey (USGS), is situated within the greater Gulf Coastal Plain region. The site is generally covered with Alluvium sediments of the Pleistocene/Holocene periods underlain by the Citronelle formation of the Pliocene/Pleistocene periods. The alluvial sediments typically consist of siliciclastics that are fine to coarse quartz sand containing clay lenses and gravel in places. Sands consists primarily of very fine to very coarse poorly sorted quartz grains; gravel is composed of quartz, quartzite, and chert pebbles. In areas of the Valley and Ridge province gravels are generally composed of angular to sub-rounded chert, quartz, and quartzite pebbles. Coastal deposits in the Destin area include fine to medium quartz sand with shell fragments and accessory heavy minerals along Gulf beaches and fine to medium quartz sand, silt, clay, peat, mud and ooze in the Mississippi Sound, Little Lagoon, bays, lakes, streams, and estuaries. The Citronelle formation consists primarily of varicolored/mottled lenticular beds of poorly sorted sand, clayey sand, clay, and clayey gravel. Limonite pebbles and lenses of limonite cemented sand occur locally in weathered Miocene exposures.

Surficial soils in the region are primarily siliciclastic sediments deposited in response to the renewed uplift and erosion in the Appalachian highlands to the north and sea-level fluctuations. The extent and type of deposit is influenced by numerous factors, including mineral composition of the parent rock and meteorological events.

6.2 SOIL CONDITIONS

The following paragraph provides a generalized description of the subsurface profiles and soil conditions encountered in the borings conducted during this study. The Test Boring Records in the Appendix should be reviewed to provide detailed descriptions of the conditions encountered at each boring location. Conditions may vary at other locations and times.

Beneath an existing pavement section, the test borings generally encountered medium dense to loose fine-grained sands and slightly silty sands (USCS classifications of SP-SM and SP, respectively) to a depth of about 10 feet below existing grade (BEG) underlain by medium dense to very dense fine-grained sands (SP) to the maximum depth explored of about 25 feet BEG.

6.3 GROUNDWATER CONDITIONS

6.3.1 General

Groundwater in the Gulf Coastal Plain typically occurs as an unconfined aquifer condition. Recharge is provided by the infiltration of rainfall and surface water through the soil overburden. More permeable zones in the soil matrix can affect groundwater conditions. The groundwater table is expected to be a subdued replica of the original surface topography. Based on a review of topographic maps and our visual site observations, we anticipate the groundwater flow at the site to be towards the south.

Groundwater levels vary with changes in season and rainfall, construction activity, surface water runoff and other site-specific factors. Groundwater levels in the Destin area are typically lowest in the late fall to winter and highest in the early spring to mid-summer with annual groundwater fluctuations by seasonal rainfall; consequently, the water table may vary at times.

6.3.2 Soil Test Boring Groundwater Conditions

A stabilized groundwater table was encountered in the test borings at depths ranging between about 4 feet to 6 feet BEG during of our field exploration, which shortly followed a period of above normal seasonal rainfall.

Based on comparisons of current annual monthly rainfall data to historical rainfall data extending back 50+ years in time, we estimate that the normal permanent seasonal high groundwater (SHGW) table for this site will occur within 1 foot above the measured depths to groundwater at each boring location, during the wet season.

7.0 CONCLUSIONS AND RECOMMENDATIONS

The following conclusions and recommendations are based on our understanding of the proposed construction, our site observations, our evaluation and interpretation of the field and laboratory data obtained during this exploration, our experience with similar subsurface conditions, and generally accepted geotechnical engineering principles and practices.

Subsurface conditions in unexplored locations or at other times may vary from those encountered at specific boring locations. If such variations are noted during construction, or if project development plans are changed, we request the opportunity to review the changes and amend our recommendations, if necessary.

As previously noted, boring locations were established in the field by estimating distances and angles from existing site landmarks. If increased accuracy is desired by the client, we recommend that the boring locations and elevations be surveyed.

7.1 SITE PREPARATION

Prior to proceeding with construction, the existing structure, substructures, pavement sections, all topsoil and vegetation, trees and associated root systems, and any other deleterious non-soil materials found to be present should be stripped from the proposed building footprint. Clean topsoil may be stockpiled and subsequently re-used in landscaped areas. Debris-laden materials should be excavated, transported, and disposed of off-site in accordance with appropriate solid waste rules and regulations. Any existing utility locations should be reviewed to assess their impact on the proposed construction and relocated/grouted in-place as appropriate.

The soils exposed at the stripped grade elevation should be compacted to a minimum soil density of at least 98 percent of the maximum dry density as determined by the Modified Proctor test method (ASTM D-1557). NOVA should observe the compaction of the subgrade to locate soft, weak, or excessively wet fill or existing soils present at the time of construction. Any unstable materials observed during the evaluation and compaction operations should be undercut and replaced with structural fill or stabilized in-place by scarifying and re-densifying.

We note that vibratory compaction operations should not be performed within a clear distance of 50 feet from any adjacent structures.

NOVA should observe the compaction of the subgrade to locate soft, weak, or excessively wet fill or existing soils present at the time of construction. Any unstable materials observed during the evaluation and compaction operations should be undercut and replaced with structural fill or stabilized in-place by scarifying and re-densifying.

7.1.1 Soil Suitability

Fill materials should be relatively clean sands with less than 12 percent fines (material passing the No. 200 sieve), and free of non-soil materials and rock fragments larger than 3 inches in diameter. Soils with fines contents between 13 and 25 percent may also be used as fill soils for this project, but we note that strict moisture control would be required at the time of placement for these moisture-sensitive soils.

All materials to be used for backfill or compacted fill construction should be evaluated and, if necessary, tested by NOVA prior to placement to determine if they are suitable for their intended use. In general, based upon the boring results, the near surface sands and slightly silty sands (SP, SP-SM) such as those encountered in the borings can be used as structural fill as well as general subgrade fill and backfill, provided that the fill material is free of rubble, clay, rock, roots, and organics, and is within +/- 3% of its optimum moisture content at the time of placement. Any off-site materials used as fill should be approved by NOVA prior to acquisition.

Organic and/or debris-laden material is not suitable for re-use as structural fill. Topsoil, mulch, and similar organic materials can be wasted in architectural areas. Debris-laden materials should be excavated, transported, and disposed of off-site in accordance with appropriate solid waste rules and regulations.

7.1.2 Soil Compaction

Fill should be placed in thin, horizontal loose lifts (maximum 12-inch) and compacted to a minimum soil density of at least 98 percent of the Modified Proctor maximum dry density (ASTM D-1557). The upper 12 inches of soil beneath the bottoms of all foundation footings should also be compacted to at least 98 percent. In confined areas, such as utility trenches or behind retaining walls, portable compaction equipment and thinner fill lifts (3 to 4 inches) may be necessary.

Fill materials used in structure areas should have a target maximum dry density of at least 95 pounds per cubic foot (pcf). If lighter weight fill materials are used, the NOVA geotechnical engineer should be consulted to assess the impact on design recommendations.

Soil moisture content should be maintained within 3 percent of the optimum moisture content. We recommend that the grading contractor have equipment on site during earthwork for both drying and wetting fill soils. Moisture control may be difficult during rainy weather.

Filling operations should be observed by a NOVA soils technician, who can confirm suitability of material used and uniformity and appropriateness of compaction efforts. The technician can also document compliance with the specifications by performing field density tests using thin-walled tube, nuclear, or sand cone testing methods (ASTM D-2937, D-6938, or D-1556, respectively). One test per 2,000 square feet in structure areas should be performed in each lift of fill, with test locations well distributed throughout the fill mass. When filling in small areas, at least one test per day per area should be performed. One (1) test at conventional spread foundations, one (1) test per lift at each planned column footing area, and one (1) test per 75 linear feet at continuous strip foundations are also recommended.

7.2 GROUNDWATER CONTROL

A stabilized groundwater table was encountered in the test borings at depths ranging between about 4 feet to 6 feet BEG during of our field exploration, which shortly followed a period of above normal seasonal rainfall. Depending on the areas of the site under consideration, groundwater levels have differing implications for design and construction. The extent and nature of any dewatering required during construction will be dependent on the actual groundwater conditions prevalent at the time of construction and the effectiveness of construction drainage to prevent run-off into open excavations.

Based on our understanding of the proposed construction, groundwater is not anticipated to adversely impact the proposed development of this property.

As previously noted, groundwater levels are subject to seasonal, climatic, and other variations and may be different at other times and locations.

7.3 FOUNDATIONS

NOVA understands the project will include constructing a new single-story retail store. We understand that the structure will be supported by a conventional shallow foundation system. Final structural loadings were not available from the design team at the time of the issuance of this report. We have therefore assumed that maximum loadings for the proposed building will not exceed 50 kips per column for isolated interior columns and 4 kips per lineal foot for continuous load bearing walls.

7.3.1 Shallow Foundations

Design: After the recommended conventional site and subgrade preparation and fill placement, we recommend that the proposed structure be supported on a conventional shallow foundation system bearing upon compacted native soils and/or compacted structural fill. The building foundation may be designed employing a maximum soil bearing pressure of **2,000 pounds per square foot (psf).**

We recommend minimum footing widths of 18 inches for ease of construction and to reduce the possibility of localized shear failures. Exterior and interior footing bottoms should be established at least 12 inches below finished surrounding exterior grades and a minimum of 1 foot above the seasonal high groundwater table.

Settlement: Settlements for spread foundations bearing on improved native subgrade soils and/or properly compacted fill soils were assessed using SPT values to estimate elastic modulus, based on published correlations and previous NOVA experience. We note that the settlements presented are based on the results of the SPT borings. Conditions may be better or worse in other areas, however, we believe the estimated settlements are reasonably conservative.

Based on assumed column loadings, the soil bearing capacity and the presumed foundation elevations discussed above, we expect primary total settlement beneath individual foundations for the bearing capacities recommended above to be on the order of 1 inch.

The amount of differential settlement is difficult to predict because the subsurface and foundation loading conditions can vary considerably across the site. However, we anticipate differential settlement between adjacent foundations will be less than ½ inch. The final deflected shape of the structure will be dependent on actual foundation locations and loading.

Foundation support conditions are highly erratic and may vary dramatically in short horizontal distances. It is anticipated that the geotechnical engineer may recommend a different bearing capacity upon examination of the actual foundation subgrade at numerous locations. To reduce the differential settlement if lower consistency materials are encountered, a lower bearing capacity should be used, or the foundations should be extended to more competent materials.

We anticipate that timely communication between the geotechnical engineer and the structural engineer, as well as other design and construction team members, will be required.

Construction: Foundation excavations should be evaluated by the NOVA geotechnical engineer prior to reinforcing steel placement to observe foundation subgrade preparation and confirm bearing pressure capacity.

Foundation excavations should be level and free of debris, ponded water, mud, and loose, frozen, or water-softened soils. Concrete should be placed as soon as is practical after the foundation is excavated, and the subgrade evaluated.

Foundation concrete should not be placed on frozen or saturated soil. If a foundation excavation remains open overnight, or if rain or snow is imminent, a 3 to 4-inch thick "mud mat" of lean concrete should be placed in the bottom of the excavation to protect the bearing soils until reinforcing steel and concrete can be placed.

7.3.2 Slab-On-Grade

General: The conditions exposed at subgrade levels will vary across the site and may include structural fill. The slab-on-grade may be adequately supported on these subgrade conditions subject to the recommendations in this report. The slab-on-grade should be jointed around columns and along walls to reduce cracking due to differential movement. An underdrain system is not necessary beneath the slab, provided that the slab is established at least 2 feet above any significant perched or apparent groundwater zones. An impermeable vapor barrier is recommended beneath finished spaces to reduce dampness.

Once grading is completed, the subgrade is usually exposed to adverse construction activities and weather conditions during the period of sub-slab utility installations.

The subgrade should be well-drained to prevent the accumulation of water. If the exposed subgrade becomes saturated or frozen, the geotechnical engineer should be consulted.

After utilities have been installed and backfilled, a final subgrade evaluation should be performed by the geotechnical engineer immediately prior to the slab-on-grade placement. If practical, proofrolling may be used to redensify the surface and to detect any soil that has become excessively wet or otherwise loosened.

Several design methods are applicable for conventional slab design. We have assumed that the slab designer will utilize the methods discussed in the American Concrete Institute (ACI) Committee 360 report, "Guide to Design of Slabs-on-Ground, (ACI 360R-10). Specifically, the Portland Cement Association (PCA) or the Wire Reinforcement Institute (WRI) slab thickness design methods.

7.4 STORMWATER MANAGEMENT SYSTEM

Based on conversations with the design team, we understand that the project is desired include constructing an SMS consisting of both a conventional shallow dry retention basin and a sub-pavement exfiltration system to treat and dispose of stormwater runoff associated with the planned property improvements. Based on the results of the SMS test borings, the subsurface conditions encountered on the project site appear to be adaptable for employing the desired SMS.

We recommend utilizing the SMS design parameters provided below for the design of this SMS. Please note that the provided hydraulic conductivity values do not include a safety factor.

SMS Soil Design Parameters	
Corresponding Soil Boring Test Locations	R-1, R-2, B-1, B-2
Approximate Depth to Confining Stratum, BEG	18 feet*
Measured Vertical Hydraulic Conductivity Rate (Kv)	38 feet/day
Calculated Horizontal Hydraulic Conductivity Rate (Kh)	57 feet/day
Estimated Infiltration Rate, DRI	13 inches/hour
Estimated Fillable Porosity of Soil	25%
Estimated Depth to Normal Permanent SHGW table, BEG	5 feet

**Based on the deeper SPT Borings performed for this study.*

The estimated average normal permanent seasonal high groundwater level provided in the table above is based on our experience with projects in this locale; the soil strata encountered in the test borings; the groundwater levels measured at the site; and the published information by the "Web Soil Survey" National database, NRCS division of the United States Department of Agriculture (USDA).

The actual exfiltration rate from the SMS may be influenced by SMS geometry, natural soil variability, in-situ depositional characteristics and soil density, retention volume, and groundwater mounding effects. Appropriate factors of safety should be incorporated into the design process. We note that NOVA performs remolded laboratory permeability testing using generally accepted practices of the local engineering community. These types of tests are the quickest and most economical for stormwater retention basin design. However, the user of this information is cautioned that the potential variability of results of these types of tests can be significant, and the reproducibility of results can vary by factors of up to 100 percent.

Also, the permeability measured by such tests may not be representative of the total effective aquifer thickness. Factors of safety can compensate for part of the inherent test limitations, but the designer must exercise judgment regarding final selection and applicability of provided soil design input parameters.

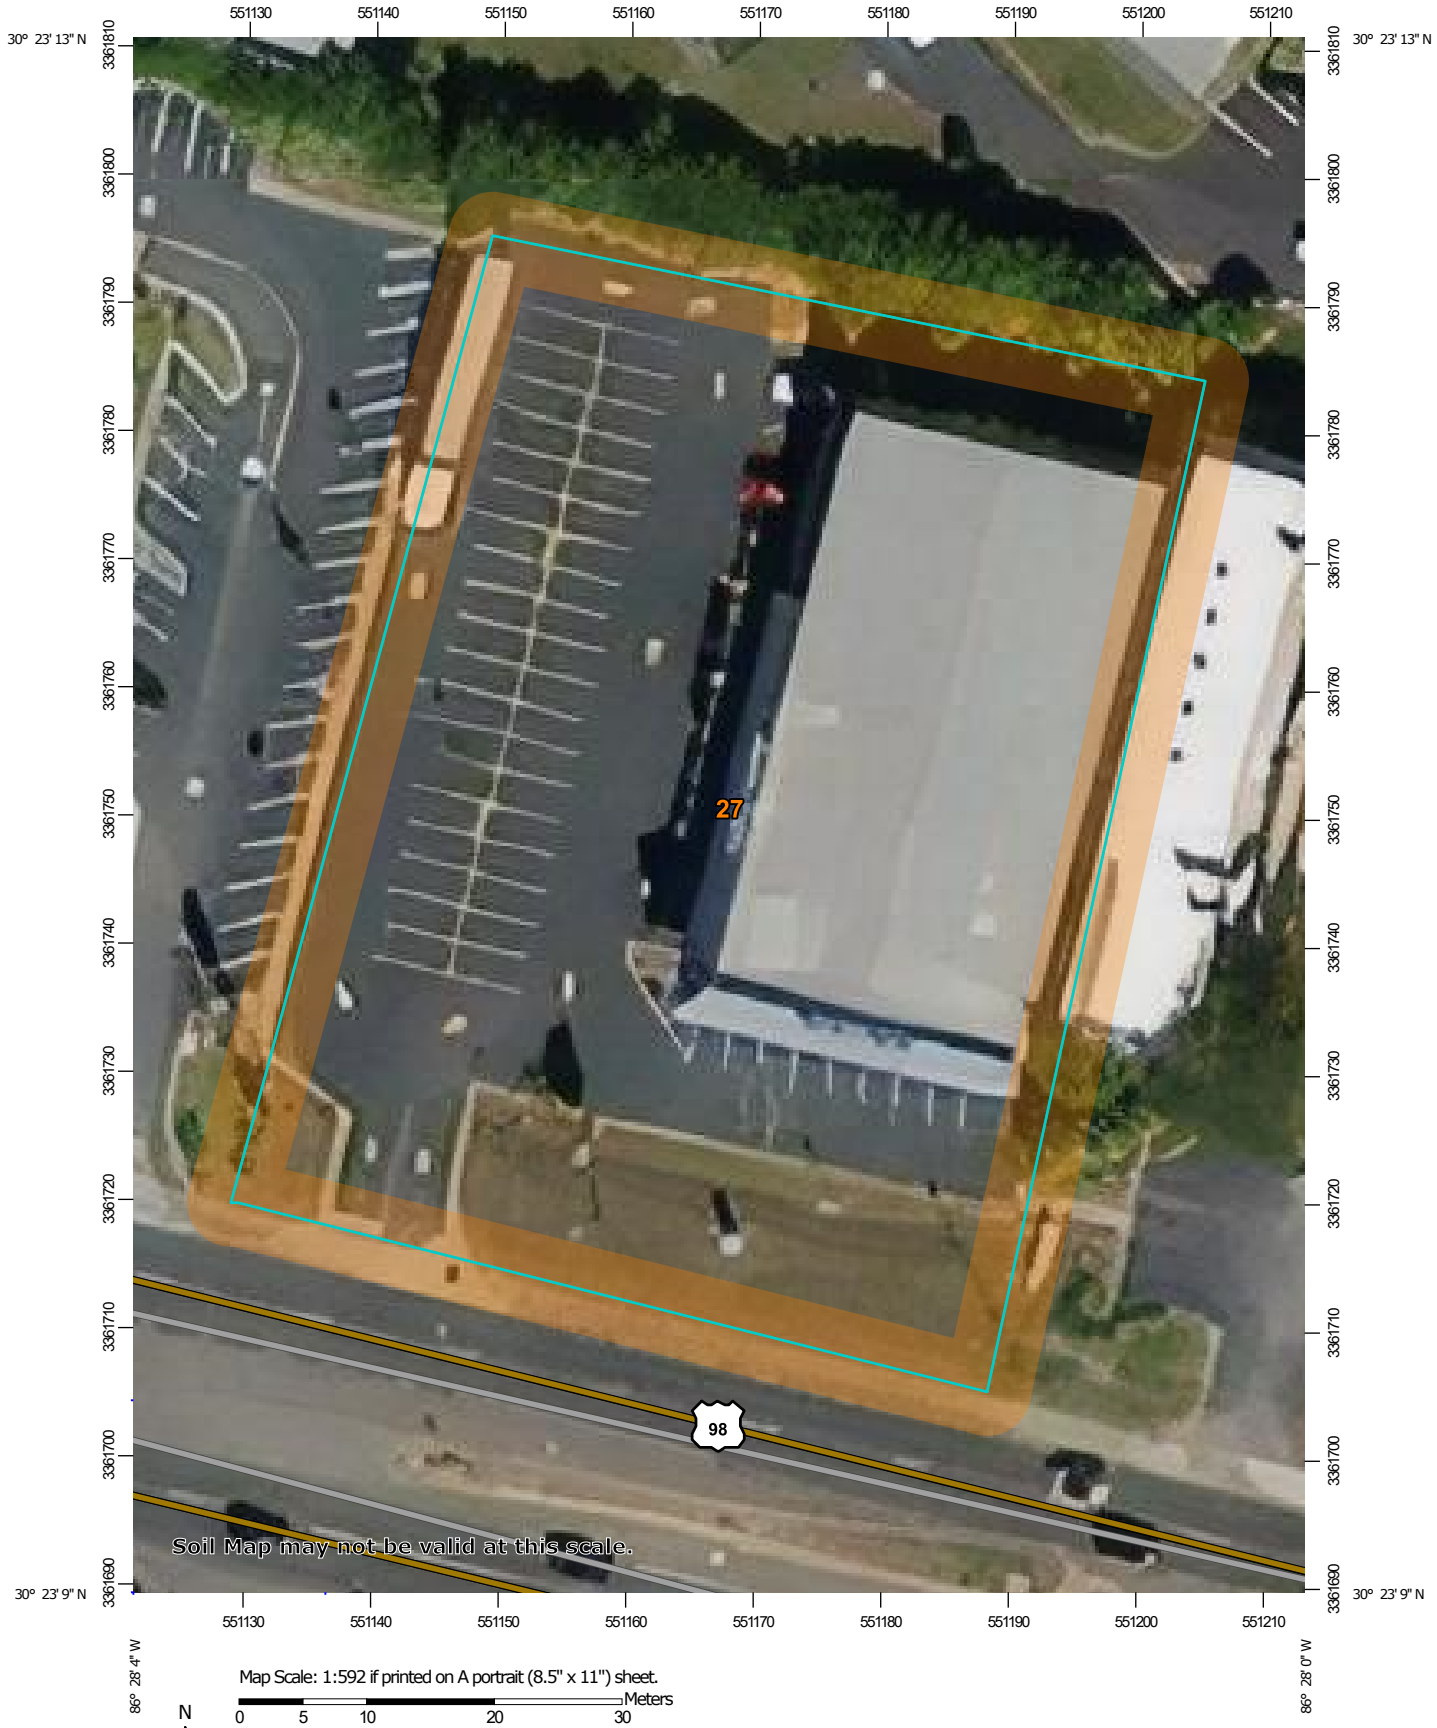
Should the modeling analysis indicate marginally acceptable compliance with Water Management District design criteria, it may be advisable to perform more extensive and representative in-situ permeability testing by collecting "undisturbed" horizontal and vertical soil samples and/or installing grouted piezometers or wells for slug testing. NOVA can perform these field tests if desired.

8.0 CONSTRUCTION OBSERVATIONS

8.1 SUBGRADE

Once site grading is completed, the subgrade may be exposed to adverse construction activities and weather conditions. The subgrade should be well-drained to prevent the accumulation of water. If the exposed subgrade becomes saturated or frozen, the NOVA geotechnical engineer should be consulted. A final subgrade evaluation should be performed by the NOVA geotechnical engineer immediately prior to pavements or slab-on-grade placement. If practical, proofrolling may be used to re-densify the surface and to detect any soil, which has become excessively wet or otherwise loosened.

8.2 SHALLOW FOUNDATIONS



Foundation excavations should be level and free of debris, ponded water, mud, and loose, frozen, or water-softened soils. All foundation excavations should be evaluated by the NOVA geotechnical engineer prior to reinforcing steel placement to observe foundation subgrade preparation and confirm bearing pressure capacity. Due to variable site subsurface and construction conditions, some adjustments in isolated foundation bearing pressures, depth of foundations or undercutting and replacement with controlled structural fill may be necessary.

Qualifications of Recommendations

QUALIFICATIONS OF RECOMMENDATIONS

The findings, conclusions and recommendations presented in this report represent our professional opinions concerning subsurface conditions at the site. The opinions presented are relative to the dates of our site work and should not be relied on to represent conditions at later dates or at locations not explored. The opinions included herein are based on information provided to us, the data obtained at specific locations during the study, and our previous experience. If additional information becomes available which might impact our geotechnical opinions, it will be necessary for NOVA to review the information, re-assess the potential concerns, and re-evaluate our conclusions and recommendations.

Regardless of the thoroughness of a geotechnical exploration, there is the possibility that conditions between borings may differ from those encountered at specific boring locations, that conditions are not as anticipated by the designers and/or the contractors, or that either natural events or the construction process has altered the subsurface conditions. These variations are an inherent risk associated with subsurface conditions in this region and the approximate methods used to obtain the data. These variations may not be apparent until construction.

The professional opinions presented in this report are not final. Field observations and foundation installation monitoring by the geotechnical engineer, as well as soil density testing and other quality assurance functions associated with site earthwork and foundation construction, are an extension of this report. Therefore, NOVA should be retained by the owner to observe all earthwork and foundation construction to confirm that the conditions anticipated in this study actually exist, and to finalize or amend our conclusions and recommendations. NOVA is not responsible or liable for the conclusions and recommendations presented in this report if NOVA does not perform these observations and testing services.

Important Information about This

Geotechnical-Engineering Report

Subsurface problems are a principal cause of construction delays, cost overruns, claims, and disputes.

While you cannot eliminate all such risks, you can manage them. The following information is provided to help.

Geotechnical Services Are Performed for Specific Purposes, Persons, and Projects

Geotechnical engineers structure their services to meet the specific needs of their clients. A geotechnical-engineering study conducted for a civil engineer may not fulfill the needs of a constructor — a construction contractor — or even another civil engineer. Because each geotechnical- engineering study is unique, each geotechnical-engineering report is unique, prepared *solely* for the client. No one except you should rely on this geotechnical-engineering report without first conferring with the geotechnical engineer who prepared it. *And no one — not even you* — should apply this report for any purpose or project except the one originally contemplated.

Read the Full Report

Serious problems have occurred because those relying on a geotechnical-engineering report did not read it all. Do not rely on an executive summary. Do not read selected elements only.

Geotechnical Engineers Base Each Report on a Unique Set of Project-Specific Factors

Geotechnical engineers consider many unique, project-specific factors when establishing the scope of a study. Typical factors include: the client's goals, objectives, and risk-management preferences; the general nature of the structure involved, its size, and configuration; the location of the structure on the site; and other planned or existing site improvements, such as access roads, parking lots, and underground utilities. Unless the geotechnical engineer who conducted the study specifically indicates otherwise, do not rely on a geotechnical-engineering report that was:

- not prepared for you;
- not prepared for your project;
- not prepared for the specific site explored; or
- completed before important project changes were made.

Typical changes that can erode the reliability of an existing geotechnical-engineering report include those that affect:

- the function of the proposed structure, as when it's changed from a parking garage to an office building, or from a light-industrial plant to a refrigerated warehouse;
- the elevation, configuration, location, orientation, or weight of the proposed structure;
- the composition of the design team; or
- project ownership.

As a general rule, *always* inform your geotechnical engineer of project changes—even minor ones—and request an assessment of their impact. *Geotechnical engineers cannot accept responsibility or liability for problems that occur because their reports do not consider developments of which they were not informed.*

Subsurface Conditions Can Change

A geotechnical-engineering report is based on conditions that existed at the time the geotechnical engineer performed the study. *Do not rely on a geotechnical-engineering report whose adequacy may have been affected by*: the passage of time; man-made events, such as construction on or adjacent to the site; or natural events, such as floods, droughts, earthquakes, or groundwater fluctuations. *Contact the geotechnical engineer before applying this report to determine if it is still reliable.* A minor amount of additional testing or analysis could prevent major problems.

Most Geotechnical Findings Are Professional Opinions

Site exploration identifies subsurface conditions only at those points where subsurface tests are conducted or samples are taken. Geotechnical engineers review field and laboratory data and then apply their professional judgment to render an opinion about subsurface conditions throughout the site. Actual subsurface conditions may differ — sometimes significantly — from those indicated in your report. Retaining the geotechnical engineer who developed your report to provide geotechnical-construction observation is the most effective method of managing the risks associated with unanticipated conditions.

A Report's Recommendations Are Not Final

Do not overrely on the confirmation-dependent recommendations included in your report. *Confirmation-dependent recommendations are not final,* because geotechnical engineers develop them principally from judgment and opinion. Geotechnical engineers can finalize their recommendations *only* by observing actual subsurface conditions revealed during construction. *The geotechnical engineer who developed your report cannot assume responsibility or liability for the report's confirmation-dependent recommendations if that engineer does not perform the geotechnical-construction observation required to confirm the recommendations' applicability.*

A Geotechnical-Engineering Report Is Subject to Misinterpretation

Other design-team members' misinterpretation of geotechnical-engineering reports has resulted in costly

Introduction

The proposed development is located at 1073 Highway 98 in Destin, Florida. The proposed development is to construct a 12,600 square foot building to replace the 22,000 retail building that was burnt down. Thus, the proposed trips being produced will be less than the current trips. The proposed access will be via Highway 98. A vicinity map has been attached for reference.

Trip Generation

The traffic demand from this project was derived from the ITE Trip Generation Manual, 11th Edition. Data in this report is presented in terms of PM Peak-Hour.

Old Trips:
Description: Apparel Store
ITE Code: 876
Unit Designation: 1000 Sq. Ft. GLA
Expected Units: 22.0
PM Peak Trips: 91

51% Enter PM Peak Hour = 46 vph entering project
49% Exit PM Peak Hour = 45 vph exiting project

New Trips:
Description: Apparel Store
ITE Code: 876
Unit Designation: 1000 Sq. Ft. GLA
Expected Units: 12.6
PM Peak Trips: 52

51% Enter PM Peak Hour = 26 vph entering project
49% Exit PM Peak Hour = 26 vph exiting project

Old Trips – New Trips = 91 – 52 = 39 **less** trips with new building

Proposed Trips:
Total Enter PM Peak Hour = 26 vph entering project
Total Exit PM Peak Hour = 26 vph exiting project

REQUEST FOR DEVIATION/WAIVER

Roof Pitch Requirements (Policy 1-2.1.4)

Fully pitched roofs are required to cover not less than 60 percent of the roof surface on all buildings. A minimum pitch of 5:12 and a maximum pitch of 12:12 are required for the fully pitched roof above the cornice line, unless the City Manager or City Manager's designee determines that such ratios for pitch are unduly burdensome on the applicant for a particular project. If the City Manager or City Manager's designee determines that a ratio between 5:12 and 12:12 are unduly burdensome on the applicant for a particular project, the ratio may be waived pursuant to all applicable land development regulations, provided however, that such decision of the City Manager or City Manager's designee shall be consistent with the intent of the Comprehensive Plan and City Charter relating to maximum building heights. No waiver of roof pitch ratio requirements shall be utilized to circumvent or evade provisions for maximum building heights or any other requirement of the Comprehensive Plan.

REQUEST DETAILS

Please describe how the roof pitch ratios set forth in Comprehensive Plan Policy* 1-2.1.4 *are unduly burdensome for your specific project. You may not circumvent or evade provisions for maximum building heights.

The proposed building has signature cornices and roof facade undulations at the top of the building parapets that bring fun and interest to the overall design and complies with the LDC requirements for visual variations in roof slopes and visual interest lines with various undulations, waves and arches. Behind the decorative high parapets the brand uses long span pitched trusses allowing a clear span interior space free of columns, a brand signature. The building is built up on a raised pedestal from the street and at no time is the long span roof system visible from behind the high decorative parapets to the surround streets or pedestrian ways. This signature imagery is the brand's prototype and we respectfully request an approval of this architecture to retain the brand's prototypical decorative parapets and roof as designed under this waiver request.

AIRPORT PROTECTION
As proposed, this project is not affected by nor affects the Destin Executive Airport. The applicant has indicated on the development order application that the proposed project is not within the Airport impact area.

NOTE: If construction necessitates the use of a crane, or other obstruction, which exceeds Federal Aviation Administration FAR 77 Standards (normally 200 feet above ground level), the applicant must request a variance from the FAA for temporary encroachment into this restrictive area and a copy of a completed FAA Form 7460, must be placed on file with the City of Destin prior to the crane, or other obstruction, penetrating the restricted airspace.

TRANSPORTATION ANALYSIS

The previously approved project met the de minimis criteria outline in ***Comprehensive Plan Policy 12-4.1.4(C)(5)***. This project is reducing the size of the previous Alvin's Island Store on this site from 22,000 square feet to 12,600 square feet. Because of this, the Traffic Concurrency Evaluation illustrates a net negative in trip generations.

RIGHT-OF-WAY DEDICATION

The project does not include any right-of-way dedication.

INGRESS/EGRESS

Vehicular access to the property is provided by the Highway 98 East public right-of-way (ROW).

PEDESTRIAN NETWORK

The project provides a complete pedestrian network as required in ***LDC 8.09.03.A(6)***. A continuous on-site internal sidewalk is provided throughout the development.

***Modification/alteration to any approved species of trees or shrubs shall be reviewed and approved by the Community Development Director or their designee prior to installation. A Development Order (DO) Deviation may be required if the proposed changes do not substantially meet the originally approved landscape plan.**

SIGNS

No signs were reviewed for permitting or compliance with the Development Order application. All proposed signs must be permitted through a sign permit and shall comply with the sign code section of the Destin Land Development Code in effect at the time a sign application is submitted.

IMPACT FEES:

Final impact fee amounts have been developed using the provisions outlined in ***LDC 19.03.05.A*** and ***Ordinance Number 2025-08-LC.*** Table one reflects the estimated impact fees prior to August 25, 2025. Table 2 reflects the estimated impact fees with a mobility fee as prescribed in ***Ordinance Number 2025-08-LC.*** This ordinance will take effect on August 25, 2025. CITY OF DESTIN

AGENDA ITEM

COUNCIL MEETING DATE: July 7, 2025
TYPE OF AGENDA ITEM: Public Hearing
AGENDA OUTLINE NUMBER: 5.C.

TO: City Council

THRU: Larry Jones , City Manager
Kimberly Kopp, City Attorney

FROM: Steve O'Connor, Deputy Community Development Director
David Prichard, Community Development Director

DATE: June 27, 2025

SUBJECT: First reading of proposed Ordinance 25-13-PC - Making transportation-related amendments to Chapter 1 - Future Land Use Element, Chapter 2 - Transportation Element, Chapter 9 - Capital Improvements Element, Chapter 12 - Administration, and Chapter 13 - Glossary, of the city's comprehensive plan; deleting the Multimodal Transportation District; providing for goals, objectives, and policies relating to the city mobility plan city mobility fees.

I. BACKGROUND: At the March 1, 2021, City Council meeting, Council passed a motion to replace transportation concurrency (MMTD) with a Mobility Fee-Based Plan. Staff worked with 3TP Ventures to create the Mobility Plan, which the Council adopted on September 16, 2024. The Mobility Plan is a comprehensive blueprint for addressing the City's current and future transportation needs. Mobility fees are a crucial tool for cities like Destin to fund transportation projects that address the impacts of future growth, while also addressing service gaps such as multimodal infrastructure and traffic congestion. As the Mobility Plan is a fee-based plan, the Mobility Fee was also developed and approved on May 19, 2025, and will replace the Transportation Impact Fee. Approval of the Mobility Plan and Fee also negated the transportation concurrency requirements of the Comprehensive Plan and LDC. However, the City will continue to track the transportation level of service (LOS) to ensure the system is operating as needed.

II. DISCUSSION: Since the Comprehensive Plan currently still references the Multi-Modal Transportation District (MMTD), Transportation Concurrency, and Transportation Impact Fees, it is necessary to replace or modify those references with or to the Adopted Mobility Plan and Mobility Fee, while removing the requirement of tracking transportation concurrency. Each policy, goal, or objective that had either a reference to the MMTD, transportation concurrency, or the Transportation Impact Fee has been identified and modified appropriately.

Several policies, goals, or objectives need to be removed entirely, primarily those requiring monitoring of the MMTD or transportation concurrency. The list of those policies, goals, and objectives is below. These policies or portions of the policies either set standards for concurrency management for transportation, require monitoring of the transportation concurrency management system, or were only applicable to the MMTD. Each of them can be reviewed in its entirety within the ordinance. All other amendments either replace or modify the MMTD or Transportation Impact Fee with the appropriate reference to either the Mobility Plan or Fee.

Policy 2-1.3.3: MMTD Boundaries.

Policy 2-1.3.4: Conditions for Transportation Concurrency in MMTD.

Policy 2-1.3.6: Crystal Beach Transition Area.

Policy 2-1.3.22: Monitor Multimodal Transportation District.

Policy 2-1.3.23: Use Multimodal Transportation District Performance Measures.

Policy 12-4.1.4: Criteria for Concurrency and Final Development Orders.

C. Transportation. (Only this paragraph of the policy is being removed)

Policy 12-4.1.8: Methodology for Determining Demands on Concurrency Facilities.

A. Transportation. (Only this paragraph of the policy is being removed)

June 24, 2025 Local Planning Agency Meeting:
At the special June 24 LPA meeting, the LPA made the following motion:

Chairman Wood moved for the LPA to recommend City Council adopt Ordinance 25-13-PC, with Ken Wampler providing the second. In discussion, Chairman Wood questioned if the dates and years are correct. Mr. O'Connor stated that he would investigate the get back with them. Chairman Wood amended his motion to recommend adoption of Ordinance 25-13-PC with the stipulation for staff to check to see if the dates in the introduction on page of 2 of 14 to ensure the dates are correct.

Staff has confirmed that the years listed in the Introduction of the Transportation Element are correct, as they come from the 2012 Strategic Plan (attached).

A. Link to Strategic Goals / Objectives: I. Financially sound city providing service excellence
II. Enhanced quality of life and safety for families
III. Economic development and revitalization
IV. Effective, efficient and aesthetically pleasing infrastructure
V. Improve mobility and connectivity
VI. A green and sustainable environment

B. Effect on Budget (EOB): N/A

C. Level of Service (LOS): Upgrade a variety of mobility services and improve function, safety, and efficiencies throughout the city.

D. Legislative Sponsor: N/A

E. Business Impact Statement: ***City of Destin Business Impact Statement – Ord 25-13-PC***

In accordance with the provisions of controlling law, even notwithstanding the fact that, an exemption may apply, the City hereby publishes the following information:

1. Summary of the proposed ordinance:

Proposed ordinance 25-13-PC will amend the City's Comprehensive Plan, updating it to reference the Mobility Plan & Mobility Fee while also removing the requirement for Transportation Concurrency tracking.

2. Estimate of direct economic impact of the proposed ordinance on private, for-profit businesses in the City:

There is no direct economic impact on businesses concerning this ordinance, as the Mobility Fee was previously adopted with Ordinance 25-08-LC, which established the Mobility Fee. The direct cost of the Mobility Fee will only impact new businesses that locate in the City of Destin.

3. Estimate of direct compliance costs that businesses may reasonably incur:

There is no direct compliance cost related to this ordinance. However, Ordinance 25-08-LC has a direct cost that is dependent on the type of business that locates in the City of Destin, whether new development is proposed or an expansion of existing development. The adopted fee schedule will see the cost of the Mobility Fee.

4. Any new charge or fee imposed by the proposed ordinance:

There is no new fee or charge associated with this ordinance. However, Ordinance 25-08-LC established the Mobility Fee and replaced the City's Transportation Impact Fee.

5. Estimate of the City's regulatory costs, including estimated revenues from any new charges or fees to cover such costs:

There are no regulatory costs or administrative fees associated with the amendments to the Comprehensive Plan concerning this ordinance or Ordinance 25-08-LC, which established the City's Mobility Fee.

6. Good faith estimate of the number of businesses likely to be impacted by the proposed ordinance:

10+ businesses could be affected by this ordinance per year.

III. CONCLUSION: To fully implement the Mobility Plan and amend the Comprehensive Plan's fees, specific changes are needed to the references to the Multi-Modal Transportation District, Transportation Concurrency, and the Transportation Impact Fee.

The Local Planning Agency voted to recommend approval at their meeting on June 24, 2025.

IV. RECOMMENDED MOTION: I move that the City Council approve proposed Ordinance 25-13-PC as presented.

SECTION 3. Chapter 1: - FUTURE LAND USE ELEMENT of the Comprehensive Plan: 2020 is hereby amended as shown below.

FUTURE LAND USE ELEMENT

***

Policy 1-3.5.7: Promote Compact Development. Although the City of Destin is a nearly built out urban area, the City is committed to establishing a more compact urban form by promoting redevelopment of its two most visible mixed use urban centers—Town Center Mixed Use and the North and South Harbor Mixed Use areas. These areas are delineated on the FLUM (Map 1-1). ~~The compact planning strategy is further promoted and reinforced by the design of the planned multimodal transportation districts (See the Transportation Element).~~ Within one year, the City shall amend the LDC to include site development standards consistent with discouraging urban sprawl.

SECTION 4. Chapter 2: - TRANSPORTATION ELEMENT of the Comprehensive Plan: 2020 is hereby amended as shown below.

TRANSPORTATION ELEMENT

***

Introduction. The City's 2027 Strategic Vision priorities include Ease of Mobility. The City's 2017 Goal priorities include Improved Mobility and Connectivity. The Transportation Element provides the framework for achieving the optimum, cost-effective transportation system to balance the needs of the City of Destin's (City) residents, workers, tourists, and through traffic. Optimization is achieved through a combination of land use and site design characteristics along with strategies to enhance the availability and use of multiple modes of transportation.

The major topics of this element include:

- Design of the multi-modal system.
- Level of Service Standard (LOS).
- ~~Multi-modal district implementation.~~
- Airport and multi-modal planning coordination.
- Multi-jurisdiction coordination.

***

Policy 2-1.1.7: Determination of Fair Share. A development's fair share includes all transportation improvements needed to maintain the adopted LOS as a result of the project impacts to the multimodal transportation system. Offsite improvements may be credited toward required ~~*transportation impact*~~ mobility fees for the portion of the improvement beyond the minimum level required.

***

Policy 2-1.1.10: Prioritize Transportation Improvements. The City shall prioritize its maintenance, construction and reconstruction activities in the following manner:

A. First priority shall be assigned to projects ~~within the multimodal transportation districts (MMTDs)~~ identified in the adopted Mobility Plan to implement multimodal improvements.
B. Second priority shall be assigned to the renewal and replacement of obsolete or worn out facilities.
C. Third priority shall be assigned to correcting existing deficiencies in public facilities.
D. Fourth priority shall be assigned to facilities necessary to accommodate future growth.

***

Policy 2-1.1.12: Construct Transportation Facilities to ~~MMTD~~ Standards. All new transportation projects within the City shall be constructed to meet City standards identified in the LDC. Such design standards may include, but not be limited to pedestrian access points, shared access, cross access, new or modified signage, striping of roadways, installation of sidewalks and bicycle lanes, widening of roadways, pedestrian crossing facilities, and sidewalk ramps at intersections. ~~Within the MMTD s~~Such standards shall place a priority on non-vehicular access and mobility and a secondary emphasis on vehicular mobility.

***

Policy 2-1.2.2: Multimodal Level of Service (LOS) Standards. ~~The 2006 LOS standard for each mode is based on the initial conditions in the MMTD~~ All multimodal transportation LOS is set as per ***Table 9-4 TRANSPORTATION LEVEL OF SERVICE STANDARDS*** in **Chapter 9:- CAPITAL IMPROVEMENTS** of this Comprehensive Plan and shall serve as a baseline to ensure that the LOS mode does not degrade below these levels.

***

Policy 2-1.2.3: Establish Adopted LOS Standards. Adopted LOS standards are based on the maximum achievable LOS grade, given implementation of multimodal improvements on all arterial and collector roads

within the City of Destin ~~MMTD~~, and pedestrian-oriented urban design. Establishing interim adopted LOS standards reflects the long-term implementation of multimodal improvements and urban design standards.

***

OBJECTIVE 2-1.3: CONTINUE IMPLEMENTATION OF THE MOBILITY PLAN ~~MULTIMODAL TRANSPORTATION DISTRICTS (MMTD).~~

***

Policy 2-1.3.1: Reduce Automobile Mobility. The Mobility Plan ~~MMTD~~ shall emphasize the reduction of automobile mobility and vehicle miles traveled per person, in addition to the reduction of greenhouse gas emissions, while promoting accessibility by all modes through redevelopment of the built environment through improvement of cycling, pedestrian, and transit networks.

***

~~**Policy 2-1.3.3: MMTD Boundaries.** The boundaries for the MMTD are Kelly and Main Streets, the Destin-Fort Walton Beach Airport, and the City boundary with Okaloosa County along US Highway 98 to the north, the Gulf of Mexico to the south, the City boundary with Walton County to the east and the Marler Bridge to~~

~~the west. This district is designated on the Multimodal Transportation District Map (Map 2-3) at the end of this chapter and the Future Land Use Map (Map 1-1) at the end of Chapter 1 - Future Land Use Element.~~

***

~~**Policy 2-1.3.4: Conditions for Transportation Concurrency in MMTD**. Developments proposed in the MMTD that satisfy the following two conditions shall be deemed in compliance with transportation concurrency requirements for vehicular traffic:~~

~~A. Follows urban form and multimodal facility design standards as described in Policy 2-1.3.5; and~~
~~B. Contributes towards achieving the adopted multimodal level of service standards designated through the provision of on-site and off-site improvements necessary to mitigate transportation impacts in the immediate project vicinity. The amount of mitigation required will correspond to the project's impact as calculated through application of the City's transportation impact fee. Eligible capital improvements are those located within the MMTD and are included in the Capital Improvements Element of this Plan.~~

***

~~**Policy 2-1.3.6: Crystal Beach Transition Area.** Development within the Crystal Beach sub-area overlay, as designated in Chapter 1, the Future Land Use Element, shall serve as a transition area between the MMTD and areas outside of the MMTD.~~

***

Policy 2-1.3.9: Complete Existing Pedestrian and Cycling Infrastructure. The City shall enhance the existing pedestrian and cycling systems by filling gaps in the network and providing new pedestrian and cycling facilities throughout the City. These facilities shall provide a safe and continuous pedestrian and cycling network between residential areas, the Community Redevelopment Areas (CRAs), major activity zones, and transit connections~~, particularly within the MMTD~~. Facilities that have been programmed into the City's Capital Improvements Program are displayed in Table 2-3 and on Map 2-2.

***

Policy 2-1.3.13: Coordinate with Okaloosa County. The City shall coordinate with Okaloosa County on future updates of the Transit Development Plan to ensure continued enhancement of transit service and facilities within the City, ~~particularly the Multimodal Transportation District,~~ and transit trip generators and attractors. The City shall continue to dedicate or provide right-of-way, for the provision of access to transit facilities. Alternatively, the City may provide financial contributions towards the costs of expanding transit service coverage. The City shall also encourage the implementation of private shuttle services as a component of planned development.

***

Policy 2-1.3.21: Prioritize Projects. As revenues become available from the Community Redevelopment Area (CRA) tax increments, the City shall prioritize projects that help support the goals of the Mobility Plan. ~~MMTD~~.

***

~~**Policy 2-1.3.22: Monitor Multimodal Transportation District.** The City shall continue to produce a MMTD Monitoring Report every two years to meet statutory review requirements. This report shall summarize the City's progress towards achieving the multimodal level of service (MMLOS) standards, and achieving the multimodal objectives and policies described herein.~~

***

~~Policy 2-1.3.23: Use Multimodal Transportation District Performance Measures. The City shall use multimodal performance measures to help evaluate the progress towards implementing the goals of the MMTD.~~

~~A. On a system wide level, the City shall:~~
~~1. Calculate the number of new developments and redevelopments that are completed and meet the design standards of the LDC, contributing towards the development of the multimodal transportation system and the creation of a thriving, functional focal point to the City.~~
~~2. Calculate the number and length of new multimodal facilities that have been completed or planned.~~
~~3. Calculate the transit ridership on all transit services within the City.~~
~~4. Report progress on the implementation tasks identified in Objective 2-1.3.~~
~~B. On a corridor level, multimodal performance measures shall include the factors used in the calculation of multimodal level of service: transportation facilities, urban form, accessibility, and connectivity. These include:~~
~~1. The corridor multimodal level of service as applied through the ARTPLAN multimodal LOS analysis will be used to monitor the progress towards completing the multimodal network.~~
~~2. Urban form shall be evaluated by measuring development use, density, diversity and design based on the MMTD design standards in Policy 2-1.3.3.~~
~~3. MMTD accessibility shall be determined by identifying pedestrian barriers that limit access to pedestrian facilities and determining the proportion of population with access to multimodal facilities. The most currently available US Census data will be used for this analysis. MMTD accessibility will also be measured by identifying activity centers and determining the proportion of population with multimodal access to those activity centers.~~
~~4. Connectivity for bicycles shall be measured by dividing the number of links in the bicycle facility system by the number of link termini (intersections, cul-de-sacs, and dead-ends). Connectivity for pedestrians shall be measured by computing the number of termini per square mile in the pedestrian facility system. Connectivity for transit is based on the proportion of major activity centers served by fixed route bus service.~~

***

Policy 2-1.3.24: Document Existing Conditions. The City shall continue to document the existing conditions on all arterial and collector roads within the City <u>by monitoring the traffic counts from various sources such as but not limited to, Florida Department of Transportation, Okaloosa County, Emerald Coast Regional Council, and City initiated traffic count studies.</u> ~~in the Annual Transportation Concurrency Analysis.~~ These data shall be used to monitor the operating conditions on Harbor Boulevard/Emerald Coast Parkway and the collector roads and shall <u>inform decisions on how to prioritize funding for projects.</u> ~~be submitted to the Department of Economic Opportunity, FDOT and adjacent jurisdictions as an informational component of the MMTD monitoring requirements.~~

***

Policy 2-1.4.3: Coordinate for Multimodal Facilities and Service to Airport. The City shall coordinate with Okaloosa County to construct multimodal facilities and to provide transit service to Destin Airport property as needed ~~for consistency with the policies associated with the Multimodal Transportation District~~.

SECTION 6. Chapter 12: - ADMINISTRATION ELEMENT of the Comprehensive Plan: 2020 is hereby amended as shown below.

ADMINSTRATION ELEMENT

***

OBJECTIVE 12-4.1: PROVIDE A SYSTEMATIC PROCESS. The CMS is intended to provide a systematic process for the review and evaluation of all proposed development for its impact on *concurrency* facilities and services, as required by the Local Government Comprehensive Planning and Land Development Regulations Act, Chapter 163, Part II, § 163.3177 FS.
Facilities in Destin that are subject to these regulations include:

- Potable Water
- Sanitary Sewer
- Solid Waste
- Drainage
- ~~Transportation~~
- Recreation

***

Policy 12-4.1.2: Definitions of Concurrency Management Terms. The following definitions shall apply to concurrency management rules and regulations:

***

Concurrency Facilities: Public facilities and services for which a level of service must be met concurrent with the impacts of development or an acceptable deadline, as mandated in the Comprehensive Plan pursuant to Chapter 163, FS, shall include:

- Potable Water
- Sanitary Sewer
- Solid Waste
- Drainage
- ~~Transportation~~
- Recreation

***

Policy 12-4.1.4: Criteria for *Concurrency* and Final Development Orders. A final development order shall not be granted for a proposed development unless the City finds that adequate capacity for *concurrency* facilities exists at or above adopted level of service in order to accommodate the impacts of the proposed development, or that improvements necessary to bring *concurrency* facilities up to their adopted level of service will be in place concurrent with the impacts of the development.

***

C. Transportation. For transportation facilities (transportation and public transit designated in the adopted Comprehensive Plan), at a minimum, the City shall ensure that the following standards are met to satisfy *concurrency* requirements, unless State authorized exceptions are enacted by the City and duly approved by the State [Cross reference § 9J-20055 (4-7), F.A.C.]:

1. At the time the final development order is issued, the necessary facilities and services are in place.

2. A final development order is issued subject to the conditions that the necessary facilities and services needed to serve the new development are scheduled to be in place or under actual construction not more than three years after issuance of a certificate of occupancy as provided in the City Five-Year Schedule of Capital Improvements. However, the City at its discretion may require the necessary facilities to be in place before the issuance of a certificate of occupancy if a proposed development lies within a Coastal High-Hazard Area and if such facilities are deemed necessary to assure safe and timely emergency evacuation. The Capital Improvement Program may recognize and include transportation projects included in the first three years of the adopted Florida Department of Transportation Five-Year work program. The Capital Improvements Element must include the following policies:

   a. The estimated date of commencement of actual construction and the estimated date of project completion.

   b. A provision that a plan amendment is required to eliminate, defer, or delay construction of any road or public transit facility or service which is needed to maintain the adopted level of service standard and which is listed in the Five-Year Capital Improvements Program.

3. At the time the final development order is issued, the necessary facilities and services are the subject of a binding executed agreement which requires the necessary facilities and services to serve the new development to be in place or under actual construction not more than three years after issuance of a certificate of occupancy.

4. At the time the final development order is issued, the necessary facilities and services are guaranteed in an enforceable development agreement, pursuant to § 163.3220, FS, or an agreement or development order issued pursuant to Chapter 380, FS, to be in place or under actual construction not more than three years after issuance of a certificate of occupancy.

5. For the purpose of issuing a final development order, a proposed development may be deemed to have a de minimis impact and may not be subject to the transportation *concurrency* requirements, only if all the following conditions are met:

   a. The development proposal is for an increase in density or intensity of less than or equal to twice the density or intensity of the existing development, or for the development of a vacant parcel of land at a residential density of less than four dwelling units per acre or, for non-residential uses, at an intensity of less than 0.1 floor area ratio.

   b. Isolated vacant lots in predominantly built residential areas where construction of a single-family house would be the most suitable use, may be developed for single-family residential under the de minimis exception even if smaller than one-quarter acre in size.

   c. The transportation impact of the proposed development alone does not exceed one percent of the maximum service volume at the adopted level of service standard for peak hour of the affected transportation facility.

   d. With the exception of impacts of a single-family home as described in subsection 5.a. above, the cumulative total transportation impact from the de minimis exemptions shall not exceed 110 percent of the maximum volume at the adopted level of serve of the affected transportation facility.

~~e. No impact shall be de minimis when impacting any portion of Harbor Boulevard/Emerald Coast Parkway, Danny Wuerffel Way, or any other road designated as a hurricane evacuation route if such impact would exceed the adopted level of service standard for these roadways.~~

~~f. The City has adopted within its Comprehensive Plan policies for granting such exemptions.~~

Policy 12-4.1.8: Methodology for Determining Demands on Concurrency Facilities.

~~A. Transportation. In determining whether transportation concurrency is met the following criteria shall be used:~~

~~1. For Development Inside the Multimodal Transportation District: All applicants seeking development approval for properties located within the Multimodal Transportation District (MMTD) shall be required to meet the MMTD development standards detailed in the LDC. Additionally, a Transportation Analysis shall be submitted, which shall include a map indicating the distribution of vehicle trips on the surrounding street network as specified in the Land Development Code. The traffic analysis will help the City in determining the overall success of the MMTD in accordance with State requirements.~~

~~2. For Development Outside the MMTD:~~

~~For all new developments seeking development approval for properties located outside the MMTD, which are required to follow the site plan review process, the applicant/developer shall be required to submit a transportation analysis that identifies the development's impact on the City transportation system. The Community Development Director or designated Administrator may also require the submission of a transportation analysis for developments if the site location, anticipated total trip generation, circulation patterns or other such factors warrant a more extensive review of traffic impacts.~~

~~If the preliminary level of service information indicates a deficiency in capacity based on adopted level of service standards, the developer may at his option, prepare a more detailed alternative analysis as described below. If the alternative analysis, after review and acceptance by the Community Development Director or designated Administrator, indicates no deficiency in the capacity based on the adopted level of service standard the results of the alternative analysis will be used. However, the City shall, at its discretion, reserve the option to have the methodology reviewed by a professional transportation engineer or transportation planner prior to accepting the methodology. The cost for such review shall be borne by the applicant.~~

~~The transportation analysis shall follow the requirements:~~

~~a. Trip Generation. Trip Generation will be based on the guidelines and rates published in the latest edition of ITE's Trip Generation Manual. Transportation impact analysis will be based upon the PM peak hour, peak direction volume of adjacent roadways. Trip generation of redevelopment projects will be based upon net project trips. Net project trips will be estimated by subtracting trips generated by existing site development from trips estimated for the proposed development.~~

~~b. Mixed Land Uses. Projects with a mix of land uses may apply an internal capture rate based on original or published land use analysis (e.g. planned unit developments (PUD) or office buildings with support services such as banks). Internal capture rates must be justified by the applicant.~~

~~Published empirical data used to estimate internal capture rates should be from a source generally acceptable to the transportation planning profession. Internal capture rates should be derived from similar land uses located in similar urban environments. Other land uses that by definition (in the ITE Trip Generation) contain a mix of land uses should not apply an internal capture rate, (e.g., planned unit developments (PUD) or office buildings with support services such as banks and restaurants). Internal capital rates for mixed use developments rarely exceed 20 – 25 percent of gross project trips. If Internal capture rates for mixed use developments exceed 25 percent of gross project trips the applicant will have to justify the rate to and receive approval from the City.~~

~~c. Pass-by and diverted trip credits. Credit for pass-by and diverted trips may be allowed for retail and some commercial uses (e.g., fast-food restaurants, service stations and drive-in banks). Pass-by and diverted trip rates must be justified by the applicant. The percent of pass-by trips should generally not exceed 10 percent of adjacent street traffic or 25 percent of the project's net external trip generation potential. If either or both of these percentages are exceeded the applicant will have to justify the rate(s) to and receive approval from the City.~~

~~d. Trip Distribution and Assignment. Trip distribution and assignment will follow the procedures as outlined in the FDOT Site Impact Handbook for manual assignments. A manual distribution assignment process, based on local knowledge of travel patterns may be applied. The applicant's traffic distribution and assignment methodology will include clear justification for assumptions used.~~

~~e. Site Impact Area Methodology. Determination of a proposed project's transportation impact area will be based on the magnitude and extent of impact. The project area of influence shall include all major transportation facilities as identified in the City or County comprehensive plan, where project traffic is equivalent to five percent of the new trips generated by that project. This determination will be based on the trip generation, distribution and assignment methodology described above.~~

~~f. LOS Analysis. A LOS analysis will be conducted by the developer for all projects that do not qualify as a de minimis impact, as defined within the Land Development Code to determine the effects of development proposals on the operating characteristics of all major collectors and arterials within a project's area of influence. The latest version of FDOT's arterial analysis software (Art-Plan) will be used. If an alternate analysis is performed, the latest version of SYNCHRO will be the traffic operational model used for this analysis. Traffic volumes used for this analysis will include existing background traffic plus vested and committed development trips, which have been approved by the jurisdictional authority, which govern the project.~~

~~3. Unified Transportation Concurrency Management System. Pursuant to Transportation Element Policy 2-1.5.7 and the Unified Transportation Concurrency Management System (UTCMS) Inter-local Agreement between the City of Destin and Okaloosa County, the City will provide Okaloosa County with monthly updates regarding the status of approved development orders in the UTCMS area. The UTCMS area is specifically described as the area bounded by Choctawhatchee Bay on the north, East Pass on the west, the Gulf of Mexico to the south, and the Walton County line to the east, an area comprised of the entire city limits of the City of Destin and a portion of unincorporated Okaloosa County.~~

~~B~~A. ~~Other~~ Facilities.

SUBJECT: First reading of proposed Ordinance 25-15-CC - Amending Chapter 14 *"Offenses and Miscellaneous Provisions"* of the Code of Ordinances, establishing that solicitation canvassing and/or vending on the beach without a permit is a misdemeanor offense; and providing for penalties consistent with state law.

I. BACKGROUND: Section 162.22, Florida Statutes, entitled "Designation of enforcement methods and penalties for violation of municipal ordinances" provides that:

[t]he governing body of a municipality may designate the enforcement methods and penalties to be imposed for the violation of ordinances adopted by the municipality. These enforcement methods may include, but are not limited to, the issuance of a citation, a summons, or a notice to appear in county court or arrest for violation of municipal ordinances as provided for in chapter 901. Unless otherwise specifically authorized and provided for by law, a person convicted of violating a municipal ordinance may be sentenced to pay a fine, not to exceed $500, and may be sentenced to a definite term of imprisonment, not to exceed 60 days….

Nothing in the proposed ordinance abrogates the City's ability to enforce its prohibitions on soliciting, canvassing or vending on the beach without a permit by any other means available to the City in law or equity.

In addition to defining relevant terms, the proposed ordinance provides as follows: Solicitation, canvassing and/or vending on the beaches of the City of Destin are prohibited without a permit from the City. ITEM # 2025-775

CITY OF DESTIN

AGENDA ITEM

COUNCIL MEETING DATE: July 7, 2025
TYPE OF AGENDA ITEM: Public Hearing
AGENDA OUTLINE NUMBER: 5.E.

TO: City Council

THRU: Larry Jones , City Manager
Kimberly Kopp, City Attorney

FROM: David Prichard, Community Development Director

DATE: June 27, 2025

SUBJECT: Second reading of proposed Ordinance 25-03-PC - Providing for the adoption of a small-scale amendment to the Comprehensive Plan Future Land Use Map to include a change in Future Land Use Designation of 3 parcels of real properly located within a portion of the area of Beach Drive to Benning Drive consisting of approximately 8.53 acres, from Medium Density Residential - Village (MDR-V) to Recreation (REC).

I. BACKGROUND: The subject property consists of three (3) lots, totaling approximately 8.53 acres. The lots currently have a FLUM designation of Medium Density Residential – Village (MDR-V). The property owner (the City) is proposing to construct a vehicular roadway on the property, which has already been approved by City Council, with the associated plat recorded. This roadway will serve as the final segment of the Destin Crosstown Connector, an east-west corridor. Therefore, the City is proposing to revise the FLUM designation from MDR-V to Recreation (REC).

II. DISCUSSION: The subject property consists of the following three (3) parcels, totaling approximately 8.53 acres:

Address and Parcel ID Numbers of Project:

- No Physical Address (00-2S-22-1575-0000-0010)
- No Physical Address (00-2S-22-1575-0000-0020)
- Right-of-Way (00-2S-22-1575-0000-0RW0)

The lots currently have a **Future Land Use Map (FLUM)** designation of **Medium Density Residential – Village (MDR-V)**.

On March 3, 2025, the City Council approved the Destin Crosstown Connector Development Order (DO-25-05), which authorized the construction of an east-west vehicular roadway and the associated site infrastructure. Additionally, the Final Plat approval was provided at the regularly scheduled April 7 City Council meeting and was subsequently recorded with Okaloosa County.

The City is now moving forward with the proposed FLUM Amendment and associated Rezoning, which would allow the necessary ROW to be created for the construction of the roadway, with the other two (2) parcels to be rezoned REC for stormwater retention purposes.

COMPREHENSIVE PLAN ANALYSIS:

Comprehensive Plan Policy 12-3.1.2 requires **Future Land Use Map Amendments** to be evaluated using the following criteria:

a. Orderly Development and Land Use Compatibility. Whether, and the extent to which, the proposal would maintain a compatible land use pattern, a smooth transition in the land use, considering the type and location of uses involved, the density, and intensity. Approval of a Comprehensive Plan amendment must be supported by evidence that the change will be consistent with Comprehensive Plan land use policies.

Staff Findings:

The proposed ***REC*** **FLUM** designation is described as below within the City's Comprehensive Plan –

Policy 1-2.7.2: Recreation (REC). The "REC" land use provides for publicly and privately owned property and facilities, with the intent to promote natural resource enhancement and to promote open spaces around buildings. No permanent or transient residential development is allowed within this FLUM designation. The LDC shall provide specific regulations for managing development of lands designated "REC."

> ***1. Active recreation areas include beach parks, boat launching facilities, parks, basketball courts, tennis courts, baseball and softball fields, meeting halls and the like. The intensity of development of such sites shall be limited to 75 percent of impervious surface for the site, and be consistent with all setbacks, parking, landscaping, and open space requirements as defined within the LDC. Also, buffering to prevent intrusive noise, light, glare, vibration or other nuisance factors shall be required on all newly developed recreation sites.***
>
> ***2. Passive recreation areas include open spaces, wilderness and wetlands preserves, scenic vistas, parks, and Clement Taylor Park.***
>
> ***3. Development of all locally-owned public recreation facilities within the City shall be reviewed and approved by the City Council prior to development of such site.***

Provided that there are passive recreation areas (open space) incorporated into the civil design plans and that there will be no housing developments able to be located on and/or within any of the parcels described, Staff finds that the proposed FLUM Amendment from MDR-V to REC is compatible and would result in a major decrease in the density permitted on the subject properties, while increasing connectivity and safety within the area.

Staff finds that the proposed FLUM amendment to **REC** maintains a compatible land use pattern, provides a smooth transition in the land use, and is consistent with Comprehensive Plan land use policies.

This criterion has been met.

b. Adequate Public Facilities. Approval of a Comprehensive Plan amendment must be supported by evidence that the amendment will not result in public facilities and services exceeding the capacity for such services and facilities existing or programmed, including transportation, utilities, drainage, recreation, education, emergency services and similar necessary facilities and services.

Staff Findings:
The proposed FLUM Amendment from MDR-V to REC and the accompanying rezone from MDR-V to REC was reviewed by the City's Technical Review Committee (TRC), including the utility and other public service providers. There were no objections provided by any of the reviewers. Also, this roadway project includes the construction of a stormwater retention area which would increase the storage capacity of the surrounding area; therefore, Staff find adequate public facilities are available to serve the project.

This criterion has been met.

c. Natural Environment. Whether, and the extent to which, the proposal would result in significantly adverse impacts on the natural environment. An amendment of the Future Land Use Map shall not violate policies within the Comprehensive Plan that protect the natural environment.

Staff Findings:
The existing MDR-V FLUM designation allows for up to 9.90 dwelling units per acre, which would equate to about 44 dwelling units able to be built on these parcels if they were to remain zoned and FLUM designated as MDR-V. By proposing this FLUM Amendment and associated Rezone, there would be no allowable residential development on these parcels, which results in a decrease in density permitted on the subject properties.

Additionally, as stated above, there is a large stormwater retention component associated with the roadway project, which will increase the quality of the surrounding natural environment. Staff have determined that the proposed amendment does not violate any policies within the Comprehensive Plan that protect the natural environment.

This criterion has been met.

d. Economic Effects. Whether, and the extent to which, the proposal would adversely impact private property rights, the general health, safety, and welfare and adversely impact the financial resources of the City.

Staff Findings:
The proposed FLUM designation is consistent and compatible with the surrounding area. It does not adversely impact private property rights, the general health, safety, and welfare.

Rather, this project will increase connectivity of the surrounding corridors, increase safety for motorists/pedestrians, and improve stormwater storage capacity within the area. The City has already budgeted monies for the project; therefore, the proposed FLUM amendment and rezone do not adversely impact the financial resources of the City.

This criterion has been met.

e. Public Interest Enabling Act. Whether the proposal would be in conflict with the public interest, and whether it is in harmony with the purpose and intent of the Comprehensive Plan and its enabling legislation. Amendments shall be consistent with the Comprehensive Plan and enabling legislation.

Staff Findings:
The proposed FLUM amendment and rezone are necessary to complete the Crosstown Connector roadway. As previously stated, this project will increase connectivity, motorist/pedestrian safety, and stormwater capacity. Staff find that the project is consistent and compatible with the surrounding area; therefore, the proposed amendment is in harmony with the purpose and intent of the Comprehensive Plan and its enabling legislation.

This criterion has been met.

f. Special Privileges. Whether the proposed amendment would constitute a grant of special privilege to an individual owner as contrasted with public welfare.

Staff Findings:
The proposed FLUM Amendment and Rezone would not constitute a grant of special privilege to an individual owner as contrasted with public welfare. Rather, it is of public benefit to the entire City, providing an alternate east-west vehicular corridor within the City along with a 10' wide sidewalk on both sides of the road.

This criterion has been met.

g. Other Matters. Other matters related to the Comprehensive Plan and conditions since adoption of the plan, which the City may deem appropriate in considering the amendment.

Staff Findings:
Staff finds that the proposed FLUM Amendment and Rezone do not adversely impact any other matters related to the Comprehensive Plan and conditions since adoption of the plan.

This criterion has been met.

PUBLIC COMMENT:
None received to date.

A. Link to Strategic Goals / Objectives: II. Enhanced quality of life and safety for families
III. Economic development and revitalization
IV. Effective, efficient, and aesthetically pleasing infrastructure
V. Improve mobility and connectivity

B. Effect on Budget (EOB): This project has already been budgeted for by

the City.

C. Level of Service (LOS): This project would likely benefit the surrounding Level of Service (LOS) by at least maintaining the Grade of a 'C'.

D. Legislative Sponsor:

E. Business Impact Statement:

III. CONCLUSION: Based on staff findings, the proposed FLUM Amendment from MDR-V to REC and the accompanying Rezone from MDR-V to REC are consistent and compatible with the surrounding area, and are in compliance with the applicable criteria for FLUM Amendments located within the City's **Comprehensive Plan Policy 12-3.1.2.**

At the regularly scheduled LPA meeting on Thursday, June 5, 2025, the LPA voted unanimously to recommend City Council approve Ordinance 25-03-PC.

The City Council voted 6-0 in favor of approval at the first reading on June 16, 2025.

3. Estimate of direct compliance costs that businesses may reasonably incur:
There are no direct compliance costs for businesses associated with the draft ordinance, as the ordinance is only amending the FLUM and zoning designation of the parcels.

4. Any new charge or fee imposed by the proposed ordinance:
There is no new charge or fee imposed by the draft ordinance.

5. Estimate of the City's regulatory costs, including estimated revenues from any new charges or fees to cover such costs:

For example: City staff solicited comments from businesses in the City as to the potential impact of the proposed ordinance by contacting the chamber of commerce, social media posting, direct mail or direct email, posting on City website, public workshop, etc. You may also wish to include efforts made to reduce the potential fiscal impact on businesses based on feedback from businesses. You may also wish to state here that the proposed ordinance is a generally applicable ordinance that applies to all persons similarly situated (individuals as well as businesses) and, therefore, the proposed ordinance does not impose costs only upon businesses.):

CONDITIONS

1. DEFINITION OF TERMS

The following terms when used in this policy mean:

(a) "Amount of Insurance": The amount stated in Schedule A, as may be increased or decreased by endorsement to this policy, increased by Section 8(b), or decreased by Sections 10 and 11 of these Conditions.

(b) "Date of Policy": The date designated as "Date of Policy" in Schedule A.

(c) "Entity": A corporation, partnership, trust, limited liability company, or other similar legal entity.

(d) "Insured": The Insured named in Schedule A.

(i) The term "Insured" also includes

(A) successors to the Title of the Insured by operation of law as distinguished from purchase, including heirs, devisees, survivors, personal representatives, or next of kin;

(B) successors to an Insured by dissolution, merger, consolidation, distribution, or reorganization;

(C) successors to an Insured by its conversion to another kind of Entity;

(D) a grantee of an Insured under a deed delivered without payment of actual valuable consideration conveying the Title

(1) if the stock, shares, memberships, or other equity interests of the grantee are wholly-owned by the named Insured,

(2) if the grantee wholly owns the named Insured,

(3) if the grantee is wholly-owned by an affiliated Entity of the named Insured, provided the affiliated Entity and the named Insured are both wholly-owned by the same person or Entity, or

(4) if the grantee is a trustee or beneficiary of a trust created by a written instrument established by the Insured named in Schedule A for estate planning purposes.

(ii) With regard to (A), (B), (C), and (D) reserving, however, all rights and defenses as to any successor that the Company would have had against any predecessor Insured.

(e) "Insured Claimant": An Insured claiming loss or damage.

(f) "Knowledge" or "Known": Actual knowledge, not constructive knowledge or notice that may be imputed to an Insured by reason of the Public Records or any other records that impart constructive notice of matters affecting the Title.

(g) "Land": The land described in Schedule A, and affixed improvements that by law constitute real property. The term "Land" does not include any property beyond the lines of the area described in Schedule A, nor any right, title, interest, estate, or easement in abutting streets, roads, avenues, alleys, lanes, ways, or waterways, but this does not modify or limit the extent that a right of access to and from the Land is insured by this policy.

(h) "Mortgage": Mortgage, deed of trust, trust deed, or other security instrument, including one evidenced by electronic means authorized bylaw.

(i) "Public Records": Records established under state statutes at Date of Policy for the purpose of imparting constructive notice of matters relating to real property to purchasers for value and without Knowledge. With respect to Covered Risk 5(d), "Public Records" shall also include environmental protection liens filed in the records of the clerk of the United States District Court for the district where the Land is located.

(j) "Title": The estate or interest described in Schedule A.

(k) "Unmarketable Title": Title affected by an alleged or apparent matter that would permit a prospective purchaser or lessee of the Title or lender on the Title to be released from the obligation to purchase, lease, or lend if there is a contractual condition requiring delivery of marketable title.

2. CONTINUATION OF INSURANCE

The coverage of this policy shall continue in force as of Date of Policy in favor of an Insured, but only so long as the Insured retains an estate or interest in the Land, or holds an obligation secured by a purchase money Mortgage given by a purchaser from the Insured, or only so long as the Insured shall have liability by reason of warranties in any transfer or conveyance of the Title. This policy shall not continue in force in favor of any purchaser from the Insured of either (i) an estate or interest in the Land, or (ii) an obligation secured by a purchase money Mortgage given to the Insured.

3. NOTICE OF CLAIM TO BE GIVEN BY INSURED CLAIMANT

The Insured shall notify the Company promptly in writing (i) in case of any litigation as set forth in Section 5(a) of these Conditions, (ii) in case Knowledge shall come to an Insured hereunder of any claim of title or interest that is adverse to the Title, as insured, and that might cause loss or damage for which the Company may be liable by virtue of this policy, or (iii) if the Title, as insured, is rejected as Unmarketable Title. If the Company is prejudiced by the failure of the Insured Claimant to provide prompt notice, the Company's liability to the Insured Claimant under the policy shall be reduced to the extent of the prejudice.

4. PROOF OF LOSS

In the event the Company is unable to determine the amount of loss or damage, the Company may, at its option, require as a condition of payment that the Insured Claimant furnish a signed proof of loss. The proof of loss must describe the defect, lien, encumbrance, or other matter insured against by this policy that constitutes the basis of loss or damage and shall state, to the extent possible, the basis of calculating the amount of the loss or damage.

5. DEFENSE AND PROSECUTION OF ACTIONS

(a) Upon written request by the Insured, and subject to the options contained in Section 7 of these Conditions, the Company, at its own cost and without unreasonable delay, shall provide for the defense of an Insured in litigation in which any third party asserts a claim covered by this policy adverse to the Insured. This obligation is limited to only those stated causes of action alleging matters insured against by this policy. The Company shall have the right to select counsel of its choice (subject to the right of the Insured to object for reasonable cause) to represent the Insured as to those stated causes of action. It shall not be liable for and will not pay the fees of any other counsel. The Company will not pay any fees, costs, or expenses incurred by the Insured in the defense of those causes of action that allege matters not insured against by this policy.

(b) The Company shall have the right, in addition to the options contained in Section 7 of these Conditions, at its own cost, to institute and prosecute any action or proceeding or to do any

other act that in its opinion may be necessary or desirable to establish the Title, as insured, or to prevent or reduce loss or damage to the Insured. The Company may take any appropriate action under the terms of this policy, whether or not it shall be liable to the Insured. The exercise of these rights shall not be an admission of liability or waiver of any provision of this policy. If the Company exercises its rights under this subsection, it must do so diligently.

(c) Whenever the Company brings an action or asserts a defense as required or permitted by this policy, the Company may pursue the litigation to a final determination by a court of competent jurisdiction, and it expressly reserves the right, in its sole discretion, to appeal any adverse judgment or order.

6. DUTY OF INSURED CLAIMANT TO COOPERATE

(a) In all cases where this policy permits or requires the Company to prosecute or provide for the defense of any action or proceeding and any appeals, the Insured shall secure to the Company the right to so prosecute or provide defense in the action or proceeding, including the right to use, at its option, the name of the Insured for this purpose. Whenever requested by the Company, the Insured, at the Company's expense, shall give the Company all reasonable aid (i) in securing evidence, obtaining witnesses, prosecuting or defending the action or proceeding, or effecting settlement, and (ii) in any other lawful act that in the opinion of the Company may be necessary or desirable to establish the Title or any other matter as insured. If the Company is prejudiced by the failure of the Insured to furnish the required cooperation, the Company's obligations to the Insured under the policy shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation, with regard to the matter or matters requiring such cooperation.

(b) The Company may reasonably require the Insured Claimant to submit to examination under oath by any authorized representative of the Company and to produce for examination, inspection, and copying, at such reasonable times and places as may be designated by the authorized representative of the Company, all records, in whatever medium maintained, including books, ledgers, checks, memoranda, correspondence, reports, e-mails, disks, tapes, and videos whether bearing a date before or after Date of Policy, that reasonably pertain to the loss or damage. Further, if requested by any authorized representative of the Company, the Insured Claimant shall grant its permission, in writing, for any authorized representative of the Company to examine, inspect, and copy all of these records in the custody or control of a third party that reasonably pertain to the loss or damage. All information designated as confidential by the Insured Claimant provided to the Company pursuant to this Section shall not be disclosed to others unless, in the reasonable judgment of the Company, it is necessary in the administration of the claim. Failure of the Insured Claimant to submit for examination under oath, produce any reasonably requested information, or grant permission to secure reasonably necessary information from third parties as required in this subsection, unless prohibited by law or governmental regulation, shall terminate any liability of the Company under this policy as to that claim.

7. OPTIONS TO PAY OR OTHERWISE SETTLE CLAIMS; TERMINATION OF LIABILITY

In case of a claim under this policy, the Company shall have the following additional options:

(a) To Pay or Tender Payment of the Amount of Insurance. To pay or tender payment of the Amount of Insurance under this policy together with any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment or tender of payment and that the Company is obligated to pay.

Upon the exercise by the Company of this option, all liability and obligations of the Company to the Insured under this policy, other than to make the payment required in this subsection, shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation.

(b) To Pay or Otherwise Settle With Parties Other Than the Insured or With the Insured Claimant.

(i) to pay or otherwise settle with other parties for or in the name of an Insured Claimant any claim insured against under this policy. In addition, the Company will pay any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment and that the Company is obligated to pay; or

(ii) to pay or otherwise settle with the Insured Claimant the loss or damage provided for under this policy, together with any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment and that the Company is obligated to pay.

Upon the exercise by the Company of either of the options provided for in subsections (b)(i) or (ii), the Company's obligations to the Insured under this policy for the claimed loss or damage, other than the payments required to be made, shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation.

8. DETERMINATION AND EXTENT OF LIABILITY

This policy is a contract of indemnity against actual monetary loss or damage sustained or incurred by the Insured Claimant who has suffered loss or damage by reason of matters insured against by this policy.

(a) The extent of liability of the Company for loss or damage under this policy shall not exceed the lesser of

(i) the Amount of Insurance; or

(ii) the difference between the value of the Title as insured and the value of the Title subject to the risk insured against by this policy.

(b) If the Company pursues its rights under Section 5 of these Conditions and is unsuccessful in establishing the Title, as insured,

(i) the Amount of Insurance shall be increased by 10%, and

(ii) the Insured Claimant shall have the right to have the loss or damage determined either as of the date the claim was made by the Insured Claimant or as of the date it is settled and paid.

(c) In addition to the extent of liability under (a) and (b), the Company will also pay those costs, attorneys' fees, and expenses incurred in accordance with Sections 5 and 7 of these Conditions.

9. LIMITATION OF LIABILITY

(a) If the Company establishes the Title, or removes the alleged defect, lien, or encumbrance, or cures the lack of a right of access to or from the Land, or cures the claim of Unmarketable Title, all as insured, in a reasonably diligent manner by any method, including litigation and the completion of any appeals, it shall have fully performed its obligations with respect to that matter and shall not be liable for any loss or damage caused to the Insured.

(b) In the event of any litigation, including litigation by the Company or with the Company's consent, the Company shall have no liability for loss or damage until there has been a final determination by a court of competent jurisdiction, and disposition of all appeals, adverse to the Title, as insured.

(c) The Company shall not be liable for loss or damage to the Insured for liability voluntarily assumed by the Insured in settling any claim or suit without the prior written consent of the Company.

10. REDUCTION OF INSURANCE; REDUCTION OR TERMINATION OF LIABILITY

All payments under this policy, except payments made for costs, attorneys' fees, and expenses, shall reduce the Amount of Insurance by the amount of the payment.

11. LIABILITY NONCUMULATIVE

The Amount of Insurance shall be reduced by any amount the Company pays under any policy insuring a Mortgage to which exception is taken in Schedule B or to which the Insured has agreed, assumed, or taken subject, or which is executed by an Insured after Date of Policy and which is a charge or lien on the Title, and the amount so paid shall be deemed a payment to the Insured under this policy.

12. PAYMENT OF LOSS

When liability and the extent of loss or damage have been definitely fixed in accordance with these Conditions, the payment shall be made within 30 days.

13. RIGHTS OF RECOVERY UPON PAYMENT OR SETTLEMENT

(a) Whenever the Company shall have settled and paid a claim under this policy, it shall be subrogated and entitled to the rights of the Insured Claimant in the Title and all other rights and remedies in respect to the claim that the Insured Claimant has against any person or property, to the extent of the amount of any loss, costs, attorneys' fees, and expenses paid by the Company. If requested by the Company, the Insured Claimant shall execute documents to evidence the transfer to the Company of these rights and remedies. The Insured Claimant shall permit the Company to sue, compromise, or settle in the name of the Insured Claimant and to use the name of the Insured Claimant in any transaction or litigation involving these rights and remedies.

If a payment on account of a claim does not fully cover the loss of the Insured Claimant, the Company shall defer the exercise of its right to recover until after the Insured Claimant shall have recovered its loss.

(b) The Company's right of subrogation includes the rights of the Insured to indemnities, guaranties, other policies of insurance, or bonds, notwithstanding any terms or conditions contained in those instruments that address subrogation rights.

14. ARBITRATION

Unless prohibited by applicable law, arbitration pursuant to the Title Insurance Arbitration Rules of the American Arbitration Association may be demanded if agreed to by both the Company and the Insured at the time of a controversy or claim. Arbitrable matters may include, but are not limited to, any controversy or claim between the Company and the Insured arising out of or relating to this policy, and service of the Company in connection with its issuance or the breach of a policy provision or other obligation. Arbitration pursuant to this policy and under the Rules in effect on the date the demand for arbitration is made or, at the option of the Insured, the Rules in effect at Date of Policy shall be binding upon the parties. The award may include attorneys' fees only if the laws of the state in which the Land is located permit a court to award attorneys' fees to a prevailing party. Judgment upon the award rendered by the Arbitrator(s) may be entered in any court having jurisdiction thereof.

The law of the situs of the land shall apply to an arbitration under the Title Insurance Arbitration Rules.

A copy of the Rules may be obtained from the Company upon request.

15. LIABILITY LIMITED TO THIS POLICY; POLICY ENTIRE CONTRACT

(a) This policy together with all endorsements, if any, attached to it by the Company is the entire policy and contract between the Insured and the Company. In interpreting any provision of this policy, this policy shall be construed as a whole.

(b) Any claim of loss or damage that arises out of the status of the Title or by any action asserting such claim whether or not based on negligence shall be restricted to this policy.

(c) Any amendment of or endorsement to this policy must be in writing and authenticated by an authorized person, or expressly incorporated by Schedule A of this policy.

(d) Each endorsement to this policy issued at any time is made a part of this policy and is subject to all of its terms and provisions. Except as the endorsement expressly states, it does not (i) modify any of the terms and provisions of the policy, (ii) modify any prior endorsement, (iii) extend the Date of Policy, or (iv) increase the Amount of Insurance.

16. SEVERABILITY

In the event any provision of this policy, in whole or in part, is held invalid or unenforceable under applicable law, the policy shall be deemed not to include that provision or such part held to be invalid, but all other provisions shall remain in full force and effect.

17. CHOICE OF LAW; FORUM

(a) Choice of Law: The Insured acknowledges the Company has underwritten the risks covered by this policy and determined the premium charged therefor in reliance upon the law affecting interests in real property and applicable to the interpretation, rights, remedies, or enforcement of policies of title insurance of the jurisdiction where the Land is located.

Therefore, the court or an arbitrator shall apply the law of the jurisdiction where the Land is located to determine the validity of claims against the Title that are adverse to the Insured and to interpret and enforce the terms of this policy. In neither case shall the court or arbitrator apply its conflicts of law principles to determine the applicable law.

(b) Choice of Forum: Any litigation or other proceeding brought by the Insured against the Company must be filed only in a state or federal court within the United States of America or its territories having appropriate jurisdiction.

p. 2. CONTINUATION OF COVERAGE

This policy continues as of the Date of Policy in favor of an Insured, so long as the Insured:

a. retains an estate or interest in the Land;

b. owns an obligation secured by a purchase money Mortgage given by a purchaser from the Insured; or

c. has liability for warranties given by the Insured in any transfer or conveyance of the Insured's Title.

Except as provided in Condition 2, this policy terminates and ceases to have any further force or effect after the Insured conveys the Title. This policy does not continue in force or effect in favor of any person or entity that is not the Insured and acquires the Title or an obligation secured by a purchase money Mortgage given to the Insured.

3. NOTICE OF CLAIM TO BE GIVEN BY INSURED CLAIMANT

The Insured must notify the Company promptly in writing if the Insured has Knowledge of:

a. any litigation or other matter for which the Company may be liable under this policy; or

b. any rejection of the Title as Unmarketable Title.

If the Company is prejudiced by the failure of the Insured Claimant to provide prompt notice, the Company's liability to the Insured Claimant under this policy is reduced to the extent of the prejudice.

4. PROOF OF LOSS

The Company may, at its option, require as a condition of payment that the Insured Claimant furnish a signed proof of loss. The proof of loss must describe the defect, lien, encumbrance, adverse claim, or other matter insured against by this policy that constitutes the basis of loss or damage and must state, to the extent possible, the basis of calculating the amount of the loss or damage.

5. DEFENSE AND PROSECUTION OF ACTIONS

a. Upon written request by the Insured and subject to the options contained in Condition 7, the Company, at its own cost and without unreasonable delay, will provide for the defense of an Insured in litigation in which any third party asserts a claim covered by this policy adverse to the Insured. This obligation is limited to only those stated causes of action alleging matters insured against by this policy. The Company has the right to select counsel of its choice (subject to the right of the Insured to object for reasonable cause) to represent the Insured as to those covered causes of action. The Company is not liable for and will not pay the fees of any other counsel. The Company will not pay any fees, costs, or expenses incurred by the Insured in the defense of any cause of action that alleges matters not insured against by this policy.

b. The Company has the right, in addition to the options contained in Condition 7, at its own cost, to institute and prosecute any action or proceeding or to do any other act that, in its opinion, may be necessary or desirable to establish the Title, as insured, or to prevent or reduce loss or damage to the Insured. The Company may take any appropriate action under the terms of this policy,

whether or not it is liable to the Insured. The Company's exercise of these rights is not an admission of liability or waiver of any provision of this policy. If the Company exercises its rights under Condition 5.b., it must do so diligently.

c. When the Company brings an action or asserts a defense as required or permitted by this policy, the Company may pursue the litigation to a final determination by a court having jurisdiction. The Company reserves the right, in its sole discretion, to appeal any adverse judgment or order.

6. DUTY OF INSURED CLAIMANT TO COOPERATE

a. When this policy permits or requires the Company to prosecute or provide for the defense of any action or proceeding and any appeals, the Insured will secure to the Company the right to prosecute or provide defense in the action or proceeding, including the right to use, at its option, the name of the Insured for this purpose.

When requested by the Company, the Insured, at the Company's expense, must give the Company all reasonable aid in:

i. securing evidence, obtaining witnesses, prosecuting or defending the action or proceeding, or effecting settlement; and

ii. any other lawful act that in the opinion of the Company may be necessary or desirable to establish the Title or any other matter, as insured.

If the Company is prejudiced by any failure of the Insured to furnish the required cooperation, the Company's liability and obligations to the Insured under this policy terminate, including any obligation to defend, prosecute, or continue any litigation, regarding the matter requiring such cooperation.

b. The Company may reasonably require the Insured Claimant to submit to examination under oath by any authorized representative of the Company and to produce for examination, inspection, and copying, at such reasonable times and places as may be designated by the authorized representative of the Company, all records, in whatever medium maintained, including books, ledgers, checks, memoranda, correspondence, reports, e-mails, disks, tapes, and videos, whether bearing a date before or after the Date of Policy, that reasonably pertain to the loss or damage. Further, if requested by any authorized representative of the Company, the Insured Claimant must grant its permission, in writing, for any authorized representative of the Company to examine, inspect, and copy all the records in the custody or control of a third party that reasonably pertain to the loss or damage. No information designated in writing as confidential by the Insured Claimant provided to the Company pursuant to Condition 6 will be later disclosed to others unless, in the reasonable judgment of the Company, disclosure is necessary in the administration of the claim or required by law. Any failure of the Insured Claimant to submit for examination under oath, produce any reasonably requested information, or grant permission to secure reasonably necessary information from third parties as required in Condition 6.b., unless prohibited by law, terminates any liability of the Company under this policy as to that claim.

7. OPTIONS TO PAY OR OTHERWISE SETTLE CLAIMS; TERMINATION OF LIABILITY

In case of a claim under this policy, the Company has the following additional options:

a. *To Pay or Tender Payment of the Amount of Insurance*

To pay or tender payment of the Amount of Insurance under this policy. In addition, the Company will pay any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment or tender of payment and that the Company is obligated to pay.

Upon the exercise by the Company of this option provided for in Condition 7.a., the Company's liability and obligations to the Insured under this policy terminate, including any obligation to defend, prosecute, or continue any litigation.

b. *To Pay or Otherwise Settle with Parties other than the Insured or with the Insured Claimant*

i. To pay or otherwise settle with parties other than the Insured for or in the name of the Insured Claimant. In addition, the Company will pay any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment and that the Company is obligated to pay; or

ii. To pay or otherwise settle with the Insured Claimant the loss or damage provided for under this policy. In addition, the Company will pay any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to

the time of payment and that the Company is obligated to pay.

Upon the exercise by the Company of either option provided for in Condition 7.b., the Company's liability and obligations to the Insured under this policy for the claimed loss or damage terminate, including any obligation to defend, prosecute, or continue any litigation.

8. CONTRACT OF INDEMNITY; DETERMINATION AND EXTENT OF LIABILITY

This policy is a contract of indemnity against actual monetary loss or damage sustained or incurred by an Insured Claimant who has suffered loss or damage by reason of matters insured against by this policy. This policy is not an abstract of the Title, report of the condition of the Title, legal opinion, opinion of the Title, or other representation of the status of the Title. All claims asserted under this policy are based in contract and are restricted to the terms and provisions of this policy. The Company is not liable for any claim alleging negligence or negligent misrepresentation arising from or in connection with this policy or the determination of the insurability of the Title.

a. The extent of liability of the Company for loss or damage under this policy does not exceed the lesser of:
   i. the Amount of Insurance; or
   ii. the difference between the fair market value of the Title, as insured, and the fair market value of the Title subject to the matter insured against by this policy.

b. Except as provided in Condition 8.c. or 8.d., the fair market value of the Title in Condition 8.a.ii. is calculated using the date the Insured discovers the defect, lien, encumbrance, adverse claim, or other matter insured against by this policy.

c. If, at the Date of Policy, the Title to all of the Land is void by reason of a matter insured against by this policy, then the Insured Claimant may, by written notice given to the Company, elect to use the Date of Policy as the date for calculating the fair market value of the Title in Condition 8.a.ii.

d. If the Company pursues its rights under Condition 5.b. and is unsuccessful in establishing the Title, as insured:
   i. the Amount of Insurance will be increased by 15%; and
   ii. the Insured Claimant may, by written notice given to the Company, elect, as an alternative to the dates set forth in Condition 8.b. or, if it applies, 8.c., to use either the date the settlement, action, proceeding, or other act described in Condition 5.b. is concluded or the date the notice of claim required by Condition 3 is received by the Company as the date for calculating the fair market value of the Title in Condition 8.a.ii.

e. In addition to the extent of liability for loss or damage under Conditions 8.a. and 8.d., the Company will also pay the costs, attorneys' fees, and expenses incurred in accordance with Conditions 5 and 7.

9. LIMITATION OF LIABILITY

a. The Company fully performs its obligations and is not liable for any loss or damage caused to the Insured if the Company accomplishes any of the following in a reasonable manner:
   i. removes the alleged defect, lien, encumbrance, adverse claim, or other matter;
   ii. cures the lack of a right of access to and from the Land; or
   iii. cures the claim of Unmarketable Title,

   all as insured. The Company may do so by any method, including litigation and the completion of any appeals.

b. The Company is not liable for loss or damage arising out of any litigation, including litigation by the Company or with the Company's consent, until a State or federal court having jurisdiction makes a final, non-appealable determination adverse to the Title.

c. The Company is not liable for loss or damage to the Insured for liability voluntarily assumed by the Insured in settling any claim or suit without the prior written consent of the Company.

d. The Company is not liable for the content of the Transaction Identification Data, if any.

10. REDUCTION OR TERMINATION OF INSURANCE

All payments under this policy, except payments made for costs, attorneys' fees, and expenses, reduce the Amount of Insurance by the amount of the payment.

11. LIABILITY NONCUMULATIVE

The Amount of Insurance will be reduced by any amount the Company pays under any policy insuring a

Mortgage to which exception is taken in Schedule B or to which the Insured has agreed, assumed, or taken subject, or which is executed by an Insured after the Date of Policy and which is a charge or lien on the Title, and the amount so paid will be deemed a payment to the Insured under this policy.

12. PAYMENT OF LOSS

When liability and the extent of loss or damage are determined in accordance with the Conditions, the Company will pay the loss or damage within 30 days.

13. COMPANY'S RECOVERY AND SUBROGATION RIGHTS UPON SETTLEMENT AND PAYMENT

a. If the Company settles and pays a claim under this policy, it is subrogated and entitled to the rights and remedies of the Insured Claimant in the Title and all other rights and remedies in respect to the claim that the Insured Claimant has against any person, entity, or property to the fullest extent permitted by law, but limited to the amount of any loss, costs, attorneys' fees, and expenses paid by the Company. If requested by the Company, the Insured Claimant must execute documents to transfer these rights and remedies to the Company. The Insured Claimant permits the Company to sue, compromise, or settle in the name of the Insured Claimant and to use the name of the Insured Claimant in any transaction or litigation involving these rights and remedies.

b. If a payment on account of a claim does not fully cover the loss of the Insured Claimant, the Company defers the exercise of its subrogation right until after the Insured Claimant fully recovers its loss.

c. The Company's subrogation right includes the Insured's rights to indemnity, guaranty, warranty, insurance policy, or bond, despite any provision in those instruments that addresses recovery or subrogation rights.

14. POLICY ENTIRE CONTRACT

a. This policy together with all endorsements, if any, issued by the Company is the entire policy and contract between the Insured and the Company. In interpreting any provision of this policy, this policy will be construed as a whole. This policy and any endorsement to this policy may be evidenced by electronic means authorized by law.

b. Any amendment of this policy must be by a written endorsement issued by the Company. To the extent any term or provision of an endorsement is inconsistent with any term or provision of this policy, the term or provision of the endorsement controls. Unless the endorsement expressly states, it does not:

   i. modify any prior endorsement,
   ii. extend the Date of Policy,
   iii. insure against loss or damage exceeding the Amount of Insurance, or
   iv. increase the Amount of Insurance.

15. SEVERABILITY

In the event any provision of this policy, in whole or in part, is held invalid or unenforceable under applicable law, this policy will be deemed not to include that provision or the part held to be invalid, but all other provisions will remain in full force and effect.

16. CHOICE OF LAW AND CHOICE OF FORUM

a. *Choice of Law*

The Company has underwritten the risks covered by this policy and determined the premium charged in reliance upon the State law affecting interests in real property and the State law applicable to the interpretation, rights, remedies, or enforcement of policies of title insurance of the State where the Land is located.

The State law of the State where the Land is located, or to the extent it controls, federal law, will determine the validity of claims against the Title and the interpretation and enforcement of the terms of this policy, without regard to conflicts of law principles to determine the applicable law.

b. *Choice of Forum*

Any litigation or other proceeding brought by the Insured against the Company must be filed only in a State or federal court having jurisdiction.

o. "Title": The estate or interest in the Land identified in Item 2 of Schedule A.
p. "Unmarketable Title": The Title affected by an alleged or apparent matter that would permit a prospective purchaser or lessee of the Title or a lender on the Title to be released from the obligation to purchase, lease, or lend if there is a contractual condition requiring the delivery of marketable title.

2. CONTINUATION OF COVERAGE

This policy continues as of the Date of Policy in favor of an Insured, so long as the Insured:
a. retains an estate or interest in the Land;
b. owns an obligation secured by a purchase money Mortgage given by a purchaser from the Insured; or
c. has liability for warranties given by the Insured in any transfer or conveyance of the Insured's Title.

Except as provided in Condition 2, this policy terminates and ceases to have any further force or effect after the Insured conveys the Title. This policy does not continue in force or effect in favor of any person or entity that is not the Insured and acquires the Title or an obligation secured by a purchase money Mortgage given to the Insured.

3. NOTICE OF CLAIM TO BE GIVEN BY INSURED CLAIMANT

The Insured must notify the Company promptly in writing if the Insured has Knowledge of:
a. any litigation or other matter for which the Company may be liable under this policy; or
b. any rejection of the Title as Unmarketable Title.

If the Company is prejudiced by the failure of the Insured Claimant to provide prompt notice, the Company's liability to the Insured Claimant under this policy is reduced to the extent of the prejudice.

4. PROOF OF LOSS

The Company may, at its option, require as a condition of payment that the Insured Claimant furnish a signed proof of loss. The proof of loss must describe the defect, lien, encumbrance, adverse claim, or other matter insured against by this policy that constitutes the basis of loss or damage and must state, to the extent possible, the basis of calculating the amount of the loss or damage.

5. DEFENSE AND PROSECUTION OF ACTIONS

a. Upon written request by the Insured and subject to the options contained in Condition 7, the Company, at its own cost and without unreasonable delay, will provide for the defense of an Insured in litigation in which any third party asserts a claim covered by this policy adverse to the Insured. This obligation is limited to only those stated causes of action alleging matters insured against by this policy. The Company has the right to select counsel of its choice (subject to the right of the Insured to object for reasonable cause) to represent the Insured as to those covered causes of action. The Company is not liable for and will not pay the fees of any other counsel. The Company will not pay any fees, costs, or expenses incurred by the Insured in the defense of any cause of action that alleges matters not insured against by this policy.
b. The Company has the right, in addition to the options contained in Condition 7, at its own cost, to institute and prosecute any action or proceeding or to do any other act that, in its opinion, may be

necessary or desirable to establish the Title, as insured, or to prevent or reduce loss or damage to the Insured. The Company may take any appropriate action under the terms of this policy, whether or not it is liable to the Insured. The Company's exercise of these rights is not an admission of liability or waiver of any provision of this policy. If the Company exercises its rights under Condition 5.b., it must do so diligently.

c. When the Company brings an action or asserts a defense as required or permitted by this policy, the Company may pursue the litigation to a final determination by a court having jurisdiction. The Company reserves the right, in its sole discretion, to appeal any adverse judgment or order.

6. DUTY OF INSURED CLAIMANT TO COOPERATE

a. When this policy permits or requires the Company to prosecute or provide for the defense of any action or proceeding and any appeals, the Insured will secure to the Company the right to prosecute or provide defense in the action or proceeding, including the right to use, at its option, the name of the Insured for this purpose.

When requested by the Company, the Insured, at the Company's expense, must give the Company all reasonable aid in:

i. securing evidence, obtaining witnesses, prosecuting or defending the action or proceeding, or effecting settlement; and

ii. any other lawful act that in the opinion of the Company may be necessary or desirable to establish the Title or any other matter, as insured.

If the Company is prejudiced by any failure of the Insured to furnish the required cooperation, the Company's liability and obligations to the Insured under this policy terminate, including any obligation to defend, prosecute, or continue any litigation, regarding the matter requiring such cooperation.

b. The Company may reasonably require the Insured Claimant to submit to examination under oath by any authorized representative of the Company and to produce for examination, inspection, and copying, at such reasonable times and places as may be designated by the authorized representative of the Company, all records, in whatever medium maintained, including books, ledgers, checks, memoranda, correspondence, reports, e-mails, disks, tapes, and videos, whether bearing a date before or after the Date of Policy, that reasonably pertain to the loss or damage. Further, if requested by any authorized representative of the Company, the Insured Claimant must grant its permission, in writing, for any authorized representative of the Company to examine, inspect, and copy all the records in the custody or control of a third party that reasonably pertain to the loss or damage. No information designated in writing as confidential by the Insured Claimant provided to the Company pursuant to Condition 6 will be later disclosed to others unless, in the reasonable judgment of the Company, disclosure is necessary in the administration of the claim or required by law. Any failure of the Insured Claimant to submit for examination under oath, produce any reasonably requested information, or grant permission to secure reasonably necessary information from third parties as required in Condition 6.b., unless prohibited by law, terminates any liability of the Company under this policy as to that claim.

7. OPTIONS TO PAY OR OTHERWISE SETTLE CLAIMS; TERMINATION OF LIABILITY

In case of a claim under this policy, the Company has the following additional options:

a. *To Pay or Tender Payment of the Amount of Insurance*

To pay or tender payment of the Amount of Insurance under this policy. In addition, the Company will pay any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment or tender of payment and that the Company is obligated to pay. Upon the exercise by the Company of this option provided for in Condition 7.a., the Company's liability and obligations to the Insured under this policy terminate, including any obligation to defend, prosecute, or continue any litigation.

b. *To Pay or Otherwise Settle with Parties other than the Insured or with the Insured Claimant*

i. To pay or otherwise settle with parties other than the Insured for or in the name of the Insured Claimant. In addition, the Company will pay any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment and that the Company is obligated to pay; or

ii. To pay or otherwise settle with the Insured Claimant the loss or damage provided for under this policy. In addition, the Company will pay any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment and that the Company is obligated to pay.

Upon the exercise by the Company of either option provided for in Condition 7.b., the Company's liability and obligations to the Insured under this policy for the claimed loss or damage terminate, including any obligation to defend, prosecute, or continue any litigation.

8. CONTRACT OF INDEMNITY; DETERMINATION AND EXTENT OF LIABILITY

This policy is a contract of indemnity against actual monetary loss or damage sustained or incurred by an Insured Claimant who has suffered loss or damage by reason of matters insured against by this policy. This policy is not an abstract of the Title, report of the condition of the Title, legal opinion, opinion of the Title, or other representation of the status of the Title. All claims asserted under this policy are based in contract and are restricted to the terms and provisions of this policy. The Company is not liable for any claim alleging negligence or negligent misrepresentation arising from or in connection with this policy or the determination of the insurability of the Title.

a. The extent of liability of the Company for loss or damage under this policy does not exceed the lesser of:
   i. the Amount of Insurance; or
   ii. the difference between the fair market value of the Title, as insured, and the fair market value of the Title subject to the matter insured against by this policy.
b. Except as provided in Condition 8.c. or 8.d., the fair market value of the Title in Condition 8.a.ii. is calculated using the date the Insured discovers the defect, lien, encumbrance, adverse claim, or other matter insured against by this policy.
c. If, at the Date of Policy, the Title to all of the Land is void by reason of a matter insured against by this policy, then the Insured Claimant may, by written notice given to the Company, elect to use the Date of Policy as the date for calculating the fair market value of the Title in Condition 8.a.ii.
d. If the Company pursues its rights under Condition 5.b. and is unsuccessful in establishing the Title, as insured:
   i. the Amount of Insurance will be increased by 15%; and
   ii. the Insured Claimant may, by written notice given to the Company, elect, as an alternative to the dates set forth in Condition 8.b. or, if it applies, 8.c., to use either the date the settlement, action, proceeding, or other act described in Condition 5.b. is concluded or the date the notice of claim required by Condition 3 is received by the Company as the date for calculating the fair market value of the Title in Condition 8.a.ii.
e. In addition to the extent of liability for loss or damage under Conditions 8.a. and 8.d., the Company will also pay the costs, attorneys' fees, and expenses incurred in accordance with Conditions 5 and 7.

9. LIMITATION OF LIABILITY

a. The Company fully performs its obligations and is not liable for any loss or damage caused to the Insured if the Company accomplishes any of the following in a reasonable manner:
   i. removes the alleged defect, lien, encumbrance, adverse claim, or other matter;
   ii. cures the lack of a right of access to and from the Land; or
   iii. cures the claim of Unmarketable Title,

   all as insured. The Company may do so by any method, including litigation and the completion of any appeals.
b. The Company is not liable for loss or damage arising out of any litigation, including litigation by the Company or with the Company's consent, until a State or federal court having jurisdiction makes a final, non-appealable determination adverse to the Title.
c. The Company is not liable for loss or damage to the Insured for liability voluntarily assumed by the Insured in settling any claim or suit without the prior written consent of the Company.
d. The Company is not liable for the content of the Transaction Identification Data, if any.

10. REDUCTION OR TERMINATION OF INSURANCE
All payments under this policy, except payments made for costs, attorneys' fees, and expenses, reduce the Amount of Insurance by the amount of the payment.

11. LIABILITY NONCUMULATIVE
The Amount of Insurance will be reduced by any amount the Company pays under any policy insuring a Mortgage to which exception is taken in Schedule B or to which the Insured has agreed, assumed, or taken subject, or which is executed by an Insured after the Date of Policy and which is a charge or lien on the Title, and the amount so paid will be deemed a payment to the Insured under this policy.

12. PAYMENT OF LOSS
When liability and the extent of loss or damage are determined in accordance with the Conditions, the Company will pay the loss or damage within 30 days.

13. COMPANY'S RECOVERY AND SUBROGATION RIGHTS UPON SETTLEMENT AND PAYMENT

a. If the Company settles and pays a claim under this policy, it is subrogated and entitled to the rights and remedies of the Insured Claimant in the Title and all other rights and remedies in respect to the claim that the Insured Claimant has against any person, entity, or property to the fullest extent permitted by law, but limited to the amount of any loss, costs, attorneys' fees, and expenses paid by the Company. If requested by the Company, the Insured Claimant must execute documents to transfer these rights and remedies to the Company. The Insured Claimant permits the Company to sue, compromise, or settle in the name of the Insured Claimant and to use the name of the Insured Claimant in any transaction or litigation involving these rights and remedies.

b. If a payment on account of a claim does not fully cover the loss of the Insured Claimant, the Company defers the exercise of its subrogation right until after the Insured Claimant fully recovers its loss.

c. The Company's subrogation right includes the Insured's rights to indemnity, guaranty, warranty, insurance policy, or bond, despite any provision in those instruments that addresses recovery or subrogation rights.

14. POLICY ENTIRE CONTRACT

a. This policy together with all endorsements, if any, issued by the Company is the entire policy and contract between the Insured and the Company. In interpreting any provision of this policy, this policy will be construed as a whole. This policy and any endorsement to this policy may be evidenced by electronic means authorized by law.

b. Any amendment of this policy must be by a written endorsement issued by the Company. To the extent any term or provision of an endorsement is inconsistent with any term or provision of this policy, the term or provision of the endorsement controls. Unless the endorsement expressly states, it does not:
   i. modify any prior endorsement,
   ii. extend the Date of Policy,
   iii. insure against loss or damage exceeding the Amount of Insurance, or
   iv. increase the Amount of Insurance.

15. SEVERABILITY
In the event any provision of this policy, in whole or in part, is held invalid or unenforceable under applicable law, this policy will be deemed not to include that provision or the part held to be invalid, but all other provisions will remain in full force and effect.

16. CHOICE OF LAW AND CHOICE OF FORUM

a. *Choice of Law*
The Company has underwritten the risks covered by this policy and determined the premium charged in reliance upon the State law affecting interests in real property and the State law applicable to the interpretation, rights, remedies, or enforcement of policies of title insurance of the State where the Land is located.

The State law of the State where the Land is located, or to the extent it controls, federal law, will determine the validity of claims against the Title and the interpretation and enforcement of the terms of this policy, without regard to conflicts of law principles to determine the applicable law.

b. *Choice of Forum*
Any litigation or other proceeding brought by the Insured against the Company must be filed only in a State or federal court having jurisdiction.

17. NOTICES

18. ARBITRATION

a. All claims and disputes arising out of or relating to this policy, including any service or other matter in connection with issuing this policy, any breach of a policy provision, or any other claim or dispute arising out of or relating to the transaction giving rise to this policy, may be submitted to binding arbitration only when agreed to by both the Company and the Insured. Arbitration must be conducted pursuant to the Title Insurance Arbitration Rules of the American Land Title Association ("ALTA Rules"). The ALTA Rules are available online at www.alta.org/arbitration. The ALTA Rules incorporate, as appropriate to a particular dispute, the Consumer Arbitration Rules and Commercial Arbitration Rules of the American Arbitration Association ("AAA Rules"). The AAA Rules are available online at www.adr.org.

b. *If there is a final judicial determination that a request for particular relief cannot be arbitrated in accordance with this Condition 18, then only that request for particular relief may be brought in court. All other requests for relief remain subject to this Condition 18.*

c. Fees will be allocated in accordance with the applicable AAA Rules. The results of arbitration will be binding upon the parties. The arbitrator may consider, but is not bound by, rulings in prior arbitrations involving different parties. The arbitrator is bound by rulings in prior arbitrations involving the same parties to the extent required by law. The arbitrator must issue a written decision sufficient to explain the findings and conclusions on which the award is based. Judgment upon the award rendered by the arbitrator may be entered in any State or federal court having jurisdiction.

CONDITIONS

1. DEFINITION OF TERMS

The following terms when used in this policy mean:

(a) "Amount of Insurance": The amount stated in Schedule A, as may be increased or decreased by endorsement to this policy, increased by Section 8(b), or decreased by Sections 10 and 11 of these Conditions.

(b) "Date of Policy": The date designated as "Date of Policy" in Schedule A.

(c) "Entity": A corporation, partnership, trust, limited liability company, or other similar legal entity.

(d) "Insured": The Insured named in Schedule A.

(i) The term "Insured" also includes

(A) successors to the Title of the Insured by operation of law as distinguished from purchase, including heirs, devisees, survivors, personal representatives, or next of kin;

(B) successors to an Insured by dissolution, merger, consolidation, distribution, or reorganization;

(C) successors to an Insured by its conversion to another kind of Entity;

(D) a grantee of an Insured under a deed delivered without payment of actual valuable consideration conveying the Title

(1) if the stock, shares, memberships, or other equity interests of the grantee are wholly-owned by the named Insured,

(2) if the grantee wholly owns the named Insured,

(3) if the grantee is wholly-owned by an affiliated Entity of the named Insured, provided the affiliated Entity and the named Insured are both wholly-owned by the same person or Entity, or

(4) if the grantee is a trustee or beneficiary of a trust created by a written instrument established by the Insured named in Schedule A for estate planning purposes.

(ii) With regard to (A), (B), (C), and (D) reserving, however, all rights and defenses as to any successor that the Company would have had against any predecessor Insured.

(e) "Insured Claimant": An Insured claiming loss or damage.

(f) "Knowledge" or "Known": Actual knowledge, not constructive knowledge or notice that may be imputed to an Insured by reason of the Public Records or any other records that impart constructive notice of matters affecting the Title.

(g) "Land": The land described in Schedule A, and affixed improvements that by law constitute real property. The term "Land" does not include any property beyond the lines of the area described in Schedule A, nor any right, title, interest, estate, or easement in abutting streets, roads, avenues, alleys, lanes, ways, or waterways, but this does not modify or limit the extent that a right of access to and from the Land is insured by this policy.

(h) "Mortgage": Mortgage, deed of trust, trust deed, or other security instrument, including one evidenced by electronic means authorized by law.

(i) "Public Records": Records established under state statutes at Date of Policy for the purpose of imparting constructive notice of matters relating to real property to purchasers for value and without Knowledge. With respect to Covered Risk 5(d), "Public Records" shall also include environmental protection liens filed in the records of the clerk of the United States District Court for the district where the Land is located.

(j) "Title": The estate or interest described in Schedule A.

(k) "Unmarketable Title": Title affected by an alleged or apparent matter that would permit a prospective purchaser or lessee of the Title or lender on the Title to be released from the obligation to purchase, lease, or lend if there is a contractual condition requiring the delivery of marketable title.

2. CONTINUATION OF INSURANCE

The coverage of this policy shall continue in force as of Date of Policy in favor of an Insured, but only so long as the Insured retains an estate or interest in the Land, or holds an obligation secured by a purchase money Mortgage given by a purchaser from the Insured, or only so long as the Insured shall have liability by reason of warranties in any transfer or conveyance of the Title. This policy shall not continue in force in favor of any purchaser from the Insured of either (i) an estate or interest in the Land, or (ii) an obligation secured by a purchase money Mortgage given to the Insured.

3. NOTICE OF CLAIM TO BE GIVEN BY INSURED CLAIMANT

The Insured shall notify the Company promptly in writing (i) in case of any litigation as set forth in Section 5(a) of these Conditions, (ii) in case Knowledge shall come to an Insured hereunder of any claim of title or interest that is adverse to the Title, as insured, and that might cause loss or damage for which the Company may be liable by virtue of this policy, or (iii) if the Title, as insured, is rejected as Unmarketable Title. If the Company is prejudiced by the failure of the Insured Claimant to provide prompt notice, the Company's liability to the Insured Claimant under the policy shall be reduced to the extent of the prejudice.

4. PROOF OF LOSS

In the event the Company is unable to determine the amount of loss or damage, the Company may, at its option, require as a condition of payment that the Insured Claimant furnish a signed proof of loss. The proof of loss must describe the defect, lien, encumbrance, or other matter insured against by this policy that constitutes the basis of loss or damage and shall state, to the extent possible, the basis of calculating the amount of the loss or damage.

5. DEFENSE AND PROSECUTION OF ACTIONS

(a) Upon written request by the Insured, and subject to the options contained in Section 7 of these Conditions, the Company, at its own cost and without unreasonable delay, shall provide for the defense of an Insured in litigation in which any third party asserts a claim covered by this policy adverse to the Insured. This obligation is limited to only those stated causes of action alleging matters insured against by this policy. The Company shall have the right to select counsel of its choice (subject to the right of the Insured to object for reasonable cause) to represent the Insured as to those stated causes of action. It shall not be liable for and will not pay the fees of any other counsel. The Company will not pay any fees, costs, or expenses incurred by the Insured in the defense of those causes of action that allege matters not insured against by this policy.

(b) The Company shall have the right, in addition to the options contained in Section 7 of these Conditions, at its own cost, to institute and prosecute any action or proceeding or to do any other act that in its opinion may be necessary or desirable to establish the Title, as insured, or to prevent or reduce loss or damage to the Insured. The Company may take any appropriate action under the terms of this policy, whether or not it shall be liable to the Insured. The exercise of these rights shall not be an admission of liability or waiver of any provision of this policy. If the Company exercises its rights under this subsection, it must do so diligently.

(c) Whenever the Company brings an action or asserts a defense as required or permitted by this policy, the Company may pursue the litigation to a final determination by a court of competent jurisdiction, and it expressly reserves the right, in its sole discretion, to appeal any adverse judgment or order.

6. DUTY OF INSURED CLAIMANT TO COOPERATE

(a) In all cases where this policy permits or requires the Company to prosecute or provide for the defense of any action or proceeding and any appeals, the Insured shall secure to the Company the right to so prosecute or provide defense in the action or proceeding, including the right to use, at its option, the name of the Insured for this purpose. Whenever requested by the Company, the Insured, at the Company's expense, shall give the Company all reasonable aid (i) in securing evidence, obtaining witnesses, prosecuting or defending the action or proceeding, or effecting settlement, and (ii) in any other lawful act that in the opinion of the Company may be necessary or desirable to establish the Title or any other matter as insured. If the Company is prejudiced by the failure of the Insured to furnish the required cooperation, the Company's obligations to the Insured under the policy shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation, with regard to the matter or matters requiring such cooperation.

(b) The Company may reasonably require the Insured Claimant to submit to examination under oath by any authorized representative of the Company and to produce for examination, inspection, and copying, at such reasonable times and places as may be designated by the authorized representative of the Company, all records, in whatever medium maintained, including books, ledgers, checks, memoranda, correspondence, reports, e-mails, disks, tapes, and videos whether bearing a date before or after Date of Policy, that reasonably pertain to the loss or damage. Further, if requested by any authorized representative of the Company, the Insured Claimant shall grant its permission, in writing, for any authorized representative of the Company to examine, inspect, and copy all of these records in the custody or control of a third party that reasonably pertain to the loss or damage. All information designated as confidential by the Insured Claimant provided to the Company pursuant to this Section shall not be disclosed to others unless, in the reasonable judgment of the Company, it is necessary in the administration of the claim. Failure of the Insured Claimant to submit for examination under oath, produce any reasonably requested information, or grant permission to secure reasonably necessary information from third parties as required in this subsection, unless prohibited by law or governmental regulation, shall terminate any liability of the Company under this policy as to that claim.

7. OPTIONS TO PAY OR OTHERWISE SETTLE CLAIMS; TERMINATION OF LIABILITY

In case of a claim under this policy, the Company shall have the following additional options:

(a) To Pay or Tender Payment of the Amount of Insurance.

To pay or tender payment of the Amount of Insurance under this policy together with any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment or tender of payment and that the Company is obligated to pay.

Upon the exercise by the Company of this option, all liability and obligations of the Company to the Insured under this policy, other than to make the payment required in this subsection, shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation.

(b) To Pay or Otherwise Settle With Parties Other Than the Insured or With the Insured Claimant.

(i) To pay or otherwise settle with other parties for or in the name of an Insured Claimant any claim insured against under this policy. In addition, the Company will pay any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment and that the Company is obligated to pay; or

(ii) To pay or otherwise settle with the Insured Claimant the loss or damage provided for under this policy, together with any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment and that the Company is obligated to pay.

Upon the exercise by the Company of either of the options provided for in subsections (b)(i) or (ii), the Company's obligations to the Insured under this policy for the claimed loss or damage, other than the payments required to be made, shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation.

8. DETERMINATION AND EXTENT OF LIABILITY

This policy is a contract of indemnity against actual monetary loss or damage sustained or incurred by the Insured Claimant who has suffered loss or damage by reason of matters insured against by this policy.

(a) The extent of liability of the Company for loss or damage under this policy shall not exceed the lesser of

(i) the Amount of Insurance; or

(ii) the difference between the value of the Title as insured and the value of the Title subject to the risk insured against by this policy.

(b) If the Company pursues its rights under Section 5 of these Conditions and is unsuccessful in establishing the Title, as insured,

(i) the Amount of Insurance shall be increased by 10%, and

(ii) the Insured Claimant shall have the right to have the loss or damage determined either as of the date the claim was made by the Insured Claimant or as of the date it is settled and paid.

(c) In addition to the extent of liability under (a) and (b), the Company will also pay those costs, attorneys' fees, and expenses incurred in accordance with Sections 5 and 7 of these Conditions.

9. LIMITATION OF LIABILITY

(a) If the Company establishes the Title, or removes the alleged defect, lien, or encumbrance, or cures the lack of a right of access to or from the Land, or cures the claim of Unmarketable Title, all as insured, in a reasonably diligent manner by any method, including litigation and the completion of any appeals, it shall have fully performed its obligations with respect to that matter and shall not be liable for any loss or damage caused to the Insured.

(b) In the event of any litigation, including litigation by the Company or with the Company's consent, the Company shall have no liability for loss or damage until there has been a final determination by a court of competent jurisdiction, and disposition of all appeals, adverse to the Title, as insured.

(c) The Company shall not be liable for loss or damage to the Insured for liability voluntarily assumed by the Insured in settling any claim or suit without the prior written consent of the Company.

10. REDUCTION OF INSURANCE; REDUCTION OR TERMINATION OF LIABILITY

All payments under this policy, except payments made for costs, attorneys' fees, and expenses, shall reduce the Amount of Insurance by the amount of the payment.

11. LIABILITY NONCUMULATIVE

The Amount of Insurance shall be reduced by any amount the Company pays under any policy insuring a Mortgage to which exception is taken in Schedule B or to which the Insured has agreed, assumed, or taken subject, or which is executed by an Insured after Date of Policy and which is a charge or lien on the Title, and the amount so paid shall be deemed a payment to the Insured under this policy.

12. PAYMENT OF LOSS

When liability and the extent of loss or damage have been definitely fixed in accordance with these Conditions, the payment shall be made within 30 days.

13. RIGHTS OF RECOVERY UPON PAYMENT OR SETTLEMENT

(a) Whenever the Company shall have settled and paid a claim under this policy, it shall be subrogated and entitled to the rights of the Insured Claimant in the Title and all other rights and remedies in respect to the claim that the Insured Claimant has against any person or property, to the extent of the amount of any loss, costs, attorneys' fees, and expenses paid by the Company. If requested by the Company, the Insured Claimant shall execute documents to evidence the transfer to the Company of these rights and remedies. The Insured Claimant shall permit the Company to sue, compromise, or settle in the name of the Insured Claimant and to use the name of the Insured Claimant in any transaction or litigation involving these rights and remedies.

If a payment on account of a claim does not fully cover the loss of the Insured Claimant, the Company shall defer the exercise of its right to recover until after the Insured Claimant shall have recovered its loss.

(b) The Company's right of subrogation includes the rights of the Insured to indemnities, guaranties, other policies of insurance, or bonds, notwithstanding any terms or conditions contained in those instruments that address subrogation rights.

14. ARBITRATION

Unless prohibited by applicable law, arbitration pursuant to the Title Insurance Arbitration Rules of the American Arbitration Association may be demanded if agreed to by both the Company and the Insured at the time of a controversy or claim. Arbitrable matters may include, but are not limited to, any controversy or claim between the Company and the Insured arising out of or relating to this policy, and service of the Company in connection with its issuance or the breach of a policy provision or other obligation. Arbitration pursuant to this policy and under the Rules in effect on the date the demand for arbitration is made, or, at the option of the Insured, the Rules in effect at Date of Policy shall be binding upon the parties. The award may include attorneys' fees only if the laws of the state in which the Land is located permit a court to award attorneys' fees to a prevailing party. Judgment upon the award rendered by the Arbitrator(s) may be entered in any court having jurisdiction thereof.

The law of the situs of the land shall apply to an arbitration under the Title Insurance Arbitration Rules.

A copy of the Rules may be obtained from the Company upon request.

15. LIABILITY LIMITED TO THIS POLICY; POLICY ENTIRE CONTRACT

(a) This policy together with all endorsements, if any, attached to it by the Company is the entire policy and contract between the Insured and the Company. In interpreting any provision of this policy, this policy shall be construed as a whole.

(b) Any claim of loss or damage that arises out of the status of the Title or by any action asserting such claim whether or not based on negligence shall be restricted to this policy.

(c) Any amendment of or endorsement to this policy must be in writing and authenticated by an authorized person, or expressly incorporated by Schedule A of this policy.

(d) Each endorsement to this policy issued at any time is made a part of this policy and is subject to all of its terms and provisions. Except as the endorsement expressly states, it does not (i) modify any of the terms and provisions of the policy, (ii) modify any prior endorsement, (iii) extend the Date of Policy, or (iv) increase the Amount of Insurance.

16. SEVERABILITY

In the event any provision of this policy, in whole or in part, is held invalid or unenforceable under applicable law, the policy shall be deemed not to include that provision or such part held to be invalid, but all other provisions shall remain in full force and effect.

17. CHOICE OF LAW; FORUM

(a) Choice of Law: The Insured acknowledges the Company has underwritten the risks covered by this policy and determined the premium charged therefor in reliance upon the law affecting interests in real property and applicable to the interpretation, rights, remedies, or enforcement of policies of title insurance of the jurisdiction where the Land is located.

Therefore, the court or an arbitrator shall apply the law of the jurisdiction where the Land is located to determine the validity of claims against the Title that are adverse to the Insured and to interpret and enforce the terms of this policy. In neither case shall the court or arbitrator apply its conflicts of law principles to determine the applicable law.

(b) Choice of Forum: Any litigation or other proceeding brought by the Insured against the Company must be filed only in a state or federal court within the United States of America or its territories having appropriate jurisdiction.

CONDITIONS

1. DEFINITION OF TERMS

The following terms when used in this policy mean:

(a) "Amount of Insurance": The amount stated in Schedule A, as may be increased or decreased by endorsement to this policy, increased by Section 8(b), or decreased by Sections 10 and 11 of these Conditions.

(b) "Date of Policy": The date designated as "Date of Policy" in Schedule A.

(c) "Entity": A corporation, partnership, trust, limited liability company, or other similar legal entity.

(d) "Insured": The Insured named in Schedule A.

(i) The term "Insured" also includes

(A) successors to the Title of the Insured by operation of law as distinguished from purchase, including heirs, devisees, survivors, personal representatives, or next of kin;

(B) successors to an Insured by dissolution, merger, consolidation, distribution, or reorganization;

(C) successors to an Insured by its conversion to another kind of Entity;

(D) a grantee of an Insured under a deed delivered without payment of actual valuable consideration conveying the Title

(1) if the stock, shares, memberships, or other equity interests of the grantee are wholly-owned by the named Insured,

(2) if the grantee wholly owns the named Insured,

(3) if the grantee is wholly-owned by an affiliated Entity of the named Insured, provided the affiliated Entity and the named Insured are both wholly-owned by the same person or Entity, or

(4) if the grantee is a trustee or beneficiary of a trust created by a written instrument established by the Insured named in Schedule A for estate planning purposes.

(ii) With regard to (A), (B), (C), and (D) reserving, however, all rights and defenses as to any successor that the Company would have had against any predecessor Insured.

(e) "Insured Claimant": An Insured claiming loss or damage.

(f) "Knowledge" or "Known": Actual knowledge, not constructive knowledge or notice that may be imputed to an Insured by reason of the Public Records or any other records that impart constructive notice of matters affecting the Title.

(g) "Land": The land described in Schedule A, and affixed improvements that by law constitute real property. The term "Land" does not include any property beyond the lines of the area described in Schedule A, nor any right, title, interest, estate, or easement in abutting streets, roads, avenues, alleys, lanes, ways, or waterways, but this does not modify or limit the extent that a right of access to and from the Land is insured by this policy.

(h) "Mortgage": Mortgage, deed of trust, trust deed, or other security instrument, including one evidenced by electronic means authorized by law.

(i) "Public Records": Records established under state statutes at Date of Policy for the purpose of imparting constructive notice of matters relating to real property to purchasers for value and without Knowledge. With respect to Covered Risk 5(d), "Public Records" shall also include environmental protection liens filed in the records of the clerk of the United States District Court for the district where the Land is located.

(j) "Title": The estate or interest described in Schedule A.

(k) "Unmarketable Title": Title affected by an alleged or apparent matter that would permit a prospective purchaser or lessee of the Title or lender on the Title to be released from the obligation to purchase, lease, or lend if there is a contractual condition requiring the delivery of marketable title.

2. CONTINUATION OF INSURANCE

The coverage of this policy shall continue in force as of Date of Policy in favor of an Insured, but only so long as the Insured retains an estate or interest in the Land, or holds an obligation secured by a purchase money Mortgage given by a purchaser from the Insured, or only so long as the Insured shall have liability by reason of warranties in any transfer or conveyance of the Title. This policy shall not continue in force in favor of any purchaser from the Insured of either (i) an estate or interest in the Land, or (ii) an obligation secured by a purchase money Mortgage given to the Insured.

3. NOTICE OF CLAIM TO BE GIVEN BY INSURED CLAIMANT

The Insured shall notify the Company promptly in writing (i) in case of any litigation as set forth in Section 5(a) of these Conditions, (ii) in case Knowledge shall come to an Insured hereunder of any claim of title or interest that is adverse to the Title, as insured, and that might cause loss or damage for which the Company may be liable by virtue of this policy, or (iii) if the Title, as insured, is rejected as Unmarketable Title. If the Company is prejudiced by the failure of the Insured Claimant to provide prompt notice, the Company's liability to the Insured Claimant under the policy shall be reduced to the extent of the prejudice.

4. PROOF OF LOSS

In the event the Company is unable to determine the amount of loss or damage, the Company may, at its option, require as a condition of payment that the Insured Claimant furnish a signed proof of loss. The proof of loss must describe the defect, lien, encumbrance, or other matter insured against by this policy that constitutes the basis of loss or damage and shall state, to the extent possible, the basis of calculating the amount of the loss or damage.

5. DEFENSE AND PROSECUTION OF ACTIONS

(a) Upon written request by the Insured, and subject to the options contained in Section 7 of these Conditions, the Company, at its own cost and without unreasonable delay, shall provide for the defense of an Insured in litigation in which any third party asserts a claim covered by this policy adverse to the Insured. This obligation is limited to only those stated causes of action alleging matters insured against by this policy. The Company shall have the right to select counsel of its choice (subject to the right of the Insured to object for reasonable cause) to represent the Insured as to those stated causes of action. It shall not be liable for and will not pay the fees of any other counsel. The Company will not pay any fees, costs, or expenses incurred by the Insured in the defense of those causes of action that allege matters not insured against by this policy.

(b) The Company shall have the right, in addition to the options contained in Section 7 of these Conditions, at its own cost, to institute and prosecute any action or proceeding or to do any other act that in its opinion may be necessary or desirable to establish the Title, as insured, or to prevent or reduce loss or damage to the Insured. The Company may take any appropriate action under the terms of this policy, whether or not it shall be liable to the Insured. The exercise of these rights shall not be an admission of liability or waiver of any provision of this policy. If the Company exercises its rights under this subsection, it must do so diligently.

(c) Whenever the Company brings an action or asserts a defense as required or permitted by this policy, the Company may pursue the litigation to a final determination by a court of competent jurisdiction, and it expressly reserves the right, in its sole discretion, to appeal any adverse judgment or order.

6. DUTY OF INSURED CLAIMANT TO COOPERATE

(a) In all cases where this policy permits or requires the Company to prosecute or provide for the defense of any action or proceeding and any appeals, the Insured shall secure to the Company the right to so prosecute or provide defense in the action or proceeding, including the right to use, at its option, the name of the Insured for this purpose. Whenever requested by the Company, the Insured, at the Company's expense, shall give the Company all reasonable aid (i) in securing evidence, obtaining witnesses, prosecuting or defending the action or proceeding, or effecting settlement, and (ii) in any other lawful act that in the opinion of the Company may be necessary or desirable to establish the Title or any other matter as insured. If the Company is prejudiced by the failure of the Insured to furnish the required cooperation, the Company's obligations to the Insured under the policy shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation, with regard to the matter or matters requiring such cooperation.

(b) The Company may reasonably require the Insured Claimant to submit to examination under oath by any authorized representative of the Company and to produce for examination, inspection, and copying, at such reasonable times and places as may be designated by the authorized representative of the Company, all records, in whatever medium maintained, including books, ledgers, checks, memoranda, correspondence, reports, e-mails, disks, tapes, and videos whether bearing a date before or after Date of Policy, that reasonably pertain to the loss or damage. Further, if requested by any authorized representative of the Company, the Insured Claimant shall grant its permission, in writing, for any authorized representative of the Company to examine, inspect, and copy all of these records in the custody or control of a third party that reasonably pertain to the loss or damage. All information designated as confidential by the Insured Claimant provided to the Company pursuant to this Section shall not be disclosed to others unless, in the reasonable judgment of the Company, it is necessary in the administration of the claim. Failure of the Insured Claimant to submit for examination under oath, produce any reasonably requested information, or grant permission to secure reasonably necessary information from third parties as required in this subsection, unless prohibited by law or governmental regulation, shall terminate any liability of the Company under this policy as to that claim.

7. OPTIONS TO PAY OR OTHERWISE SETTLE CLAIMS; TERMINATION OF LIABILITY

In case of a claim under this policy, the Company shall have the following additional options:

(a) To Pay or Tender Payment of the Amount of Insurance.
To pay or tender payment of the Amount of Insurance under this policy together with any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment or tender of payment and that the Company is obligated to pay.
Upon the exercise by the Company of this option, all liability and obligations of the Company to the Insured under this policy, other than to make the payment required in this subsection, shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation.

(b) To Pay or Otherwise Settle With Parties Other Than the Insured or With the Insured Claimant.

(i) To pay or otherwise settle with other parties for or in the name of an Insured Claimant any claim insured against under this policy. In addition, the Company will pay any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment and that the Company is obligated to pay; or

(ii) To pay or otherwise settle with the Insured Claimant the loss or damage provided for under this policy, together with any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment and that the Company is obligated to pay.

Upon the exercise by the Company of either of the options provided for in subsections (b)(i) or (ii), the Company's obligations to the Insured under this policy for the claimed loss or damage, other than the payments required to be made, shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation.

8. DETERMINATION AND EXTENT OF LIABILITY

This policy is a contract of indemnity against actual monetary loss or damage sustained or incurred by the Insured Claimant who has suffered loss or damage by reason of matters insured against by this policy.

(a) The extent of liability of the Company for loss or damage under this policy shall not exceed the lesser of
(i) the Amount of Insurance; or
(ii) the difference between the value of the Title as insured and the value of the Title subject to the risk insured against by this policy.

(b) If the Company pursues its rights under Section 5 of these Conditions and is unsuccessful in establishing the Title, as insured,
(i) the Amount of Insurance shall be increased by 10%, and
(ii) the Insured Claimant shall have the right to have the loss or damage determined either as of the date the claim was made by the Insured Claimant or as of the date it is settled and paid.

(c) In addition to the extent of liability under (a) and (b), the Company will also pay those costs, attorneys' fees, and expenses incurred in accordance with Sections 5 and 7 of these Conditions.

9. LIMITATION OF LIABILITY

(a) If the Company establishes the Title, or removes the alleged defect, lien, or encumbrance, or cures the lack of a right of access to or from the Land, or cures the claim of Unmarketable Title, all as insured, in a reasonably diligent manner by any method, including litigation and the completion of any appeals, it shall have fully performed its obligations with respect to that matter and shall not be liable for any loss or damage caused to the Insured.

(b) In the event of any litigation, including litigation by the Company or with the Company's consent, the Company shall have no liability for loss or damage until there has been a final determination by a court of competent jurisdiction, and disposition of all appeals, adverse to the Title, as insured.

(c) The Company shall not be liable for loss or damage to the Insured for liability voluntarily assumed by the Insured in settling any claim or suit without the prior written consent of the Company.

10. REDUCTION OF INSURANCE; REDUCTION OR TERMINATION OF LIABILITY

All payments under this policy, except payments made for costs, attorneys' fees, and expenses, shall reduce the Amount of Insurance by the amount of the payment.

11. LIABILITY NONCUMULATIVE

The Amount of Insurance shall be reduced by any amount the Company pays under any policy insuring a Mortgage to which exception is taken in Schedule B or to which the Insured has agreed, assumed, or taken subject, or which is executed by an Insured after Date of Policy and which is a charge or lien on the Title, and the amount so paid shall be deemed a payment to the Insured under this policy.

12. PAYMENT OF LOSS

When liability and the extent of loss or damage have been definitely fixed in accordance with these Conditions, the payment shall be made within 30 days.

13. RIGHTS OF RECOVERY UPON PAYMENT OR SETTLEMENT

(a) Whenever the Company shall have settled and paid a claim under this policy, it shall be subrogated and entitled to the rights of the Insured Claimant in the Title and all other rights and remedies in respect to the claim that the Insured Claimant has against any person or property, to the extent of the amount of any loss, costs, attorneys' fees, and expenses paid by the Company. If requested by the Company, the Insured Claimant shall execute documents to evidence the transfer to the Company of these rights and remedies. The Insured Claimant shall permit the Company to sue, compromise, or settle in the name of the Insured Claimant and to use the name of the Insured Claimant in any transaction or litigation involving these rights and remedies.

If a payment on account of a claim does not fully cover the loss of the Insured Claimant, the Company shall defer the exercise of its right to recover until after the Insured Claimant shall have recovered its loss.

(b) The Company's right of subrogation includes the rights of the Insured to indemnities, guaranties, other policies of insurance, or bonds, notwithstanding any terms or conditions contained in those instruments that address subrogation rights.

14. ARBITRATION

Unless prohibited by applicable law, arbitration pursuant to the Title Insurance Arbitration Rules of the American Arbitration Association may be demanded if agreed to by both the Company and the Insured at the time of a controversy or claim. Arbitrable matters may include, but are not limited to, any controversy or claim between the Company and the Insured arising out of or relating to this policy, and service of the Company in connection with its issuance or the breach of a policy provision or other obligation. Arbitration pursuant to this policy and under the Rules in effect on the date the demand for arbitration is made, or, at the option of the Insured, the Rules in effect at Date of Policy shall be binding upon the parties. The award may include attorneys' fees only if the laws of the state in which the Land is located permit a court to award attorneys' fees to a prevailing party. Judgment upon the award rendered by the Arbitrator(s) may be entered in any court having jurisdiction thereof.

The law of the situs of the land shall apply to an arbitration under the Title Insurance Arbitration Rules.

A copy of the Rules may be obtained from the Company upon request.

15. LIABILITY LIMITED TO THIS POLICY; POLICY ENTIRE CONTRACT

(a) This policy together with all endorsements, if any, attached to it by the Company is the entire policy and contract between the Insured and the Company. In interpreting any provision of this policy, this policy shall be construed as a whole.

(b) Any claim of loss or damage that arises out of the status of the Title or by any action asserting such claim whether or not based on negligence shall be restricted to this policy.

(c) Any amendment of or endorsement to this policy must be in writing and authenticated by an authorized person, or expressly incorporated by Schedule A of this policy.

(d) Each endorsement to this policy issued at any time is made a part of this policy and is subject to all of its terms and provisions. Except as the endorsement expressly states, it does not (i) modify any of the terms and provisions of the policy, (ii) modify any prior endorsement, (iii) extend the Date of Policy, or (iv) increase the Amount of Insurance.

16. SEVERABILITY

In the event any provision of this policy, in whole or in part, is held invalid or unenforceable under applicable law, the policy shall be deemed not to include that provision or such part held to be invalid, but all other provisions shall remain in full force and effect.

17. CHOICE OF LAW; FORUM

(a) Choice of Law: The Insured acknowledges the Company has underwritten the risks covered by this policy and determined the premium charged therefor in reliance upon the law affecting interests in real property and applicable to the interpretation, rights, remedies, or enforcement of policies of title insurance of the jurisdiction where the Land is located.

Therefore, the court or an arbitrator shall apply the law of the jurisdiction where the Land is located to determine the validity of claims against the Title that are adverse to the Insured and to interpret and enforce the terms of this policy. In neither case shall the court or arbitrator apply its conflicts of law principles to determine the applicable law.

(b) Choice of Forum: Any litigation or other proceeding brought by the Insured against the Company must be filed only in a state or federal court within the United States of America or its territories having appropriate jurisdiction.

CONDITIONS

1. DEFINITION OF TERMS

The following terms when used in this policy mean:

(a) "Amount of Insurance": The amount stated in Schedule A, as may be increased or decreased by endorsement to this policy, increased by Section 8(b), or decreased by Sections 10 and 11 of these Conditions.

(b) "Date of Policy": The date designated as "Date of Policy" in Schedule A.

(c) "Entity": A corporation, partnership, trust, limited liability company, or other similar legal entity.

(d) "Insured": The Insured named in Schedule A.

(i) The term "Insured" also includes

(A) successors to the Title of the Insured by operation of law as distinguished from purchase, including heirs, devisees, survivors, personal representatives, or next of kin;

(B) successors to an Insured by dissolution, merger, consolidation, distribution, or reorganization;

(C) successors to an Insured by its conversion to another kind of Entity;

(D) a grantee of an Insured under a deed delivered without payment of actual valuable consideration conveying the Title

(1) if the stock, shares, memberships, or other equity interests of the grantee are wholly-owned by the named Insured,

(2) if the grantee wholly owns the named Insured,

(3) if the grantee is wholly-owned by an affiliated Entity of the named Insured, provided the affiliated Entity and the named Insured are both wholly-owned by the same person or Entity, or

(4) if the grantee is a trustee or beneficiary of a trust created by a written instrument established by the Insured named in Schedule A for estate planning purposes.

(ii) With regard to (A), (B), (C), and (D) reserving, however, all rights and defenses as to any successor that the Company would have had against any predecessor Insured.

(e) "Insured Claimant": An Insured claiming loss or damage.

(f) "Knowledge" or "Known": Actual knowledge, not constructive knowledge or notice that may be imputed to an Insured by reason of the Public Records or any other records that impart constructive notice of matters affecting the Title.

(g) "Land": The land described in Schedule A, and affixed improvements that by law constitute real property. The term "Land" does not include any property beyond the lines of the area described in Schedule A, nor any right, title, interest, estate, or easement in abutting streets, roads, avenues, alleys, lanes, ways, or waterways, but this does not modify or limit the extent that a right of access to and from the Land is insured by this policy.

(h) "Mortgage": Mortgage, deed of trust, trust deed, or other security instrument, including one evidenced by electronic means authorized bylaw.

(i) "Public Records": Records established under state statutes at Date of Policy for the purpose of imparting constructive notice of matters relating to real property to purchasers for value and without Knowledge. With respect to Covered Risk 5(d), "Public Records" shall also include environmental protection liens filed in the records of the clerk of the United States District Court for the district where the Land is located.

(j) "Title": The estate or interest described in Schedule A.

(k) "Unmarketable Title": Title affected by an alleged or apparent matter that would permit a prospective purchaser or lessee of the Title or lender on the Title to be released from the obligation to purchase, lease, or lend if there is a contractual condition requiring delivery of marketable title.

2. CONTINUATION OF INSURANCE

The coverage of this policy shall continue in force as of Date of Policy in favor of an Insured, but only so long as the Insured retains an estate or interest in the Land, or holds an obligation secured by a purchase money Mortgage given by a purchaser from the Insured, or only so long as the Insured shall have liability by reason of warranties in any transfer or conveyance of the Title. This policy shall not continue in force in favor of any purchaser from the Insured of either (i) an estate or interest in the Land, or (ii) an obligation secured by a purchase money Mortgage given to the Insured.

3. NOTICE OF CLAIM TO BE GIVEN BY INSURED CLAIMANT

The Insured shall notify the Company promptly in writing (i) in case of any litigation as set forth in Section 5(a) of these Conditions, (ii) in case Knowledge shall come to an Insured hereunder of any claim of title or interest that is adverse to the Title, as insured, and that might cause loss or damage for which the Company may be liable by virtue of this policy, or (iii) if the Title, as insured, is rejected as Unmarketable Title. If the Company is prejudiced by the failure of the Insured Claimant to provide prompt notice, the Company's liability to the Insured Claimant under the policy shall be reduced to the extent of the prejudice.

4. PROOF OF LOSS

In the event the Company is unable to determine the amount of loss or damage, the Company may, at its option, require as a condition of payment that the Insured Claimant furnish a signed proof of loss. The proof of loss must describe the defect, lien, encumbrance, or other matter insured against by this policy that constitutes the basis of loss or damage and shall state, to the extent possible, the basis of calculating the amount of the loss or damage.

5. DEFENSE AND PROSECUTION OF ACTIONS

(a) Upon written request by the Insured, and subject to the options contained in Section 7 of these Conditions, the Company, at its own cost and without unreasonable delay, shall provide for the defense of an Insured in litigation in which any third party asserts a claim covered by this policy adverse to the Insured. This obligation is limited to only those stated causes of action alleging matters insured against by this policy. The Company shall have the right to select counsel of its choice (subject to the right of the Insured to object for reasonable cause) to represent the Insured as to those stated causes of action. It shall not be liable for and will not pay the fees of any other counsel. The Company will not pay any fees, costs, or expenses incurred by the Insured in the defense of those causes of action that allege matters not insured against by this policy.

(b) The Company shall have the right, in addition to the options contained in Section 7 of these Conditions, at its own cost, to institute and prosecute any action or proceeding or to do any

other act that in its opinion may be necessary or desirable to establish the Title, as insured, or to prevent or reduce loss or damage to the Insured. The Company may take any appropriate action under the terms of this policy, whether or not it shall be liable to the Insured. The exercise of these rights shall not be an admission of liability or waiver of any provision of this policy. If the Company exercises its rights under this subsection, it must do so diligently.

(c) Whenever the Company brings an action or asserts a defense as required or permitted by this policy, the Company may pursue the litigation to a final determination by a court of competent jurisdiction, and it expressly reserves the right, in its sole discretion, to appeal any adverse judgment or order.

6. DUTY OF INSURED CLAIMANT TO COOPERATE

(a) In all cases where this policy permits or requires the Company to prosecute or provide for the defense of any action or proceeding and any appeals, the Insured shall secure to the Company the right to so prosecute or provide defense in the action or proceeding, including the right to use, at its option, the name of the Insured for this purpose. Whenever requested by the Company, the Insured, at the Company's expense, shall give the Company all reasonable aid (i) in securing evidence, obtaining witnesses, prosecuting or defending the action or proceeding, or effecting settlement, and (ii) in any other lawful act that in the opinion of the Company may be necessary or desirable to establish the Title or any other matter as insured. If the Company is prejudiced by the failure of the Insured to furnish the required cooperation, the Company's obligations to the Insured under the policy shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation, with regard to the matter or matters requiring such cooperation.

(b) The Company may reasonably require the Insured Claimant to submit to examination under oath by any authorized representative of the Company and to produce for examination, inspection, and copying, at such reasonable times and places as may be designated by the authorized representative of the Company, all records, in whatever medium maintained, including books, ledgers, checks, memoranda, correspondence, reports, e-mails, disks, tapes, and videos whether bearing a date before or after Date of Policy, that reasonably pertain to the loss or damage. Further, if requested by any authorized representative of the Company, the Insured Claimant shall grant its permission, in writing, for any authorized representative of the Company to examine, inspect, and copy all of these records in the custody or control of a third party that reasonably pertain to the loss or damage. All information designated as confidential by the Insured Claimant provided to the Company pursuant to this Section shall not be disclosed to others unless, in the reasonable judgment of the Company, it is necessary in the administration of the claim. Failure of the Insured Claimant to submit for examination under oath, produce any reasonably requested information, or grant permission to secure reasonably necessary information from third parties as required in this subsection, unless prohibited by law or governmental regulation, shall terminate any liability of the Company under this policy as to that claim.

7. OPTIONS TO PAY OR OTHERWISE SETTLE CLAIMS; TERMINATION OF LIABILITY

In case of a claim under this policy, the Company shall have the following additional options:

(a) To Pay or Tender Payment of the Amount of Insurance. To pay or tender payment of the Amount of Insurance under this policy together with any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment or tender of payment and that the Company is obligated to pay.

Upon the exercise by the Company of this option, all liability and obligations of the Company to the Insured under this policy, other than to make the payment required in this subsection, shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation.

(b) To Pay or Otherwise Settle With Parties Other Than the Insured or With the Insured Claimant.

(i) to pay or otherwise settle with other parties for or in the name of an Insured Claimant any claim insured against under this policy. In addition, the Company will pay any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment and that the Company is obligated to pay; or

(ii) to pay or otherwise settle with the Insured Claimant the loss or damage provided for under this policy, together with any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment and that the Company is obligated to pay.

Upon the exercise by the Company of either of the options provided for in subsections (b)(i) or (ii), the Company's obligations to the Insured under this policy for the claimed loss or damage, other than the payments required to be made, shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation.

8. DETERMINATION AND EXTENT OF LIABILITY

This policy is a contract of indemnity against actual monetary loss or damage sustained or incurred by the Insured Claimant who has suffered loss or damage by reason of matters insured against by this policy.

(a) The extent of liability of the Company for loss or damage under this policy shall not exceed the lesser of

(i) the Amount of Insurance; or

(ii) the difference between the value of the Title as insured and the value of the Title subject to the risk insured against by this policy.

(b) If the Company pursues its rights under Section 5 of these Conditions and is unsuccessful in establishing the Title, as insured,

(i) the Amount of Insurance shall be increased by 10%, and

(ii) the Insured Claimant shall have the right to have the loss or damage determined either as of the date the claim was made by the Insured Claimant or as of the date it is settled and paid.

(c) In addition to the extent of liability under (a) and (b), the Company will also pay those costs, attorneys' fees, and expenses incurred in accordance with Sections 5 and 7 of these Conditions.

9. LIMITATION OF LIABILITY

(a) If the Company establishes the Title, or removes the alleged defect, lien, or encumbrance, or cures the lack of a right of access to or from the Land, or cures the claim of Unmarketable Title, all as insured, in a reasonably diligent manner by any method, including litigation and the completion of any appeals, it shall have fully performed its obligations with respect to that matter and shall not be liable for any loss or damage caused to the Insured.

(b) In the event of any litigation, including litigation by the Company or with the Company's consent, the Company shall have no liability for loss or damage until there has been a final determination by a court of competent jurisdiction, and disposition of all appeals, adverse to the Title, as insured.

(c) The Company shall not be liable for loss or damage to the Insured for liability voluntarily assumed by the Insured in settling any claim or suit without the prior written consent of the Company.

10. REDUCTION OF INSURANCE; REDUCTION OR TERMINATION OF LIABILITY

All payments under this policy, except payments made for costs, attorneys' fees, and expenses, shall reduce the Amount of Insurance by the amount of the payment.

11. LIABILITY NONCUMULATIVE

The Amount of Insurance shall be reduced by any amount the Company pays under any policy insuring a Mortgage to which exception is taken in Schedule B or to which the Insured has agreed, assumed, or taken subject, or which is executed by an Insured after Date of Policy and which is a charge or lien on the Title, and the amount so paid shall be deemed a payment to the Insured under this policy.

12. PAYMENT OF LOSS

When liability and the extent of loss or damage have been definitely fixed in accordance with these Conditions, the payment shall be made within 30 days.

13. RIGHTS OF RECOVERY UPON PAYMENT OR SETTLEMENT

(a) Whenever the Company shall have settled and paid a claim under this policy, it shall be subrogated and entitled to the rights of the Insured Claimant in the Title and all other rights and remedies in respect to the claim that the Insured Claimant has against any person or property, to the extent of the amount of any loss, costs, attorneys' fees, and expenses paid by the Company. If requested by the Company, the Insured Claimant shall execute documents to evidence the transfer to the Company of these rights and remedies. The Insured Claimant shall permit the Company to sue, compromise, or settle in the name of the Insured Claimant and to use the name of the Insured Claimant in any transaction or litigation involving these rights and remedies.

If a payment on account of a claim does not fully cover the loss of the Insured Claimant, the Company shall defer the exercise of its right to recover until after the Insured Claimant shall have recovered its loss.

(b) The Company's right of subrogation includes the rights of the Insured to indemnities, guaranties, other policies of insurance, or bonds, notwithstanding any terms or conditions contained in those instruments that address subrogation rights.

14. ARBITRATION

Unless prohibited by applicable law, arbitration pursuant to the Title Insurance Arbitration Rules of the American Arbitration Association may be demanded if agreed to by both the Company and the Insured at the time of a controversy or claim. Arbitrable matters may include, but are not limited to, any controversy or claim between the Company and the Insured arising out of or relating to this policy, and service of the Company in connection with its issuance or the breach of a policy provision or other obligation. Arbitration pursuant to this policy and under the Rules in effect on the date the demand for arbitration is made or, at the option of the Insured, the Rules in effect at Date of Policy shall be binding upon the parties. The award may include attorneys' fees only if the laws of the state in which the Land is located permit a court to award attorneys' fees to a prevailing party. Judgment upon the award rendered by the Arbitrator(s) may be entered in any court having jurisdiction thereof.

The law of the situs of the land shall apply to an arbitration under the Title Insurance Arbitration Rules.

A copy of the Rules may be obtained from the Company upon request.

15. LIABILITY LIMITED TO THIS POLICY; POLICY ENTIRE CONTRACT

(a) This policy together with all endorsements, if any, attached to it by the Company is the entire policy and contract between the Insured and the Company. In interpreting any provision of this policy, this policy shall be construed as a whole.

(b) Any claim of loss or damage that arises out of the status of the Title or by any action asserting such claim whether or not based on negligence shall be restricted to this policy.

(c) Any amendment of or endorsement to this policy must be in writing and authenticated by an authorized person, or expressly incorporated by Schedule A of this policy.

(d) Each endorsement to this policy issued at any time is made a part of this policy and is subject to all of its terms and provisions. Except as the endorsement expressly states, it does not (i) modify any of the terms and provisions of the policy, (ii) modify any prior endorsement, (iii) extend the Date of Policy, or (iv) increase the Amount of Insurance.

16. SEVERABILITY

In the event any provision of this policy, in whole or in part, is held invalid or unenforceable under applicable law, the policy shall be deemed not to include that provision or such part held to be invalid, but all other provisions shall remain in full force and effect.

17. CHOICE OF LAW; FORUM

(a) Choice of Law: The Insured acknowledges the Company has underwritten the risks covered by this policy and determined the premium charged therefor in reliance upon the law affecting interests in real property and applicable to the interpretation, rights, remedies, or enforcement of policies of title insurance of the jurisdiction where the Land is located.

Therefore, the court or an arbitrator shall apply the law of the jurisdiction where the Land is located to determine the validity of claims against the Title that are adverse to the Insured and to interpret and enforce the terms of this policy. In neither case shall the court or arbitrator apply its conflicts of law principles to determine the applicable law.

(b) Choice of Forum: Any litigation or other proceeding brought by the Insured against the Company must be filed only in a state or federal court within the United States of America or its territories having appropriate jurisdiction.

CONDITIONS

1. DEFINITION OF TERMS

The following terms when used in this policy mean:

(a) "Amount of Insurance": The amount stated in Schedule A, as may be increased or decreased by endorsement to this policy, increased by Section 8(b), or decreased by Sections 10 and 11 of these Conditions.

(b) "Date of Policy": The date designated as "Date of Policy" in Schedule A.

(c) "Entity": A corporation, partnership, trust, limited liability company, or other similar legal entity.

(d) "Insured": The Insured named in Schedule A.

(i) The term "Insured" also includes

(A) successors to the Title of the Insured by operation of law as distinguished from purchase, including heirs, devisees, survivors, personal representatives, or next of kin;

(B) successors to an Insured by dissolution, merger, consolidation, distribution, or reorganization;

(C) successors to an Insured by its conversion to another kind of Entity;

(D) a grantee of an Insured under a deed delivered without payment of actual valuable consideration conveying the Title

(1) if the stock, shares, memberships, or other equity interests of the grantee are wholly-owned by the named Insured,

(2) if the grantee wholly owns the named Insured,

(3) if the grantee is wholly-owned by an affiliated Entity of the named Insured, provided the affiliated Entity and the named Insured are both wholly-owned by the same person or Entity, or

(4) if the grantee is a trustee or beneficiary of a trust created by a written instrument established by the Insured named in Schedule A for estate planning purposes.

(ii) With regard to (A), (B), (C), and (D) reserving, however, all rights and defenses as to any successor that the Company would have had against any predecessor Insured.

(e) "Insured Claimant": An Insured claiming loss or damage.

(f) "Knowledge" or "Known": Actual knowledge, not constructive knowledge or notice that may be imputed to an Insured by reason of the Public Records or any other records that impart constructive notice of matters affecting the Title.

(g) "Land": The land described in Schedule A, and affixed improvements that by law constitute real property. The term "Land" does not include any property beyond the lines of the area described in Schedule A, nor any right, title, interest, estate, or easement in abutting streets, roads, avenues, alleys, lanes, ways, or waterways, but this does not modify or limit the extent that a right of access to and from the Land is insured by this policy.

(h) "Mortgage": Mortgage, deed of trust, trust deed, or other security instrument, including one evidenced by electronic means authorized by law.

(i) "Public Records": Records established under state statutes at Date of Policy for the purpose of imparting constructive notice of matters relating to real property to purchasers for value and without Knowledge. With respect to Covered Risk 5(d), "Public Records" shall also include environmental protection liens filed in the records of the clerk of the United States District Court for the district where the Land is located.

(j) "Title": The estate or interest described in Schedule A.

(k) "Unmarketable Title": Title affected by an alleged or apparent matter that would permit a prospective purchaser or lessee of the Title or lender on the Title to be released from the obligation to purchase, lease, or lend if there is a contractual condition requiring the delivery of marketable title.

2. CONTINUATION OF INSURANCE

The coverage of this policy shall continue in force as of Date of Policy in favor of an Insured, but only so long as the Insured retains an estate or interest in the Land, or holds an obligation secured by a purchase money Mortgage given by a purchaser from the Insured, or only so long as the Insured shall have liability by reason of warranties in any transfer or conveyance of the Title. This policy shall not continue in force in favor of any purchaser from the Insured of either (i) an estate or interest in the Land, or (ii) an obligation secured by a purchase money Mortgage given to the Insured.

3. NOTICE OF CLAIM TO BE GIVEN BY INSURED CLAIMANT

The Insured shall notify the Company promptly in writing (i) in case of any litigation as set forth in Section 5(a) of these Conditions, (ii) in case Knowledge shall come to an Insured hereunder of any claim of title or interest that is adverse to the Title, as insured, and that might cause loss or damage for which the Company may be liable by virtue of this policy, or (iii) if the Title, as insured, is rejected as Unmarketable Title. If the Company is prejudiced by the failure of the Insured Claimant to provide prompt notice, the Company's liability to the Insured Claimant under the policy shall be reduced to the extent of the prejudice.

4. PROOF OF LOSS

In the event the Company is unable to determine the amount of loss or damage, the Company may, at its option, require as a condition of payment that the Insured Claimant furnish a signed proof of loss. The proof of loss must describe the defect, lien, encumbrance, or other matter insured against by this policy that constitutes the basis of loss or damage and shall state, to the extent possible, the basis of calculating the amount of the loss or damage.

5. DEFENSE AND PROSECUTION OF ACTIONS

(a) Upon written request by the Insured, and subject to the options contained in Section 7 of these Conditions, the Company, at its own cost and without unreasonable delay, shall provide for the defense of an Insured in litigation in which any third party asserts a claim covered by this policy adverse to the Insured. This obligation is limited to only those stated causes of action alleging matters insured against by this policy. The Company shall have the right to select counsel of its choice (subject to the right of the Insured to object for reasonable cause) to represent the Insured as to those stated causes of action. It shall not be liable for and will not pay the fees of any other counsel. The Company will not pay any fees, costs, or expenses incurred by the Insured in the defense of those causes of action that allege matters not insured against by this policy.

(b) The Company shall have the right, in addition to the options contained in Section 7 of these Conditions, at its own cost, to institute and prosecute any action or proceeding or to do any other act that in its opinion may be necessary or desirable to establish the Title, as insured, or to prevent or reduce loss or damage to the Insured. The Company may take any appropriate action under the terms of this policy, whether or not it shall be liable to the Insured. The exercise of these rights shall not be an admission of liability or waiver of any provision of this policy. If the Company exercises its rights under this subsection, it must do so diligently.

(c) Whenever the Company brings an action or asserts a defense as required or permitted by this policy, the Company may pursue the litigation to a final determination by a court of competent jurisdiction, and it expressly reserves the right, in its sole discretion, to appeal any adverse judgment or order.

6. DUTY OF INSURED CLAIMANT TO COOPERATE

(a) In all cases where this policy permits or requires the Company to prosecute or provide for the defense of any action or proceeding and any appeals, the Insured shall secure to the Company the right to so prosecute or provide defense in the action or proceeding, including the right to use, at its option, the name of the Insured for this purpose. Whenever requested by the Company, the Insured, at the Company's expense, shall give the Company all reasonable aid (i) in securing evidence, obtaining witnesses, prosecuting or defending the action or proceeding, or effecting settlement, and (ii) in any other lawful act that in the opinion of the Company may be necessary or desirable to establish the Title or any other matter as insured. If the Company is prejudiced by the failure of the Insured to furnish the required cooperation, the Company's obligations to the Insured under the policy shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation, with regard to the matter or matters requiring such cooperation.

(b) The Company may reasonably require the Insured Claimant to submit to examination under oath by any authorized representative of the Company and to produce for examination, inspection, and copying, at such reasonable times and places as may be designated by the authorized representative of the Company, all records, in whatever medium maintained, including books, ledgers, checks, memoranda, correspondence, reports, e-mails, disks, tapes, and videos whether bearing a date before or after Date of Policy, that reasonably pertain to the loss or damage. Further, if requested by any authorized representative of the Company, the Insured Claimant shall grant its permission, in writing, for any authorized representative of the Company to examine, inspect, and copy all of these records in the custody or control of a third party that reasonably pertain to the loss or damage. All information designated as confidential by the Insured Claimant provided to the Company pursuant to this Section shall not be disclosed to others unless, in the reasonable judgment of the Company, it is necessary in the administration of the claim. Failure of the Insured Claimant to submit for examination under oath, produce any reasonably requested information, or grant permission to secure reasonably necessary information from third parties as required in this subsection, unless prohibited by law or governmental regulation, shall terminate any liability of the Company under this policy as to that claim.

7. OPTIONS TO PAY OR OTHERWISE SETTLE CLAIMS; TERMINATION OF LIABILITY

In case of a claim under this policy, the Company shall have the following additional options:

(a) To Pay or Tender Payment of the Amount of Insurance.

To pay or tender payment of the Amount of Insurance under this policy together with any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment or tender of payment and that the Company is obligated to pay.

Upon the exercise by the Company of this option, all liability and obligations of the Company to the Insured under this policy, other than to make the payment required in this subsection, shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation.

(b) To Pay or Otherwise Settle With Parties Other Than the Insured or With the Insured Claimant.

(i) To pay or otherwise settle with other parties for or in the name of an Insured Claimant any claim insured against under this policy. In addition, the Company will pay any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment and that the Company is obligated to pay; or

(ii) To pay or otherwise settle with the Insured Claimant the loss or damage provided for under this policy, together with any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment and that the Company is obligated to pay.

Upon the exercise by the Company of either of the options provided for in subsections (b)(i) or (ii), the Company's obligations to the Insured under this policy for the claimed loss or damage, other than the payments required to be made, shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation.

8. DETERMINATION AND EXTENT OF LIABILITY

This policy is a contract of indemnity against actual monetary loss or damage sustained or incurred by the Insured Claimant who has suffered loss or damage by reason of matters insured against by this policy.

(a) The extent of liability of the Company for loss or damage under this policy shall not exceed the lesser of

(i) the Amount of Insurance; or

(ii) the difference between the value of the Title as insured and the value of the Title subject to the risk insured against by this policy.

(b) If the Company pursues its rights under Section 5 of these Conditions and is unsuccessful in establishing the Title, as insured,

(i) the Amount of Insurance shall be increased by 10%, and

(ii) the Insured Claimant shall have the right to have the loss or damage determined either as of the date the claim was made by the Insured Claimant or as of the date it is settled and paid.

(c) In addition to the extent of liability under (a) and (b), the Company will also pay those costs, attorneys' fees, and expenses incurred in accordance with Sections 5 and 7 of these Conditions.

9. LIMITATION OF LIABILITY

(a) If the Company establishes the Title, or removes the alleged defect, lien, or encumbrance, or cures the lack of a right of access to or from the Land, or cures the claim of Unmarketable Title, all as insured, in a reasonably diligent manner by any method, including litigation and the completion of any appeals, it shall have fully performed its obligations with respect to that matter and shall not be liable for any loss or damage caused to the Insured.

(b) In the event of any litigation, including litigation by the Company or with the Company's consent, the Company shall have no liability for loss or damage until there has been a final determination by a court of competent jurisdiction, and disposition of all appeals, adverse to the Title, as insured.

(c) The Company shall not be liable for loss or damage to the Insured for liability voluntarily assumed by the Insured in settling any claim or suit without the prior written consent of the Company.

10. REDUCTION OF INSURANCE; REDUCTION OR TERMINATION OF LIABILITY

All payments under this policy, except payments made for costs, attorneys' fees, and expenses, shall reduce the Amount of Insurance by the amount of the payment.

11. LIABILITY NONCUMULATIVE

The Amount of Insurance shall be reduced by any amount the Company pays under any policy insuring a Mortgage to which exception is taken in Schedule B or to which the Insured has agreed, assumed, or taken subject, or which is executed by an Insured after Date of Policy and which is a charge or lien on the Title, and the amount so paid shall be deemed a payment to the Insured under this policy.

12. PAYMENT OF LOSS

When liability and the extent of loss or damage have been definitely fixed in accordance with these Conditions, the payment shall be made within 30 days.

13. RIGHTS OF RECOVERY UPON PAYMENT OR SETTLEMENT

(a) Whenever the Company shall have settled and paid a claim under this policy, it shall be subrogated and entitled to the rights of the Insured Claimant in the Title and all other rights and remedies in respect to the claim that the Insured Claimant has against any person or property, to the extent of the amount of any loss, costs, attorneys' fees, and expenses paid by the Company. If requested by the Company, the Insured Claimant shall execute documents to evidence the transfer to the Company of these rights and remedies. The Insured Claimant shall permit the Company to sue, compromise, or settle in the name of the Insured Claimant and to use the name of the Insured Claimant in any transaction or litigation involving these rights and remedies.

If a payment on account of a claim does not fully cover the loss of the Insured Claimant, the Company shall defer the exercise of its right to recover until after the Insured Claimant shall have recovered its loss.

(b) The Company's right of subrogation includes the rights of the Insured to indemnities, guaranties, other policies of insurance, or bonds, notwithstanding any terms or conditions contained in those instruments that address subrogation rights.

14. ARBITRATION

Unless prohibited by applicable law, arbitration pursuant to the Title Insurance Arbitration Rules of the American Arbitration Association may be demanded if agreed to by both the Company and the Insured at the time of a controversy or claim. Arbitrable matters may include, but are not limited to, any controversy or claim between the Company and the Insured arising out of or relating to this policy, and service of the Company in connection with its issuance or the breach of a policy provision or other obligation. Arbitration pursuant to this policy and under the Rules in effect on the date the demand for arbitration is made, or, at the option of the Insured, the Rules in effect at Date of Policy shall be binding upon the parties. The award may include attorneys' fees only if the laws of the state in which the Land is located permit a court to award attorneys' fees to a prevailing party. Judgment upon the award rendered by the Arbitrator(s) may be entered in any court having jurisdiction thereof.

The law of the situs of the land shall apply to an arbitration under the Title Insurance Arbitration Rules.

A copy of the Rules may be obtained from the Company upon request.

15. LIABILITY LIMITED TO THIS POLICY; POLICY ENTIRE CONTRACT

(a) This policy together with all endorsements, if any, attached to it by the Company is the entire policy and contract between the Insured and the Company. In interpreting any provision of this policy, this policy shall be construed as a whole.

(b) Any claim of loss or damage that arises out of the status of the Title or by any action asserting such claim whether or not based on negligence shall be restricted to this policy.

(c) Any amendment of or endorsement to this policy must be in writing and authenticated by an authorized person, or expressly incorporated by Schedule A of this policy.

(d) Each endorsement to this policy issued at any time is made a part of this policy and is subject to all of its terms and provisions. Except as the endorsement expressly states, it does not (i) modify any of the terms and provisions of the policy, (ii) modify any prior endorsement, (iii) extend the Date of Policy, or (iv) increase the Amount of Insurance.

16. SEVERABILITY

In the event any provision of this policy, in whole or in part, is held invalid or unenforceable under applicable law, the policy shall be deemed not to include that provision or such part held to be invalid, but all other provisions shall remain in full force and effect.

17. CHOICE OF LAW; FORUM

(a) Choice of Law: The Insured acknowledges the Company has underwritten the risks covered by this policy and determined the premium charged therefor in reliance upon the law affecting interests in real property and applicable to the interpretation, rights, remedies, or enforcement of policies of title insurance of the jurisdiction where the Land is located.

Therefore, the court or an arbitrator shall apply the law of the jurisdiction where the Land is located to determine the validity of claims against the Title that are adverse to the Insured and to interpret and enforce the terms of this policy. In neither case shall the court or arbitrator apply its conflicts of law principles to determine the applicable law.

(b) Choice of Forum: Any litigation or other proceeding brought by the Insured against the Company must be filed only in a state or federal court within the United States of America or its territories having appropriate jurisdiction.

In the event that Tenant(s) and/or its occupants engage in any illegal activity or behavior away from the house community that results in the arrest of the Tenant(s) and/or its occupants, and such activity or behavior could pose a harmful threat to the Tenants of the residential community, then such activity shall constitute grounds for eviction. Without limiting the foregoing or anything contained herein, Landlord may also terminate this Lease if Tenant(s), Tenant's occupant(s), or other person under Tenant's control has unlawfully manufactured, delivered, possessed with intent to deliver or possessed a controlled substance on the leased premises.

61. LEAD PAINT: The Premises was constructed after 1978 and therefore the Lead-Based Paint Disclosure is not required by Florida state statue.

61a. Lead-Based Paint Disclosure: Disclosure of Information on Lead-Based Paint and/or Lead-Based Paint Hazards Lead Warning Statement Housing built before 1978 may contain lead-based paint. Tenant(s) shall only use window blinds in the windows approved by Landlord.

66. To the extent permitted by applicable law, Landlord shall be excused from complying with the terms and conditions of this Lease if, to the extent, and for as long as, Landlord's compliance is delayed or prevented by a Force Majeure Event.

67. CASUALTY: If the leased premises, or any part thereof, or the whole or a substantial part of the building of which they are a part, shall be destroyed or damaged by fire or other casualty after the execution of this Lease and during the term or any extension or renewal thereof, Landlord shall have the right to terminate this Leased upon written notice to Tenant(s). If this Lease is not so terminated, then in case of any such casualty to the leased premises rendering the same or any part thereof unfit for use and occupancy, a just proportion of the rent (according to the nature and extent of the damage to the leased premises), shall be suspended or abated until the leased premises is fit for use and occupancy. If the leased premises are not restored by Landlord for use and occupancy within sixty (60) days after the casualty occurred, Tenant(s) may terminate this Lease by delivering written notice of termination to Landlord. If either party gives notice of intention to terminate under this section, this Lease shall terminate on the last day of the current monthly rental period. Landlord shall not be liable for any damage, loss or injury to Tenant's personal property, or the personal property of other occupants and/or guests. Landlord strongly recommends that Tenant(s) secure appropriate insurance coverage to protect against any such damage, loss or injury.

68. LIABILITY FOR LOSS AND DAMAGE: Tenant(s) shall cooperate to maintain a safe environment by giving Landlord prompt, written notice of any damages and needed repairs or defects in the leased premises or the house community. Tenant(s) agrees that Landlord shall not be liable for, and hereby releases Landlord and its agents from, any claim, damage, loss, or injury suffered by any person; including, but not limited to, Tenant or Tenant's occupants or guests, occurring within the leased premises and/or the house community, regardless of whether such may be caused or contributed to by Landlord's negligence or the negligence of someone else. Tenant(s) further agrees, on behalf of Tenant(s) and Tenant's occupants and guests, to defend, indemnify, and hold Landlord harmless from and against any and all such claims, damages, losses, or injuries; including, all reasonable costs and attorney's fees related thereto. Should any such claim or demand be made against Landlord, Tenant(s), upon notice from Landlord, shall defend the same, at Tenant's sole expense, with the use of counsel satisfactory to Landlord. Tenant(s) is responsible for obtaining Tenant's own liability and casualty insurance. **IT IS STRONGLY RECOMMENDED THAT TENANT OBTAIN LIABILITY AND CASUALTY INSURANCE TO PROTECT TENANT(S) AND TENANT'S OCCUPANT(S) AND GUESTS, AND THE PROPERTY BELONGING TO SUCH PERSONS. TENANT IRREFUTABLY AGREES THAT FAILURE TO MAINTAIN LIABILITY AND CASUALTY INSURANCE SHALL IN NO WAY LIMIT THE LIABILITY OF TENANT UNDER THIS LEASE.** Tenant(s) agrees that Tenant's successors, heirs, beneficiaries, and personal representatives are bound by the provisions of this Lease.

inconveniences or annoyances related to this Lease or Tenant's tenancy.

71. RENEWAL: Landlord shall notify Tenant(s), in writing, of its intent to non-renew this Lease at least one calendar month prior to the end of the term of the Lease. If Tenant(s) wishes to terminate this Lease at the end of its initial term (or any subsequent term), Tenant shall notify Landlord, in writing, of its intent to vacate at least one calendar month prior to the end of the term of the Lease. Within fifteen (15) days prior to the commencement of the last month of the term of the Lease, Landlord shall send notice to Tenant(s) reminding Tenant(s) of its obligation to send such termination notice and setting forth the fees, penalties and other charges applicable to Tenant(s) in the event Tenant(s) fails to send timely termination notice. If Tenant(s) fails to give timely notice to Landlord of its intent to vacate and thereafter vacates at the expiration of the term of the Lease, Tenant(s) shall immediately pay Landlord an amount equivalent to one (1) month's rent as liquidated damages. Where the Tenant(s) continues in possession with the permission of the Landlord beyond the term of the Lease, the tenancy following the expiration of the term of the Lease shall be that of a month-to-month tenant at will terminable by either party on fifteen (15) days' notice prior to the end of any monthly period. Where the Tenant(s) continues in possession without the permission of the Landlord following the expiration of the term of the Lease, Tenant(s) shall be a holdover tenant- at-sufferance governed by Section 16 below.

72. REFUSAL TO DELIVER POSSESSION; HOLD OVER: In the event that Tenant(s) continues to occupy the leased premises after the ending date of this Lease without the permission of the Landlord, and this Lease has not been renewed nor a new Lease made, Tenant(s) shall pay to Landlord an amount equal to double or two times the amount of monthly Rent due under this Lease each month and this Lease shall convert to a month-to-month tenancy-at-sufferance. In the event this Lease is converted into a month-to-month tenancy-at-sufferance, Tenant(s) agrees that no further notice shall be required by Landlord in order to terminate the tenancy or commence eviction proceedings. Rent cannot be prorated if Tenant(s) moves out in the middle of the final month or any part of the final month. Tenant is responsible for the full rental period ending on the last day of the calendar month.

73. DELIVERY OF PREMISES: In the event that Landlord is unable to deliver the leased premises to Tenant(s) at the date called for herein, the rent shall be abated on a pro-rated basis until such time as occupancy can be obtained, which abatement shall constitute full settlement of all damages caused by such delay. If Landlord cannot deliver such possession within thirty (30) days from the dated called for herein, either Landlord or Tenant(s) may then terminate this Lease by giving written notice to the other and any payment made under this Lease shall be forthwith refunded.

74. VACATING THE PREMISES: In the event that Tenant(s) voluntarily vacates the leased premises in violation of this Lease, or this Lease is terminated as a result of a default or breach of Tenant(s), Landlord may re-enter and take possession of the leased premises. Neither vacating the leasing premises nor delivering the keys/FOBs to Landlord shall be deemed a surrender of this Lease or a release of Tenant(s) from its obligations under this Lease.

75. REMOVAL OF POSSESSIONS: BY SIGNING THIS LEASE, EACH TENANT AGREES THAT UPON SURRENDER, ABANDONMENT, OR RECOVERY OF POSSESSION OF THE DWELLING UNIT DUE TO THE DEATH OF THE LAST REMAINING TENANT(S), AS PROVIDED BY CHAPTER 83, FLORIDA STATUTES, THE LANDLORD SHALL NOT BE LIABLE OR RESPONSIBLE FOR STORAGE OR DISPOSITION OF THE TENANT'S PERSONAL PROPERTY.

76. GOVERNING LAW: This Agreement is to be governed under the laws located in the State of Florida.

CITY OF DESTIN

AGENDA ITEM

COUNCIL MEETING DATE: July 11, 2022
TYPE OF AGENDA ITEM: Action Item
AGENDA OUTLINE NUMBER: 4.C.

TO: City Council

THRU: Louis Zunguze, Community Development Director
Kimberly Kopp, Land Use Attorney
Kyle Bauman, City Attorney
Lance Johnson, City Manager

FROM: Jeffrey Cozadd, Grants Manager

DATE: July 5, 2022

SUBJECT: Acquisition of Properties for the Crosstown Connector

I. BACKGROUND: The Beach Drive to Benning Drive road project is the last unconnected leg of the City's Crosstown Connector, an east-west corridor intended to relieve traffic congestion on U.S. Highway 98. There are several properties located within the project area that will require purchase by the City, both complete and partial acquisitions.

At its regular meeting May 17, 2021, Council approved a contract amendment with Atkins of North America that provided for property acquisition assistance to allow the City to purchase properties that will be needed for the completion of the Crosstown Connector.

II. DISCUSSION: Atkins' consultant, Ms. Marsha Hayes, has been working to acquire Purchase Agreements for the needed properties. She has secured Purchase Agreements for the following properties: 605 Sandalwood, 606 Sandalwood, 608 Sandalwood, and Vacant Lot owned by George Winton. Copies of the signed Agreements are included with this agenda item.

Appraisals for these properties are also attached. Appraisals were obtained during the Fall of 2021 but due to changing housing market, these values may not reflect present-day value. The title commitments that were available at the time the agenda was published have been attached. The remaining title commitments have been ordered through the City Attorney's office and First American Title Company is working on producing them. If approved by City Council, these Agreements will be fully executed, and staff will proceed to close with a General Warranty Deed, survey, title policy, and other such declarations as are typical for real estate closing. Two appraisals are provided for the Winton-owned vacant property as is required by state statute, because the value is above $500,000.

The following should be considered as estimated costs associated with the closings of the referenced properties:

605 Sandalwood:
Purchase of Property - $345,000
*Closing Costs on Purchase - $5,000
Relocation - Land Lord Eligibility (LLE) Reestablishment - up to $25,000
Relocation - Tenant Rent Supplement - $60,632.46
*Relocation - Tenant Move Costs - $5,000
Total Costs - $440,632.46

606 Sandalwood:
Purchase of Property - $265,000
*Closing Costs on Purchase - $5,000
Relocation - Land Lord Eligibility (LLE) Reestablishment - up to $25,000
Relocation - Tenant Rent Supplement - $26,334
*Relocation - Tenant Move Costs - $5,000
Total Costs - $326,334.00

608 Sandalwood:

In addition, property insurance and utilities will need to be paid on the townhomes until the City all units in each building are purchased and the buildings may be demolished. The City currently owns three Sandalwood properties (601, 603, 607 Sandalwood) intended to be demolished for ROW, so this purchase will increase the total to six. Insurance on each unit is approximately $1200/year. Utilities is approximately $1800/year for each unit. $3000 x 6 units = $18,000/year is the estimated carrying cost.

C. **Level of Service (LOS):** Level of Service will be increased.

The Company is not liable for and will not pay the fees of any other counsel. The Company will not pay any fees, costs, or expenses incurred by the Insured in the defense of any cause of action that alleges matters not insured against by this policy.
b. The Company has the right, in addition to the options contained in Condition 7, at its own cost, to institute and prosecute any action or proceeding or to do any other act that, in its opinion, may be

necessary or desirable to establish the Title, as insured, or to prevent or reduce loss or damage to the Insured. The Company may take any appropriate action under the terms of this policy, whether or not it is liable to the Insured. The Company's exercise of these rights is not an admission of liability or waiver of any provision of this policy. If the Company exercises its rights under Condition 5.b., it must do so diligently.

c. When the Company brings an action or asserts a defense as required or permitted by this policy, the Company may pursue the litigation to a final determination by a court having jurisdiction. The Company reserves the right, in its sole discretion, to appeal any adverse judgment or order.

6. DUTY OF INSURED CLAIMANT TO COOPERATE

a. When this policy permits or requires the Company to prosecute or provide for the defense of any action or proceeding and any appeals, the Insured will secure to the Company the right to prosecute or provide defense in the action or proceeding, including the right to use, at its option, the name of the Insured for this purpose.

When requested by the Company, the Insured, at the Company's expense, must give the Company all reasonable aid in:

i. securing evidence, obtaining witnesses, prosecuting or defending the action or proceeding, or effecting settlement; and

ii. any other lawful act that in the opinion of the Company may be necessary or desirable to establish the Title or any other matter, as insured.

If the Company is prejudiced by any failure of the Insured to furnish the required cooperation, the Company's liability and obligations to the Insured under this policy terminate, including any obligation to defend, prosecute, or continue any litigation, regarding the matter requiring such cooperation.

b. The Company may reasonably require the Insured Claimant to submit to examination under oath by any authorized representative of the Company and to produce for examination, inspection, and copying, at such reasonable times and places as may be designated by the authorized representative of the Company, all records, in whatever medium maintained, including books, ledgers, checks, memoranda, correspondence, reports, e-mails, disks, tapes, and videos, whether bearing a date before or after the Date of Policy, that reasonably pertain to the loss or damage. Further, if requested by any authorized representative of the Company, the Insured Claimant must grant its permission, in writing, for any authorized representative of the Company to examine, inspect, and copy all the records in the custody or control of a third party that reasonably pertain to the loss or damage. No information designated in writing as confidential by the Insured Claimant provided to the Company pursuant to Condition 6 will be later disclosed to others unless, in the reasonable judgment of the Company, disclosure is necessary in the administration of the claim or required by law. Any failure of the Insured Claimant to submit for examination under oath, produce any reasonably requested information, or grant permission to secure reasonably necessary information from third parties as required in Condition 6.b., unless prohibited by law, terminates any liability of the Company under this policy as to that claim.

7. OPTIONS TO PAY OR OTHERWISE SETTLE CLAIMS; TERMINATION OF LIABILITY

In case of a claim under this policy, the Company has the following additional options:

a. *To Pay or Tender Payment of the Amount of Insurance*

To pay or tender payment of the Amount of Insurance under this policy. In addition, the Company will pay any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment or tender of payment and that the Company is obligated to pay. Upon the exercise by the Company of this option provided for in Condition 7.a., the Company's liability and obligations to the Insured under this policy terminate, including any obligation to defend, prosecute, or continue any litigation.

b. *To Pay or Otherwise Settle with Parties other than the Insured or with the Insured Claimant*

i. To pay or otherwise settle with parties other than the Insured for or in the name of the Insured Claimant. In addition, the Company will pay any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment and that the Company is obligated to pay; or

ii. To pay or otherwise settle with the Insured Claimant the loss or damage provided for under this policy. In addition, the Company will pay any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment and that the Company is obligated to pay.

Upon the exercise by the Company of either option provided for in Condition 7.b., the Company's liability and obligations to the Insured under this policy for the claimed loss or damage terminate, including any obligation to defend, prosecute, or continue any litigation.

8. CONTRACT OF INDEMNITY; DETERMINATION AND EXTENT OF LIABILITY

This policy is a contract of indemnity against actual monetary loss or damage sustained or incurred by an Insured Claimant who has suffered loss or damage by reason of matters insured against by this policy. This policy is not an abstract of the Title, report of the condition of the Title, legal opinion, opinion of the Title, or other representation of the status of the Title. All claims asserted under this policy are based in contract and are restricted to the terms and provisions of this policy. The Company is not liable for any claim alleging negligence or negligent misrepresentation arising from or in connection with this policy or the determination of the insurability of the Title.

a. The extent of liability of the Company for loss or damage under this policy does not exceed the lesser of:
   i. the Amount of Insurance; or
   ii. the difference between the fair market value of the Title, as insured, and the fair market value of the Title subject to the matter insured against by this policy.
b. Except as provided in Condition 8.c. or 8.d., the fair market value of the Title in Condition 8.a.ii. is calculated using the date the Insured discovers the defect, lien, encumbrance, adverse claim, or other matter insured against by this policy.
c. If, at the Date of Policy, the Title to all of the Land is void by reason of a matter insured against by this policy, then the Insured Claimant may, by written notice given to the Company, elect to use the Date of Policy as the date for calculating the fair market value of the Title in Condition 8.a.ii.
d. If the Company pursues its rights under Condition 5.b. and is unsuccessful in establishing the Title, as insured:
   i. the Amount of Insurance will be increased by 15%; and
   ii. the Insured Claimant may, by written notice given to the Company, elect, as an alternative to the dates set forth in Condition 8.b. or, if it applies, 8.c., to use either the date the settlement, action, proceeding, or other act described in Condition 5.b. is concluded or the date the notice of claim required by Condition 3 is received by the Company as the date for calculating the fair market value of the Title in Condition 8.a.ii.
e. In addition to the extent of liability for loss or damage under Conditions 8.a. and 8.d., the Company will also pay the costs, attorneys' fees, and expenses incurred in accordance with Conditions 5 and 7.

9. LIMITATION OF LIABILITY

a. The Company fully performs its obligations and is not liable for any loss or damage caused to the Insured if the Company accomplishes any of the following in a reasonable manner:
   i. removes the alleged defect, lien, encumbrance, adverse claim, or other matter;
   ii. cures the lack of a right of access to and from the Land; or
   iii. cures the claim of Unmarketable Title,

   all as insured. The Company may do so by any method, including litigation and the completion of any appeals.
b. The Company is not liable for loss or damage arising out of any litigation, including litigation by the Company or with the Company's consent, until a State or federal court having jurisdiction makes a final, non-appealable determination adverse to the Title.
c. The Company is not liable for loss or damage to the Insured for liability voluntarily assumed by the Insured in settling any claim or suit without the prior written consent of the Company.
d. The Company is not liable for the content of the Transaction Identification Data, if any.

10. REDUCTION OR TERMINATION OF INSURANCE
All payments under this policy, except payments made for costs, attorneys' fees, and expenses, reduce the Amount of Insurance by the amount of the payment.

11. LIABILITY NONCUMULATIVE
The Amount of Insurance will be reduced by any amount the Company pays under any policy insuring a Mortgage to which exception is taken in Schedule B or to which the Insured has agreed, assumed, or taken subject, or which is executed by an Insured after the Date of Policy and which is a charge or lien on the Title, and the amount so paid will be deemed a payment to the Insured under this policy.

12. PAYMENT OF LOSS
When liability and the extent of loss or damage are determined in accordance with the Conditions, the Company will pay the loss or damage within 30 days.

13. COMPANY'S RECOVERY AND SUBROGATION RIGHTS UPON SETTLEMENT AND PAYMENT

a. If the Company settles and pays a claim under this policy, it is subrogated and entitled to the rights and remedies of the Insured Claimant in the Title and all other rights and remedies in respect to the claim that the Insured Claimant has against any person, entity, or property to the fullest extent permitted by law, but limited to the amount of any loss, costs, attorneys' fees, and expenses paid by the Company. If requested by the Company, the Insured Claimant must execute documents to transfer these rights and remedies to the Company. The Insured Claimant permits the Company to sue, compromise, or settle in the name of the Insured Claimant and to use the name of the Insured Claimant in any transaction or litigation involving these rights and remedies.

b. If a payment on account of a claim does not fully cover the loss of the Insured Claimant, the Company defers the exercise of its subrogation right until after the Insured Claimant fully recovers its loss.

c. The Company's subrogation right includes the Insured's rights to indemnity, guaranty, warranty, insurance policy, or bond, despite any provision in those instruments that addresses recovery or subrogation rights.

14. POLICY ENTIRE CONTRACT

a. This policy together with all endorsements, if any, issued by the Company is the entire policy and contract between the Insured and the Company. In interpreting any provision of this policy, this policy will be construed as a whole. This policy and any endorsement to this policy may be evidenced by electronic means authorized by law.

b. Any amendment of this policy must be by a written endorsement issued by the Company. To the extent any term or provision of an endorsement is inconsistent with any term or provision of this policy, the term or provision of the endorsement controls. Unless the endorsement expressly states, it does not:
   i. modify any prior endorsement,
   ii. extend the Date of Policy,
   iii. insure against loss or damage exceeding the Amount of Insurance, or
   iv. increase the Amount of Insurance.

15. SEVERABILITY
In the event any provision of this policy, in whole or in part, is held invalid or unenforceable under applicable law, this policy will be deemed not to include that provision or the part held to be invalid, but all other provisions will remain in full force and effect.

16. CHOICE OF LAW AND CHOICE OF FORUM

a. *Choice of Law*
The Company has underwritten the risks covered by this policy and determined the premium charged in reliance upon the State law affecting interests in real property and the State law applicable to the interpretation, rights, remedies, or enforcement of policies of title insurance of the State where the Land is located.

The State law of the State where the Land is located, or to the extent it controls, federal law, will determine the validity of claims against the Title and the interpretation and enforcement of the terms of this policy, without regard to conflicts of law principles to determine the applicable law.

b. *Choice of Forum*
Any litigation or other proceeding brought by the Insured against the Company must be filed only in a State or federal court having jurisdiction.

17. NOTICES
Any notice of claim and any other notice or statement in writing required to be given to the Company under this policy must be given to the Company at: **First American Title Insurance Company, Attn: Claims National Intake Center, 5 First American Way, Santa Ana, California 92707. Phone: 888-632-1642 (claims.nic@firstam.com)**.

18. ARBITRATION

a. All claims and disputes arising out of or relating to this policy, including any service or other matter in connection with issuing this policy, any breach of a policy provision, or any other claim or dispute arising out of or relating to the transaction giving rise to this policy, may be submitted to binding arbitration only when agreed to by both the Company and the Insured. Arbitration must be conducted pursuant to the Title Insurance Arbitration Rules of the American Land Title Association ("ALTA Rules"). The ALTA Rules are available online at www.alta.org/arbitration. The ALTA Rules incorporate, as appropriate to a particular dispute, the Consumer Arbitration Rules and Commercial Arbitration Rules of the American Arbitration Association ("AAA Rules"). The AAA Rules are available online at www.adr.org.

b. *If there is a final judicial determination that a request for particular relief cannot be arbitrated in accordance with this Condition 18, then only that request for particular relief may be brought in court. All other requests for relief remain subject to this Condition 18.*

c. Fees will be allocated in accordance with the applicable AAA Rules. The results of arbitration will be binding upon the parties. The arbitrator may consider, but is not bound by, rulings in prior arbitrations involving different parties. The arbitrator is bound by rulings in prior arbitrations involving the same parties to the extent required by law. The arbitrator must issue a written decision sufficient to explain the findings and conclusions on which the award is based. Judgment upon the award rendered by the arbitrator may be entered in any State or federal court having jurisdiction.

   ii. of the recording of the instrument vesting the Title in the Public Records to impart notice of its existence to a purchaser for value or to a judgment or lien creditor.

p. "Unmarketable Title": The Title affected by an alleged or apparent matter that would permit a prospective purchaser or lessee of the Title or a lender on the Title to be released from the obligation to purchase, lease, or lend if there is a contractual condition requiring the delivery of marketable title.

2. CONTINUATION OF COVERAGE

This policy continues as of the Date of Policy in favor of an Insured, so long as the Insured:

a. retains an estate or interest in the Land;

b. owns an obligation secured by a purchase money Mortgage given by a purchaser from the Insured; or

c. has liability for warranties given by the Insured in any transfer or conveyance of the Insured's Title.

Except as provided in Condition 2, this policy terminates and ceases to have any further force or effect after the Insured conveys the Title. This policy does not continue in force or effect in favor of any person or entity that is not the Insured and acquires the Title or an obligation secured by a purchase money Mortgage given to the Insured.

3. NOTICE OF CLAIM TO BE GIVEN BY INSURED CLAIMANT

The Insured must notify the Company promptly in writing if the Insured has Knowledge of:

a. any litigation or other matter for which the Company may be liable under this policy; or

b. any rejection of the Title as Unmarketable Title.

If the Company is prejudiced by the failure of the Insured Claimant to provide prompt notice, the Company's liability to the Insured Claimant under this policy is reduced to the extent of the prejudice.

4. PROOF OF LOSS

The Company may, at its option, require as a condition of payment that the Insured Claimant furnish a signed proof of loss. The proof of loss must describe the defect, lien, encumbrance, adverse claim, or other matter insured against by this policy that constitutes the basis of loss or damage and must state, to the extent possible, the basis of calculating the amount of the loss or damage.

5. DEFENSE AND PROSECUTION OF ACTIONS

a. Upon written request by the Insured and subject to the options contained in Condition 7, the Company, at its own cost and without unreasonable delay, will provide for the defense of an Insured in litigation in which any third party asserts a claim covered by this policy adverse to the Insured. This obligation is limited to only those stated causes of action alleging matters insured against by this policy. The Company has the right to select counsel of its choice (subject to the right of the Insured to object for reasonable cause) to represent the Insured as to those covered causes of action. The Company is not liable for and will not pay the fees of any other counsel. The Company will not pay any fees, costs, or expenses incurred by the Insured in the defense of any cause of action that alleges matters not insured against by this policy.

b. The Company has the right, in addition to the options contained in Condition 7, at its own cost, to institute and prosecute any action or proceeding or to do any other act that, in its opinion, may be necessary or desirable to establish the Title, as insured, or to prevent or reduce loss or damage to the Insured. The Company may take any appropriate action under the terms of this policy,

whether or not it is liable to the Insured. The Company's exercise of these rights is not an admission of liability or waiver of any provision of this policy. If the Company exercises its rights under Condition 5.b., it must do so diligently.

c. When the Company brings an action or asserts a defense as required or permitted by this policy, the Company may pursue the litigation to a final determination by a court having jurisdiction. The Company reserves the right, in its sole discretion, to appeal any adverse judgment or order.

6. DUTY OF INSURED CLAIMANT TO COOPERATE

a. When this policy permits or requires the Company to prosecute or provide for the defense of any action or proceeding and any appeals, the Insured will secure to the Company the right to prosecute or provide defense in the action or proceeding, including the right to use, at its option, the name of the Insured for this purpose.

When requested by the Company, the Insured, at the Company's expense, must give the Company all reasonable aid in:

i. securing evidence, obtaining witnesses, prosecuting or defending the action or proceeding, or effecting settlement; and

ii. any other lawful act that in the opinion of the Company may be necessary or desirable to establish the Title or any other matter, as insured.

If the Company is prejudiced by any failure of the Insured to furnish the required cooperation, the Company's liability and obligations to the Insured under this policy terminate, including any obligation to defend, prosecute, or continue any litigation, regarding the matter requiring such cooperation.

b. The Company may reasonably require the Insured Claimant to submit to examination under oath by any authorized representative of the Company and to produce for examination, inspection, and copying, at such reasonable times and places as may be designated by the authorized representative of the Company, all records, in whatever medium maintained, including books, ledgers, checks, memoranda, correspondence, reports, e-mails, disks, tapes, and videos, whether bearing a date before or after the Date of Policy, that reasonably pertain to the loss or damage. Further, if requested by any authorized representative of the Company, the Insured Claimant must grant its permission, in writing, for any authorized representative of the Company to examine, inspect, and copy all the records in the custody or control of a third party that reasonably pertain to the loss or damage. No information designated in writing as confidential by the Insured Claimant provided to the Company pursuant to Condition 6 will be later disclosed to others unless, in the reasonable judgment of the Company, disclosure is necessary in the administration of the claim or required by law. Any failure of the Insured Claimant to submit for examination under oath, produce any reasonably requested information, or grant permission to secure reasonably necessary information from third parties as required in Condition 6.b., unless prohibited by law, terminates any liability of the Company under this policy as to that claim.

7. OPTIONS TO PAY OR OTHERWISE SETTLE CLAIMS; TERMINATION OF LIABILITY

In case of a claim under this policy, the Company has the following additional options:

a. *To Pay or Tender Payment of the Amount of Insurance*

To pay or tender payment of the Amount of Insurance under this policy. In addition, the Company will pay any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment or tender of payment and that the Company is obligated to pay.

Upon the exercise by the Company of this option provided for in Condition 7.a., the Company's liability and obligations to the Insured under this policy terminate, including any obligation to defend, prosecute, or continue any litigation.

b. *To Pay or Otherwise Settle with Parties other than the Insured or with the Insured Claimant*

i. To pay or otherwise settle with parties other than the Insured for or in the name of the Insured Claimant. In addition, the Company will pay any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment and that the Company is obligated to pay; or

ii. To pay or otherwise settle with the Insured Claimant the loss or damage provided for under this policy. In addition, the Company will pay any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to

the time of payment and that the Company is obligated to pay.

Upon the exercise by the Company of either option provided for in Condition 7.b., the Company's liability and obligations to the Insured under this policy for the claimed loss or damage terminate, including any obligation to defend, prosecute, or continue any litigation.

8. CONTRACT OF INDEMNITY; DETERMINATION AND EXTENT OF LIABILITY

This policy is a contract of indemnity against actual monetary loss or damage sustained or incurred by an Insured Claimant who has suffered loss or damage by reason of matters insured against by this policy. This policy is not an abstract of the Title, report of the condition of the Title, legal opinion, opinion of the Title, or other representation of the status of the Title. All claims asserted under this policy are based in contract and are restricted to the terms and provisions of this policy. The Company is not liable for any claim alleging negligence or negligent misrepresentation arising from or in connection with this policy or the determination of the insurability of the Title.

a. The extent of liability of the Company for loss or damage under this policy does not exceed the lesser of:
   i. the Amount of Insurance; or
   ii. the difference between the fair market value of the Title, as insured, and the fair market value of the Title subject to the matter insured against by this policy.

b. Except as provided in Condition 8.c. or 8.d., the fair market value of the Title in Condition 8.a.ii. is calculated using the date the Insured discovers the defect, lien, encumbrance, adverse claim, or other matter insured against by this policy.

c. If, at the Date of Policy, the Title to all of the Land is void by reason of a matter insured against by this policy, then the Insured Claimant may, by written notice given to the Company, elect to use the Date of Policy as the date for calculating the fair market value of the Title in Condition 8.a.ii.

d. If the Company pursues its rights under Condition 5.b. and is unsuccessful in establishing the Title, as insured:
   i. the Amount of Insurance will be increased by 15%; and
   ii. the Insured Claimant may, by written notice given to the Company, elect, as an alternative to the dates set forth in Condition 8.b. or, if it applies, 8.c., to use either the date the settlement, action, proceeding, or other act described in Condition 5.b. is concluded or the date the notice of claim required by Condition 3 is received by the Company as the date for calculating the fair market value of the Title in Condition 8.a.ii.

e. In addition to the extent of liability for loss or damage under Conditions 8.a. and 8.d., the Company will also pay the costs, attorneys' fees, and expenses incurred in accordance with Conditions 5 and 7.

9. LIMITATION OF LIABILITY

a. The Company fully performs its obligations and is not liable for any loss or damage caused to the Insured if the Company accomplishes any of the following in a reasonable manner:
   i. removes the alleged defect, lien, encumbrance, adverse claim, or other matter;
   ii. cures the lack of a right of access to and from the Land; or
   iii. cures the claim of Unmarketable Title,

   all as insured. The Company may do so by any method, including litigation and the completion of any appeals.

b. The Company is not liable for loss or damage arising out of any litigation, including litigation by the Company or with the Company's consent, until a State or federal court having jurisdiction makes a final, non-appealable determination adverse to the Title.

c. The Company is not liable for loss or damage to the Insured for liability voluntarily assumed by the Insured in settling any claim or suit without the prior written consent of the Company.

d. The Company is not liable for the content of the Transaction Identification Data, if any.

10. REDUCTION OR TERMINATION OF INSURANCE

All payments under this policy, except payments made for costs, attorneys' fees, and expenses, reduce the Amount of Insurance by the amount of the payment.

11. LIABILITY NONCUMULATIVE

The Amount of Insurance will be reduced by any amount the Company pays under any policy insuring a

Mortgage to which exception is taken in Schedule B or to which the Insured has agreed, assumed, or taken subject, or which is executed by an Insured after the Date of Policy and which is a charge or lien on the Title, and the amount so paid will be deemed a payment to the Insured under this policy.

12. PAYMENT OF LOSS

When liability and the extent of loss or damage are determined in accordance with the Conditions, the Company will pay the loss or damage within 30 days.

13. COMPANY'S RECOVERY AND SUBROGATION RIGHTS UPON SETTLEMENT AND PAYMENT

a. If the Company settles and pays a claim under this policy, it is subrogated and entitled to the rights and remedies of the Insured Claimant in the Title and all other rights and remedies in respect to the claim that the Insured Claimant has against any person, entity, or property to the fullest extent permitted by law, but limited to the amount of any loss, costs, attorneys' fees, and expenses paid by the Company. If requested by the Company, the Insured Claimant must execute documents to transfer these rights and remedies to the Company. The Insured Claimant permits the Company to sue, compromise, or settle in the name of the Insured Claimant and to use the name of the Insured Claimant in any transaction or litigation involving these rights and remedies.

b. If a payment on account of a claim does not fully cover the loss of the Insured Claimant, the Company defers the exercise of its subrogation right until after the Insured Claimant fully recovers its loss.

c. The Company's subrogation right includes the Insured's rights to indemnity, guaranty, warranty, insurance policy, or bond, despite any provision in those instruments that addresses recovery or subrogation rights.

14. POLICY ENTIRE CONTRACT

a. This policy together with all endorsements, if any, issued by the Company is the entire policy and contract between the Insured and the Company. In interpreting any provision of this policy, this policy will be construed as a whole. This policy and any endorsement to this policy may be evidenced by electronic means authorized by law.

b. Any amendment of this policy must be by a written endorsement issued by the Company. To the extent any term or provision of an endorsement is inconsistent with any term or provision of this policy, the term or provision of the endorsement controls. Unless the endorsement expressly states, it does not:

i. modify any prior endorsement,
ii. extend the Date of Policy,
iii. insure against loss or damage exceeding the Amount of Insurance, or
iv. increase the Amount of Insurance.

15. SEVERABILITY

In the event any provision of this policy, in whole or in part, is held invalid or unenforceable under applicable law, this policy will be deemed not to include that provision or the part held to be invalid, but all other provisions will remain in full force and effect.

16. CHOICE OF LAW AND CHOICE OF FORUM

a. *Choice of Law*

The Company has underwritten the risks covered by this policy and determined the premium charged in reliance upon the State law affecting interests in real property and the State law applicable to the interpretation, rights, remedies, or enforcement of policies of title insurance of the State where the Land is located.

The State law of the State where the Land is located, or to the extent it controls, federal law, will determine the validity of claims against the Title and the interpretation and enforcement of the terms of this policy, without regard to conflicts of law principles to determine the applicable law.

b. *Choice of Forum*

Any litigation or other proceeding brought by the Insured against the Company must be filed only in a State or federal court having jurisdiction.

This policy continues as of the Date of Policy in favor of an Insured, so long as the Insured:
a. retains an estate or interest in the Land;
b. owns an obligation secured by a purchase money Mortgage given by a purchaser from the Insured; or
c. has liability for warranties given by the Insured in any transfer or conveyance of the Insured's Title.

Except as provided in Condition 2, this policy terminates and ceases to have any further force or effect after the Insured conveys the Title. This policy does not continue in force or effect in favor of any person or entity that is not the Insured and acquires the Title or an obligation secured by a purchase money Mortgage given to the Insured.

3. NOTICE OF CLAIM TO BE GIVEN BY INSURED CLAIMANT

The Insured must notify the Company promptly in writing if the Insured has Knowledge of:
a. any litigation or other matter for which the Company may be liable under this policy; or
b. any rejection of the Title as Unmarketable Title.

If the Company is prejudiced by the failure of the Insured Claimant to provide prompt notice, the Company's liability to the Insured Claimant under this policy is reduced to the extent of the prejudice.

4. PROOF OF LOSS

The Company may, at its option, require as a condition of payment that the Insured Claimant furnish a signed proof of loss. The proof of loss must describe the defect, lien, encumbrance, adverse claim, or other matter insured against by this policy that constitutes the basis of loss or damage and must state, to the extent possible, the basis of calculating the amount of the loss or damage.

5. DEFENSE AND PROSECUTION OF ACTIONS

The Company will not pay any fees, costs, or expenses incurred by the Insured in the defense of any cause of action that alleges matters not insured against by this policy.
b. The Company has the right, in addition to the options contained in Condition 7, at its own cost, to institute and prosecute any action or proceeding or to do any other act that, in its opinion, may be

necessary or desirable to establish the Title, as insured, or to prevent or reduce loss or damage to the Insured. The Company may take any appropriate action under the terms of this policy, whether or not it is liable to the Insured. The Company's exercise of these rights is not an admission of liability or waiver of any provision of this policy. If the Company exercises its rights under Condition 5.b., it must do so diligently.

c. When the Company brings an action or asserts a defense as required or permitted by this policy, the Company may pursue the litigation to a final determination by a court having jurisdiction. The Company reserves the right, in its sole discretion, to appeal any adverse judgment or order.

6. DUTY OF INSURED CLAIMANT TO COOPERATE

a. When this policy permits or requires the Company to prosecute or provide for the defense of any action or proceeding and any appeals, the Insured will secure to the Company the right to prosecute or provide defense in the action or proceeding, including the right to use, at its option, the name of the Insured for this purpose.

When requested by the Company, the Insured, at the Company's expense, must give the Company all reasonable aid in:

i. securing evidence, obtaining witnesses, prosecuting or defending the action or proceeding, or effecting settlement; and

b. The Company may reasonably require the Insured Claimant to submit to examination under oath by any authorized representative of the Company and to produce for examination, inspection, and copying, at such reasonable times and places as may be designated by the authorized representative of the Company, all records, in whatever medium maintained, including books, ledgers, checks, memoranda, correspondence, reports, e-mails, disks, tapes, and videos, whether bearing a date before or after the Date of Policy, that reasonably pertain to the loss or damage. Further, if requested by any authorized representative of the Company, the Insured Claimant must grant its permission, in writing, for any authorized representative of the Company to examine, inspect, and copy all the records in the custody or control of a third party that reasonably pertain to the loss or damage. No information designated in writing as confidential by the Insured Claimant provided to the Company pursuant to Condition 6 will be later disclosed to others unless, in the reasonable judgment of the Company, disclosure is necessary in the administration of the claim or required by law. Any failure of the Insured Claimant to submit for examination under oath, produce any reasonably requested information, or grant permission to secure reasonably necessary information from third parties as required in Condition 6.b., unless prohibited by law, terminates any liability of the Company under this policy as to that claim.

7. OPTIONS TO PAY OR OTHERWISE SETTLE CLAIMS; TERMINATION OF LIABILITY

In case of a claim under this policy, the Company has the following additional options:

a. *To Pay or Tender Payment of the Amount of Insurance*

To pay or tender payment of the Amount of Insurance under this policy. In addition, the Company will pay any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment or tender of payment and that the Company is obligated to pay. Upon the exercise by the Company of this option provided for in Condition 7.a., the Company's liability and obligations to the Insured under this policy terminate, including any obligation to defend, prosecute, or continue any litigation.

b. *To Pay or Otherwise Settle with Parties other than the Insured or with the Insured Claimant*

i. To pay or otherwise settle with parties other than the Insured for or in the name of the Insured Claimant. In addition, the Company will pay any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment and that the Company is obligated to pay; or

ii. To pay or otherwise settle with the Insured Claimant the loss or damage provided for under this policy. In addition, the Company will pay any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment and that the Company is obligated to pay.

Upon the exercise by the Company of either option provided for in Condition 7.b., the Company's liability and obligations to the Insured under this policy for the claimed loss or damage terminate, including any obligation to defend, prosecute, or continue any litigation.

8. CONTRACT OF INDEMNITY; DETERMINATION AND EXTENT OF LIABILITY

This policy is a contract of indemnity against actual monetary loss or damage sustained or incurred by an Insured Claimant who has suffered loss or damage by reason of matters insured against by this policy. This policy is not an abstract of the Title, report of the condition of the Title, legal opinion, opinion of the Title, or other representation of the status of the Title. All claims asserted under this policy are based in contract and are restricted to the terms and provisions of this policy. The Company is not liable for any claim alleging negligence or negligent misrepresentation arising from or in connection with this policy or the determination of the insurability of the Title.

a. The extent of liability of the Company for loss or damage under this policy does not exceed the lesser of:
   i. the Amount of Insurance; or
   ii. the difference between the fair market value of the Title, as insured, and the fair market value of the Title subject to the matter insured against by this policy.

b. Except as provided in Condition 8.c. or 8.d., the fair market value of the Title in Condition 8.a.ii. is calculated using the date the Insured discovers the defect, lien, encumbrance, adverse claim, or other matter insured against by this policy.

c. If, at the Date of Policy, the Title to all of the Land is void by reason of a matter insured against by this policy, then the Insured Claimant may, by written notice given to the Company, elect to use the Date of Policy as the date for calculating the fair market value of the Title in Condition 8.a.ii.

d. If the Company pursues its rights under Condition 5.b. and is unsuccessful in establishing the Title, as insured:
   i. the Amount of Insurance will be increased by 15%; and
   ii. the Insured Claimant may, by written notice given to the Company, elect, as an alternative to the dates set forth in Condition 8.b. or, if it applies, 8.c., to use either the date the settlement, action, proceeding, or other act described in Condition 5.b. is concluded or the date the notice of claim required by Condition 3 is received by the Company as the date for calculating the fair market value of the Title in Condition 8.a.ii.

e. In addition to the extent of liability for loss or damage under Conditions 8.a. and 8.d., the Company will also pay the costs, attorneys' fees, and expenses incurred in accordance with Conditions 5 and 7.

9. LIMITATION OF LIABILITY

a. The Company fully performs its obligations and is not liable for any loss or damage caused to the Insured if the Company accomplishes any of the following in a reasonable manner:
   i. removes the alleged defect, lien, encumbrance, adverse claim, or other matter;
   ii. cures the lack of a right of access to and from the Land; or
   iii. cures the claim of Unmarketable Title,

   all as insured. The Company may do so by any method, including litigation and the completion of any appeals.

b. The Company is not liable for loss or damage arising out of any litigation, including litigation by the Company or with the Company's consent, until a State or federal court having jurisdiction makes a final, non-appealable determination adverse to the Title.

c. The Company is not liable for loss or damage to the Insured for liability voluntarily assumed by the Insured in settling any claim or suit without the prior written consent of the Company.

d. The Company is not liable for the content of the Transaction Identification Data, if any.

10. REDUCTION OR TERMINATION OF INSURANCE
All payments under this policy, except payments made for costs, attorneys' fees, and expenses, reduce the Amount of Insurance by the amount of the payment.

11. LIABILITY NONCUMULATIVE
The Amount of Insurance will be reduced by any amount the Company pays under any policy insuring a Mortgage to which exception is taken in Schedule B or to which the Insured has agreed, assumed, or taken subject, or which is executed by an Insured after the Date of Policy and which is a charge or lien on the Title, and the amount so paid will be deemed a payment to the Insured under this policy.

12. PAYMENT OF LOSS
When liability and the extent of loss or damage are determined in accordance with the Conditions, the Company will pay the loss or damage within 30 days.

13. COMPANY'S RECOVERY AND SUBROGATION RIGHTS UPON SETTLEMENT AND PAYMENT

a. If the Company settles and pays a claim under this policy, it is subrogated and entitled to the rights and remedies of the Insured Claimant in the Title and all other rights and remedies in respect to the claim that the Insured Claimant has against any person, entity, or property to the fullest extent permitted by law, but limited to the amount of any loss, costs, attorneys' fees, and expenses paid by the Company. If requested by the Company, the Insured Claimant must execute documents to transfer these rights and remedies to the Company. The Insured Claimant permits the Company to sue, compromise, or settle in the name of the Insured Claimant and to use the name of the Insured Claimant in any transaction or litigation involving these rights and remedies.

b. If a payment on account of a claim does not fully cover the loss of the Insured Claimant, the Company defers the exercise of its subrogation right until after the Insured Claimant fully recovers its loss.

c. The Company's subrogation right includes the Insured's rights to indemnity, guaranty, warranty, insurance policy, or bond, despite any provision in those instruments that addresses recovery or subrogation rights.

14. POLICY ENTIRE CONTRACT

a. This policy together with all endorsements, if any, issued by the Company is the entire policy and contract between the Insured and the Company. In interpreting any provision of this policy, this policy will be construed as a whole. This policy and any endorsement to this policy may be evidenced by electronic means authorized by law.

b. Any amendment of this policy must be by a written endorsement issued by the Company. To the extent any term or provision of an endorsement is inconsistent with any term or provision of this policy, the term or provision of the endorsement controls. Unless the endorsement expressly states, it does not:
   i. modify any prior endorsement,
   ii. extend the Date of Policy,
   iii. insure against loss or damage exceeding the Amount of Insurance, or
   iv. increase the Amount of Insurance.

15. SEVERABILITY
In the event any provision of this policy, in whole or in part, is held invalid or unenforceable under applicable law, this policy will be deemed not to include that provision or the part held to be invalid, but all other provisions will remain in full force and effect.

16. CHOICE OF LAW AND CHOICE OF FORUM

a. *Choice of Law*
The Company has underwritten the risks covered by this policy and determined the premium charged in reliance upon the State law affecting interests in real property and the State law applicable to the interpretation, rights, remedies, or enforcement of policies of title insurance of the State where the Land is located.

b. *Choice of Forum*
Any litigation or other proceeding brought by the Insured against the Company must be filed only in a State or federal court having jurisdiction.

17. NOTICES

18. ARBITRATION

a. All claims and disputes arising out of or relating to this policy, including any service or other matter in connection with issuing this policy, any breach of a policy provision, or any other claim or dispute arising out of or relating to the transaction giving rise to this policy, may be submitted to binding arbitration only when agreed to by both the Company and the Insured. Arbitration must be conducted pursuant to the Title Insurance Arbitration Rules of the American Land Title Association ("ALTA Rules"). The ALTA Rules are available online at www.alta.org/arbitration. The ALTA Rules incorporate, as appropriate to a particular dispute, the Consumer Arbitration Rules and Commercial Arbitration Rules of the American Arbitration Association ("AAA Rules"). The AAA Rules are available online at www.adr.org.

b. *If there is a final judicial determination that a request for particular relief cannot be arbitrated in accordance with this Condition 18, then only that request for particular relief may be brought in court. All other requests for relief remain subject to this Condition 18.*

c. Fees will be allocated in accordance with the applicable AAA Rules. The results of arbitration will be binding upon the parties. The arbitrator may consider, but is not bound by, rulings in prior arbitrations involving different parties. The arbitrator is bound by rulings in prior arbitrations involving the same parties to the extent required by law. STANDARDS FOR REAL ESTATE TRANSACTIONS

A. EVIDENCE OF TITLE:

A "title insurance commitment" issued by a Florida licensed title insurer agreeing to issue to Buyer, upon recording of the deed to Buyer, an owner's policy of title insurance in the amount of the purchase price, insuring Buyer's title to Real Property, subject only to liens, encumbrances, exceptions, or qualification set forth in this Contract and those which shall be discharged by Sellers at or before closing. Sellers shall convey a marketable title subject only to liens, encumbrances, exceptions or qualifications set forth in Contract. Marketable title shall be determined according to applicable Title Standards adopted by authority of the Florida Bar and in accordance with law. Buyer shall have 30 days, if abstract, or 5 days if title commitment, from date of receiving evidence of title to examine it. If title is found defective, Buyer shall, within 3 days, notify Sellers in writing specifying defect(s). If the defect(s) render title unmarketable, Sellers will have 120 days from receipt of notice within which to remove the defect(s), failing

which Buyer shall have the option of either accepting the title as it then is or demanding a refund of deposit(s) paid which shall immediately be returned to Buyer; thereupon, Buyer and Sellers shall release one another of all further obligations under the Contract. Sellers will, if title is found unmarketable, use diligent effort to correct defect(s) in title within the time provided therefor, including the bringing of necessary suits.

B. SURVEY:

Buyer, at Buyer's expense, within time allowed to deliver evidence of title and to examine same, may have Real Property surveyed and certified by a registered Florida surveyor. If survey shows encroachment on Real Property or that improvements located on Real Property encroach on setback lines, easements, lands of others, or violate any restrictions, Contract covenants or applicable governmental regulation, the same shall constitute a title defect.

C. ~~TERMITES~~

~~Buyer~~, at Buyer's expense, within time allowed to deliver evidence of title and to examine same, may ~~have~~ Real Property inspected by a Florida Certified Pest Control Operator to determine if there is any visible active termite infestation or visible existing damage from termite infestation in the improvements. If either or both are found, Buyer will have 4 days from the date of written notice thereof within which to have all damages, whether visible or not, inspected and estimated by a licensed builder or general contractor. Sellers shall pay valid costs of treatment and repair up to 2% of purchase price. Should such costs exceed that amount, Buyer shall have the option of canceling the Contract within 5 days after receipt of Contractor's repair estimate by giving written notice to Sellers or Buyer may elect to proceed with the transaction, in which the Buyer shall receive a credit at closing of an amount equal to the total of the treatment and repair estimated not in excess of 2% of purchase price. "Termites" shall be deemed to include all wood ~~destroying organisms required to be reported under the Florida Pest~~ Control Act.

D. INGRESS AND EGRESS:

Sellers warrant and represent that there is ingress and egress to the Real Property sufficient for the intended use as described in Paragraph VII hereof, title to which is in accordance with Standard A.

E. LIENS:

Sellers shall furnish to Buyer at time of closing an affidavit attesting to the absence, unless otherwise provided for herein, of any financing statements, claims of lien or potential leiners known to Sellers and further attesting that there have been no improvements or repairs to Property for 90 days immediately preceding date of closing. If Property has been improved, or repaired within that time, Sellers shall deliver releases or waivers of mechanics' liens executed by all general contractors, subcontractors, suppliers, and materialmen in addition to Sellers' lien affidavit setting forth the names of all such general contractors, subcontractors, suppliers and materialmen and further affirming that all charges for improvements or repairs which could serve

as a basis for a mechanic's lien or a claim for damages have been paid or will be paid at closing of this Contract.

F. PLACE OF CLOSING:

Closing shall be held at the office of J. Jerome Miller, Attorney at Law, 415 Mountain Drive, Suite 3, Destin, Florida 32541.

G. TIME:

Time is of the essence of this Contract. Time periods herein of less than 6 days shall in the computation exclude Saturdays, Sundays and state or national legal holidays, and any time period provided for herein which shall end on Saturday, Sunday or legal holiday shall extend to 5:00 p.m. of the next business day.

H. DOCUMENTS FOR CLOSING:

Buyers shall furnish deed, bill of sale, mechanic's lien affidavit, construction lien affidavit, corrective instruments and closing statements.

I. EXPENSES:

Documentary stamps on the deed shall be paid by Sellers. Title insurance, commitment, and title insurance policy shall be issued by J. Jerome Miller, Attorney at Law, as title insurance agent. Recording fees on the deed, corrective instruments, abstracting, title review, title insurance commitment and title insurance policy shall be paid by Buyer.

J. PRORATIONS; CREDITS:

Taxes and assessments shall be prorated through day before closing. Cash at closing shall be increased or decreased as may be required by prorations. Taxes shall be prorated based on the current year's tax with due allowance made for maximum allowable discount and exemptions. A request will be made to the County Property Appraiser for an informal assessment taking into consideration available exemptions. Any tax proration based on an estimate may, at request of either Buyer or Sellers, be subsequently readjusted upon receipt of tax bill on condition that a statement to that effect is in the closing statement.

~~K. SPECIAL ASSESSMENT LIEN~~S:

~~Sellers~~ shall pay up to the sum of $5,000.00 total for any and all certified, confirmed and ratified special assessment ~~liens as of~~ date of closing (and not as of Effective Date) that are made by governmental bodies other than the City of ~~Destin~~. Pending liens as of date of closing shall be assumed by Buyer. If the improvement has been substantially ~~completed~~ as of Effective Date, such pending lien shall be considered certified, confirmed or ratified and Sellers ~~shall~~, at closing, ~~pay $5,000.00 or an amount equal to the last estimate of assessment for the improvement by the~~

public body (other than the City of Destin), whichever is less. In the event that the City of Destin shall levy any special assessment lien against the Property that is certified, confirmed and ratified, the purchase price shall be increased by an amount equal to all such lien amounts paid by Sellers. Pending liens by the City of Destin shall be assumed by Buyer.

L. INSPECTION, REPAIR, AND MAINTENANCE. Seller is selling Property as is.

Sellers warrant that, as of 30 days prior to closing, the ceiling, roof, (including the fascia and faucets) and exterior and interior walls do not have any VISIBLE EVIDENCE of leaks, water damage, or structural damage and that the septic tank, and all appliances, mechanical items, heating, cooling, electrical, plumbing systems and machinery are in WORKING CONDITION. Buyer may, at Buyer's expense, have inspections made of those items by a firm or individual specializing in inspection and holding an occupational license for such purpose (if required) or by an appropriately licensed Florida contractor. Buyer shall, prior to Buyer's occupancy or not less than 10 days prior to closing, whichever comes first, report in writing to Sellers such items that do not meet the above standards as to defects. Unless Buyer reports such defects within that time, Buyer shall be deemed to have waived Sellers' warranties as to defects not reported. Should Sellers disagree that an item fails to meet the above standards as to defects, Buyer and Sellers shall agree on another inspector or contractor, as the case may be, to evaluate the item in question as to the above standards as to defects. The cost of such evaluation shall be paid by Sellers. In the event the evaluation determines to the contrary that the item does not have any visible evidence of leaks, water damage, or structural damage or that the item is in working condition, then the item shall not be repaired or replaced at Sellers' expense. If repairs or replacements are required, Sellers shall cause such repairs to be made and shall pay up to 3% of the purchase price for such repairs or replacements as may be required in order to place such items in WORKING CONDITION. If the cost for such repairs or replacements exceeds 3% of purchase price, Buyer or Sellers may elect to pay such excess, failing which either party may cancel this Contract. If Sellers are unable to correct the defects prior to closing, the cost thereof shall be paid into escrow at closing. Sellers will, upon reasonable notice, provide utilities service and access to the Property for inspections, including a walk-through prior to closing. Between Effective Date and date of closing, except for repairs required by this Standard, Sellers shall maintain Property including, but not limited to, the lawn and shrubbery, in the condition herein warranted, ordinary wear and tear excepted.

M. RISK OF LOSS

If the property is damaged by fire or other casualty before closing, and cost of restoration does not exceed 3% of the assessed valuation of the Property so damaged, cost of restoration shall be an obligation of the Sellers and closing shall proceed pursuant to the terms of Contract with restoration costs escrowed at closing. If the cost of restoration exceeds 3% of the assessed valuation of the improvements so damaged, and insurance proceeds are payable to Sellers by virtue of such loss or damage, Buyer shall buy the property as is, together with an assignment of said insurance proceeds. In the event Sellers' deductible is more than 3% or there is a shortfall between the insurance proceeds paid and restoration cost, cost of restoration remains the

obligation of the Sellers and closing shall proceed pursuant to the terms of this Contract with the gap in deductible or insurance coverage shortfall for restoration costs escrowed at closing.

N. PROCEEDS OF SALE; CLOSING PROCEDURE:

The deed shall be recorded upon clearance of funds. If abstract, evidence of title shall be continued at Buyer's expense to show title in Buyer, without any encumbrances or change which would render Sellers' title unmarketable from the date of the last evidence, and the sale proceeds shall be paid to Sellers.

O. ESCROW:

Any escrow agent ("Agent") receiving funds or equivalent is authorized and agrees by acceptance of them to deposit them promptly, hold same in escrow and, subject to clearance disburse them in accordance with terms and conditions of Contract. Failure of clearance of funds shall not excuse Buyer's performance. If in doubt as to Agent's duties or liabilities under the provisions of Contract, Agent may, at Agent's option, continue to hold the subject matter of the escrow until the parties mutually agree to its disbursement or until a judgment of a court of competent jurisdiction shall determine the rights of the parties or Agent may deposit same with the clerk of the circuit court having jurisdiction of the dispute. Upon notifying all parties concerned of such action, all liability on the part of Agent shall fully terminate, except to the extent of accounting for any items previously delivered out of escrow. Any suit between Buyer and Sellers where agent is made a party because of acting as Agent hereunder, or in any suit wherein Agent interpleads the subject matter of the escrow, Agent shall recover reasonable attorney's fees and costs incurred with the fees and costs to be charged and assessed as court costs in favor of the prevailing party. Parties agree that Agent shall not be liable to any party or person for misdelivery to Buyer or Sellers of items subject to this escrow, unless such misdelivery is due to willful breach of Contract or gross negligence of Agent.

P. ATTORNEYS FEES; COSTS:

In any litigation arising out of this Contract, the prevailing party in such litigation shall be entitled to recover reasonable attorney's fees and costs.

Q. FAILURE OF PERFORMANCE

If Buyer fails to perform this Contract within the time specified, including payment of all deposit(s), and deposits agreed to be paid may be retained by or for the account of Sellers as agreed upon liquidated damages, consideration for the execution of this Contract and in full settlement of any claims; whereupon, Buyer and Sellers shall be relieved of all obligations under Contract; or Sellers, at Sellers' option, may proceed in equity to enforce Sellers' rights under this Contract. If, for any reason other than failure of Sellers to make Sellers' title marketable after diligent effort, Sellers fail, neglect or refuse to perform this Contract, the Buyer may seek specific performance or elect to receive the return of Buyer's deposit(s) without thereby waiving any action for damages resulting from Sellers' breach.

R. CONTRACT NOT RECORDABLE; PERSONS BOUND; NOTICE:

Neither this Contract nor any notice of it shall be recorded in any public records. This Contract shall bind and inure to the benefit of the parties and their successors in interest. Whenever the contract permits, singular shall include plural and one gender shall include all. Notice given by or to the attorney for any party shall be as effective as if given by or to that party.

S. CONVEYANCE:

Sellers shall convey title to Real Property by statutory warranty deed, subject only to matters contained in Paragraph VI and those otherwise accepted by Buyer. Personalty shall, at request of Buyer, be transferred by an absolute bill of sale with warranty of title, subject only to such maters as may be otherwise provided for herein.

T. OTHER AGREEMENTS:

No prior or present agreements or representations shall be binding upon Buyer or Sellers unless included in this Contract. No modification or change in this Contract shall be valid or binding upon the parties unless in writing and executed by the party or parties intended to be bound by it.

U. RADON GAS:

Radon is a naturally occurring radioactive gas that, when it has accumulated in a building in sufficient quantities, may present health risks to persons who are exposed to it over time. Levels of radon that exceed federal and state guidelines have been found in buildings in Florida. Additional information regarding radon and radon testing may be obtained from your county health department.

V. WARRANTIES:

Sellers warrant that there are no facts known to Sellers materially affecting the value of the Real Property which are not readily observable by Buyer or which have not been disclosed to Buyer.

THIS IS INTENDED TO BE A LEGALLY BINDING CONTRACT, IF NOT FULLY UNDERSTOOD, SEEK THE ADVICE OF AN ATTORNEY PRIOR TO SIGNING.

SUBJECT TO THE EXCLUSIONS FROM COVERAGE, THE EXCEPTIONS FROM COVERAGE CONTAINED IN SCHEDULE B AND THE CONDITIONS AND STIPULATIONS, ATTORNEYS' TITLE INSURANCE FUND, INC., a Florida corporation, herein called The Fund, insures, as of Date of Policy shown in Schedule A, against loss or damage, not exceeding the Amount of Insurance stated in Schedule A, sustained or incurred by the insured by reason of:

1. Title to the estate or interest described in Schedule A being vested other than as stated therein;
2. Any defect in or lien or encumbrance on the title;
3. Unmarketability of the title;
4. Lack of a right of access to and from the land.

The Fund will also pay the costs, attorneys' fees and expenses incurred in defense of the title, as insured, but only to the extent provided in the Conditions and Stipulations.

the loss or damage shall be payable within 30 days thereafter.

13. Subrogation Upon Payment or Settlement

(a) **The Fund's Right of Subrogation.**

Whenever The Fund shall have settled and paid a claim under this policy, all right of subrogation shall vest in The Fund unaffected by any act of the insured claimant.

The Fund shall be subrogated to and be entitled to all rights and remedies which the insured claimant would have had against any person or property in respect to the claim had this policy not been issued. If requested by The Fund, the insured claimant shall transfer to The Fund all rights and remedies against any person or property necessary in order to perfect this right of subrogation. The insured claimant shall permit The Fund to sue, compromise or settle in the name of the insured claimant and to use the name of the insured claimant in any transaction or litigation involving these rights or remedies.

If a payment on account of a claim does not fully cover the loss of the insured claimant, The Fund shall be subrogated to these rights and remedies in the proportion which The Fund's payment bears to the whole amount of the loss.

If loss should result from any act of the insured claimant, as stated above, that act shall not void this policy, but The Fund, in that event, shall be required to pay only that part of any losses insured against by this policy which shall exceed the amount, if any, lost to The Fund by reason of the impairment by the insured claimant of The Fund's right of subrogation.

(b) **The Fund's Rights Against Non-insured Obligors.**

The Fund's right of subrogation against non-insured obligors shall exist and shall include, without limitation, the rights of the insured to indemnities, guaranties, other policies of insurance or bonds, notwithstanding any terms or conditions contained in those instruments which provide for subrogation rights by reason of this policy.

14 Arbitration

Unless prohibited by applicable law, arbitration pursuant to the Title Insurance Arbitration Rules of the American Arbitration Association may be demanded if agreed to by both The Fund and the insured. Arbitrable matters may include, but are not limited to, any controversy or claim between The Fund and the insured arising out of or relating to this policy, and service of The Fund in connection with its issuance or the breach of a policy provision or other obligation. Arbitration pursuant to this policy and under the Rules in effect on the date the demand for arbitration is made or, at the option of the insured, the Rules in effect at Date of Policy shall be binding upon the parties. The award may include attorneys' fees only if the laws of the state in which the land is located permit a court to award attorneys' fees to a prevailing party. Judgment upon the award rendered by the Arbitrator(s) may be entered in any court having jurisdiction thereof.

The law of the situs of the land shall apply to an arbitration under the Title Insurance Arbitration Rules.

A copy of the Rules may be obtained from The Fund upon request.

15. Liability Limited to this Policy; Policy Entire Contract

(a) This policy together with all endorsements, if any, attached hereto by The Fund is the entire policy and contract between the insured and The Fund. In interpreting any provision of this policy, this policy shall be construed as a whole.

(b) Any claim of loss or damage, whether or not based on negligence, and which arises out of the status of the title to the estate or interest covered hereby or by any action asserting such claim, shall be restricted to this policy.

(c) No amendment of or endorsement to this policy can be made except by a writing endorsed hereon or attached hereto signed by either the President, a Vice President, or Agent of The Fund.

16. Severability

In the event any provision of the policy is held invalid or unenforceable under applicable law, the policy shall be deemed not to include that provision and all other provisions shall remain in full force and effect.

17. Notices, Where Sent

All notices required to be given The Fund and any statement in writing required to be furnished The Fund shall include the number of this policy and shall be addressed to The Fund at its principal office at Post Office Box 628600, Orlando, Florida 32862-8600.

KNOW ALL MEN BY THESE PRESENTS: That Anderson, Anderson, and Fleshman, a Co-partnership, owner, and Kelly Trust, Mortgagee, of the following described real property in the State of Florida, County of Okaloosa, to wit:

SEA HILLS THIRD ADDITION, a subdivision as recorded in Plat Book 5 , page 104, Okaloosa County, Florida,

desiring to restrict the use of said real property for the benefit thereof and to promote its development, hereby encumber all of the above described property with restrictive covenants as herein set forth and declare that such restrictive covenants shall apply to and bind us, our successors and assigns for the term set forth hereinafter and that said covenants shall run with the land, to wit:

1. No lot shall be used except for residential purposes and no building shall be erected, altered, placed or permitted to remain on any lot other that one detached single family dwelling not to exceed two stories in height and a private garage.

2. No fence or wall shall be erected, placed or altered on any lot nearer to the street than the front line of the building erected thereon, nor over six (6) feet in height and no spite fence shall be constructed.

3. No dwelling shall be permitted on any lot at a cost of less than $15.00 per square foot based upon cost levels prevailing on the date these restrictions are recorded, it being the intention and purpose of the covenents to assure that the dwelling shall be of quality and workmanship and materials substantially the same or better than that which can be produced on the date these covenants are recorded. The livable floor area of the main structure exclusive of open porches and garages shall not be less than 1,100 square feet for a dwelling.

No building shall be located on a lot nearer than 25 feet to the front lot line, or nearer than 15 feet to any side street line, or nearer than 7 1/2 feet to an interior lot line, or nearer than 20 feet to the rear lot line. For the purposes of this covenant, eaves, steps and open porches without roof supports shall be permitted to extend five (5) feet beyond the building line. Two lots or a lot and a part of another lot may be combined to produce a building parcel and the setback requirements shall then apply to the exterior lines of such parcel but not to former lot lines inside such parcel.

5. Sidewalks shall be constructed in the right of way abutting each lot in accordance with County requirements. Sidewalk shall be four feet wide and four inches thick concrete. Sidewalk shall abut the R/W line or shall continue the existing sidewalk line if different. Sidewalk shall be constructed by purchaser of lot before occupancy of residence constructed on lot or within two years of purchase of lot, whichever is sooner.

7. No structure of a temporary character, trailer, tent, shack, garage, barn or any other out building shall be used on any lot at any time as a residence, either temporarily or permanently. No shell homes shall be permitted.

And the grantor hereby covenants with said grantee that the grantor is lawfully seized of said land in fee simple; that the grantor has good right and lawful authority to sell and convey said land; that the grantor hereby fully warrants the title to said land and will defend the same against the lawful claims of all persons whomsoever; and that said land is free of all encumbrances except taxes accruing subsequent to December 31st of 2003.

8. Any taking by a governmental body that has occurred and is binding on the rights of a purchaser for value without Knowledge.
9. Title being vested other than as stated in Schedule A or being defective
   (a) as a result of the avoidance in whole or in part, or from a court order providing an alternative remedy, of a transfer of all or any part of the title to or any interest in the Land occurring prior to the transaction vesting Title as shown in Schedule A because that prior transfer constituted a fraudulent or preferential transfer under federal bankruptcy, state insolvency, or similar creditors' rights laws; or
   (b) because the instrument of transfer vesting Title as shown in Schedule A constitutes a preferential transfer under federal bankruptcy, state insolvency, or similar creditors' rights laws by reason of the failure of its recording in the Public Records
      (i) to be timely, or
      (ii) to impart notice of its existence to a purchaser for value or to a judgment or lien creditor.
10. Any defect in or lien or encumbrance on the Title or other matter included in Covered Risks 1 through 9 that has been created or attached or has been filed or recorded in the Public Records subsequent to Date of Policy and prior to the recording of the deed or other instrument of transfer in the Public Records that vests Title as shown in Schedule A.

The Company will also pay the costs, attorneys' fees, and expenses incurred in defense of any matter insured against by this Policy, but only to the extent provided in the Conditions.

EXCLUSIONS FROM COVERAGE

The following matters are expressly excluded from the coverage of this policy, and the Company will not pay loss or damage, costs, attorneys' fees, or expenses that arise by reason of:

1. (a) Any law, ordinance, permit, or governmental regulation (including those relating to building and zoning) restricting, regulating, prohibiting, or relating to
      (i) the occupancy, use, or enjoyment of the Land;
      (ii) the character, dimensions, or location of any improvement erected on the Land;
      (iii) the subdivision of land; or
      (iv) environmental protection;
      or the effect of any violation of these laws, ordinances, or governmental regulations. This Exclusion 1(a) does not modify or limit the coverage provided under Covered Risk 5.
   (b) Any governmental police power. This Exclusion 1(b) does not modify or limit the coverage provided under Covered Risk 6.
2. Rights of eminent domain. This Exclusion does not modify or limit the coverage provided under Covered Risk 7 or 8.
3. Defects, liens, encumbrances, adverse claims, or other matters
   (a) created, suffered, assumed, or agreed to by the Insured Claimant;
   (b) not Known to the Company, not recorded in the Public Records at Date of Policy, but Known to the Insured Claimant and not disclosed in writing to the Company by the Insured Claimant prior to the date the Insured Claimant became an Insured under this policy;
   (c) resulting in no loss or damage to the Insured Claimant;
   (d) attaching or created subsequent to Date of Policy; or
   (e) resulting in loss or damage that would not have been sustained if the Insured Claimant had paid value for the Title.
4. Any claim, by reason of the operation of federal bankruptcy, state insolvency, or similar creditors' rights laws, that the transaction vesting the Title as shown in Schedule A, is
   (a) a fraudulent conveyance or fraudulent transfer; or
   (b) a preferential transfer for any reason not stated in Covered Risk 9 of this policy.
5. Any lien on the Title for real estate taxes or assessments imposed by governmental authority and created or attaching between Date of Policy and the date of recording of the deed or other instrument of transfer in the Public Records that vests Title as shown in Schedule A.

CONDITIONS

1. DEFINITION OF TERMS

The following terms when used in this policy mean:

(a) "Amount of Insurance": The amount stated in Schedule A, as may be increased or decreased by endorsement to this policy, increased by Section 8(b), or decreased by Sections 10 and 11 of these Conditions.

(b) "Date of Policy": The date designated as "Date of Policy" in Schedule A.

(c) "Entity": A corporation, partnership, trust, limited liability company, or other similar legal entity.

(d) "Insured": The Insured named in Schedule A.

(i) The term "Insured" also includes

(A) successors to the Title of the Insured by operation of law as distinguished from purchase, including heirs, devisees, survivors, personal representatives, or next of kin;

(B) successors to an Insured by dissolution, merger, consolidation, distribution, or reorganization;

(C) successors to an Insured by its conversion to another kind of Entity;

(D) a grantee of an Insured under a deed delivered without payment of actual valuable consideration conveying the Title

(1) if the stock, shares, memberships, or other equity interests of the grantee are wholly-owned by the named Insured,

(2) if the grantee wholly owns the named Insured,

(3) if the grantee is wholly-owned by an affiliated Entity of the named Insured, provided the affiliated Entity and the named Insured are both wholly-owned by the same person or Entity, or

(4) if the grantee is a trustee or beneficiary of a trust created by a written instrument established by the Insured named in Schedule A for estate planning purposes.

(ii) With regard to (A), (B), (C), and (D) reserving, however, all rights and defenses as to any successor that the Company would have had against any predecessor Insured.

(e) "Insured Claimant": An Insured claiming loss or damage.

(f) "Knowledge" or "Known": Actual knowledge, not constructive knowledge or notice that may be imputed to an Insured by reason of the Public Records or any other records that impart constructive notice of matters affecting the Title.

(g) "Land": The land described in Schedule A, and affixed improvements that by law constitute real property. The term "Land" does not include any property beyond the lines of the area described in Schedule A, nor any right, title, interest, estate, or easement in abutting streets, roads, avenues, alleys, lanes, ways, or waterways, but this does not modify or limit the extent that a right of access to and from the Land is insured by this policy.

(h) "Mortgage": Mortgage, deed of trust, trust deed, or other security instrument, including one evidenced by electronic means authorized by law.

(i) "Public Records": Records established under state statutes at Date of Policy for the purpose of imparting constructive notice of matters relating to real property to purchasers for value and without Knowledge. With respect to Covered Risk 5(d), "Public Records" shall also include environmental protection liens filed in the records of the clerk of the United States District Court for the district where the Land is located.

(j) "Title": The estate or interest described in Schedule A.

(k) "Unmarketable Title": Title affected by an alleged or apparent matter that would permit a prospective purchaser or lessee of the Title or lender on the Title to be released from the obligation to purchase, lease, or lend if there is a contractual condition requiring the delivery of marketable title.

2. CONTINUATION OF INSURANCE

The coverage of this policy shall continue in force as of Date of Policy in favor of an Insured, but only so long as the Insured retains an estate or interest in the Land, or holds an obligation secured by a purchase money Mortgage given by a purchaser from the Insured, or only so long as the Insured shall have liability by reason of warranties in any transfer or conveyance of the Title. This policy shall not continue in force in favor of any purchaser from the Insured of either (i) an estate or interest in the Land, or (ii) an obligation secured by a purchase money Mortgage given to the Insured.

3. NOTICE OF CLAIM TO BE GIVEN BY INSURED CLAIMANT

The Insured shall notify the Company promptly in writing (i) in case of any litigation as set forth in Section 5(a) of these Conditions, (ii) in case Knowledge shall come to an Insured hereunder of any claim of title or interest that is adverse to the Title, as insured, and that might cause loss or damage for which the Company may be liable by virtue of this policy, or (iii) if the Title, as insured, is rejected as Unmarketable Title. If the Company is prejudiced by the failure of the Insured Claimant to provide prompt notice, the Company's liability to the Insured Claimant under the policy shall be reduced to the extent of the prejudice.

4. PROOF OF LOSS

In the event the Company is unable to determine the amount of loss or damage, the Company may, at its option, require as a condition of payment that the Insured Claimant furnish a signed proof of loss. The proof of loss must describe the defect, lien, encumbrance, or other matter insured against by this policy that constitutes the basis of loss or damage and shall state, to the extent possible, the basis of calculating the amount of the loss or damage.

5. DEFENSE AND PROSECUTION OF ACTIONS

(a) Upon written request by the Insured, and subject to the options contained in Section 7 of these Conditions, the Company, at its own cost and without unreasonable delay, shall provide for the defense of an Insured in litigation in which any third party asserts a claim covered by this policy adverse to the Insured. This obligation is limited to only those stated causes of action alleging matters insured against by this policy. The Company shall have the right to select counsel of its choice (subject to the right of the Insured to object for reasonable cause) to represent the Insured as to those stated causes of action. It shall not be liable for and will not pay the fees of any other counsel. The Company will not pay any fees, costs, or expenses incurred by the Insured in the defense of those causes of action that allege matters not insured against by this policy.

(b) The Company shall have the right, in addition to the options contained in Section 7 of these Conditions, at its own cost, to institute and prosecute any action or proceeding or to do any other act that in its opinion may be necessary or desirable to establish the Title, as insured, or to prevent or reduce loss or damage to the Insured. The Company may take any appropriate action under the terms of this policy, whether or not it shall be liable to the Insured. The exercise of these rights shall not be an admission of liability or waiver of any provision of this policy. If the Company exercises its rights under this subsection, it must do so diligently.

(c) Whenever the Company brings an action or asserts a defense as required or permitted by this policy, the Company may pursue the litigation to a final determination by a court of competent jurisdiction, and it expressly reserves the right, in its sole discretion, to appeal any adverse judgment or order.

6. DUTY OF INSURED CLAIMANT TO COOPERATE

(a) In all cases where this policy permits or requires the Company to prosecute or provide for the defense of any action or proceeding and any appeals, the Insured shall secure to the Company the right to so prosecute or provide defense in the action or proceeding, including the right to use, at its option, the name of the Insured for this purpose. Whenever requested by the Company, the Insured, at the Company's expense, shall give the Company all reasonable aid (i) in securing evidence, obtaining witnesses, prosecuting or defending the action or proceeding, or effecting settlement, and (ii) in any other lawful act that in the opinion of the Company may be necessary or desirable to establish the Title or any other matter as insured. If the Company is prejudiced by the failure of the Insured to furnish the required cooperation, the Company's obligations to the Insured under the policy shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation, with regard to the matter or matters requiring such cooperation.

(b) The Company may reasonably require the Insured Claimant to submit to examination under oath by any authorized representative of the Company and to produce for examination, inspection, and copying, at such reasonable times and places as may be designated by the authorized representative of the Company, all records, in whatever medium maintained, including books, ledgers, checks, memoranda, correspondence, reports, e-mails, disks, tapes, and videos whether bearing a date before or after Date of Policy, that reasonably pertain to the loss or damage. Further, if requested by any authorized representative of the Company, the Insured Claimant shall grant its permission, in writing, for any authorized representative of the Company to examine, inspect, and copy all of these records in the custody or control of a third party that reasonably pertain to the loss or damage. All information designated as confidential by the Insured Claimant provided to the Company pursuant to this Section shall not be disclosed to others unless, in the reasonable judgment of the Company, it is necessary in the administration of the claim. Failure of the Insured Claimant to submit for examination under oath, produce any reasonably requested information, or grant permission to secure reasonably necessary information from third parties as required in this subsection, unless prohibited by law or governmental regulation, shall terminate any liability of the Company under this policy as to that claim.

7. OPTIONS TO PAY OR OTHERWISE SETTLE CLAIMS; TERMINATION OF LIABILITY

In case of a claim under this policy, the Company shall have the following additional options:

(a) To Pay or Tender Payment of the Amount of Insurance.

To pay or tender payment of the Amount of Insurance under this policy together with any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment or tender of payment and that the Company is obligated to pay.

Upon the exercise by the Company of this option, all liability and obligations of the Company to the Insured under this policy, other than to make the payment required in this subsection, shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation.

(b) To Pay or Otherwise Settle With Parties Other Than the Insured or With the Insured Claimant.

(i) To pay or otherwise settle with other parties for or in the name of an Insured Claimant any claim insured against under this policy. In addition, the Company will pay any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment and that the Company is obligated to pay; or

(ii) To pay or otherwise settle with the Insured Claimant the loss or damage provided for under this policy, together with any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment and that the Company is obligated to pay.

Upon the exercise by the Company of either of the options provided for in subsections (b)(i) or (ii), the Company's obligations to the Insured under this policy for the claimed loss or damage, other than the payments required to be made, shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation.

8. DETERMINATION AND EXTENT OF LIABILITY

This policy is a contract of indemnity against actual monetary loss or damage sustained or incurred by the Insured Claimant who has suffered loss or damage by reason of matters insured against by this policy.

(a) The extent of liability of the Company for loss or damage under this policy shall not exceed the lesser of

(i) the Amount of Insurance; or

(ii) the difference between the value of the Title as insured and the value of the Title subject to the risk insured against by this policy.

(b) If the Company pursues its rights under Section 5 of these Conditions and is unsuccessful in establishing the Title, as insured,

(i) the Amount of Insurance shall be increased by 10%, and

(ii) the Insured Claimant shall have the right to have the loss or damage determined either as of the date the claim was made by the Insured Claimant or as of the date it is settled and paid.

(c) In addition to the extent of liability under (a) and (b), the Company will also pay those costs, attorneys' fees, and expenses incurred in accordance with Sections 5 and 7 of these Conditions.

9. LIMITATION OF LIABILITY

(a) If the Company establishes the Title, or removes the alleged defect, lien, or encumbrance, or cures the lack of a right of access to or from the Land, or cures the claim of Unmarketable Title, all as insured, in a reasonably diligent manner by any method, including litigation and the completion of any appeals, it shall have fully performed its obligations with respect to that matter and shall not be liable for any loss or damage caused to the Insured.

(b) In the event of any litigation, including litigation by the Company or with the Company's consent, the Company shall have no liability for loss or damage until there has been a final determination by a court of competent jurisdiction, and disposition of all appeals, adverse to the Title, as insured.

(c) The Company shall not be liable for loss or damage to the Insured for liability voluntarily assumed by the Insured in settling any claim or suit without the prior written consent of the Company.

10. REDUCTION OF INSURANCE; REDUCTION OR TERMINATION OF LIABILITY

All payments under this policy, except payments made for costs, attorneys' fees, and expenses, shall reduce the Amount of Insurance by the amount of the payment.

11. LIABILITY NONCUMULATIVE

The Amount of Insurance shall be reduced by any amount the Company pays under any policy insuring a Mortgage to which exception is taken in Schedule B or to which the Insured has agreed, assumed, or taken subject, or which is executed by an Insured after Date of Policy and which is a charge or lien on the Title, and the amount so paid shall be deemed a payment to the Insured under this policy.

12. PAYMENT OF LOSS

When liability and the extent of loss or damage have been definitely fixed in accordance with these Conditions, the payment shall be made within 30 days.

13. RIGHTS OF RECOVERY UPON PAYMENT OR SETTLEMENT

(a) Whenever the Company shall have settled and paid a claim under this policy, it shall be subrogated and entitled to the rights of the Insured Claimant in the Title and all other rights and remedies in respect to the claim that the Insured Claimant has against any person or property, to the extent of the amount of any loss, costs, attorneys' fees, and expenses paid by the Company. If requested by the Company, the Insured Claimant shall execute documents to evidence the transfer to the Company of these rights and remedies. The Insured Claimant shall permit the Company to sue, compromise, or settle in the name of the Insured Claimant and to use the name of the Insured Claimant in any transaction or litigation involving these rights and remedies.

If a payment on account of a claim does not fully cover the loss of the Insured Claimant, the Company shall defer the exercise of its right to recover until after the Insured Claimant shall have recovered its loss.

(b) The Company's right of subrogation includes the rights of the Insured to indemnities, guaranties, other policies of insurance, or bonds, notwithstanding any terms or conditions contained in those instruments that address subrogation rights.

14. ARBITRATION

Unless prohibited by applicable law, arbitration pursuant to the Title Insurance Arbitration Rules of the American Arbitration Association may be demanded if agreed to by both the Company and the Insured at the time of a controversy or claim. Arbitrable matters may include, but are not limited to, any controversy or claim between the Company and the Insured arising out of or relating to this policy, and service of the Company in connection with its issuance or the breach of a policy provision or other obligation. Arbitration pursuant to this policy and under the Rules in effect on the date the demand for arbitration is made, or, at the option of the Insured, the Rules in effect at Date of Policy shall be binding upon the parties. The award may include attorneys' fees only if the laws of the state in which the Land is located permit a court to award attorneys' fees to a prevailing party. Judgment upon the award rendered by the Arbitrator(s) may be entered in any court having jurisdiction thereof.

The law of the situs of the land shall apply to an arbitration under the Title Insurance Arbitration Rules.

A copy of the Rules may be obtained from the Company upon request.

15. LIABILITY LIMITED TO THIS POLICY; POLICY ENTIRE CONTRACT

(a) This policy together with all endorsements, if any, attached to it by the Company is the entire policy and contract between the Insured and the Company. In interpreting any provision of this policy, this policy shall be construed as a whole.

(b) Any claim of loss or damage that arises out of the status of the Title or by any action asserting such claim whether or not based on negligence shall be restricted to this policy.

(c) Any amendment of or endorsement to this policy must be in writing and authenticated by an authorized person, or expressly incorporated by Schedule A of this policy.

(d) Each endorsement to this policy issued at any time is made a part of this policy and is subject to all of its terms and provisions. Except as the endorsement expressly states, it does not (i) modify any of the terms and provisions of the policy, (ii) modify any prior endorsement, (iii) extend the Date of Policy, or (iv) increase the Amount of Insurance.

16. SEVERABILITY

In the event any provision of this policy, in whole or in part, is held invalid or unenforceable under applicable law, the policy shall be deemed not to include that provision or such part held to be invalid, but all other provisions shall remain in full force and effect.

17. CHOICE OF LAW; FORUM

(a) Choice of Law: The Insured acknowledges the Company has underwritten the risks covered by this policy and determined the premium charged therefor in reliance upon the law affecting interests in real property and applicable to the interpretation, rights, remedies, or enforcement of policies of title insurance of the jurisdiction where the Land is located.

Therefore, the court or an arbitrator shall apply the law of the jurisdiction where the Land is located to determine the validity of claims against the Title that are adverse to the Insured and to interpret and enforce the terms of this policy. In neither case shall the court or arbitrator apply its conflicts of law principles to determine the applicable law.

(b) Choice of Forum: Any litigation or other proceeding brought by the Insured against the Company must be filed only in a state or federal court within the United States of America or its territories having appropriate jurisdiction.

ITEM # 2025-630

CITY OF DESTIN

AGENDA ITEM

COUNCIL MEETING DATE: July 7, 2025
TYPE OF AGENDA ITEM: Public Hearing
AGENDA OUTLINE NUMBER: 5.F.

TO: City Council

THRU: Larry Jones , City Manager
Kimberly Kopp, City Attorney

FROM: David Prichard, Community Development Director

DATE: June 27, 2025

SUBJECT: Second reading of Proposed Ordinances 25-04-LC – Amending the official zoning map as referenced in the LDC, Section 7.12.01 (A)2, to include a change in the zoning designation of 3 parcels of real property located within a portion of the area of Beach Drive to Benning Drive, consisting of approximately 8.53 acres, from Medium Density Residential - Village (MDR-V) to Recreation (REC).

I. BACKGROUND: The subject property consists of three (3) lots, totaling approximately 8.53 acres. The lots currently have a zoning designation of Medium Density Residential – Village (MDR-V). The property owner (the City) is proposing to construct a vehicular roadway on the property, which has already been approved by City Council, with the associated plat recorded. This roadway will serve as the final segment of the Destin Crosstown Connector, an east-west corridor. Therefore, the City is proposing to rezone the subject properties from MDR-V to Recreation (REC).

II. DISCUSSION: The subject property consists of the following three (3) parcels, totaling approximately 8.53 acres:

Address and Parcel ID Numbers of Project:

- No Physical Address (00-2S-22-1575-0000-0010)
- No Physical Address (00-2S-22-1575-0000-0020)
- Right-of-Way (00-2S-22-1575-0000-0RW0)

The lots currently have a **Zoning** designation of **Medium Density Residential – Village (MDR-V)**.

On March 3, 2025, the City Council approved the Destin Crosstown Connector Development Order (DO-25-05), which authorized the construction of an east-west vehicular roadway and the associated site infrastructure. Additionally, the Final Plat approval was provided at the regularly scheduled April 7 City Council meeting and was subsequently recorded with Okaloosa County.

The City is now moving forward with the proposed Rezoning and associated FLUM Amendment, which would allow the necessary ROW to be created for the construction of the roadway, with the other two (2) parcels to be rezoned REC for stormwater retention purposes.

COMPREHENSIVE PLAN ANALYSIS:

Comprehensive Plan Policy 12-3.1.2 requires **Future Land Use Map Amendments** to be evaluated using the following criteria:

a. Orderly Development and Land Use Compatibility. Whether, and the extent to which, the proposal would maintain a compatible land use pattern, a smooth transition in the land use, considering the type and location of uses involved, the density, and intensity. Approval of a Comprehensive Plan amendment must be supported by evidence that the change will be consistent with Comprehensive Plan land use policies.

Staff Findings:
The proposed ***REC*** FLUM designation is described as below within the City's Comprehensive Plan –

Policy 1-2.7.2: Recreation (REC). The "REC" land use provides for publicly and privately owned property and facilities, with the intent to promote natural resource enhancement and to promote open spaces around buildings. No permanent or transient residential development is allowed within this FLUM designation. The LDC shall provide specific regulations for managing the development of lands designated "REC."

> ***1. Active recreation areas include beach parks, boat launching facilities, parks, basketball courts, tennis courts, baseball and softball fields, meeting halls and the like. The intensity of development of such sites shall be limited to 75 percent of impervious surface for the site, and be consistent with all setbacks, parking, landscaping, and open space requirements as defined within the LDC. Also, buffering to prevent intrusive noise, light, glare, vibration or other nuisance factors shall be required on all newly developed recreation sites.***
>
> ***2. Passive recreation areas include open spaces, wilderness and wetlands preserves, scenic vistas, parks, and Clement Taylor Park.***
>
> ***3. Development of all locally-owned public recreation facilities within the City shall be reviewed and approved by the City Council prior to development of such site.***

Provided that there are passive recreation areas (open space) incorporated into the civil design plans and that there will be no housing developments able to be located on and/or within any of the parcels described, Staff finds that the proposed Rezone and associated FLUM Amendment from MDR-V to REC is compatible and would result in a major decrease in the density

permitted on the subject properties, while increasing connectivity and safety within the area.

Staff find that the proposed rezone to **REC** maintains a compatible land use pattern, provides a smooth transition in land use, and is consistent with Comprehensive Plan land use policies.

This criterion has been met.

b. Adequate Public Facilities. Approval of a Comprehensive Plan amendment must be supported by evidence that the amendment will not result in public facilities and services exceeding the capacity for such services and facilities existing or programmed, including transportation, utilities, drainage, recreation, education, emergency services and similar necessary facilities and services.

Staff Findings:
The proposed Rezone and associated FLUM Amendment from MDR-V to REC was reviewed by the City's Technical Review Committee (TRC), including the utility and other public service providers. There were no objections provided by any of the reviewers. Also, this roadway project includes the construction of a stormwater retention area which would increase storage capacity of the surrounding area; therefore, Staff find adequate public facilities are available to serve the project.

This criterion has been met.

c. Natural Environment. Whether, and the extent to which, the proposal would result in significantly adverse impacts on the natural environment. An amendment of the Future Land Use Map shall not violate policies within the Comprehensive Plan that protect the natural environment.

Staff Findings:
The existing MDR-V FLUM designation allows for up to 9.90 dwelling units per acre, which would equate to about 44 dwelling units able to be built on these parcels if they were to remain zoned and FLUM designated as MDR-V. By proposing this FLUM Amendment and associated Rezone, there would be no allowable residential development on these parcels, which results in a decrease in density permitted on the subject properties.

Additionally, as stated above, there is a large stormwater retention component associated with the roadway project, which will increase the quality of the surrounding natural environment. Staff have determined that the proposed amendment does not violate any policies within the Comprehensive Plan that protect the natural environment.

This criterion has been met.

d. Economic Effects. Whether, and the extent to which, the proposal would adversely impact private property rights, the general health, safety, and welfare and adversely impact the financial resources of the City.

Staff Findings:
The proposed Rezone and associated FLUM designation is consistent and compatible with the surrounding area. It does not adversely impact private property rights, the general health,

safety, and welfare. Rather, this project will increase connectivity of the surrounding corridors, increase safety for motorists/pedestrians, and improve stormwater storage capacity within the area. The City has already budgeted monies for the project; therefore, the proposed Rezone and associated FLUM Amendment do not adversely impact the financial resources of the City.

This criterion has been met.

e. Public Interest Enabling Act. Whether the proposal would be in conflict with the public interest, and whether it is in harmony with the purpose and intent of the Comprehensive Plan and its enabling legislation. Amendments shall be consistent with the Comprehensive Plan and enabling legislation.

Staff Findings:
The proposed Rezone and associated FLUM Amendment are necessary to complete the Crosstown Connector roadway. As previously stated, this project will increase connectivity, motorist/pedestrian safety, and stormwater capacity. Staff find that the project is consistent and compatible with the surrounding area; therefore, the proposed amendment is in harmony with the purpose and intent of the Comprehensive Plan and its enabling legislation.

This criterion has been met.

f. Special Privileges. Whether the proposed amendment would constitute a grant of special privilege to an individual owner as contrasted with public welfare.

Staff Findings:
The proposed Rezone and associated FLUM Amendment would not constitute a grant of special privilege to an individual owner as contrasted with public welfare. Rather, it is of public benefit to the entire City, providing an alternate east-west vehicular corridor within the City along with a 10' wide sidewalk on both sides of the road.

This criterion has been met.

g. Other Matters. Other matters related to the Comprehensive Plan and conditions since adoption of the plan, which the City may deem appropriate in considering the amendment.

Staff Findings:
Staff find that the proposed Rezone and associated FLUM Amendment does not adversely impact any other matters related to the Comprehensive Plan and conditions since adoption of the plan.

This criterion has been met.

CONDITIONS

1. DEFINITION OF TERMS

The following terms when used in this policy mean:

(a) "Amount of Insurance": The amount stated in Schedule A, as may be increased or decreased by endorsement to this policy, increased by Section 8(b), or decreased by Sections 10 and 11 of these Conditions.

(b) "Date of Policy": The date designated as "Date of Policy" in Schedule A.

(c) "Entity": A corporation, partnership, trust, limited liability company, or other similar legal entity.

(d) "Insured": The Insured named in Schedule A.

(i) The term "Insured" also includes

(A) successors to the Title of the Insured by operation of law as distinguished from purchase, including heirs, devisees, survivors, personal representatives, or next of kin;

(B) successors to an Insured by dissolution, merger, consolidation, distribution, or reorganization;

(C) successors to an Insured by its conversion to another kind of Entity;

(D) a grantee of an Insured under a deed delivered without payment of actual valuable consideration conveying the Title

(1) if the stock, shares, memberships, or other equity interests of the grantee are wholly-owned by the named Insured,

(2) if the grantee wholly owns the named Insured,

(3) if the grantee is wholly-owned by an affiliated Entity of the named Insured, provided the affiliated Entity and the named Insured are both wholly-owned by the same person or Entity, or

(4) if the grantee is a trustee or beneficiary of a trust created by a written instrument established by the Insured named in Schedule A for estate planning purposes.

(ii) With regard to (A), (B), (C), and (D) reserving, however, all rights and defenses as to any successor that the Company would have had against any predecessor Insured.

(e) "Insured Claimant": An Insured claiming loss or damage.

(f) "Knowledge" or "Known": Actual knowledge, not constructive knowledge or notice that may be imputed to an Insured by reason of the Public Records or any other records that impart constructive notice of matters affecting the Title.

(g) "Land": The land described in Schedule A, and affixed improvements that by law constitute real property. The term "Land" does not include any property beyond the lines of the area described in Schedule A, nor any right, title, interest, estate, or easement in abutting streets, roads, avenues, alleys, lanes, ways, or waterways, but this does not modify or limit the extent that a right of access to and from the Land is insured by this policy.

(h) "Mortgage": Mortgage, deed of trust, trust deed, or other security instrument, including one evidenced by electronic means authorized bylaw.

(i) "Public Records": Records established under state statutes at Date of Policy for the purpose of imparting constructive notice of matters relating to real property to purchasers for value and without Knowledge. With respect to Covered Risk 5(d), "Public Records" shall also include environmental protection liens filed in the records of the clerk of the United States District Court for the district where the Land is located.

(j) "Title": The estate or interest described in Schedule A.

(k) "Unmarketable Title": Title affected by an alleged or apparent matter that would permit a prospective purchaser or lessee of the Title or lender on the Title to be released from the obligation to purchase, lease, or lend if there is a contractual condition requiring delivery of marketable title.

2. CONTINUATION OF INSURANCE

The coverage of this policy shall continue in force as of Date of Policy in favor of an Insured, but only so long as the Insured retains an estate or interest in the Land, or holds an obligation secured by a purchase money Mortgage given by a purchaser from the Insured, or only so long as the Insured shall have liability by reason of warranties in any transfer or conveyance of the Title. This policy shall not continue in force in favor of any purchaser from the Insured of either (i) an estate or interest in the Land, or (ii) an obligation secured by a purchase money Mortgage given to the Insured.

3. NOTICE OF CLAIM TO BE GIVEN BY INSURED CLAIMANT

The Insured shall notify the Company promptly in writing (i) in case of any litigation as set forth in Section 5(a) of these Conditions, (ii) in case Knowledge shall come to an Insured hereunder of any claim of title or interest that is adverse to the Title, as insured, and that might cause loss or damage for which the Company may be liable by virtue of this policy, or (iii) if the Title, as insured, is rejected as Unmarketable Title. If the Company is prejudiced by the failure of the Insured Claimant to provide prompt notice, the Company's liability to the Insured Claimant under the policy shall be reduced to the extent of the prejudice.

4. PROOF OF LOSS

In the event the Company is unable to determine the amount of loss or damage, the Company may, at its option, require as a condition of payment that the Insured Claimant furnish a signed proof of loss. The proof of loss must describe the defect, lien, encumbrance, or other matter insured against by this policy that constitutes the basis of loss or damage and shall state, to the extent possible, the basis of calculating the amount of the loss or damage.

5. DEFENSE AND PROSECUTION OF ACTIONS

(a) Upon written request by the Insured, and subject to the options contained in Section 7 of these Conditions, the Company, at its own cost and without unreasonable delay, shall provide for the defense of an Insured in litigation in which any third party asserts a claim covered by this policy adverse to the Insured. This obligation is limited to only those stated causes of action alleging matters insured against by this policy. The Company shall have the right to select counsel of its choice (subject to the right of the Insured to object for reasonable cause) to represent the Insured as to those stated causes of action. It shall not be liable for and will not pay the fees of any other counsel. The Company will not pay any fees, costs, or expenses incurred by the Insured in the defense of those causes of action that allege matters not insured against by this policy.

(b) The Company shall have the right, in addition to the options contained in Section 7 of these Conditions, at its own cost, to institute and prosecute any action or proceeding or to do any

other act that in its opinion may be necessary or desirable to establish the Title, as insured, or to prevent or reduce loss or damage to the Insured. The Company may take any appropriate action under the terms of this policy, whether or not it shall be liable to the Insured. The exercise of these rights shall not be an admission of liability or waiver of any provision of this policy. If the Company exercises its rights under this subsection, it must do so diligently.

(c) Whenever the Company brings an action or asserts a defense as required or permitted by this policy, the Company may pursue the litigation to a final determination by a court of competent jurisdiction, and it expressly reserves the right, in its sole discretion, to appeal any adverse judgment or order.

6. DUTY OF INSURED CLAIMANT TO COOPERATE

(a) In all cases where this policy permits or requires the Company to prosecute or provide for the defense of any action or proceeding and any appeals, the Insured shall secure to the Company the right to so prosecute or provide defense in the action or proceeding, including the right to use, at its option, the name of the Insured for this purpose. Whenever requested by the Company, the Insured, at the Company's expense, shall give the Company all reasonable aid (i) in securing evidence, obtaining witnesses, prosecuting or defending the action or proceeding, or effecting settlement, and (ii) in any other lawful act that in the opinion of the Company may be necessary or desirable to establish the Title or any other matter as insured. If the Company is prejudiced by the failure of the Insured to furnish the required cooperation, the Company's obligations to the Insured under the policy shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation, with regard to the matter or matters requiring such cooperation.

(b) The Company may reasonably require the Insured Claimant to submit to examination under oath by any authorized representative of the Company and to produce for examination, inspection, and copying, at such reasonable times and places as may be designated by the authorized representative of the Company, all records, in whatever medium maintained, including books, ledgers, checks, memoranda, correspondence, reports, e-mails, disks, tapes, and videos whether bearing a date before or after Date of Policy, that reasonably pertain to the loss or damage. Further, if requested by any authorized representative of the Company, the Insured Claimant shall grant its permission, in writing, for any authorized representative of the Company to examine, inspect, and copy all of these records in the custody or control of a third party that reasonably pertain to the loss or damage. All information designated as confidential by the Insured Claimant provided to the Company pursuant to this Section shall not be disclosed to others unless, in the reasonable judgment of the Company, it is necessary in the administration of the claim. Failure of the Insured Claimant to submit for examination under oath, produce any reasonably requested information, or grant permission to secure reasonably necessary information from third parties as required in this subsection, unless prohibited by law or governmental regulation, shall terminate any liability of the Company under this policy as to that claim.

7. OPTIONS TO PAY OR OTHERWISE SETTLE CLAIMS; TERMINATION OF LIABILITY

In case of a claim under this policy, the Company shall have the following additional options:

(a) To Pay or Tender Payment of the Amount of Insurance. To pay or tender payment of the Amount of Insurance under this policy together with any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment or tender of payment and that the Company is obligated to pay.

Upon the exercise by the Company of this option, all liability and obligations of the Company to the Insured under this policy, other than to make the payment required in this subsection, shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation.

(b) To Pay or Otherwise Settle With Parties Other Than the Insured or With the Insured Claimant.

(i) to pay or otherwise settle with other parties for or in the name of an Insured Claimant any claim insured against under this policy. In addition, the Company will pay any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment and that the Company is obligated to pay; or

(ii) to pay or otherwise settle with the Insured Claimant the loss or damage provided for under this policy, together with any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment and that the Company is obligated to pay.

Upon the exercise by the Company of either of the options provided for in subsections (b)(i) or (ii), the Company's obligations to the Insured under this policy for the claimed loss or damage, other than the payments required to be made, shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation.

8. DETERMINATION AND EXTENT OF LIABILITY

This policy is a contract of indemnity against actual monetary loss or damage sustained or incurred by the Insured Claimant who has suffered loss or damage by reason of matters insured against by this policy.

(a) The extent of liability of the Company for loss or damage under this policy shall not exceed the lesser of

(i) the Amount of Insurance; or

(ii) the difference between the value of the Title as insured and the value of the Title subject to the risk insured against by this policy.

(b) If the Company pursues its rights under Section 5 of these Conditions and is unsuccessful in establishing the Title, as insured,

(i) the Amount of Insurance shall be increased by 10%, and

(ii) the Insured Claimant shall have the right to have the loss or damage determined either as of the date the claim was made by the Insured Claimant or as of the date it is settled and paid.

(c) In addition to the extent of liability under (a) and (b), the Company will also pay those costs, attorneys' fees, and expenses incurred in accordance with Sections 5 and 7 of these Conditions.

9. LIMITATION OF LIABILITY

(a) If the Company establishes the Title, or removes the alleged defect, lien, or encumbrance, or cures the lack of a right of access to or from the Land, or cures the claim of Unmarketable Title, all as insured, in a reasonably diligent manner by any method, including litigation and the completion of any appeals, it shall have fully performed its obligations with respect to that matter and shall not be liable for any loss or damage caused to the Insured.

(b) In the event of any litigation, including litigation by the Company or with the Company's consent, the Company shall have no liability for loss or damage until there has been a final determination by a court of competent jurisdiction, and disposition of all appeals, adverse to the Title, as insured.

(c) The Company shall not be liable for loss or damage to the Insured for liability voluntarily assumed by the Insured in settling any claim or suit without the prior written consent of the Company.

10. REDUCTION OF INSURANCE; REDUCTION OR TERMINATION OF LIABILITY

All payments under this policy, except payments made for costs, attorneys' fees, and expenses, shall reduce the Amount of Insurance by the amount of the payment.

11. LIABILITY NONCUMULATIVE

The Amount of Insurance shall be reduced by any amount the Company pays under any policy insuring a Mortgage to which exception is taken in Schedule B or to which the Insured has agreed, assumed, or taken subject, or which is executed by an Insured after Date of Policy and which is a charge or lien on the Title, and the amount so paid shall be deemed a payment to the Insured under this policy.

12. PAYMENT OF LOSS

When liability and the extent of loss or damage have been definitely fixed in accordance with these Conditions, the payment shall be made within 30 days.

13. RIGHTS OF RECOVERY UPON PAYMENT OR SETTLEMENT

(a) Whenever the Company shall have settled and paid a claim under this policy, it shall be subrogated and entitled to the rights of the Insured Claimant in the Title and all other rights and remedies in respect to the claim that the Insured Claimant has against any person or property, to the extent of the amount of any loss, costs, attorneys' fees, and expenses paid by the Company. If requested by the Company, the Insured Claimant shall execute documents to evidence the transfer to the Company of these rights and remedies. The Insured Claimant shall permit the Company to sue, compromise, or settle in the name of the Insured Claimant and to use the name of the Insured Claimant in any transaction or litigation involving these rights and remedies.

If a payment on account of a claim does not fully cover the loss of the Insured Claimant, the Company shall defer the exercise of its right to recover until after the Insured Claimant shall have recovered its loss.

(b) The Company's right of subrogation includes the rights of the Insured to indemnities, guaranties, other policies of insurance, or bonds, notwithstanding any terms or conditions contained in those instruments that address subrogation rights.

14. ARBITRATION

Unless prohibited by applicable law, arbitration pursuant to the Title Insurance Arbitration Rules of the American Arbitration Association may be demanded if agreed to by both the Company and the Insured at the time of a controversy or claim. Arbitrable matters may include, but are not limited to, any controversy or claim between the Company and the Insured arising out of or relating to this policy, and service of the Company in connection with its issuance or the breach of a policy provision or other obligation. Arbitration pursuant to this policy and under the Rules in effect on the date the demand for arbitration is made or, at the option of the Insured, the Rules in effect at Date of Policy shall be binding upon the parties. The award may include attorneys' fees only if the laws of the state in which the Land is located permit a court to award attorneys' fees to a prevailing party. Judgment upon the award rendered by the Arbitrator(s) may be entered in any court having jurisdiction thereof.

The law of the situs of the land shall apply to an arbitration under the Title Insurance Arbitration Rules.

A copy of the Rules may be obtained from the Company upon request.

15. LIABILITY LIMITED TO THIS POLICY; POLICY ENTIRE CONTRACT

(a) This policy together with all endorsements, if any, attached to it by the Company is the entire policy and contract between the Insured and the Company. In interpreting any provision of this policy, this policy shall be construed as a whole.

(b) Any claim of loss or damage that arises out of the status of the Title or by any action asserting such claim whether or not based on negligence shall be restricted to this policy.

(c) Any amendment of or endorsement to this policy must be in writing and authenticated by an authorized person, or expressly incorporated by Schedule A of this policy.

(d) Each endorsement to this policy issued at any time is made a part of this policy and is subject to all of its terms and provisions. Except as the endorsement expressly states, it does not (i) modify any of the terms and provisions of the policy, (ii) modify any prior endorsement, (iii) extend the Date of Policy, or (iv) increase the Amount of Insurance.

16. SEVERABILITY

In the event any provision of this policy, in whole or in part, is held invalid or unenforceable under applicable law, the policy shall be deemed not to include that provision or such part held to be invalid, but all other provisions shall remain in full force and effect.

17. CHOICE OF LAW; FORUM

(a) Choice of Law: The Insured acknowledges the Company has underwritten the risks covered by this policy and determined the premium charged therefor in reliance upon the law affecting interests in real property and applicable to the interpretation, rights, remedies, or enforcement of policies of title insurance of the jurisdiction where the Land is located.

Therefore, the court or an arbitrator shall apply the law of the jurisdiction where the Land is located to determine the validity of claims against the Title that are adverse to the Insured and to interpret and enforce the terms of this policy. In neither case shall the court or arbitrator apply its conflicts of law principles to determine the applicable law.

(b) Choice of Forum: Any litigation or other proceeding brought by the Insured against the Company must be filed only in a state or federal court within the United States of America or its territories having appropriate jurisdiction.

2. CONTINUATION OF COVERAGE

This policy continues as of the Date of Policy in favor of an Insured, so long as the Insured:

a. retains an estate or interest in the Land;

b. owns an obligation secured by a purchase money Mortgage given by a purchaser from the Insured; or

c. has liability for warranties given by the Insured in any transfer or conveyance of the Insured's Title.

Except as provided in Condition 2, this policy terminates and ceases to have any further force or effect after the Insured conveys the Title. This policy does not continue in force or effect in favor of any person or entity that is not the Insured and acquires the Title or an obligation secured by a purchase money Mortgage given to the Insured.

3. NOTICE OF CLAIM TO BE GIVEN BY INSURED CLAIMANT

The Insured must notify the Company promptly in writing if the Insured has Knowledge of:

a. any litigation or other matter for which the Company may be liable under this policy; or

b. any rejection of the Title as Unmarketable Title.

If the Company is prejudiced by the failure of the Insured Claimant to provide prompt notice, the Company's liability to the Insured Claimant under this policy is reduced to the extent of the prejudice.

4. PROOF OF LOSS

The Company may, at its option, require as a condition of payment that the Insured Claimant furnish a signed proof of loss. The proof of loss must describe the defect, lien, encumbrance, adverse claim, or other matter insured against by this policy that constitutes the basis of loss or damage and must state, to the extent possible, the basis of calculating the amount of the loss or damage.

5. DEFENSE AND PROSECUTION OF ACTIONS

a. Upon written request by the Insured and subject to the options contained in Condition 7, the Company, at its own cost and without unreasonable delay, will provide for the defense of an Insured in litigation in which any third party asserts a claim covered by this policy adverse to the Insured. This obligation is limited to only those stated causes of action alleging matters insured against by this policy. The Company has the right to select counsel of its choice (subject to the right of the Insured to object for reasonable cause) to represent the Insured as to those covered causes of action. The Company is not liable for and will not pay the fees of any other counsel. The Company will not pay any fees, costs, or expenses incurred by the Insured in the defense of any cause of action that alleges matters not insured against by this policy.

b. The Company has the right, in addition to the options contained in Condition 7, at its own cost, to institute and prosecute any action or proceeding or to do any other act that, in its opinion, may be necessary or desirable to establish the Title, as insured, or to prevent or reduce loss or damage to the Insured. The Company may take any appropriate action under the terms of this policy,

whether or not it is liable to the Insured. The Company's exercise of these rights is not an admission of liability or waiver of any provision of this policy. If the Company exercises its rights under Condition 5.b., it must do so diligently.

c. When the Company brings an action or asserts a defense as required or permitted by this policy, the Company may pursue the litigation to a final determination by a court having jurisdiction. The Company reserves the right, in its sole discretion, to appeal any adverse judgment or order.

6. DUTY OF INSURED CLAIMANT TO COOPERATE

a. When this policy permits or requires the Company to prosecute or provide for the defense of any action or proceeding and any appeals, the Insured will secure to the Company the right to prosecute or provide defense in the action or proceeding, including the right to use, at its option, the name of the Insured for this purpose.

When requested by the Company, the Insured, at the Company's expense, must give the Company all reasonable aid in:

i. securing evidence, obtaining witnesses, prosecuting or defending the action or proceeding, or effecting settlement; and

ii. any other lawful act that in the opinion of the Company may be necessary or desirable to establish the Title or any other matter, as insured.

If the Company is prejudiced by any failure of the Insured to furnish the required cooperation, the Company's liability and obligations to the Insured under this policy terminate, including any obligation to defend, prosecute, or continue any litigation, regarding the matter requiring such cooperation.

b. The Company may reasonably require the Insured Claimant to submit to examination under oath by any authorized representative of the Company and to produce for examination, inspection, and copying, at such reasonable times and places as may be designated by the authorized representative of the Company, all records, in whatever medium maintained, including books, ledgers, checks, memoranda, correspondence, reports, e-mails, disks, tapes, and videos, whether bearing a date before or after the Date of Policy, that reasonably pertain to the loss or damage. Further, if requested by any authorized representative of the Company, the Insured Claimant must grant its permission, in writing, for any authorized representative of the Company to examine, inspect, and copy all the records in the custody or control of a third party that reasonably pertain to the loss or damage. No information designated in writing as confidential by the Insured Claimant provided to the Company pursuant to Condition 6 will be later disclosed to others unless, in the reasonable judgment of the Company, disclosure is necessary in the administration of the claim or required by law. Any failure of the Insured Claimant to submit for examination under oath, produce any reasonably requested information, or grant permission to secure reasonably necessary information from third parties as required in Condition 6.b., unless prohibited by law, terminates any liability of the Company under this policy as to that claim.

7. OPTIONS TO PAY OR OTHERWISE SETTLE CLAIMS; TERMINATION OF LIABILITY

In case of a claim under this policy, the Company has the following additional options:

a. *To Pay or Tender Payment of the Amount of Insurance*

To pay or tender payment of the Amount of Insurance under this policy. In addition, the Company will pay any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment or tender of payment and that the Company is obligated to pay.

Upon the exercise by the Company of this option provided for in Condition 7.a., the Company's liability and obligations to the Insured under this policy terminate, including any obligation to defend, prosecute, or continue any litigation.

b. *To Pay or Otherwise Settle with Parties other than the Insured or with the Insured Claimant*

i. To pay or otherwise settle with parties other than the Insured for or in the name of the Insured Claimant. In addition, the Company will pay any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment and that the Company is obligated to pay; or

ii. To pay or otherwise settle with the Insured Claimant the loss or damage provided for under this policy. In addition, the Company will pay any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to

the time of payment and that the Company is obligated to pay.

Upon the exercise by the Company of either option provided for in Condition 7.b., the Company's liability and obligations to the Insured under this policy for the claimed loss or damage terminate, including any obligation to defend, prosecute, or continue any litigation.

8. CONTRACT OF INDEMNITY; DETERMINATION AND EXTENT OF LIABILITY

This policy is a contract of indemnity against actual monetary loss or damage sustained or incurred by an Insured Claimant who has suffered loss or damage by reason of matters insured against by this policy. This policy is not an abstract of the Title, report of the condition of the Title, legal opinion, opinion of the Title, or other representation of the status of the Title. All claims asserted under this policy are based in contract and are restricted to the terms and provisions of this policy. The Company is not liable for any claim alleging negligence or negligent misrepresentation arising from or in connection with this policy or the determination of the insurability of the Title.

a. The extent of liability of the Company for loss or damage under this policy does not exceed the lesser of:
   i. the Amount of Insurance; or
   ii. the difference between the fair market value of the Title, as insured, and the fair market value of the Title subject to the matter insured against by this policy.

b. Except as provided in Condition 8.c. or 8.d., the fair market value of the Title in Condition 8.a.ii. is calculated using the date the Insured discovers the defect, lien, encumbrance, adverse claim, or other matter insured against by this policy.

c. If, at the Date of Policy, the Title to all of the Land is void by reason of a matter insured against by this policy, then the Insured Claimant may, by written notice given to the Company, elect to use the Date of Policy as the date for calculating the fair market value of the Title in Condition 8.a.ii.

d. If the Company pursues its rights under Condition 5.b. and is unsuccessful in establishing the Title, as insured:
   i. the Amount of Insurance will be increased by 15%; and
   ii. the Insured Claimant may, by written notice given to the Company, elect, as an alternative to the dates set forth in Condition 8.b. or, if it applies, 8.c., to use either the date the settlement, action, proceeding, or other act described in Condition 5.b. is concluded or the date the notice of claim required by Condition 3 is received by the Company as the date for calculating the fair market value of the Title in Condition 8.a.ii.

e. In addition to the extent of liability for loss or damage under Conditions 8.a. and 8.d., the Company will also pay the costs, attorneys' fees, and expenses incurred in accordance with Conditions 5 and 7.

9. LIMITATION OF LIABILITY

a. The Company fully performs its obligations and is not liable for any loss or damage caused to the Insured if the Company accomplishes any of the following in a reasonable manner:
   i. removes the alleged defect, lien, encumbrance, adverse claim, or other matter;
   ii. cures the lack of a right of access to and from the Land; or
   iii. cures the claim of Unmarketable Title,

   all as insured. The Company may do so by any method, including litigation and the completion of any appeals.

b. The Company is not liable for loss or damage arising out of any litigation, including litigation by the Company or with the Company's consent, until a State or federal court having jurisdiction makes a final, non-appealable determination adverse to the Title.

c. The Company is not liable for loss or damage to the Insured for liability voluntarily assumed by the Insured in settling any claim or suit without the prior written consent of the Company.

d. The Company is not liable for the content of the Transaction Identification Data, if any.

10. REDUCTION OR TERMINATION OF INSURANCE

All payments under this policy, except payments made for costs, attorneys' fees, and expenses, reduce the Amount of Insurance by the amount of the payment.

11. LIABILITY NONCUMULATIVE

The Amount of Insurance will be reduced by any amount the Company pays under any policy insuring a

Mortgage to which exception is taken in Schedule B or to which the Insured has agreed, assumed, or taken subject, or which is executed by an Insured after the Date of Policy and which is a charge or lien on the Title, and the amount so paid will be deemed a payment to the Insured under this policy.

12. PAYMENT OF LOSS

When liability and the extent of loss or damage are determined in accordance with the Conditions, the Company will pay the loss or damage within 30 days.

13. COMPANY'S RECOVERY AND SUBROGATION RIGHTS UPON SETTLEMENT AND PAYMENT

a. If the Company settles and pays a claim under this policy, it is subrogated and entitled to the rights and remedies of the Insured Claimant in the Title and all other rights and remedies in respect to the claim that the Insured Claimant has against any person, entity, or property to the fullest extent permitted by law, but limited to the amount of any loss, costs, attorneys' fees, and expenses paid by the Company. If requested by the Company, the Insured Claimant must execute documents to transfer these rights and remedies to the Company. The Insured Claimant permits the Company to sue, compromise, or settle in the name of the Insured Claimant and to use the name of the Insured Claimant in any transaction or litigation involving these rights and remedies.

b. If a payment on account of a claim does not fully cover the loss of the Insured Claimant, the Company defers the exercise of its subrogation right until after the Insured Claimant fully recovers its loss.

c. The Company's subrogation right includes the Insured's rights to indemnity, guaranty, warranty, insurance policy, or bond, despite any provision in those instruments that addresses recovery or subrogation rights.

14. POLICY ENTIRE CONTRACT

a. This policy together with all endorsements, if any, issued by the Company is the entire policy and contract between the Insured and the Company. In interpreting any provision of this policy, this policy will be construed as a whole. This policy and any endorsement to this policy may be evidenced by electronic means authorized by law.

b. Any amendment of this policy must be by a written endorsement issued by the Company. To the extent any term or provision of an endorsement is inconsistent with any term or provision of this policy, the term or provision of the endorsement controls. Unless the endorsement expressly states, it does not:

   i. modify any prior endorsement,
   ii. extend the Date of Policy,
   iii. insure against loss or damage exceeding the Amount of Insurance, or
   iv. increase the Amount of Insurance.

15. SEVERABILITY

In the event any provision of this policy, in whole or in part, is held invalid or unenforceable under applicable law, this policy will be deemed not to include that provision or the part held to be invalid, but all other provisions will remain in full force and effect.

16. CHOICE OF LAW AND CHOICE OF FORUM

a. *Choice of Law*

The Company has underwritten the risks covered by this policy and determined the premium charged in reliance upon the State law affecting interests in real property and the State law applicable to the interpretation, rights, remedies, or enforcement of policies of title insurance of the State where the Land is located.

The State law of the State where the Land is located, or to the extent it controls, federal law, will determine the validity of claims against the Title and the interpretation and enforcement of the terms of this policy, without regard to conflicts of law principles to determine the applicable law.

b. *Choice of Forum*

Any litigation or other proceeding brought by the Insured against the Company must be filed only in a State or federal court having jurisdiction.

2. CONTINUATION OF COVERAGE

This policy continues as of the Date of Policy in favor of an Insured, so long as the Insured:
a. retains an estate or interest in the Land;
b. owns an obligation secured by a purchase money Mortgage given by a purchaser from the Insured; or
c. has liability for warranties given by the Insured in any transfer or conveyance of the Insured's Title.

Except as provided in Condition 2, this policy terminates and ceases to have any further force or effect after the Insured conveys the Title. This policy does not continue in force or effect in favor of any person or entity that is not the Insured and acquires the Title or an obligation secured by a purchase money Mortgage given to the Insured.

3. NOTICE OF CLAIM TO BE GIVEN BY INSURED CLAIMANT

The Insured must notify the Company promptly in writing if the Insured has Knowledge of:
a. any litigation or other matter for which the Company may be liable under this policy; or
b. any rejection of the Title as Unmarketable Title.

If the Company is prejudiced by the failure of the Insured Claimant to provide prompt notice, the Company's liability to the Insured Claimant under this policy is reduced to the extent of the prejudice.

4. PROOF OF LOSS

The Company may, at its option, require as a condition of payment that the Insured Claimant furnish a signed proof of loss. The proof of loss must describe the defect, lien, encumbrance, adverse claim, or other matter insured against by this policy that constitutes the basis of loss or damage and must state, to the extent possible, the basis of calculating the amount of the loss or damage.

5. DEFENSE AND PROSECUTION OF ACTIONS

a. Upon written request by the Insured and subject to the options contained in Condition 7, the Company, at its own cost and without unreasonable delay, will provide for the defense of an Insured in litigation in which any third party asserts a claim covered by this policy adverse to the Insured. This obligation is limited to only those stated causes of action alleging matters insured against by this policy. The Company has the right to select counsel of its choice (subject to the right of the Insured to object for reasonable cause) to represent the Insured as to those covered causes of action. The Company is not liable for and will not pay the fees of any other counsel. The Company will not pay any fees, costs, or expenses incurred by the Insured in the defense of any cause of action that alleges matters not insured against by this policy.
b. The Company has the right, in addition to the options contained in Condition 7, at its own cost, to institute and prosecute any action or proceeding or to do any other act that, in its opinion, may be

necessary or desirable to establish the Title, as insured, or to prevent or reduce loss or damage to the Insured. The Company may take any appropriate action under the terms of this policy, whether or not it is liable to the Insured. The Company's exercise of these rights is not an admission of liability or waiver of any provision of this policy. If the Company exercises its rights under Condition 5.b., it must do so diligently.

c. When the Company brings an action or asserts a defense as required or permitted by this policy, the Company may pursue the litigation to a final determination by a court having jurisdiction. The Company reserves the right, in its sole discretion, to appeal any adverse judgment or order.

6. DUTY OF INSURED CLAIMANT TO COOPERATE

a. When this policy permits or requires the Company to prosecute or provide for the defense of any action or proceeding and any appeals, the Insured will secure to the Company the right to prosecute or provide defense in the action or proceeding, including the right to use, at its option, the name of the Insured for this purpose.

When requested by the Company, the Insured, at the Company's expense, must give the Company all reasonable aid in:

i. securing evidence, obtaining witnesses, prosecuting or defending the action or proceeding, or effecting settlement; and

ii. any other lawful act that in the opinion of the Company may be necessary or desirable to establish the Title or any other matter, as insured.

If the Company is prejudiced by any failure of the Insured to furnish the required cooperation, the Company's liability and obligations to the Insured under this policy terminate, including any obligation to defend, prosecute, or continue any litigation, regarding the matter requiring such cooperation.

b. The Company may reasonably require the Insured Claimant to submit to examination under oath by any authorized representative of the Company and to produce for examination, inspection, and copying, at such reasonable times and places as may be designated by the authorized representative of the Company, all records, in whatever medium maintained, including books, ledgers, checks, memoranda, correspondence, reports, e-mails, disks, tapes, and videos, whether bearing a date before or after the Date of Policy, that reasonably pertain to the loss or damage. Further, if requested by any authorized representative of the Company, the Insured Claimant must grant its permission, in writing, for any authorized representative of the Company to examine, inspect, and copy all the records in the custody or control of a third party that reasonably pertain to the loss or damage. No information designated in writing as confidential by the Insured Claimant provided to the Company pursuant to Condition 6 will be later disclosed to others unless, in the reasonable judgment of the Company, disclosure is necessary in the administration of the claim or required by law. Any failure of the Insured Claimant to submit for examination under oath, produce any reasonably requested information, or grant permission to secure reasonably necessary information from third parties as required in Condition 6.b., unless prohibited by law, terminates any liability of the Company under this policy as to that claim.

7. OPTIONS TO PAY OR OTHERWISE SETTLE CLAIMS; TERMINATION OF LIABILITY

In case of a claim under this policy, the Company has the following additional options:

a. *To Pay or Tender Payment of the Amount of Insurance*

To pay or tender payment of the Amount of Insurance under this policy. In addition, the Company will pay any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment or tender of payment and that the Company is obligated to pay. Upon the exercise by the Company of this option provided for in Condition 7.a., the Company's liability and obligations to the Insured under this policy terminate, including any obligation to defend, prosecute, or continue any litigation.

b. *To Pay or Otherwise Settle with Parties other than the Insured or with the Insured Claimant*

i. To pay or otherwise settle with parties other than the Insured for or in the name of the Insured Claimant. In addition, the Company will pay any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment and that the Company is obligated to pay; or

ii. To pay or otherwise settle with the Insured Claimant the loss or damage provided for under this policy. In addition, the Company will pay any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment and that the Company is obligated to pay.

Upon the exercise by the Company of either option provided for in Condition 7.b., the Company's liability and obligations to the Insured under this policy for the claimed loss or damage terminate, including any obligation to defend, prosecute, or continue any litigation.

8. CONTRACT OF INDEMNITY; DETERMINATION AND EXTENT OF LIABILITY

This policy is a contract of indemnity against actual monetary loss or damage sustained or incurred by an Insured Claimant who has suffered loss or damage by reason of matters insured against by this policy. This policy is not an abstract of the Title, report of the condition of the Title, legal opinion, opinion of the Title, or other representation of the status of the Title. All claims asserted under this policy are based in contract and are restricted to the terms and provisions of this policy. The Company is not liable for any claim alleging negligence or negligent misrepresentation arising from or in connection with this policy or the determination of the insurability of the Title.

a. The extent of liability of the Company for loss or damage under this policy does not exceed the lesser of:
   i. the Amount of Insurance; or
   ii. the difference between the fair market value of the Title, as insured, and the fair market value of the Title subject to the matter insured against by this policy.
b. Except as provided in Condition 8.c. or 8.d., the fair market value of the Title in Condition 8.a.ii. is calculated using the date the Insured discovers the defect, lien, encumbrance, adverse claim, or other matter insured against by this policy.
c. If, at the Date of Policy, the Title to all of the Land is void by reason of a matter insured against by this policy, then the Insured Claimant may, by written notice given to the Company, elect to use the Date of Policy as the date for calculating the fair market value of the Title in Condition 8.a.ii.
d. If the Company pursues its rights under Condition 5.b. and is unsuccessful in establishing the Title, as insured:
   i. the Amount of Insurance will be increased by 15%; and
   ii. the Insured Claimant may, by written notice given to the Company, elect, as an alternative to the dates set forth in Condition 8.b. or, if it applies, 8.c., to use either the date the settlement, action, proceeding, or other act described in Condition 5.b. is concluded or the date the notice of claim required by Condition 3 is received by the Company as the date for calculating the fair market value of the Title in Condition 8.a.ii.
e. In addition to the extent of liability for loss or damage under Conditions 8.a. and 8.d., the Company will also pay the costs, attorneys' fees, and expenses incurred in accordance with Conditions 5 and 7.

9. LIMITATION OF LIABILITY

a. The Company fully performs its obligations and is not liable for any loss or damage caused to the Insured if the Company accomplishes any of the following in a reasonable manner:
   i. removes the alleged defect, lien, encumbrance, adverse claim, or other matter;
   ii. cures the lack of a right of access to and from the Land; or
   iii. cures the claim of Unmarketable Title,

   all as insured. The Company may do so by any method, including litigation and the completion of any appeals.
b. The Company is not liable for loss or damage arising out of any litigation, including litigation by the Company or with the Company's consent, until a State or federal court having jurisdiction makes a final, non-appealable determination adverse to the Title.
c. The Company is not liable for loss or damage to the Insured for liability voluntarily assumed by the Insured in settling any claim or suit without the prior written consent of the Company.
d. The Company is not liable for the content of the Transaction Identification Data, if any.

10. REDUCTION OR TERMINATION OF INSURANCE
All payments under this policy, except payments made for costs, attorneys' fees, and expenses, reduce the Amount of Insurance by the amount of the payment.

11. LIABILITY NONCUMULATIVE
The Amount of Insurance will be reduced by any amount the Company pays under any policy insuring a Mortgage to which exception is taken in Schedule B or to which the Insured has agreed, assumed, or taken subject, or which is executed by an Insured after the Date of Policy and which is a charge or lien on the Title, and the amount so paid will be deemed a payment to the Insured under this policy.

12. PAYMENT OF LOSS
When liability and the extent of loss or damage are determined in accordance with the Conditions, the Company will pay the loss or damage within 30 days.

13. COMPANY'S RECOVERY AND SUBROGATION RIGHTS UPON SETTLEMENT AND PAYMENT

a. If the Company settles and pays a claim under this policy, it is subrogated and entitled to the rights and remedies of the Insured Claimant in the Title and all other rights and remedies in respect to the claim that the Insured Claimant has against any person, entity, or property to the fullest extent permitted by law, but limited to the amount of any loss, costs, attorneys' fees, and expenses paid by the Company. If requested by the Company, the Insured Claimant must execute documents to transfer these rights and remedies to the Company. The Insured Claimant permits the Company to sue, compromise, or settle in the name of the Insured Claimant and to use the name of the Insured Claimant in any transaction or litigation involving these rights and remedies.

b. If a payment on account of a claim does not fully cover the loss of the Insured Claimant, the Company defers the exercise of its subrogation right until after the Insured Claimant fully recovers its loss.

c. The Company's subrogation right includes the Insured's rights to indemnity, guaranty, warranty, insurance policy, or bond, despite any provision in those instruments that addresses recovery or subrogation rights.

14. POLICY ENTIRE CONTRACT

a. This policy together with all endorsements, if any, issued by the Company is the entire policy and contract between the Insured and the Company. In interpreting any provision of this policy, this policy will be construed as a whole. This policy and any endorsement to this policy may be evidenced by electronic means authorized by law.

b. Any amendment of this policy must be by a written endorsement issued by the Company. To the extent any term or provision of an endorsement is inconsistent with any term or provision of this policy, the term or provision of the endorsement controls. Unless the endorsement expressly states, it does not:
   i. modify any prior endorsement,
   ii. extend the Date of Policy,
   iii. insure against loss or damage exceeding the Amount of Insurance, or
   iv. increase the Amount of Insurance.

15. SEVERABILITY
In the event any provision of this policy, in whole or in part, is held invalid or unenforceable under applicable law, this policy will be deemed not to include that provision or the part held to be invalid, but all other provisions will remain in full force and effect.

16. CHOICE OF LAW AND CHOICE OF FORUM

a. *Choice of Law*
The Company has underwritten the risks covered by this policy and determined the premium charged in reliance upon the State law affecting interests in real property and the State law applicable to the interpretation, rights, remedies, or enforcement of policies of title insurance of the State where the Land is located.

Arbitration must be conducted pursuant to the Title Insurance Arbitration Rules of the American Land Title Association ("ALTA Rules"). The ALTA Rules are available online at www.alta.org/arbitration. The ALTA Rules incorporate, as appropriate to a particular dispute, the Consumer Arbitration Rules and Commercial Arbitration Rules of the American Arbitration Association ("AAA Rules"). CONDITIONS

1. DEFINITION OF TERMS

The following terms when used in this policy mean:

(a) "Amount of Insurance": The amount stated in Schedule A, as may be increased or decreased by endorsement to this policy, increased by Section 8(b), or decreased by Sections 10 and 11 of these Conditions.

(b) "Date of Policy": The date designated as "Date of Policy" in Schedule A.

(c) "Entity": A corporation, partnership, trust, limited liability company, or other similar legal entity.

(d) "Insured": The Insured named in Schedule A.

(i) The term "Insured" also includes

(A) successors to the Title of the Insured by operation of law as distinguished from purchase, including heirs, devisees, survivors, personal representatives, or next of kin;

(B) successors to an Insured by dissolution, merger, consolidation, distribution, or reorganization;

(C) successors to an Insured by its conversion to another kind of Entity;

(D) a grantee of an Insured under a deed delivered without payment of actual valuable consideration conveying the Title

(1) if the stock, shares, memberships, or other equity interests of the grantee are wholly-owned by the named Insured,

(2) if the grantee wholly owns the named Insured,

(3) if the grantee is wholly-owned by an affiliated Entity of the named Insured, provided the affiliated Entity and the named Insured are both wholly-owned by the same person or Entity, or

(4) if the grantee is a trustee or beneficiary of a trust created by a written instrument established by the Insured named in Schedule A for estate planning purposes.

(ii) With regard to (A), (B), (C), and (D) reserving, however, all rights and defenses as to any successor that the Company would have had against any predecessor Insured.

(e) "Insured Claimant": An Insured claiming loss or damage.

(f) "Knowledge" or "Known": Actual knowledge, not constructive knowledge or notice that may be imputed to an Insured by reason of the Public Records or any other records that impart constructive notice of matters affecting the Title.

(g) "Land": The land described in Schedule A, and affixed improvements that by law constitute real property. The term "Land" does not include any property beyond the lines of the area described in Schedule A, nor any right, title, interest, estate, or easement in abutting streets, roads, avenues, alleys, lanes, ways, or waterways, but this does not modify or limit the extent that a right of access to and from the Land is insured by this policy.

(h) "Mortgage": Mortgage, deed of trust, trust deed, or other security instrument, including one evidenced by electronic means authorized by law.

(i) "Public Records": Records established under state statutes at Date of Policy for the purpose of imparting constructive notice of matters relating to real property to purchasers for value and without Knowledge. With respect to Covered Risk 5(d), "Public Records" shall also include environmental protection liens filed in the records of the clerk of the United States District Court for the district where the Land is located.

(j) "Title": The estate or interest described in Schedule A.

(k) "Unmarketable Title": Title affected by an alleged or apparent matter that would permit a prospective purchaser or lessee of the Title or lender on the Title to be released from the obligation to purchase, lease, or lend if there is a contractual condition requiring the delivery of marketable title.

2. CONTINUATION OF INSURANCE

The coverage of this policy shall continue in force as of Date of Policy in favor of an Insured, but only so long as the Insured retains an estate or interest in the Land, or holds an obligation secured by a purchase money Mortgage given by a purchaser from the Insured, or only so long as the Insured shall have liability by reason of warranties in any transfer or conveyance of the Title. This policy shall not continue in force in favor of any purchaser from the Insured of either (i) an estate or interest in the Land, or (ii) an obligation secured by a purchase money Mortgage given to the Insured.

3. NOTICE OF CLAIM TO BE GIVEN BY INSURED CLAIMANT

The Insured shall notify the Company promptly in writing (i) in case of any litigation as set forth in Section 5(a) of these Conditions, (ii) in case Knowledge shall come to an Insured hereunder of any claim of title or interest that is adverse to the Title, as insured, and that might cause loss or damage for which the Company may be liable by virtue of this policy, or (iii) if the Title, as insured, is rejected as Unmarketable Title. If the Company is prejudiced by the failure of the Insured Claimant to provide prompt notice, the Company's liability to the Insured Claimant under the policy shall be reduced to the extent of the prejudice.

4. PROOF OF LOSS

In the event the Company is unable to determine the amount of loss or damage, the Company may, at its option, require as a condition of payment that the Insured Claimant furnish a signed proof of loss. The proof of loss must describe the defect, lien, encumbrance, or other matter insured against by this policy that constitutes the basis of loss or damage and shall state, to the extent possible, the basis of calculating the amount of the loss or damage.

5. DEFENSE AND PROSECUTION OF ACTIONS

(a) Upon written request by the Insured, and subject to the options contained in Section 7 of these Conditions, the Company, at its own cost and without unreasonable delay, shall provide for the defense of an Insured in litigation in which any third party asserts a claim covered by this policy adverse to the Insured. This obligation is limited to only those stated causes of action alleging matters insured against by this policy. The Company shall have the right to select counsel of its choice (subject to the right of the Insured to object for reasonable cause) to represent the Insured as to those stated causes of action. It shall not be liable for and will not pay the fees of any other counsel. The Company will not pay any fees, costs, or expenses incurred by the Insured in the defense of those causes of action that allege matters not insured against by this policy.

(b) The Company shall have the right, in addition to the options contained in Section 7 of these Conditions, at its own cost, to institute and prosecute any action or proceeding or to do any other act that in its opinion may be necessary or desirable to establish the Title, as insured, or to prevent or reduce loss or damage to the Insured. The Company may take any appropriate action under the terms of this policy, whether or not it shall be liable to the Insured. The exercise of these rights shall not be an admission of liability or waiver of any provision of this policy. If the Company exercises its rights under this subsection, it must do so diligently.

(c) Whenever the Company brings an action or asserts a defense as required or permitted by this policy, the Company may pursue the litigation to a final determination by a court of competent jurisdiction, and it expressly reserves the right, in its sole discretion, to appeal any adverse judgment or order.

6. DUTY OF INSURED CLAIMANT TO COOPERATE

(a) In all cases where this policy permits or requires the Company to prosecute or provide for the defense of any action or proceeding and any appeals, the Insured shall secure to the Company the right to so prosecute or provide defense in the action or proceeding, including the right to use, at its option, the name of the Insured for this purpose. Whenever requested by the Company, the Insured, at the Company's expense, shall give the Company all reasonable aid (i) in securing evidence, obtaining witnesses, prosecuting or defending the action or proceeding, or effecting settlement, and (ii) in any other lawful act that in the opinion of the Company may be necessary or desirable to establish the Title or any other matter as insured. If the Company is prejudiced by the failure of the Insured to furnish the required cooperation, the Company's obligations to the Insured under the policy shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation, with regard to the matter or matters requiring such cooperation.

(b) The Company may reasonably require the Insured Claimant to submit to examination under oath by any authorized representative of the Company and to produce for examination, inspection, and copying, at such reasonable times and places as may be designated by the authorized representative of the Company, all records, in whatever medium maintained, including books, ledgers, checks, memoranda, correspondence, reports, e-mails, disks, tapes, and videos whether bearing a date before or after Date of Policy, that reasonably pertain to the loss or damage. Further, if requested by any authorized representative of the Company, the Insured Claimant shall grant its permission, in writing, for any authorized representative of the Company to examine, inspect, and copy all of these records in the custody or control of a third party that reasonably pertain to the loss or damage. All information designated as confidential by the Insured Claimant provided to the Company pursuant to this Section shall not be disclosed to others unless, in the reasonable judgment of the Company, it is necessary in the administration of the claim. Failure of the Insured Claimant to submit for examination under oath, produce any reasonably requested information, or grant permission to secure reasonably necessary information from third parties as required in this subsection, unless prohibited by law or governmental regulation, shall terminate any liability of the Company under this policy as to that claim.

7. OPTIONS TO PAY OR OTHERWISE SETTLE CLAIMS; TERMINATION OF LIABILITY

In case of a claim under this policy, the Company shall have the following additional options:

(a) To Pay or Tender Payment of the Amount of Insurance.

To pay or tender payment of the Amount of Insurance under this policy together with any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment or tender of payment and that the Company is obligated to pay.

Upon the exercise by the Company of this option, all liability and obligations of the Company to the Insured under this policy, other than to make the payment required in this subsection, shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation.

(b) To Pay or Otherwise Settle With Parties Other Than the Insured or With the Insured Claimant.

(i) To pay or otherwise settle with other parties for or in the name of an Insured Claimant any claim insured against under this policy. In addition, the Company will pay any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment and that the Company is obligated to pay; or

(ii) To pay or otherwise settle with the Insured Claimant the loss or damage provided for under this policy, together with any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment and that the Company is obligated to pay.

Upon the exercise by the Company of either of the options provided for in subsections (b)(i) or (ii), the Company's obligations to the Insured under this policy for the claimed loss or damage, other than the payments required to be made, shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation.

8. DETERMINATION AND EXTENT OF LIABILITY

This policy is a contract of indemnity against actual monetary loss or damage sustained or incurred by the Insured Claimant who has suffered loss or damage by reason of matters insured against by this policy.

(a) The extent of liability of the Company for loss or damage under this policy shall not exceed the lesser of

(i) the Amount of Insurance; or

(ii) the difference between the value of the Title as insured and the value of the Title subject to the risk insured against by this policy.

(b) If the Company pursues its rights under Section 5 of these Conditions and is unsuccessful in establishing the Title, as insured,

(i) the Amount of Insurance shall be increased by 10%, and

(ii) the Insured Claimant shall have the right to have the loss or damage determined either as of the date the claim was made by the Insured Claimant or as of the date it is settled and paid.

(c) In addition to the extent of liability under (a) and (b), the Company will also pay those costs, attorneys' fees, and expenses incurred in accordance with Sections 5 and 7 of these Conditions.

9. LIMITATION OF LIABILITY

(a) If the Company establishes the Title, or removes the alleged defect, lien, or encumbrance, or cures the lack of a right of access to or from the Land, or cures the claim of Unmarketable Title, all as insured, in a reasonably diligent manner by any method, including litigation and the completion of any appeals, it shall have fully performed its obligations with respect to that matter and shall not be liable for any loss or damage caused to the Insured.

(b) In the event of any litigation, including litigation by the Company or with the Company's consent, the Company shall have no liability for loss or damage until there has been a final determination by a court of competent jurisdiction, and disposition of all appeals, adverse to the Title, as insured.

(c) The Company shall not be liable for loss or damage to the Insured for liability voluntarily assumed by the Insured in settling any claim or suit without the prior written consent of the Company.

10. REDUCTION OF INSURANCE; REDUCTION OR TERMINATION OF LIABILITY

All payments under this policy, except payments made for costs, attorneys' fees, and expenses, shall reduce the Amount of Insurance by the amount of the payment.

11. LIABILITY NONCUMULATIVE

The Amount of Insurance shall be reduced by any amount the Company pays under any policy insuring a Mortgage to which exception is taken in Schedule B or to which the Insured has agreed, assumed, or taken subject, or which is executed by an Insured after Date of Policy and which is a charge or lien on the Title, and the amount so paid shall be deemed a payment to the Insured under this policy.

12. PAYMENT OF LOSS

When liability and the extent of loss or damage have been definitely fixed in accordance with these Conditions, the payment shall be made within 30 days.

13. RIGHTS OF RECOVERY UPON PAYMENT OR SETTLEMENT

(a) Whenever the Company shall have settled and paid a claim under this policy, it shall be subrogated and entitled to the rights of the Insured Claimant in the Title and all other rights and remedies in respect to the claim that the Insured Claimant has against any person or property, to the extent of the amount of any loss, costs, attorneys' fees, and expenses paid by the Company. If requested by the Company, the Insured Claimant shall execute documents to evidence the transfer to the Company of these rights and remedies. The Insured Claimant shall permit the Company to sue, compromise, or settle in the name of the Insured Claimant and to use the name of the Insured Claimant in any transaction or litigation involving these rights and remedies.

If a payment on account of a claim does not fully cover the loss of the Insured Claimant, the Company shall defer the exercise of its right to recover until after the Insured Claimant shall have recovered its loss.

(b) The Company's right of subrogation includes the rights of the Insured to indemnities, guaranties, other policies of insurance, or bonds, notwithstanding any terms or conditions contained in those instruments that address subrogation rights.

14. ARBITRATION

Unless prohibited by applicable law, arbitration pursuant to the Title Insurance Arbitration Rules of the American Arbitration Association may be demanded if agreed to by both the Company and the Insured at the time of a controversy or claim. Arbitrable matters may include, but are not limited to, any controversy or claim between the Company and the Insured arising out of or relating to this policy, and service of the Company in connection with its issuance or the breach of a policy provision or other obligation. Arbitration pursuant to this policy and under the Rules in effect on the date the demand for arbitration is made, or, at the option of the Insured, the Rules in effect at Date of Policy shall be binding upon the parties. The award may include attorneys' fees only if the laws of the state in which the Land is located permit a court to award attorneys' fees to a prevailing party. Judgment upon the award rendered by the Arbitrator(s) may be entered in any court having jurisdiction thereof.

The law of the situs of the land shall apply to an arbitration under the Title Insurance Arbitration Rules.

A copy of the Rules may be obtained from the Company upon request.

15. LIABILITY LIMITED TO THIS POLICY; POLICY ENTIRE CONTRACT

(a) This policy together with all endorsements, if any, attached to it by the Company is the entire policy and contract between the Insured and the Company. In interpreting any provision of this policy, this policy shall be construed as a whole.

(b) Any claim of loss or damage that arises out of the status of the Title or by any action asserting such claim whether or not based on negligence shall be restricted to this policy.

(c) Any amendment of or endorsement to this policy must be in writing and authenticated by an authorized person, or expressly incorporated by Schedule A of this policy.

(d) Each endorsement to this policy issued at any time is made a part of this policy and is subject to all of its terms and provisions. Except as the endorsement expressly states, it does not (i) modify any of the terms and provisions of the policy, (ii) modify any prior endorsement, (iii) extend the Date of Policy, or (iv) increase the Amount of Insurance.

16. SEVERABILITY

In the event any provision of this policy, in whole or in part, is held invalid or unenforceable under applicable law, the policy shall be deemed not to include that provision or such part held to be invalid, but all other provisions shall remain in full force and effect.

17. CHOICE OF LAW; FORUM

(a) Choice of Law: The Insured acknowledges the Company has underwritten the risks covered by this policy and determined the premium charged therefor in reliance upon the law affecting interests in real property and applicable to the interpretation, rights, remedies, or enforcement of policies of title insurance of the jurisdiction where the Land is located.

Therefore, the court or an arbitrator shall apply the law of the jurisdiction where the Land is located to determine the validity of claims against the Title that are adverse to the Insured and to interpret and enforce the terms of this policy. In neither case shall the court or arbitrator apply its conflicts of law principles to determine the applicable law.

(b) Choice of Forum: Any litigation or other proceeding brought by the Insured against the Company must be filed only in a state or federal court within the United States of America or its territories having appropriate jurisdiction.

CONDITIONS

1. DEFINITION OF TERMS

The following terms when used in this policy mean:

(a) "Amount of Insurance": The amount stated in Schedule A, as may be increased or decreased by endorsement to this policy, increased by Section 8(b), or decreased by Sections 10 and 11 of these Conditions.

(b) "Date of Policy": The date designated as "Date of Policy" in Schedule A.

(c) "Entity": A corporation, partnership, trust, limited liability company, or other similar legal entity.

(d) "Insured": The Insured named in Schedule A.

(i) The term "Insured" also includes

(A) successors to the Title of the Insured by operation of law as distinguished from purchase, including heirs, devisees, survivors, personal representatives, or next of kin;

(B) successors to an Insured by dissolution, merger, consolidation, distribution, or reorganization;

(C) successors to an Insured by its conversion to another kind of Entity;

(D) a grantee of an Insured under a deed delivered without payment of actual valuable consideration conveying the Title

(1) if the stock, shares, memberships, or other equity interests of the grantee are wholly-owned by the named Insured,

(2) if the grantee wholly owns the named Insured,

(3) if the grantee is wholly-owned by an affiliated Entity of the named Insured, provided the affiliated Entity and the named Insured are both wholly-owned by the same person or Entity, or

(4) if the grantee is a trustee or beneficiary of a trust created by a written instrument established by the Insured named in Schedule A for estate planning purposes.

(ii) With regard to (A), (B), (C), and (D) reserving, however, all rights and defenses as to any successor that the Company would have had against any predecessor Insured.

(e) "Insured Claimant": An Insured claiming loss or damage.

(f) "Knowledge" or "Known": Actual knowledge, not constructive knowledge or notice that may be imputed to an Insured by reason of the Public Records or any other records that impart constructive notice of matters affecting the Title.

(g) "Land": The land described in Schedule A, and affixed improvements that by law constitute real property. The term "Land" does not include any property beyond the lines of the area described in Schedule A, nor any right, title, interest, estate, or easement in abutting streets, roads, avenues, alleys, lanes, ways, or waterways, but this does not modify or limit the extent that a right of access to and from the Land is insured by this policy.

(h) "Mortgage": Mortgage, deed of trust, trust deed, or other security instrument, including one evidenced by electronic means authorized by law.

(i) "Public Records": Records established under state statutes at Date of Policy for the purpose of imparting constructive notice of matters relating to real property to purchasers for value and without Knowledge. With respect to Covered Risk 5(d), "Public Records" shall also include environmental protection liens filed in the records of the clerk of the United States District Court for the district where the Land is located.

(j) "Title": The estate or interest described in Schedule A.

(k) "Unmarketable Title": Title affected by an alleged or apparent matter that would permit a prospective purchaser or lessee of the Title or lender on the Title to be released from the obligation to purchase, lease, or lend if there is a contractual condition requiring the delivery of marketable title.

2. CONTINUATION OF INSURANCE

The coverage of this policy shall continue in force as of Date of Policy in favor of an Insured, but only so long as the Insured retains an estate or interest in the Land, or holds an obligation secured by a purchase money Mortgage given by a purchaser from the Insured, or only so long as the Insured shall have liability by reason of warranties in any transfer or conveyance of the Title. This policy shall not continue in force in favor of any purchaser from the Insured of either (i) an estate or interest in the Land, or (ii) an obligation secured by a purchase money Mortgage given to the Insured.

3. NOTICE OF CLAIM TO BE GIVEN BY INSURED CLAIMANT

The Insured shall notify the Company promptly in writing (i) in case of any litigation as set forth in Section 5(a) of these Conditions, (ii) in case Knowledge shall come to an Insured hereunder of any claim of title or interest that is adverse to the Title, as insured, and that might cause loss or damage for which the Company may be liable by virtue of this policy, or (iii) if the Title, as insured, is rejected as Unmarketable Title. If the Company is prejudiced by the failure of the Insured Claimant to provide prompt notice, the Company's liability to the Insured Claimant under the policy shall be reduced to the extent of the prejudice.

4. PROOF OF LOSS

In the event the Company is unable to determine the amount of loss or damage, the Company may, at its option, require as a condition of payment that the Insured Claimant furnish a signed proof of loss. The proof of loss must describe the defect, lien, encumbrance, or other matter insured against by this policy that constitutes the basis of loss or damage and shall state, to the extent possible, the basis of calculating the amount of the loss or damage.

5. DEFENSE AND PROSECUTION OF ACTIONS

(a) Upon written request by the Insured, and subject to the options contained in Section 7 of these Conditions, the Company, at its own cost and without unreasonable delay, shall provide for the defense of an Insured in litigation in which any third party asserts a claim covered by this policy adverse to the Insured. This obligation is limited to only those stated causes of action alleging matters insured against by this policy. The Company shall have the right to select counsel of its choice (subject to the right of the Insured to object for reasonable cause) to represent the Insured as to those stated causes of action. It shall not be liable for and will not pay the fees of any other counsel. The Company will not pay any fees, costs, or expenses incurred by the Insured in the defense of those causes of action that allege matters not insured against by this policy.

(b) The Company shall have the right, in addition to the options contained in Section 7 of these Conditions, at its own cost, to institute and prosecute any action or proceeding or to do any other act that in its opinion may be necessary or desirable to establish the Title, as insured, or to prevent or reduce loss or damage to the Insured. The Company may take any appropriate action under the terms of this policy, whether or not it shall be liable to the Insured. The exercise of these rights shall not be an admission of liability or waiver of any provision of this policy. If the Company exercises its rights under this subsection, it must do so diligently.

(c) Whenever the Company brings an action or asserts a defense as required or permitted by this policy, the Company may pursue the litigation to a final determination by a court of competent jurisdiction, and it expressly reserves the right, in its sole discretion, to appeal any adverse judgment or order.

6. DUTY OF INSURED CLAIMANT TO COOPERATE

(a) In all cases where this policy permits or requires the Company to prosecute or provide for the defense of any action or proceeding and any appeals, the Insured shall secure to the Company the right to so prosecute or provide defense in the action or proceeding, including the right to use, at its option, the name of the Insured for this purpose. Whenever requested by the Company, the Insured, at the Company's expense, shall give the Company all reasonable aid (i) in securing evidence, obtaining witnesses, prosecuting or defending the action or proceeding, or effecting settlement, and (ii) in any other lawful act that in the opinion of the Company may be necessary or desirable to establish the Title or any other matter as insured. If the Company is prejudiced by the failure of the Insured to furnish the required cooperation, the Company's obligations to the Insured under the policy shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation, with regard to the matter or matters requiring such cooperation.

(b) The Company may reasonably require the Insured Claimant to submit to examination under oath by any authorized representative of the Company and to produce for examination, inspection, and copying, at such reasonable times and places as may be designated by the authorized representative of the Company, all records, in whatever medium maintained, including books, ledgers, checks, memoranda, correspondence, reports, e-mails, disks, tapes, and videos whether bearing a date before or after Date of Policy, that reasonably pertain to the loss or damage. Further, if requested by any authorized representative of the Company, the Insured Claimant shall grant its permission, in writing, for any authorized representative of the Company to examine, inspect, and copy all of these records in the custody or control of a third party that reasonably pertain to the loss or damage. All information designated as confidential by the Insured Claimant provided to the Company pursuant to this Section shall not be disclosed to others unless, in the reasonable judgment of the Company, it is necessary in the administration of the claim. Failure of the Insured Claimant to submit for examination under oath, produce any reasonably requested information, or grant permission to secure reasonably necessary information from third parties as required in this subsection, unless prohibited by law or governmental regulation, shall terminate any liability of the Company under this policy as to that claim.

7. OPTIONS TO PAY OR OTHERWISE SETTLE CLAIMS; TERMINATION OF LIABILITY

In case of a claim under this policy, the Company shall have the following additional options:

(a) To Pay or Tender Payment of the Amount of Insurance.
To pay or tender payment of the Amount of Insurance under this policy together with any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment or tender of payment and that the Company is obligated to pay.
Upon the exercise by the Company of this option, all liability and obligations of the Company to the Insured under this policy, other than to make the payment required in this subsection, shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation.

(b) To Pay or Otherwise Settle With Parties Other Than the Insured or With the Insured Claimant.

(i) To pay or otherwise settle with other parties for or in the name of an Insured Claimant any claim insured against under this policy. In addition, the Company will pay any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment and that the Company is obligated to pay; or

(ii) To pay or otherwise settle with the Insured Claimant the loss or damage provided for under this policy, together with any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment and that the Company is obligated to pay.

Upon the exercise by the Company of either of the options provided for in subsections (b)(i) or (ii), the Company's obligations to the Insured under this policy for the claimed loss or damage, other than the payments required to be made, shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation.

8. DETERMINATION AND EXTENT OF LIABILITY

This policy is a contract of indemnity against actual monetary loss or damage sustained or incurred by the Insured Claimant who has suffered loss or damage by reason of matters insured against by this policy.

(a) The extent of liability of the Company for loss or damage under this policy shall not exceed the lesser of
(i) the Amount of Insurance; or
(ii) the difference between the value of the Title as insured and the value of the Title subject to the risk insured against by this policy.

(b) If the Company pursues its rights under Section 5 of these Conditions and is unsuccessful in establishing the Title, as insured,
(i) the Amount of Insurance shall be increased by 10%, and
(ii) the Insured Claimant shall have the right to have the loss or damage determined either as of the date the claim was made by the Insured Claimant or as of the date it is settled and paid.

(c) In addition to the extent of liability under (a) and (b), the Company will also pay those costs, attorneys' fees, and expenses incurred in accordance with Sections 5 and 7 of these Conditions.

9. LIMITATION OF LIABILITY

(a) If the Company establishes the Title, or removes the alleged defect, lien, or encumbrance, or cures the lack of a right of access to or from the Land, or cures the claim of Unmarketable Title, all as insured, in a reasonably diligent manner by any method, including litigation and the completion of any appeals, it shall have fully performed its obligations with respect to that matter and shall not be liable for any loss or damage caused to the Insured.

(b) In the event of any litigation, including litigation by the Company or with the Company's consent, the Company shall have no liability for loss or damage until there has been a final determination by a court of competent jurisdiction, and disposition of all appeals, adverse to the Title, as insured.

(c) The Company shall not be liable for loss or damage to the Insured for liability voluntarily assumed by the Insured in settling any claim or suit without the prior written consent of the Company.

10. REDUCTION OF INSURANCE; REDUCTION OR TERMINATION OF LIABILITY

All payments under this policy, except payments made for costs, attorneys' fees, and expenses, shall reduce the Amount of Insurance by the amount of the payment.

11. LIABILITY NONCUMULATIVE

The Amount of Insurance shall be reduced by any amount the Company pays under any policy insuring a Mortgage to which exception is taken in Schedule B or to which the Insured has agreed, assumed, or taken subject, or which is executed by an Insured after Date of Policy and which is a charge or lien on the Title, and the amount so paid shall be deemed a payment to the Insured under this policy.

12. PAYMENT OF LOSS

When liability and the extent of loss or damage have been definitely fixed in accordance with these Conditions, the payment shall be made within 30 days.

13. RIGHTS OF RECOVERY UPON PAYMENT OR SETTLEMENT

(a) Whenever the Company shall have settled and paid a claim under this policy, it shall be subrogated and entitled to the rights of the Insured Claimant in the Title and all other rights and remedies in respect to the claim that the Insured Claimant has against any person or property, to the extent of the amount of any loss, costs, attorneys' fees, and expenses paid by the Company. If requested by the Company, the Insured Claimant shall execute documents to evidence the transfer to the Company of these rights and remedies. The Insured Claimant shall permit the Company to sue, compromise, or settle in the name of the Insured Claimant and to use the name of the Insured Claimant in any transaction or litigation involving these rights and remedies.

If a payment on account of a claim does not fully cover the loss of the Insured Claimant, the Company shall defer the exercise of its right to recover until after the Insured Claimant shall have recovered its loss.

(b) The Company's right of subrogation includes the rights of the Insured to indemnities, guaranties, other policies of insurance, or bonds, notwithstanding any terms or conditions contained in those instruments that address subrogation rights.

14. ARBITRATION

Unless prohibited by applicable law, arbitration pursuant to the Title Insurance Arbitration Rules of the American Arbitration Association may be demanded if agreed to by both the Company and the Insured at the time of a controversy or claim. Arbitrable matters may include, but are not limited to, any controversy or claim between the Company and the Insured arising out of or relating to this policy, and service of the Company in connection with its issuance or the breach of a policy provision or other obligation. Arbitration pursuant to this policy and under the Rules in effect on the date the demand for arbitration is made, or, at the option of the Insured, the Rules in effect at Date of Policy shall be binding upon the parties. (i) "Public Records": Records established under state statutes at Date of Policy for the purpose of imparting constructive notice of matters relating to real property to purchasers for value and without Knowledge. (j) "Title": The estate or interest described in Schedule A.

(k) "Unmarketable Title": Title affected by an alleged or apparent matter that would permit a prospective purchaser or lessee of the Title or lender on the Title to be released from the obligation to purchase, lease, or lend if there is a contractual condition requiring delivery of marketable title.

2. CONTINUATION OF INSURANCE

The coverage of this policy shall continue in force as of Date of Policy in favor of an Insured, but only so long as the Insured retains an estate or interest in the Land, or holds an obligation secured by a purchase money Mortgage given by a purchaser from the Insured, or only so long as the Insured shall have liability by reason of warranties in any transfer or conveyance of the Title. This policy shall not continue in force in favor of any purchaser from the Insured of either (i) an estate or interest in the Land, or (ii) an obligation secured by a purchase money Mortgage given to the Insured.

3. NOTICE OF CLAIM TO BE GIVEN BY INSURED CLAIMANT

The Insured shall notify the Company promptly in writing (i) in case of any litigation as set forth in Section 5(a) of these Conditions, (ii) in case Knowledge shall come to an Insured hereunder of any claim of title or interest that is adverse to the Title, as insured, and that might cause loss or damage for which the Company may be liable by virtue of this policy, or (iii) if the Title, as insured, is rejected as Unmarketable Title. If the Company is prejudiced by the failure of the Insured Claimant to provide prompt notice, the Company's liability to the Insured Claimant under the policy shall be reduced to the extent of the prejudice.

4. PROOF OF LOSS

In the event the Company is unable to determine the amount of loss or damage, the Company may, at its option, require as a condition of payment that the Insured Claimant furnish a signed proof of loss. The proof of loss must describe the defect, lien, encumbrance, or other matter insured against by this policy that constitutes the basis of loss or damage and shall state, to the extent possible, the basis of calculating the amount of the loss or damage.

5. DEFENSE AND PROSECUTION OF ACTIONS

(a) Upon written request by the Insured, and subject to the options contained in Section 7 of these Conditions, the Company, at its own cost and without unreasonable delay, shall provide for the defense of an Insured in litigation in which any third party asserts a claim covered by this policy adverse to the Insured. This obligation is limited to only those stated causes of action alleging matters insured against by this policy. The Company shall have the right to select counsel of its choice (subject to the right of the Insured to object for reasonable cause) to represent the Insured as to those stated causes of action. It shall not be liable for and will not pay the fees of any other counsel. The Company will not pay any fees, costs, or expenses incurred by the Insured in the defense of those causes of action that allege matters not insured against by this policy.

(b) The Company shall have the right, in addition to the options contained in Section 7 of these Conditions, at its own cost, to institute and prosecute any action or proceeding or to do any

other act that in its opinion may be necessary or desirable to establish the Title, as insured, or to prevent or reduce loss or damage to the Insured. The Company may take any appropriate action under the terms of this policy, whether or not it shall be liable to the Insured. The exercise of these rights shall not be an admission of liability or waiver of any provision of this policy. If the Company exercises its rights under this subsection, it must do so diligently.

(c) Whenever the Company brings an action or asserts a defense as required or permitted by this policy, the Company may pursue the litigation to a final determination by a court of competent jurisdiction, and it expressly reserves the right, in its sole discretion, to appeal any adverse judgment or order.

6. DUTY OF INSURED CLAIMANT TO COOPERATE

(a) In all cases where this policy permits or requires the Company to prosecute or provide for the defense of any action or proceeding and any appeals, the Insured shall secure to the Company the right to so prosecute or provide defense in the action or proceeding, including the right to use, at its option, the name of the Insured for this purpose. Whenever requested by the Company, the Insured, at the Company's expense, shall give the Company all reasonable aid (i) in securing evidence, obtaining witnesses, prosecuting or defending the action or proceeding, or effecting settlement, and (ii) in any other lawful act that in the opinion of the Company may be necessary or desirable to establish the Title or any other matter as insured. If the Company is prejudiced by the failure of the Insured to furnish the required cooperation, the Company's obligations to the Insured under the policy shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation, with regard to the matter or matters requiring such cooperation.

(b) The Company may reasonably require the Insured Claimant to submit to examination under oath by any authorized representative of the Company and to produce for examination, inspection, and copying, at such reasonable times and places as may be designated by the authorized representative of the Company, all records, in whatever medium maintained, including books, ledgers, checks, memoranda, correspondence, reports, e-mails, disks, tapes, and videos whether bearing a date before or after Date of Policy, that reasonably pertain to the loss or damage. Further, if requested by any authorized representative of the Company, the Insured Claimant shall grant its permission, in writing, for any authorized representative of the Company to examine, inspect, and copy all of these records in the custody or control of a third party that reasonably pertain to the loss or damage. All information designated as confidential by the Insured Claimant provided to the Company pursuant to this Section shall not be disclosed to others unless, in the reasonable judgment of the Company, it is necessary in the administration of the claim. Failure of the Insured Claimant to submit for examination under oath, produce any reasonably requested information, or grant permission to secure reasonably necessary information from third parties as required in this subsection, unless prohibited by law or governmental regulation, shall terminate any liability of the Company under this policy as to that claim.

7. OPTIONS TO PAY OR OTHERWISE SETTLE CLAIMS; TERMINATION OF LIABILITY

In case of a claim under this policy, the Company shall have the following additional options:

(a) To Pay or Tender Payment of the Amount of Insurance. To pay or tender payment of the Amount of Insurance under this policy together with any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment or tender of payment and that the Company is obligated to pay.

Upon the exercise by the Company of this option, all liability and obligations of the Company to the Insured under this policy, other than to make the payment required in this subsection, shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation.

(b) To Pay or Otherwise Settle With Parties Other Than the Insured or With the Insured Claimant.

(i) to pay or otherwise settle with other parties for or in the name of an Insured Claimant any claim insured against under this policy. In addition, the Company will pay any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment and that the Company is obligated to pay; or

(ii) to pay or otherwise settle with the Insured Claimant the loss or damage provided for under this policy, together with any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment and that the Company is obligated to pay.

Upon the exercise by the Company of either of the options provided for in subsections (b)(i) or (ii), the Company's obligations to the Insured under this policy for the claimed loss or damage, other than the payments required to be made, shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation.

8. DETERMINATION AND EXTENT OF LIABILITY

This policy is a contract of indemnity against actual monetary loss or damage sustained or incurred by the Insured Claimant who has suffered loss or damage by reason of matters insured against by this policy.

(a) The extent of liability of the Company for loss or damage under this policy shall not exceed the lesser of

(i) the Amount of Insurance; or

(ii) the difference between the value of the Title as insured and the value of the Title subject to the risk insured against by this policy.

(b) If the Company pursues its rights under Section 5 of these Conditions and is unsuccessful in establishing the Title, as insured,

(i) the Amount of Insurance shall be increased by 10%, and

(ii) the Insured Claimant shall have the right to have the loss or damage determined either as of the date the claim was made by the Insured Claimant or as of the date it is settled and paid.

(c) In addition to the extent of liability under (a) and (b), the Company will also pay those costs, attorneys' fees, and expenses incurred in accordance with Sections 5 and 7 of these Conditions.

9. LIMITATION OF LIABILITY

(a) If the Company establishes the Title, or removes the alleged defect, lien, or encumbrance, or cures the lack of a right of access to or from the Land, or cures the claim of Unmarketable Title, all as insured, in a reasonably diligent manner by any method, including litigation and the completion of any appeals, it shall have fully performed its obligations with respect to that matter and shall not be liable for any loss or damage caused to the Insured.

(b) In the event of any litigation, including litigation by the Company or with the Company's consent, the Company shall have no liability for loss or damage until there has been a final determination by a court of competent jurisdiction, and disposition of all appeals, adverse to the Title, as insured.

(c) The Company shall not be liable for loss or damage to the Insured for liability voluntarily assumed by the Insured in settling any claim or suit without the prior written consent of the Company.

10. REDUCTION OF INSURANCE; REDUCTION OR TERMINATION OF LIABILITY

All payments under this policy, except payments made for costs, attorneys' fees, and expenses, shall reduce the Amount of Insurance by the amount of the payment.

11. LIABILITY NONCUMULATIVE

The Amount of Insurance shall be reduced by any amount the Company pays under any policy insuring a Mortgage to which exception is taken in Schedule B or to which the Insured has agreed, assumed, or taken subject, or which is executed by an Insured after Date of Policy and which is a charge or lien on the Title, and the amount so paid shall be deemed a payment to the Insured under this policy.

12. PAYMENT OF LOSS

When liability and the extent of loss or damage have been definitely fixed in accordance with these Conditions, the payment shall be made within 30 days.

13. RIGHTS OF RECOVERY UPON PAYMENT OR SETTLEMENT

(a) Whenever the Company shall have settled and paid a claim under this policy, it shall be subrogated and entitled to the rights of the Insured Claimant in the Title and all other rights and remedies in respect to the claim that the Insured Claimant has against any person or property, to the extent of the amount of any loss, costs, attorneys' fees, and expenses paid by the Company. If requested by the Company, the Insured Claimant shall execute documents to evidence the transfer to the Company of these rights and remedies. The Insured Claimant shall permit the Company to sue, compromise, or settle in the name of the Insured Claimant and to use the name of the Insured Claimant in any transaction or litigation involving these rights and remedies.

If a payment on account of a claim does not fully cover the loss of the Insured Claimant, the Company shall defer the exercise of its right to recover until after the Insured Claimant shall have recovered its loss.

(b) The Company's right of subrogation includes the rights of the Insured to indemnities, guaranties, other policies of insurance, or bonds, notwithstanding any terms or conditions contained in those instruments that address subrogation rights.

14. ARBITRATION

Unless prohibited by applicable law, arbitration pursuant to the Title Insurance Arbitration Rules of the American Arbitration Association may be demanded if agreed to by both the Company and the Insured at the time of a controversy or claim. Arbitrable matters may include, but are not limited to, any controversy or claim between the Company and the Insured arising out of or relating to this policy, and service of the Company in connection with its issuance or the breach of a policy provision or other obligation. Arbitration pursuant to this policy and under the Rules in effect on the date the demand for arbitration is made or, at the option of the Insured, the Rules in effect at Date of Policy shall be binding upon the parties. The award may include attorneys' fees only if the laws of the state in which the Land is located permit a court to award attorneys' fees to a prevailing party. Judgment upon the award rendered by the Arbitrator(s) may be entered in any court having jurisdiction thereof.

The law of the situs of the land shall apply to an arbitration under the Title Insurance Arbitration Rules.

A copy of the Rules may be obtained from the Company upon request.

15. LIABILITY LIMITED TO THIS POLICY; POLICY ENTIRE CONTRACT

(b) Any claim of loss or damage that arises out of the status of the Title or by any action asserting such claim whether or not based on negligence shall be restricted to this policy.

(c) Any amendment of or endorsement to this policy must be in writing and authenticated by an authorized person, or expressly incorporated by Schedule A of this policy.

(d) Each endorsement to this policy issued at any time is made a part of this policy and is subject to all of its terms and provisions. Except as the endorsement expressly states, it does not (i) modify any of the terms and provisions of the policy, (ii) modify any prior endorsement, (iii) extend the Date of Policy, or (iv) increase the Amount of Insurance.

16. SEVERABILITY

In the event any provision of this policy, in whole or in part, is held invalid or unenforceable under applicable law, the policy shall be deemed not to include that provision or such part held to be invalid, but all other provisions shall remain in full force and effect.

17. CHOICE OF LAW; FORUM

(a) Choice of Law: The Insured acknowledges the Company has underwritten the risks covered by this policy and determined the premium charged therefor in reliance upon the law affecting interests in real property and applicable to the interpretation, rights, remedies, or enforcement of policies of title insurance of the jurisdiction where the Land is located.

Therefore, the court or an arbitrator shall apply the law of the jurisdiction where the Land is located to determine the validity of claims against the Title that are adverse to the Insured and to interpret and enforce the terms of this policy. In neither case shall the court or arbitrator apply its conflicts of law principles to determine the applicable law.

CONDITIONS

1. DEFINITION OF TERMS

The following terms when used in this policy mean:

(a) "Amount of Insurance": The amount stated in Schedule A, as may be increased or decreased by endorsement to this policy, increased by Section 8(b), or decreased by Sections 10 and 11 of these Conditions.

(b) "Date of Policy": The date designated as "Date of Policy" in Schedule A.

(c) "Entity": A corporation, partnership, trust, limited liability company, or other similar legal entity.

(d) "Insured": The Insured named in Schedule A.

(i) The term "Insured" also includes

(A) successors to the Title of the Insured by operation of law as distinguished from purchase, including heirs, devisees, survivors, personal representatives, or next of kin;

(B) successors to an Insured by dissolution, merger, consolidation, distribution, or reorganization;

(C) successors to an Insured by its conversion to another kind of Entity;

(D) a grantee of an Insured under a deed delivered without payment of actual valuable consideration conveying the Title

(1) if the stock, shares, memberships, or other equity interests of the grantee are wholly-owned by the named Insured,

(2) if the grantee wholly owns the named Insured,

(3) if the grantee is wholly-owned by an affiliated Entity of the named Insured, provided the affiliated Entity and the named Insured are both wholly-owned by the same person or Entity, or

(4) if the grantee is a trustee or beneficiary of a trust created by a written instrument established by the Insured named in Schedule A for estate planning purposes.

(ii) With regard to (A), (B), (C), and (D) reserving, however, all rights and defenses as to any successor that the Company would have had against any predecessor Insured.

(e) "Insured Claimant": An Insured claiming loss or damage.

(f) "Knowledge" or "Known": Actual knowledge, not constructive knowledge or notice that may be imputed to an Insured by reason of the Public Records or any other records that impart constructive notice of matters affecting the Title.

(g) "Land": The land described in Schedule A, and affixed improvements that by law constitute real property. The term "Land" does not include any property beyond the lines of the area described in Schedule A, nor any right, title, interest, estate, or easement in abutting streets, roads, avenues, alleys, lanes, ways, or waterways, but this does not modify or limit the extent that a right of access to and from the Land is insured by this policy.

(h) "Mortgage": Mortgage, deed of trust, trust deed, or other security instrument, including one evidenced by electronic means authorized by law.

(i) "Public Records": Records established under state statutes at Date of Policy for the purpose of imparting constructive notice of matters relating to real property to purchasers for value and without Knowledge. With respect to Covered Risk 5(d), "Public Records" shall also include environmental protection liens filed in the records of the clerk of the United States District Court for the district where the Land is located.

(j) "Title": The estate or interest described in Schedule A.

(k) "Unmarketable Title": Title affected by an alleged or apparent matter that would permit a prospective purchaser or lessee of the Title or lender on the Title to be released from the obligation to purchase, lease, or lend if there is a contractual condition requiring the delivery of marketable title.

2. CONTINUATION OF INSURANCE

The coverage of this policy shall continue in force as of Date of Policy in favor of an Insured, but only so long as the Insured retains an estate or interest in the Land, or holds an obligation secured by a purchase money Mortgage given by a purchaser from the Insured, or only so long as the Insured shall have liability by reason of warranties in any transfer or conveyance of the Title. This policy shall not continue in force in favor of any purchaser from the Insured of either (i) an estate or interest in the Land, or (ii) an obligation secured by a purchase money Mortgage given to the Insured.

3. NOTICE OF CLAIM TO BE GIVEN BY INSURED CLAIMANT

The Insured shall notify the Company promptly in writing (i) in case of any litigation as set forth in Section 5(a) of these Conditions, (ii) in case Knowledge shall come to an Insured hereunder of any claim of title or interest that is adverse to the Title, as insured, and that might cause loss or damage for which the Company may be liable by virtue of this policy, or (iii) if the Title, as insured, is rejected as Unmarketable Title. If the Company is prejudiced by the failure of the Insured Claimant to provide prompt notice, the Company's liability to the Insured Claimant under the policy shall be reduced to the extent of the prejudice.

4. PROOF OF LOSS

In the event the Company is unable to determine the amount of loss or damage, the Company may, at its option, require as a condition of payment that the Insured Claimant furnish a signed proof of loss. The proof of loss must describe the defect, lien, encumbrance, or other matter insured against by this policy that constitutes the basis of loss or damage and shall state, to the extent possible, the basis of calculating the amount of the loss or damage.

5. DEFENSE AND PROSECUTION OF ACTIONS

(a) Upon written request by the Insured, and subject to the options contained in Section 7 of these Conditions, the Company, at its own cost and without unreasonable delay, shall provide for the defense of an Insured in litigation in which any third party asserts a claim covered by this policy adverse to the Insured. This obligation is limited to only those stated causes of action alleging matters insured against by this policy. The Company shall have the right to select counsel of its choice (subject to the right of the Insured to object for reasonable cause) to represent the Insured as to those stated causes of action. It shall not be liable for and will not pay the fees of any other counsel. The Company will not pay any fees, costs, or expenses incurred by the Insured in the defense of those causes of action that allege matters not insured against by this policy.

(b) The Company shall have the right, in addition to the options contained in Section 7 of these Conditions, at its own cost, to institute and prosecute any action or proceeding or to do any other act that in its opinion may be necessary or desirable to establish the Title, as insured, or to prevent or reduce loss or damage to the Insured. The Company may take any appropriate action under the terms of this policy, whether or not it shall be liable to the Insured. The exercise of these rights shall not be an admission of liability or waiver of any provision of this policy. If the Company exercises its rights under this subsection, it must do so diligently.

(c) Whenever the Company brings an action or asserts a defense as required or permitted by this policy, the Company may pursue the litigation to a final determination by a court of competent jurisdiction, and it expressly reserves the right, in its sole discretion, to appeal any adverse judgment or order.

6. DUTY OF INSURED CLAIMANT TO COOPERATE

(a) In all cases where this policy permits or requires the Company to prosecute or provide for the defense of any action or proceeding and any appeals, the Insured shall secure to the Company the right to so prosecute or provide defense in the action or proceeding, including the right to use, at its option, the name of the Insured for this purpose. Whenever requested by the Company, the Insured, at the Company's expense, shall give the Company all reasonable aid (i) in securing evidence, obtaining witnesses, prosecuting or defending the action or proceeding, or effecting settlement, and (ii) in any other lawful act that in the opinion of the Company may be necessary or desirable to establish the Title or any other matter as insured. If the Company is prejudiced by the failure of the Insured to furnish the required cooperation, the Company's obligations to the Insured under the policy shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation, with regard to the matter or matters requiring such cooperation.

(b) The Company may reasonably require the Insured Claimant to submit to examination under oath by any authorized representative of the Company and to produce for examination, inspection, and copying, at such reasonable times and places as may be designated by the authorized representative of the Company, all records, in whatever medium maintained, including books, ledgers, checks, memoranda, correspondence, reports, e-mails, disks, tapes, and videos whether bearing a date before or after Date of Policy, that reasonably pertain to the loss or damage. Further, if requested by any authorized representative of the Company, the Insured Claimant shall grant its permission, in writing, for any authorized representative of the Company to examine, inspect, and copy all of these records in the custody or control of a third party that reasonably pertain to the loss or damage. All information designated as confidential by the Insured Claimant provided to the Company pursuant to this Section shall not be disclosed to others unless, in the reasonable judgment of the Company, it is necessary in the administration of the claim. Failure of the Insured Claimant to submit for examination under oath, produce any reasonably requested information, or grant permission to secure reasonably necessary information from third parties as required in this subsection, unless prohibited by law or governmental regulation, shall terminate any liability of the Company under this policy as to that claim.

7. OPTIONS TO PAY OR OTHERWISE SETTLE CLAIMS; TERMINATION OF LIABILITY

In case of a claim under this policy, the Company shall have the following additional options:

(a) To Pay or Tender Payment of the Amount of Insurance.

To pay or tender payment of the Amount of Insurance under this policy together with any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment or tender of payment and that the Company is obligated to pay.

Upon the exercise by the Company of this option, all liability and obligations of the Company to the Insured under this policy, other than to make the payment required in this subsection, shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation.

(b) To Pay or Otherwise Settle With Parties Other Than the Insured or With the Insured Claimant.

(i) To pay or otherwise settle with other parties for or in the name of an Insured Claimant any claim insured against under this policy. In addition, the Company will pay any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment and that the Company is obligated to pay; or

(ii) To pay or otherwise settle with the Insured Claimant the loss or damage provided for under this policy, together with any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment and that the Company is obligated to pay.

Upon the exercise by the Company of either of the options provided for in subsections (b)(i) or (ii), the Company's obligations to the Insured under this policy for the claimed loss or damage, other than the payments required to be made, shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation.

8. DETERMINATION AND EXTENT OF LIABILITY

This policy is a contract of indemnity against actual monetary loss or damage sustained or incurred by the Insured Claimant who has suffered loss or damage by reason of matters insured against by this policy.

(a) The extent of liability of the Company for loss or damage under this policy shall not exceed the lesser of

(i) the Amount of Insurance; or

(ii) the difference between the value of the Title as insured and the value of the Title subject to the risk insured against by this policy.

(b) If the Company pursues its rights under Section 5 of these Conditions and is unsuccessful in establishing the Title, as insured,

(i) the Amount of Insurance shall be increased by 10%, and

(ii) the Insured Claimant shall have the right to have the loss or damage determined either as of the date the claim was made by the Insured Claimant or as of the date it is settled and paid.

(c) In addition to the extent of liability under (a) and (b), the Company will also pay those costs, attorneys' fees, and expenses incurred in accordance with Sections 5 and 7 of these Conditions.

9. LIMITATION OF LIABILITY

(a) If the Company establishes the Title, or removes the alleged defect, lien, or encumbrance, or cures the lack of a right of access to or from the Land, or cures the claim of Unmarketable Title, all as insured, in a reasonably diligent manner by any method, including litigation and the completion of any appeals, it shall have fully performed its obligations with respect to that matter and shall not be liable for any loss or damage caused to the Insured.

(b) In the event of any litigation, including litigation by the Company or with the Company's consent, the Company shall have no liability for loss or damage until there has been a final determination by a court of competent jurisdiction, and disposition of all appeals, adverse to the Title, as insured.

(c) The Company shall not be liable for loss or damage to the Insured for liability voluntarily assumed by the Insured in settling any claim or suit without the prior written consent of the Company.

10. REDUCTION OF INSURANCE; REDUCTION OR TERMINATION OF LIABILITY

All payments under this policy, except payments made for costs, attorneys' fees, and expenses, shall reduce the Amount of Insurance by the amount of the payment.

11. LIABILITY NONCUMULATIVE

The Amount of Insurance shall be reduced by any amount the Company pays under any policy insuring a Mortgage to which exception is taken in Schedule B or to which the Insured has agreed, assumed, or taken subject, or which is executed by an Insured after Date of Policy and which is a charge or lien on the Title, and the amount so paid shall be deemed a payment to the Insured under this policy.

12. PAYMENT OF LOSS

When liability and the extent of loss or damage have been definitely fixed in accordance with these Conditions, the payment shall be made within 30 days.

13. RIGHTS OF RECOVERY UPON PAYMENT OR SETTLEMENT

(a) Whenever the Company shall have settled and paid a claim under this policy, it shall be subrogated and entitled to the rights of the Insured Claimant in the Title and all other rights and remedies in respect to the claim that the Insured Claimant has against any person or property, to the extent of the amount of any loss, costs, attorneys' fees, and expenses paid by the Company. If requested by the Company, the Insured Claimant shall execute documents to evidence the transfer to the Company of these rights and remedies. The Insured Claimant shall permit the Company to sue, compromise, or settle in the name of the Insured Claimant and to use the name of the Insured Claimant in any transaction or litigation involving these rights and remedies.

If a payment on account of a claim does not fully cover the loss of the Insured Claimant, the Company shall defer the exercise of its right to recover until after the Insured Claimant shall have recovered its loss.

(b) The Company's right of subrogation includes the rights of the Insured to indemnities, guaranties, other policies of insurance, or bonds, notwithstanding any terms or conditions contained in those instruments that address subrogation rights.

14. ARBITRATION

Unless prohibited by applicable law, arbitration pursuant to the Title Insurance Arbitration Rules of the American Arbitration Association may be demanded if agreed to by both the Company and the Insured at the time of a controversy or claim. Arbitrable matters may include, but are not limited to, any controversy or claim between the Company and the Insured arising out of or relating to this policy, and service of the Company in connection with its issuance or the breach of a policy provision or other obligation. Arbitration pursuant to this policy and under the Rules in effect on the date the demand for arbitration is made, or, at the option of the Insured, the Rules in effect at Date of Policy shall be binding upon the parties. The award may include attorneys' fees only if the laws of the state in which the Land is located permit a court to award attorneys' fees to a prevailing party. Judgment upon the award rendered by the Arbitrator(s) may be entered in any court having jurisdiction thereof.

The law of the situs of the land shall apply to an arbitration under the Title Insurance Arbitration Rules.

A copy of the Rules may be obtained from the Company upon request.

15. LIABILITY LIMITED TO THIS POLICY; POLICY ENTIRE CONTRACT

(a) This policy together with all endorsements, if any, attached to it by the Company is the entire policy and contract between the Insured and the Company. In interpreting any provision of this policy, this policy shall be construed as a whole.

(b) Any claim of loss or damage that arises out of the status of the Title or by any action asserting such claim whether or not based on negligence shall be restricted to this policy.

(c) Any amendment of or endorsement to this policy must be in writing and authenticated by an authorized person, or expressly incorporated by Schedule A of this policy.

(d) Each endorsement to this policy issued at any time is made a part of this policy and is subject to all of its terms and provisions. Except as the endorsement expressly states, it does not (i) modify any of the terms and provisions of the policy, (ii) modify any prior endorsement, (iii) extend the Date of Policy, or (iv) increase the Amount of Insurance.

16. SEVERABILITY

In the event any provision of this policy, in whole or in part, is held invalid or unenforceable under applicable law, the policy shall be deemed not to include that provision or such part held to be invalid, but all other provisions shall remain in full force and effect.

17. CHOICE OF LAW; FORUM

(a) Choice of Law: The Insured acknowledges the Company has underwritten the risks covered by this policy and determined the premium charged therefor in reliance upon the law affecting interests in real property and applicable to the interpretation, rights, remedies, or enforcement of policies of title insurance of the jurisdiction where the Land is located.

Therefore, the court or an arbitrator shall apply the law of the jurisdiction where the Land is located to determine the validity of claims against the Title that are adverse to the Insured and to interpret and enforce the terms of this policy. In neither case shall the court or arbitrator apply its conflicts of law principles to determine the applicable law.

(b) Choice of Forum: Any litigation or other proceeding brought by the Insured against the Company must be filed only in a state or federal court within the United States of America or its territories having appropriate jurisdiction.

CITY OF DESTIN

AGENDA ITEM

COUNCIL MEETING DATE: July 11, 2022
TYPE OF AGENDA ITEM: Action Item
AGENDA OUTLINE NUMBER: 4.C.

TO: City Council

THRU: Louis Zunguze, Community Development Director
Kimberly Kopp, Land Use Attorney
Kyle Bauman, City Attorney
Lance Johnson, City Manager

FROM: Jeffrey Cozadd, Grants Manager

DATE: July 5, 2022

SUBJECT: Acquisition of Properties for the Crosstown Connector

I. BACKGROUND: The Beach Drive to Benning Drive road project is the last unconnected leg of the City's Crosstown Connector, an east-west corridor intended to relieve traffic congestion on U.S. Highway 98. There are several properties located within the project area that will require purchase by the City, both complete and partial acquisitions.

At its regular meeting May 17, 2021, Council approved a contract amendment with Atkins of North America that provided for property acquisition assistance to allow the City to purchase properties that will be needed for the completion of the Crosstown Connector.

II. DISCUSSION: Atkins' consultant, Ms. Marsha Hayes, has been working to acquire Purchase Agreements for the needed properties. She has secured Purchase Agreements for the following properties: 605 Sandalwood, 606 Sandalwood, 608 Sandalwood, and Vacant Lot owned by George Winton. Copies of the signed Agreements are included with this agenda item.

Appraisals for these properties are also attached. Appraisals were obtained during the Fall of 2021 but due to changing housing market, these values may not reflect present-day value. The title commitments that were available at the time the agenda was published have been attached. The remaining title commitments have been ordered through the City Attorney's office and First American Title Company is working on producing them. If approved by City Council, these Agreements will be fully executed, and staff will proceed to close with a General Warranty Deed, survey, title policy, and other such declarations as are typical for real estate closing. Two appraisals are provided for the Winton-owned vacant property as is required by state statute, because the value is above $500,000.

The following should be considered as estimated costs associated with the closings of the referenced properties:

605 Sandalwood:
Purchase of Property - $345,000
*Closing Costs on Purchase - $5,000
Relocation - Land Lord Eligibility (LLE) Reestablishment - up to $25,000
Relocation - Tenant Rent Supplement - $60,632.46
*Relocation - Tenant Move Costs - $5,000
Total Costs - $440,632.46

606 Sandalwood:
Purchase of Property - $265,000
*Closing Costs on Purchase - $5,000
Relocation - Land Lord Eligibility (LLE) Reestablishment - up to $25,000
Relocation - Tenant Rent Supplement - $26,334
*Relocation - Tenant Move Costs - $5,000
Total Costs - $326,334.00

608 Sandalwood:
Purchase of Property - $345,000
*Closing Costs on Purchase - $5,000
Relocation - Land Lord Eligibility (LLE) Reestablishment - up to $25,000
Relocation - Tenant Rent Supplement - $37,800
*Relocation - Tenant Move Costs - $5,000
Total Costs - $417,800.00

Vacant Land (Winton) - Anna Street & Benning Drive:
Purchase of Property - $752,450

Total Costs - $762,450.00

A. **Link to Strategic Goals / Objectives:** Important Priorities 1.2 Complete two-lane Crosstown Connector

B. **Effect on Budget (EOB):** FDOT TRIP funding is being used for these purchases. Acquisition costs and other expenses for these four properties will total approximately $1,947,216. Staff recommend demolition of structures on these properties should be scheduled as soon as possible after closing to decrease expenditures for utility base fees and to lower property insurance expenses.

In addition, property insurance and utilities will need to be paid on the townhomes until the City all units in each building are purchased and the buildings may be demolished. The City currently owns three Sandalwood properties (601, 603, 607 Sandalwood) intended to be demolished for ROW, so this purchase will increase the total to six. Insurance on each unit is approximately $1200/year. Utilities is approximately $1800/year for each unit. $3000 x 6 units = $18,000/year is the estimated carrying cost.

C. **Level of Service (LOS):** Level of Service will be increased.

D. **Legislative Sponsor:**

III. CONCLUSION: This represents another important step in the acquisition of the necessary properties for the Crosstown Connector. A supermajority vote is necessary to pass the motion on the Winton-owned parcel as the purchase agreement cost is greater than $500,000.00 and it is greater than the average of the two appraised values.

IV. RECOMMENDED MOTION: 605 Sandalwood: I move that the City Council approve the purchase of 605 Sandalwood and authorize the City Manager to execute the purchase agreement and proceed with closing. (simple majority vote required to pass)

606 Sandalwood: I move that the City Council approve the purchase of 606 Sandalwood and authorize the City Manager to execute the purchase agreement and

proceed with closing. (simple majority vote required to pass)

608 Sandalwood: I move that the City Council approve the purchase of 608 Sandalwood and authorize the City Manager to execute the purchase agreement and proceed with closing. (simple majority vote required to pass).

Vacant Land (Winton) - Anna Street & Benning Drive: I move that the City Council approve the purchase of the vacant land at the corner of Anna Street & Benning Drive and authorize the City Manager to execute the purchase agreement and proceed with closing. (supermajority vote required to pass)

   c. resulting in no loss or damage to the Insured Claimant;
   d. attaching or created subsequent to the Date of Policy (Exclusion 3.d. does not modify or limit the coverage provided under Covered Risk 9 or 10); or

2. CONTINUATION OF COVERAGE

This policy continues as of the Date of Policy in favor of an Insured, so long as the Insured:
a. retains an estate or interest in the Land;
b. owns an obligation secured by a purchase money Mortgage given by a purchaser from the Insured; or
c. has liability for warranties given by the Insured in any transfer or conveyance of the Insured's Title.

Except as provided in Condition 2, this policy terminates and ceases to have any further force or effect after the Insured conveys the Title. This policy does not continue in force or effect in favor of any person or entity that is not the Insured and acquires the Title or an obligation secured by a purchase money Mortgage given to the Insured.

3. NOTICE OF CLAIM TO BE GIVEN BY INSURED CLAIMANT

The Insured must notify the Company promptly in writing if the Insured has Knowledge of:
a. any litigation or other matter for which the Company may be liable under this policy; or
b. any rejection of the Title as Unmarketable Title.

If the Company is prejudiced by the failure of the Insured Claimant to provide prompt notice, the Company's liability to the Insured Claimant under this policy is reduced to the extent of the prejudice.

4. PROOF OF LOSS

The Company may, at its option, require as a condition of payment that the Insured Claimant furnish a signed proof of loss. The proof of loss must describe the defect, lien, encumbrance, adverse claim, or other matter insured against by this policy that constitutes the basis of loss or damage and must state, to the extent possible, the basis of calculating the amount of the loss or damage.

5. DEFENSE AND PROSECUTION OF ACTIONS

a. Upon written request by the Insured and subject to the options contained in Condition 7, the Company, at its own cost and without unreasonable delay, will provide for the defense of an Insured in litigation in which any third party asserts a claim covered by this policy adverse to the Insured. This obligation is limited to only those stated causes of action alleging matters insured against by this policy. The Company has the right to select counsel of its choice (subject to the right of the Insured to object for reasonable cause) to represent the Insured as to those covered causes of action. The Company is not liable for and will not pay the fees of any other counsel. The Company will not pay any fees, costs, or expenses incurred by the Insured in the defense of any cause of action that alleges matters not insured against by this policy.
b. The Company has the right, in addition to the options contained in Condition 7, at its own cost, to institute and prosecute any action or proceeding or to do any other act that, in its opinion, may be

necessary or desirable to establish the Title, as insured, or to prevent or reduce loss or damage to the Insured. The Company may take any appropriate action under the terms of this policy, whether or not it is liable to the Insured. The Company's exercise of these rights is not an admission of liability or waiver of any provision of this policy. If the Company exercises its rights under Condition 5.b., it must do so diligently.

c. When the Company brings an action or asserts a defense as required or permitted by this policy, the Company may pursue the litigation to a final determination by a court having jurisdiction. The Company reserves the right, in its sole discretion, to appeal any adverse judgment or order.

6. DUTY OF INSURED CLAIMANT TO COOPERATE

a. When this policy permits or requires the Company to prosecute or provide for the defense of any action or proceeding and any appeals, the Insured will secure to the Company the right to prosecute or provide defense in the action or proceeding, including the right to use, at its option, the name of the Insured for this purpose.

When requested by the Company, the Insured, at the Company's expense, must give the Company all reasonable aid in:

i. securing evidence, obtaining witnesses, prosecuting or defending the action or proceeding, or effecting settlement; and

ii. any other lawful act that in the opinion of the Company may be necessary or desirable to establish the Title or any other matter, as insured.

If the Company is prejudiced by any failure of the Insured to furnish the required cooperation, the Company's liability and obligations to the Insured under this policy terminate, including any obligation to defend, prosecute, or continue any litigation, regarding the matter requiring such cooperation.

b. The Company may reasonably require the Insured Claimant to submit to examination under oath by any authorized representative of the Company and to produce for examination, inspection, and copying, at such reasonable times and places as may be designated by the authorized representative of the Company, all records, in whatever medium maintained, including books, ledgers, checks, memoranda, correspondence, reports, e-mails, disks, tapes, and videos, whether bearing a date before or after the Date of Policy, that reasonably pertain to the loss or damage. Further, if requested by any authorized representative of the Company, the Insured Claimant must grant its permission, in writing, for any authorized representative of the Company to examine, inspect, and copy all the records in the custody or control of a third party that reasonably pertain to the loss or damage. No information designated in writing as confidential by the Insured Claimant provided to the Company pursuant to Condition 6 will be later disclosed to others unless, in the reasonable judgment of the Company, disclosure is necessary in the administration of the claim or required by law. Any failure of the Insured Claimant to submit for examination under oath, produce any reasonably requested information, or grant permission to secure reasonably necessary information from third parties as required in Condition 6.b., unless prohibited by law, terminates any liability of the Company under this policy as to that claim.

7. OPTIONS TO PAY OR OTHERWISE SETTLE CLAIMS; TERMINATION OF LIABILITY

In case of a claim under this policy, the Company has the following additional options:

a. *To Pay or Tender Payment of the Amount of Insurance*

To pay or tender payment of the Amount of Insurance under this policy. In addition, the Company will pay any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment or tender of payment and that the Company is obligated to pay. Upon the exercise by the Company of this option provided for in Condition 7.a., the Company's liability and obligations to the Insured under this policy terminate, including any obligation to defend, prosecute, or continue any litigation.

b. *To Pay or Otherwise Settle with Parties other than the Insured or with the Insured Claimant*

i. To pay or otherwise settle with parties other than the Insured for or in the name of the Insured Claimant. In addition, the Company will pay any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment and that the Company is obligated to pay; or

ii. To pay or otherwise settle with the Insured Claimant the loss or damage provided for under this policy. In addition, the Company will pay any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment and that the Company is obligated to pay.

Upon the exercise by the Company of either option provided for in Condition 7.b., the Company's liability and obligations to the Insured under this policy for the claimed loss or damage terminate, including any obligation to defend, prosecute, or continue any litigation.

8. CONTRACT OF INDEMNITY; DETERMINATION AND EXTENT OF LIABILITY

This policy is a contract of indemnity against actual monetary loss or damage sustained or incurred by an Insured Claimant who has suffered loss or damage by reason of matters insured against by this policy. This policy is not an abstract of the Title, report of the condition of the Title, legal opinion, opinion of the Title, or other representation of the status of the Title. All claims asserted under this policy are based in contract and are restricted to the terms and provisions of this policy. The Company is not liable for any claim alleging negligence or negligent misrepresentation arising from or in connection with this policy or the determination of the insurability of the Title.

a. The extent of liability of the Company for loss or damage under this policy does not exceed the lesser of:
   i. the Amount of Insurance; or
   ii. the difference between the fair market value of the Title, as insured, and the fair market value of the Title subject to the matter insured against by this policy.
b. Except as provided in Condition 8.c. or 8.d., the fair market value of the Title in Condition 8.a.ii. is calculated using the date the Insured discovers the defect, lien, encumbrance, adverse claim, or other matter insured against by this policy.
c. If, at the Date of Policy, the Title to all of the Land is void by reason of a matter insured against by this policy, then the Insured Claimant may, by written notice given to the Company, elect to use the Date of Policy as the date for calculating the fair market value of the Title in Condition 8.a.ii.
d. If the Company pursues its rights under Condition 5.b. and is unsuccessful in establishing the Title, as insured:
   i. the Amount of Insurance will be increased by 15%; and
   ii. the Insured Claimant may, by written notice given to the Company, elect, as an alternative to the dates set forth in Condition 8.b. or, if it applies, 8.c., to use either the date the settlement, action, proceeding, or other act described in Condition 5.b. is concluded or the date the notice of claim required by Condition 3 is received by the Company as the date for calculating the fair market value of the Title in Condition 8.a.ii.
e. In addition to the extent of liability for loss or damage under Conditions 8.a. and 8.d., the Company will also pay the costs, attorneys' fees, and expenses incurred in accordance with Conditions 5 and 7.

9. LIMITATION OF LIABILITY

a. The Company fully performs its obligations and is not liable for any loss or damage caused to the Insured if the Company accomplishes any of the following in a reasonable manner:
   i. removes the alleged defect, lien, encumbrance, adverse claim, or other matter;
   ii. cures the lack of a right of access to and from the Land; or
   iii. cures the claim of Unmarketable Title,

   all as insured. The Company may do so by any method, including litigation and the completion of any appeals.
b. The Company is not liable for loss or damage arising out of any litigation, including litigation by the Company or with the Company's consent, until a State or federal court having jurisdiction makes a final, non-appealable determination adverse to the Title.
c. The Company is not liable for loss or damage to the Insured for liability voluntarily assumed by the Insured in settling any claim or suit without the prior written consent of the Company.
d. The Company is not liable for the content of the Transaction Identification Data, if any.

10. REDUCTION OR TERMINATION OF INSURANCE
All payments under this policy, except payments made for costs, attorneys' fees, and expenses, reduce the Amount of Insurance by the amount of the payment.

11. LIABILITY NONCUMULATIVE
The Amount of Insurance will be reduced by any amount the Company pays under any policy insuring a Mortgage to which exception is taken in Schedule B or to which the Insured has agreed, assumed, or taken subject, or which is executed by an Insured after the Date of Policy and which is a charge or lien on the Title, and the amount so paid will be deemed a payment to the Insured under this policy.

12. PAYMENT OF LOSS
When liability and the extent of loss or damage are determined in accordance with the Conditions, the Company will pay the loss or damage within 30 days.

13. COMPANY'S RECOVERY AND SUBROGATION RIGHTS UPON SETTLEMENT AND PAYMENT

a. If the Company settles and pays a claim under this policy, it is subrogated and entitled to the rights and remedies of the Insured Claimant in the Title and all other rights and remedies in respect to the claim that the Insured Claimant has against any person, entity, or property to the fullest extent permitted by law, but limited to the amount of any loss, costs, attorneys' fees, and expenses paid by the Company. If requested by the Company, the Insured Claimant must execute documents to transfer these rights and remedies to the Company. The Insured Claimant permits the Company to sue, compromise, or settle in the name of the Insured Claimant and to use the name of the Insured Claimant in any transaction or litigation involving these rights and remedies.

b. If a payment on account of a claim does not fully cover the loss of the Insured Claimant, the Company defers the exercise of its subrogation right until after the Insured Claimant fully recovers its loss.

c. The Company's subrogation right includes the Insured's rights to indemnity, guaranty, warranty, insurance policy, or bond, despite any provision in those instruments that addresses recovery or subrogation rights.

14. POLICY ENTIRE CONTRACT

a. This policy together with all endorsements, if any, issued by the Company is the entire policy and contract between the Insured and the Company. In interpreting any provision of this policy, this policy will be construed as a whole. This policy and any endorsement to this policy may be evidenced by electronic means authorized by law.

b. Any amendment of this policy must be by a written endorsement issued by the Company. To the extent any term or provision of an endorsement is inconsistent with any term or provision of this policy, the term or provision of the endorsement controls. Unless the endorsement expressly states, it does not:
   i. modify any prior endorsement,
   ii. extend the Date of Policy,
   iii. insure against loss or damage exceeding the Amount of Insurance, or
   iv. increase the Amount of Insurance.

15. SEVERABILITY
In the event any provision of this policy, in whole or in part, is held invalid or unenforceable under applicable law, this policy will be deemed not to include that provision or the part held to be invalid, but all other provisions will remain in full force and effect.

16. CHOICE OF LAW AND CHOICE OF FORUM

a. *Choice of Law*
The Company has underwritten the risks covered by this policy and determined the premium charged in reliance upon the State law affecting interests in real property and the State law applicable to the interpretation, rights, remedies, or enforcement of policies of title insurance of the State where the Land is located.

The State law of the State where the Land is located, or to the extent it controls, federal law, will determine the validity of claims against the Title and the interpretation and enforcement of the terms of this policy, without regard to conflicts of law principles to determine the applicable law.

b. *Choice of Forum*
Any litigation or other proceeding brought by the Insured against the Company must be filed only in a State or federal court having jurisdiction.

17. NOTICES
Any notice of claim and any other notice or statement in writing required to be given to the Company under this policy must be given to the Company at: **First American Title Insurance Company, Attn: Claims National Intake Center, 5 First American Way, Santa Ana, California 92707. Phone: 888-632-1642 (claims.nic@firstam.com)**.

18. ARBITRATION

a. All claims and disputes arising out of or relating to this policy, including any service or other matter in connection with issuing this policy, any breach of a policy provision, or any other claim or dispute arising out of or relating to the transaction giving rise to this policy, may be submitted to binding arbitration only when agreed to by both the Company and the Insured. Arbitration must be conducted pursuant to the Title Insurance Arbitration Rules of the American Land Title Association ("ALTA Rules"). The ALTA Rules are available online at www.alta.org/arbitration. The ALTA Rules incorporate, as appropriate to a particular dispute, the Consumer Arbitration Rules and Commercial Arbitration Rules of the American Arbitration Association ("AAA Rules"). The AAA Rules are available online at www.adr.org.

b. *If there is a final judicial determination that a request for particular relief cannot be arbitrated in accordance with this Condition 18, then only that request for particular relief may be brought in court. All other requests for relief remain subject to this Condition 18.*

c. Fees will be allocated in accordance with the applicable AAA Rules. The results of arbitration will be binding upon the parties. The arbitrator may consider, but is not bound by, rulings in prior arbitrations involving different parties. The arbitrator is bound by rulings in prior arbitrations involving the same parties to the extent required by law. The arbitrator must issue a written decision sufficient to explain the findings and conclusions on which the award is based. Judgment upon the award rendered by the arbitrator may be entered in any State or federal court having jurisdiction.

a. retains an estate or interest in the Land;

b. owns an obligation secured by a purchase money Mortgage given by a purchaser from the Insured; or

c. has liability for warranties given by the Insured in any transfer or conveyance of the Insured's Title.

Except as provided in Condition 2, this policy terminates and ceases to have any further force or effect after the Insured conveys the Title. This policy does not continue in force or effect in favor of any person or entity that is not the Insured and acquires the Title or an obligation secured by a purchase money Mortgage given to the Insured.

3. NOTICE OF CLAIM TO BE GIVEN BY INSURED CLAIMANT

The Insured must notify the Company promptly in writing if the Insured has Knowledge of:

a. any litigation or other matter for which the Company may be liable under this policy; or

b. any rejection of the Title as Unmarketable Title.

If the Company is prejudiced by the failure of the Insured Claimant to provide prompt notice, the Company's liability to the Insured Claimant under this policy is reduced to the extent of the prejudice.

4. PROOF OF LOSS

The Company may, at its option, require as a condition of payment that the Insured Claimant furnish a signed proof of loss. The proof of loss must describe the defect, lien, encumbrance, adverse claim, or other matter insured against by this policy that constitutes the basis of loss or damage and must state, to the extent possible, the basis of calculating the amount of the loss or damage.

5. DEFENSE AND PROSECUTION OF ACTIONS

a. Upon written request by the Insured and subject to the options contained in Condition 7, the Company, at its own cost and without unreasonable delay, will provide for the defense of an Insured in litigation in which any third party asserts a claim covered by this policy adverse to the Insured. The Company may take any appropriate action under the terms of this policy,

whether or not it is liable to the Insured. The Company's exercise of these rights is not an admission of liability or waiver of any provision of this policy. If the Company exercises its rights under Condition 5.b., it must do so diligently.

c. When the Company brings an action or asserts a defense as required or permitted by this policy, the Company may pursue the litigation to a final determination by a court having jurisdiction. The Company reserves the right, in its sole discretion, to appeal any adverse judgment or order.

6. DUTY OF INSURED CLAIMANT TO COOPERATE

a. When this policy permits or requires the Company to prosecute or provide for the defense of any action or proceeding and any appeals, the Insured will secure to the Company the right to prosecute or provide defense in the action or proceeding, including the right to use, at its option, the name of the Insured for this purpose.

When requested by the Company, the Insured, at the Company's expense, must give the Company all reasonable aid in:

i. securing evidence, obtaining witnesses, prosecuting or defending the action or proceeding, or effecting settlement; and

ii. any other lawful act that in the opinion of the Company may be necessary or desirable to establish the Title or any other matter, as insured.

If the Company is prejudiced by any failure of the Insured to furnish the required cooperation, the Company's liability and obligations to the Insured under this policy terminate, including any obligation to defend, prosecute, or continue any litigation, regarding the matter requiring such cooperation.

b. The Company may reasonably require the Insured Claimant to submit to examination under oath by any authorized representative of the Company and to produce for examination, inspection, and copying, at such reasonable times and places as may be designated by the authorized representative of the Company, all records, in whatever medium maintained, including books, ledgers, checks, memoranda, correspondence, reports, e-mails, disks, tapes, and videos, whether bearing a date before or after the Date of Policy, that reasonably pertain to the loss or damage. Further, if requested by any authorized representative of the Company, the Insured Claimant must grant its permission, in writing, for any authorized representative of the Company to examine, inspect, and copy all the records in the custody or control of a third party that reasonably pertain to the loss or damage. No information designated in writing as confidential by the Insured Claimant provided to the Company pursuant to Condition 6 will be later disclosed to others unless, in the reasonable judgment of the Company, disclosure is necessary in the administration of the claim or required by law. Any failure of the Insured Claimant to submit for examination under oath, produce any reasonably requested information, or grant permission to secure reasonably necessary information from third parties as required in Condition 6.b., unless prohibited by law, terminates any liability of the Company under this policy as to that claim.

7. OPTIONS TO PAY OR OTHERWISE SETTLE CLAIMS; TERMINATION OF LIABILITY

the time of payment and that the Company is obligated to pay.

Upon the exercise by the Company of either option provided for in Condition 7.b., the Company's liability and obligations to the Insured under this policy for the claimed loss or damage terminate, including any obligation to defend, prosecute, or continue any litigation.

8. CONTRACT OF INDEMNITY; DETERMINATION AND EXTENT OF LIABILITY

This policy is a contract of indemnity against actual monetary loss or damage sustained or incurred by an Insured Claimant who has suffered loss or damage by reason of matters insured against by this policy. This policy is not an abstract of the Title, report of the condition of the Title, legal opinion, opinion of the Title, or other representation of the status of the Title. All claims asserted under this policy are based in contract and are restricted to the terms and provisions of this policy. The Company is not liable for any claim alleging negligence or negligent misrepresentation arising from or in connection with this policy or the determination of the insurability of the Title.

a. The extent of liability of the Company for loss or damage under this policy does not exceed the lesser of:
   i. the Amount of Insurance; or
   ii. the difference between the fair market value of the Title, as insured, and the fair market value of the Title subject to the matter insured against by this policy.

b. Except as provided in Condition 8.c. or 8.d., the fair market value of the Title in Condition 8.a.ii. is calculated using the date the Insured discovers the defect, lien, encumbrance, adverse claim, or other matter insured against by this policy.

c. If, at the Date of Policy, the Title to all of the Land is void by reason of a matter insured against by this policy, then the Insured Claimant may, by written notice given to the Company, elect to use the Date of Policy as the date for calculating the fair market value of the Title in Condition 8.a.ii.

"Public Records": The recording or filing system established under State statutes in effect at the Date of Policy under which a document must be recorded or filed to impart constructive notice of matters relating to the Title to a purchaser for value without Knowledge. The term "Public Records" does not include any other recording or filing system, including any pertaining to environmental remediation or protection, planning, permitting, zoning, licensing, building, health, public safety, or national security matters.
n. "State": The state or commonwealth of the United States within whose exterior boundaries the Land is located. The term "State" also includes the District of Columbia, the Commonwealth of Puerto Rico, the U.S. Virgin Islands, and Guam.
o. "Title": The estate or interest in the Land identified in Item 2 of Schedule A.
p. "Unmarketable Title": The Title affected by an alleged or apparent matter that would permit a prospective purchaser or lessee of the Title or a lender on the Title to be released from the obligation to purchase, lease, or lend if there is a contractual condition requiring the delivery of marketable title.

2. CONTINUATION OF COVERAGE

This policy continues as of the Date of Policy in favor of an Insured, so long as the Insured:
a. retains an estate or interest in the Land;
b. owns an obligation secured by a purchase money Mortgage given by a purchaser from the Insured; or
c. has liability for warranties given by the Insured in any transfer or conveyance of the Insured's Title.

Except as provided in Condition 2, this policy terminates and ceases to have any further force or effect after the Insured conveys the Title. This policy does not continue in force or effect in favor of any person or entity that is not the Insured and acquires the Title or an obligation secured by a purchase money Mortgage given to the Insured.

3. NOTICE OF CLAIM TO BE GIVEN BY INSURED CLAIMANT

The Insured must notify the Company promptly in writing if the Insured has Knowledge of:
a. any litigation or other matter for which the Company may be liable under this policy; or
b. any rejection of the Title as Unmarketable Title.

If the Company is prejudiced by the failure of the Insured Claimant to provide prompt notice, the Company's liability to the Insured Claimant under this policy is reduced to the extent of the prejudice.

4. PROOF OF LOSS

The Company may, at its option, require as a condition of payment that the Insured Claimant furnish a signed proof of loss. The proof of loss must describe the defect, lien, encumbrance, adverse claim, or other matter insured against by this policy that constitutes the basis of loss or damage and must state, to the extent possible, the basis of calculating the amount of the loss or damage.

5. DEFENSE AND PROSECUTION OF ACTIONS

a. Upon written request by the Insured and subject to the options contained in Condition 7, the Company, at its own cost and without unreasonable delay, will provide for the defense of an Insured in litigation in which any third party asserts a claim covered by this policy adverse to the Insured. This obligation is limited to only those stated causes of action alleging matters insured against by this policy. The Company has the right to select counsel of its choice (subject to the right of the Insured to object for reasonable cause) to represent the Insured as to those covered causes of action. The Company is not liable for and will not pay the fees of any other counsel. The Company will not pay any fees, costs, or expenses incurred by the Insured in the defense of any cause of action that alleges matters not insured against by this policy.
b. The Company has the right, in addition to the options contained in Condition 7, at its own cost, to institute and prosecute any action or proceeding or to do any other act that, in its opinion, may be

necessary or desirable to establish the Title, as insured, or to prevent or reduce loss or damage to the Insured. The Company may take any appropriate action under the terms of this policy, whether or not it is liable to the Insured. The Company's exercise of these rights is not an admission of liability or waiver of any provision of this policy. If the Company exercises its rights under Condition 5.b., it must do so diligently.

c. When the Company brings an action or asserts a defense as required or permitted by this policy, the Company may pursue the litigation to a final determination by a court having jurisdiction. The Company reserves the right, in its sole discretion, to appeal any adverse judgment or order.

6. DUTY OF INSURED CLAIMANT TO COOPERATE

a. When this policy permits or requires the Company to prosecute or provide for the defense of any action or proceeding and any appeals, the Insured will secure to the Company the right to prosecute or provide defense in the action or proceeding, including the right to use, at its option, the name of the Insured for this purpose.

When requested by the Company, the Insured, at the Company's expense, must give the Company all reasonable aid in:

i. securing evidence, obtaining witnesses, prosecuting or defending the action or proceeding, or effecting settlement; and

ii. any other lawful act that in the opinion of the Company may be necessary or desirable to establish the Title or any other matter, as insured.

If the Company is prejudiced by any failure of the Insured to furnish the required cooperation, the Company's liability and obligations to the Insured under this policy terminate, including any obligation to defend, prosecute, or continue any litigation, regarding the matter requiring such cooperation.

b. The Company may reasonably require the Insured Claimant to submit to examination under oath by any authorized representative of the Company and to produce for examination, inspection, and copying, at such reasonable times and places as may be designated by the authorized representative of the Company, all records, in whatever medium maintained, including books, ledgers, checks, memoranda, correspondence, reports, e-mails, disks, tapes, and videos, whether bearing a date before or after the Date of Policy, that reasonably pertain to the loss or damage. Further, if requested by any authorized representative of the Company, the Insured Claimant must grant its permission, in writing, for any authorized representative of the Company to examine, inspect, and copy all the records in the custody or control of a third party that reasonably pertain to the loss or damage. No information designated in writing as confidential by the Insured Claimant provided to the Company pursuant to Condition 6 will be later disclosed to others unless, in the reasonable judgment of the Company, disclosure is necessary in the administration of the claim or required by law. Any failure of the Insured Claimant to submit for examination under oath, produce any reasonably requested information, or grant permission to secure reasonably necessary information from third parties as required in Condition 6.b., unless prohibited by law, terminates any liability of the Company under this policy as to that claim.

7. OPTIONS TO PAY OR OTHERWISE SETTLE CLAIMS; TERMINATION OF LIABILITY

In case of a claim under this policy, the Company has the following additional options:

a. *To Pay or Tender Payment of the Amount of Insurance*

To pay or tender payment of the Amount of Insurance under this policy. In addition, the Company will pay any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment or tender of payment and that the Company is obligated to pay. Upon the exercise by the Company of this option provided for in Condition 7.a., the Company's liability and obligations to the Insured under this policy terminate, including any obligation to defend, prosecute, or continue any litigation.

b. *To Pay or Otherwise Settle with Parties other than the Insured or with the Insured Claimant*

i. To pay or otherwise settle with parties other than the Insured for or in the name of the Insured Claimant. In addition, the Company will pay any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment and that the Company is obligated to pay; or

ii. To pay or otherwise settle with the Insured Claimant the loss or damage provided for under this policy. In addition, the Company will pay any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment and that the Company is obligated to pay.

Upon the exercise by the Company of either option provided for in Condition 7.b., the Company's liability and obligations to the Insured under this policy for the claimed loss or damage terminate, including any obligation to defend, prosecute, or continue any litigation.

8. CONTRACT OF INDEMNITY; DETERMINATION AND EXTENT OF LIABILITY

This policy is a contract of indemnity against actual monetary loss or damage sustained or incurred by an Insured Claimant who has suffered loss or damage by reason of matters insured against by this policy. This policy is not an abstract of the Title, report of the condition of the Title, legal opinion, opinion of the Title, or other representation of the status of the Title. All claims asserted under this policy are based in contract and are restricted to the terms and provisions of this policy. The Company is not liable for any claim alleging negligence or negligent misrepresentation arising from or in connection with this policy or the determination of the insurability of the Title.

a. The extent of liability of the Company for loss or damage under this policy does not exceed the lesser of:
   i. the Amount of Insurance; or
   ii. the difference between the fair market value of the Title, as insured, and the fair market value of the Title subject to the matter insured against by this policy.

b. Except as provided in Condition 8.c. or 8.d., the fair market value of the Title in Condition 8.a.ii. is calculated using the date the Insured discovers the defect, lien, encumbrance, adverse claim, or other matter insured against by this policy.

c. If, at the Date of Policy, the Title to all of the Land is void by reason of a matter insured against by this policy, then the Insured Claimant may, by written notice given to the Company, elect to use the Date of Policy as the date for calculating the fair market value of the Title in Condition 8.a.ii.

d. If the Company pursues its rights under Condition 5.b. and is unsuccessful in establishing the Title, as insured:
   i. the Amount of Insurance will be increased by 15%; and
   ii. the Insured Claimant may, by written notice given to the Company, elect, as an alternative to the dates set forth in Condition 8.b. or, if it applies, 8.c., to use either the date the settlement, action, proceeding, or other act described in Condition 5.b. is concluded or the date the notice of claim required by Condition 3 is received by the Company as the date for calculating the fair market value of the Title in Condition 8.a.ii.

e. In addition to the extent of liability for loss or damage under Conditions 8.a. and 8.d., the Company will also pay the costs, attorneys' fees, and expenses incurred in accordance with Conditions 5 and 7.

9. LIMITATION OF LIABILITY

a. The Company fully performs its obligations and is not liable for any loss or damage caused to the Insured if the Company accomplishes any of the following in a reasonable manner:
   i. removes the alleged defect, lien, encumbrance, adverse claim, or other matter;
   ii. cures the lack of a right of access to and from the Land; or
   iii. cures the claim of Unmarketable Title,

   all as insured. The Company may do so by any method, including litigation and the completion of any appeals.

b. The Company is not liable for loss or damage arising out of any litigation, including litigation by the Company or with the Company's consent, until a State or federal court having jurisdiction makes a final, non-appealable determination adverse to the Title.

c. The Company is not liable for loss or damage to the Insured for liability voluntarily assumed by the Insured in settling any claim or suit without the prior written consent of the Company.

d. The Company is not liable for the content of the Transaction Identification Data, if any.

10. REDUCTION OR TERMINATION OF INSURANCE
All payments under this policy, except payments made for costs, attorneys' fees, and expenses, reduce the Amount of Insurance by the amount of the payment.

11. LIABILITY NONCUMULATIVE
The Amount of Insurance will be reduced by any amount the Company pays under any policy insuring a Mortgage to which exception is taken in Schedule B or to which the Insured has agreed, assumed, or taken subject, or which is executed by an Insured after the Date of Policy and which is a charge or lien on the Title, and the amount so paid will be deemed a payment to the Insured under this policy.

12. PAYMENT OF LOSS
When liability and the extent of loss or damage are determined in accordance with the Conditions, the Company will pay the loss or damage within 30 days.

13. COMPANY'S RECOVERY AND SUBROGATION RIGHTS UPON SETTLEMENT AND PAYMENT

a. If the Company settles and pays a claim under this policy, it is subrogated and entitled to the rights and remedies of the Insured Claimant in the Title and all other rights and remedies in respect to the claim that the Insured Claimant has against any person, entity, or property to the fullest extent permitted by law, but limited to the amount of any loss, costs, attorneys' fees, and expenses paid by the Company. If requested by the Company, the Insured Claimant must execute documents to transfer these rights and remedies to the Company. The Insured Claimant permits the Company to sue, compromise, or settle in the name of the Insured Claimant and to use the name of the Insured Claimant in any transaction or litigation involving these rights and remedies.

b. If a payment on account of a claim does not fully cover the loss of the Insured Claimant, the Company defers the exercise of its subrogation right until after the Insured Claimant fully recovers its loss.

c. The Company's subrogation right includes the Insured's rights to indemnity, guaranty, warranty, insurance policy, or bond, despite any provision in those instruments that addresses recovery or subrogation rights.

14. POLICY ENTIRE CONTRACT

a. This policy together with all endorsements, if any, issued by the Company is the entire policy and contract between the Insured and the Company. In interpreting any provision of this policy, this policy will be construed as a whole. This policy and any endorsement to this policy may be evidenced by electronic means authorized by law.

b. Any amendment of this policy must be by a written endorsement issued by the Company. To the extent any term or provision of an endorsement is inconsistent with any term or provision of this policy, the term or provision of the endorsement controls. Unless the endorsement expressly states, it does not:
   i. modify any prior endorsement,
   ii. extend the Date of Policy,
   iii. insure against loss or damage exceeding the Amount of Insurance, or
   iv. increase the Amount of Insurance.

15. SEVERABILITY
In the event any provision of this policy, in whole or in part, is held invalid or unenforceable under applicable law, this policy will be deemed not to include that provision or the part held to be invalid, but all other provisions will remain in full force and effect.

16. CHOICE OF LAW AND CHOICE OF FORUM

a. *Choice of Law*
The Company has underwritten the risks covered by this policy and determined the premium charged in reliance upon the State law affecting interests in real property and the State law applicable to the interpretation, rights, remedies, or enforcement of policies of title insurance of the State where the Land is located.

The State law of the State where the Land is located, or to the extent it controls, federal law, will determine the validity of claims against the Title and the interpretation and enforcement of the terms of this policy, without regard to conflicts of law principles to determine the applicable law.

b. *Choice of Forum*
Any litigation or other proceeding brought by the Insured against the Company must be filed only in a State or federal court having jurisdiction.

17. NOTICES
Any notice of claim and any other notice or statement in writing required to be given to the Company under this policy must be given to the Company at: **First American Title Insurance Company, Attn: Claims National Intake Center, 5 First American Way, Santa Ana, California 92707. Phone: 888-632-1642 (claims.nic@firstam.com)**.

18. ARBITRATION

a. All claims and disputes arising out of or relating to this policy, including any service or other matter in connection with issuing this policy, any breach of a policy provision, or any other claim or dispute arising out of or relating to the transaction giving rise to this policy, may be submitted to binding arbitration only when agreed to by both the Company and the Insured. Arbitration must be conducted pursuant to the Title Insurance Arbitration Rules of the American Land Title Association ("ALTA Rules"). The ALTA Rules are available online at www.alta.org/arbitration. The ALTA Rules incorporate, as appropriate to a particular dispute, the Consumer Arbitration Rules and Commercial Arbitration Rules of the American Arbitration Association ("AAA Rules"). The AAA Rules are available online at www.adr.org.

b. *If there is a final judicial determination that a request for particular relief cannot be arbitrated in accordance with this Condition 18, then only that request for particular relief may be brought in court. All other requests for relief remain subject to this Condition 18.*

c. Fees will be allocated in accordance with the applicable AAA Rules. The results of arbitration will be binding upon the parties. The arbitrator may consider, but is not bound by, rulings in prior arbitrations involving different parties. The arbitrator is bound by rulings in prior arbitrations involving the same parties to the extent required by law. The arbitrator must issue a written decision sufficient to explain the findings and conclusions on which the award is based. Judgment upon the award rendered by the arbitrator may be entered in any State or federal court having jurisdiction.

STANDARDS FOR REAL ESTATE TRANSACTIONS

A. EVIDENCE OF TITLE:

A "title insurance commitment" issued by a Florida licensed title insurer agreeing to issue to Buyer, upon recording of the deed to Buyer, an owner's policy of title insurance in the amount of the purchase price, insuring Buyer's title to Real Property, subject only to liens, encumbrances, exceptions, or qualification set forth in this Contract and those which shall be discharged by Sellers at or before closing. Sellers shall convey a marketable title subject only to liens, encumbrances, exceptions or qualifications set forth in Contract. Marketable title shall be determined according to applicable Title Standards adopted by authority of the Florida Bar and in accordance with law. Buyer shall have 30 days, if abstract, or 5 days if title commitment, from date of receiving evidence of title to examine it. If title is found defective, Buyer shall, within 3 days, notify Sellers in writing specifying defect(s). If the defect(s) render title unmarketable, Sellers will have 120 days from receipt of notice within which to remove the defect(s), failing

which Buyer shall have the option of either accepting the title as it then is or demanding a refund of deposit(s) paid which shall immediately be returned to Buyer; thereupon, Buyer and Sellers shall release one another of all further obligations under the Contract. Sellers will, if title is found unmarketable, use diligent effort to correct defect(s) in title within the time provided therefor, including the bringing of necessary suits.

B. SURVEY:

Buyer, at Buyer's expense, within time allowed to deliver evidence of title and to examine same, may have Real Property surveyed and certified by a registered Florida surveyor. If survey shows encroachment on Real Property or that improvements located on Real Property encroach on setback lines, easements, lands of others, or violate any restrictions, Contract covenants or applicable governmental regulation, the same shall constitute a title defect.

C. ~~TERMITES~~

~~Buyer~~, at Buyer's expense, within time allowed to deliver evidence of title and to examine same, may ~~have~~ Real Property inspected by a Florida Certified Pest Control Operator to determine if there is any visible active termite infestation or visible existing damage from termite infestation in the improvements. If either or both are found, Buyer will have 4 days from the date of written notice thereof within which to have all damages, whether visible or not, inspected and estimated by a licensed builder or general contractor. Sellers shall pay valid costs of treatment and repair up to 2% of purchase price. Should such costs exceed that amount, Buyer shall have the option of canceling the Contract within 5 days after receipt of Contractor's repair estimate by giving written notice to Sellers or Buyer may elect to proceed with the transaction, in which the Buyer shall receive a credit at closing of an amount equal to the total of the treatment and repair estimated not in excess of 2% of purchase price. "Termites" shall be deemed to include all wood ~~destroying organisms required to be reported under the Florida Pest~~ Control Act.

D. INGRESS AND EGRESS:

Sellers warrant and represent that there is ingress and egress to the Real Property sufficient for the intended use as described in Paragraph VII hereof, title to which is in accordance with Standard A.

E. LIENS:

Sellers shall furnish to Buyer at time of closing an affidavit attesting to the absence, unless otherwise provided for herein, of any financing statements, claims of lien or potential leiners known to Sellers and further attesting that there have been no improvements or repairs to Property for 90 days immediately preceding date of closing. If Property has been improved, or repaired within that time, Sellers shall deliver releases or waivers of mechanics' liens executed by all general contractors, subcontractors, suppliers, and materialmen in addition to Sellers' lien affidavit setting forth the names of all such general contractors, subcontractors, suppliers and materialmen and further affirming that all charges for improvements or repairs which could serve

as a basis for a mechanic's lien or a claim for damages have been paid or will be paid at closing of this Contract.

F. PLACE OF CLOSING:

Closing shall be held at the office of J. Jerome Miller, Attorney at Law, 415 Mountain Drive, Suite 3, Destin, Florida 32541.

G. TIME:

Time is of the essence of this Contract. Time periods herein of less than 6 days shall in the computation exclude Saturdays, Sundays and state or national legal holidays, and any time period provided for herein which shall end on Saturday, Sunday or legal holiday shall extend to 5:00 p.m. of the next business day.

H. DOCUMENTS FOR CLOSING:

Buyers shall furnish deed, bill of sale, mechanic's lien affidavit, construction lien affidavit, corrective instruments and closing statements.

I. EXPENSES:

Documentary stamps on the deed shall be paid by Sellers. Title insurance, commitment, and title insurance policy shall be issued by J. Jerome Miller, Attorney at Law, as title insurance agent. Recording fees on the deed, corrective instruments, abstracting, title review, title insurance commitment and title insurance policy shall be paid by Buyer.

J. PRORATIONS; CREDITS:

Taxes and assessments shall be prorated through day before closing. Cash at closing shall be increased or decreased as may be required by prorations. Taxes shall be prorated based on the current year's tax with due allowance made for maximum allowable discount and exemptions. A request will be made to the County Property Appraiser for an informal assessment taking into consideration available exemptions. Any tax proration based on an estimate may, at request of either Buyer or Sellers, be subsequently readjusted upon receipt of tax bill on condition that a statement to that effect is in the closing statement.

~~K. SPECIAL ASSESSMENT LIEN~~S:

~~Sellers~~ shall pay up to the sum of $5,000.00 total for any and all certified, confirmed and ratified special assessment ~~liens as of~~ date of closing (and not as of Effective Date) that are made by governmental bodies other than the City of ~~Destin~~. Pending liens as of date of closing shall be assumed by Buyer. If the improvement has been substantially ~~completed~~ as of Effective Date, such pending lien shall be considered certified, confirmed or ratified and Sellers ~~shall~~, at closing, ~~pay $5,000.00 or an amount equal to the last estimate of assessment for the improvement by the~~

public body (other than the City of Destin), whichever is less. In the event that the City of Destin shall levy any special assessment lien against the Property that is certified, confirmed and ratified, the purchase price shall be increased by an amount equal to all such lien amounts paid by Sellers. Pending liens by the City of Destin shall be assumed by Buyer.

L. INSPECTION, REPAIR, AND MAINTENANCE. Seller is selling Property as is.

Sellers warrant that, as of 30 days prior to closing, the ceiling, roof, (including the fascia and faucets) and exterior and interior walls do not have any VISIBLE EVIDENCE of leaks, water damage, or structural damage and that the septic tank, and all appliances, mechanical items, heating, cooling, electrical, plumbing systems and machinery are in WORKING CONDITION. Buyer may, at Buyer's expense, have inspections made of those items by a firm or individual specializing in inspection and holding an occupational license for such purpose (if required) or by an appropriately licensed Florida contractor. Buyer shall, prior to Buyer's occupancy or not less than 10 days prior to closing, whichever comes first, report in writing to Sellers such items that do not meet the above standards as to defects. Unless Buyer reports such defects within that time, Buyer shall be deemed to have waived Sellers' warranties as to defects not reported. Should Sellers disagree that an item fails to meet the above standards as to defects, Buyer and Sellers shall agree on another inspector or contractor, as the case may be, to evaluate the item in question as to the above standards as to defects. The cost of such evaluation shall be paid by Sellers. In the event the evaluation determines to the contrary that the item does not have any visible evidence of leaks, water damage, or structural damage or that the item is in working condition, then the item shall not be repaired or replaced at Sellers' expense. If repairs or replacements are required, Sellers shall cause such repairs to be made and shall pay up to 3% of the purchase price for such repairs or replacements as may be required in order to place such items in WORKING CONDITION. If the cost for such repairs or replacements exceeds 3% of purchase price, Buyer or Sellers may elect to pay such excess, failing which either party may cancel this Contract. If Sellers are unable to correct the defects prior to closing, the cost thereof shall be paid into escrow at closing. Sellers will, upon reasonable notice, provide utilities service and access to the Property for inspections, including a walk-through prior to closing. Between Effective Date and date of closing, except for repairs required by this Standard, Sellers shall maintain Property including, but not limited to, the lawn and shrubbery, in the condition herein warranted, ordinary wear and tear excepted.

M. RISK OF LOSS

If the property is damaged by fire or other casualty before closing, and cost of restoration does not exceed 3% of the assessed valuation of the Property so damaged, cost of restoration shall be an obligation of the Sellers and closing shall proceed pursuant to the terms of Contract with restoration costs escrowed at closing. If the cost of restoration exceeds 3% of the assessed valuation of the improvements so damaged, and insurance proceeds are payable to Sellers by virtue of such loss or damage, Buyer shall buy the property as is, together with an assignment of said insurance proceeds. In the event Sellers' deductible is more than 3% or there is a shortfall between the insurance proceeds paid and restoration cost, cost of restoration remains the

obligation of the Sellers and closing shall proceed pursuant to the terms of this Contract with the gap in deductible or insurance coverage shortfall for restoration costs escrowed at closing.

N. PROCEEDS OF SALE; CLOSING PROCEDURE:

The deed shall be recorded upon clearance of funds. If abstract, evidence of title shall be continued at Buyer's expense to show title in Buyer, without any encumbrances or change which would render Sellers' title unmarketable from the date of the last evidence, and the sale proceeds shall be paid to Sellers.

O. ESCROW:

Any escrow agent ("Agent") receiving funds or equivalent is authorized and agrees by acceptance of them to deposit them promptly, hold same in escrow and, subject to clearance disburse them in accordance with terms and conditions of Contract. Failure of clearance of funds shall not excuse Buyer's performance. If in doubt as to Agent's duties or liabilities under the provisions of Contract, Agent may, at Agent's option, continue to hold the subject matter of the escrow until the parties mutually agree to its disbursement or until a judgment of a court of competent jurisdiction shall determine the rights of the parties or Agent may deposit same with the clerk of the circuit court having jurisdiction of the dispute. Upon notifying all parties concerned of such action, all liability on the part of Agent shall fully terminate, except to the extent of accounting for any items previously delivered out of escrow. Any suit between Buyer and Sellers where agent is made a party because of acting as Agent hereunder, or in any suit wherein Agent interpleads the subject matter of the escrow, Agent shall recover reasonable attorney's fees and costs incurred with the fees and costs to be charged and assessed as court costs in favor of the prevailing party. Parties agree that Agent shall not be liable to any party or person for misdelivery to Buyer or Sellers of items subject to this escrow, unless such misdelivery is due to willful breach of Contract or gross negligence of Agent.

P. ATTORNEYS FEES; COSTS:

In any litigation arising out of this Contract, the prevailing party in such litigation shall be entitled to recover reasonable attorney's fees and costs.

Q. FAILURE OF PERFORMANCE

If Buyer fails to perform this Contract within the time specified, including payment of all deposit(s), and deposits agreed to be paid may be retained by or for the account of Sellers as agreed upon liquidated damages, consideration for the execution of this Contract and in full settlement of any claims; whereupon, Buyer and Sellers shall be relieved of all obligations under Contract; or Sellers, at Sellers' option, may proceed in equity to enforce Sellers' rights under this Contract. If, for any reason other than failure of Sellers to make Sellers' title marketable after diligent effort, Sellers fail, neglect or refuse to perform this Contract, the Buyer may seek specific performance or elect to receive the return of Buyer's deposit(s) without thereby waiving any action for damages resulting from Sellers' breach.

R. CONTRACT NOT RECORDABLE; PERSONS BOUND; NOTICE:

Neither this Contract nor any notice of it shall be recorded in any public records. This Contract shall bind and inure to the benefit of the parties and their successors in interest. Whenever the contract permits, singular shall include plural and one gender shall include all. Notice given by or to the attorney for any party shall be as effective as if given by or to that party.

S. CONVEYANCE:

Sellers shall convey title to Real Property by statutory warranty deed, subject only to matters contained in Paragraph VI and those otherwise accepted by Buyer. Personalty shall, at request of Buyer, be transferred by an absolute bill of sale with warranty of title, subject only to such maters as may be otherwise provided for herein.

T. OTHER AGREEMENTS:

No prior or present agreements or representations shall be binding upon Buyer or Sellers unless included in this Contract. No modification or change in this Contract shall be valid or binding upon the parties unless in writing and executed by the party or parties intended to be bound by it.

U. RADON GAS:

Radon is a naturally occurring radioactive gas that, when it has accumulated in a building in sufficient quantities, may present health risks to persons who are exposed to it over time. Levels of radon that exceed federal and state guidelines have been found in buildings in Florida. Additional information regarding radon and radon testing may be obtained from your county health department.

V. WARRANTIES:

Sellers warrant that there are no facts known to Sellers materially affecting the value of the Real Property which are not readily observable by Buyer or which have not been disclosed to Buyer.

THIS IS INTENDED TO BE A LEGALLY BINDING CONTRACT, IF NOT FULLY UNDERSTOOD, SEEK THE ADVICE OF AN ATTORNEY PRIOR TO SIGNING.

the loss or damage shall be payable within 30 days thereafter.

13. Subrogation Upon Payment or Settlement

(a) **The Fund's Right of Subrogation.**

Whenever The Fund shall have settled and paid a claim under this policy, all right of subrogation shall vest in The Fund unaffected by any act of the insured claimant.

The Fund shall be subrogated to and be entitled to all rights and remedies which the insured claimant would have had against any person or property in respect to the claim had this policy not been issued. If requested by The Fund, the insured claimant shall transfer to The Fund all rights and remedies against any person or property necessary in order to perfect this right of subrogation. The insured claimant shall permit The Fund to sue, compromise or settle in the name of the insured claimant and to use the name of the insured claimant in any transaction or litigation involving these rights or remedies.

If a payment on account of a claim does not fully cover the loss of the insured claimant, The Fund shall be subrogated to these rights and remedies in the proportion which The Fund's payment bears to the whole amount of the loss.

If loss should result from any act of the insured claimant, as stated above, that act shall not void this policy, but The Fund, in that event, shall be required to pay only that part of any losses insured against by this policy which shall exceed the amount, if any, lost to The Fund by reason of the impairment by the insured claimant of The Fund's right of subrogation.

(b) **The Fund's Rights Against Non-insured Obligors.**

The Fund's right of subrogation against non-insured obligors shall exist and shall include, without limitation, the rights of the insured to indemnities, guaranties, other policies of insurance or bonds, notwithstanding any terms or conditions contained in those instruments which provide for subrogation rights by reason of this policy.

14 Arbitration

Unless prohibited by applicable law, arbitration pursuant to the Title Insurance Arbitration Rules of the American Arbitration Association may be demanded if agreed to by both The Fund and the insured. Arbitrable matters may include, but are not limited to, any controversy or claim between The Fund and the insured arising out of or relating to this policy, and service of The Fund in connection with its issuance or the breach of a policy provision or other obligation. Arbitration pursuant to this policy and under the Rules in effect on the date the demand for arbitration is made or, at the option of the insured, the Rules in effect at Date of Policy shall be binding upon the parties. The award may include attorneys' fees only if the laws of the state in which the land is located permit a court to award attorneys' fees to a prevailing party. Judgment upon the award rendered by the Arbitrator(s) may be entered in any court having jurisdiction thereof.

The law of the situs of the land shall apply to an arbitration under the Title Insurance Arbitration Rules.

A copy of the Rules may be obtained from The Fund upon request.

15. Liability Limited to this Policy; Policy Entire Contract

(a) This policy together with all endorsements, if any, attached hereto by The Fund is the entire policy and contract between the insured and The Fund. In interpreting any provision of this policy, this policy shall be construed as a whole.

(b) Any claim of loss or damage, whether or not based on negligence, and which arises out of the status of the title to the estate or interest covered hereby or by any action asserting such claim, shall be restricted to this policy.

(c) No amendment of or endorsement to this policy can be made except by a writing endorsed hereon or attached hereto signed by either the President, a Vice President, or Agent of The Fund.

16. Severability

In the event any provision of the policy is held invalid or unenforceable under applicable law, the policy shall be deemed not to include that provision and all other provisions shall remain in full force and effect.

17. Notices, Where Sent

All notices required to be given The Fund and any statement in writing required to be furnished The Fund shall include the number of this policy and shall be addressed to The Fund at its principal office at Post Office Box 628600, Orlando, Florida 32862-8600.

CONDITIONS

1. DEFINITION OF TERMS

The following terms when used in this policy mean:

(a) "Amount of Insurance": The amount stated in Schedule A, as may be increased or decreased by endorsement to this policy, increased by Section 8(b), or decreased by Sections 10 and 11 of these Conditions.

(b) "Date of Policy": The date designated as "Date of Policy" in Schedule A.

(c) "Entity": A corporation, partnership, trust, limited liability company, or other similar legal entity.

(d) "Insured": The Insured named in Schedule A.

(i) The term "Insured" also includes

(A) successors to the Title of the Insured by operation of law as distinguished from purchase, including heirs, devisees, survivors, personal representatives, or next of kin;

(B) successors to an Insured by dissolution, merger, consolidation, distribution, or reorganization;

(C) successors to an Insured by its conversion to another kind of Entity;

(D) a grantee of an Insured under a deed delivered without payment of actual valuable consideration conveying the Title

(1) if the stock, shares, memberships, or other equity interests of the grantee are wholly-owned by the named Insured,

(2) if the grantee wholly owns the named Insured,

(3) if the grantee is wholly-owned by an affiliated Entity of the named Insured, provided the affiliated Entity and the named Insured are both wholly-owned by the same person or Entity, or

(4) if the grantee is a trustee or beneficiary of a trust created by a written instrument established by the Insured named in Schedule A for estate planning purposes.

(ii) With regard to (A), (B), (C), and (D) reserving, however, all rights and defenses as to any successor that the Company would have had against any predecessor Insured.

(e) "Insured Claimant": An Insured claiming loss or damage.

(g) "Land": The land described in Schedule A, and affixed improvements that by law constitute real property. The term "Land" does not include any property beyond the lines of the area described in Schedule A, nor any right, title, interest, estate, or easement in abutting streets, roads, avenues, alleys, lanes, ways, or waterways, but this does not modify or limit the extent that a right of access to and from the Land is insured by this policy.

(h) "Mortgage": Mortgage, deed of trust, trust deed, or other security instrument, including one evidenced by electronic means authorized by law.

(i) "Public Records": Records established under state statutes at Date of Policy for the purpose of imparting constructive notice of matters relating to real property to purchasers for value and without Knowledge. With respect to Covered Risk 5(d), "Public Records" shall also include environmental protection liens filed in the records of the clerk of the United States District Court for the district where the Land is located.

(j) "Title": The estate or interest described in Schedule A.

(k) "Unmarketable Title": Title affected by an alleged or apparent matter that would permit a prospective purchaser or lessee of the Title or lender on the Title to be released from the obligation to purchase, lease, or lend if there is a contractual condition requiring the delivery of marketable title.

2. CONTINUATION OF INSURANCE

The coverage of this policy shall continue in force as of Date of Policy in favor of an Insured, but only so long as the Insured retains an estate or interest in the Land, or holds an obligation secured by a purchase money Mortgage given by a purchaser from the Insured, or only so long as the Insured shall have liability by reason of warranties in any transfer or conveyance of the Title. This policy shall not continue in force in favor of any purchaser from the Insured of either (i) an estate or interest in the Land, or (ii) an obligation secured by a purchase money Mortgage given to the Insured.

3. NOTICE OF CLAIM TO BE GIVEN BY INSURED CLAIMANT

The Insured shall notify the Company promptly in writing (i) in case of any litigation as set forth in Section 5(a) of these Conditions, (ii) in case Knowledge shall come to an Insured hereunder of any claim of title or interest that is adverse to the Title, as insured, and that might cause loss or damage for which the Company may be liable by virtue of this policy, or (iii) if the Title, as insured, is rejected as Unmarketable Title. If the Company is prejudiced by the failure of the Insured Claimant to provide prompt notice, the Company's liability to the Insured Claimant under the policy shall be reduced to the extent of the prejudice.

4. PROOF OF LOSS

In the event the Company is unable to determine the amount of loss or damage, the Company may, at its option, require as a condition of payment that the Insured Claimant furnish a signed proof of loss. The proof of loss must describe the defect, lien, encumbrance, or other matter insured against by this policy that constitutes the basis of loss or damage and shall state, to the extent possible, the basis of calculating the amount of the loss or damage.

5. DEFENSE AND PROSECUTION OF ACTIONS

(a) Upon written request by the Insured, and subject to the options contained in Section 7 of these Conditions, the Company, at its own cost and without unreasonable delay, shall provide for the defense of an Insured in litigation in which any third party asserts a claim covered by this policy adverse to the Insured. This obligation is limited to only those stated causes of action alleging matters insured against by this policy. The Company shall have the right to select counsel of its choice (subject to the right of the Insured to object for reasonable cause) to represent the Insured as to those stated causes of action. It shall not be liable for and will not pay the fees of any other counsel. The Company will not pay any fees, costs, or expenses incurred by the Insured in the defense of those causes of action that allege matters not insured against by this policy.

(b) The Company shall have the right, in addition to the options contained in Section 7 of these Conditions, at its own cost, to institute and prosecute any action or proceeding or to do any other act that in its opinion may be necessary or desirable to establish the Title, as insured, or to prevent or reduce loss or damage to the Insured. The Company may take any appropriate action under the terms of this policy, whether or not it shall be liable to the Insured. The exercise of these rights shall not be an admission of liability or waiver of any provision of this policy. If the Company exercises its rights under this subsection, it must do so diligently.

(c) Whenever the Company brings an action or asserts a defense as required or permitted by this policy, the Company may pursue the litigation to a final determination by a court of competent jurisdiction, and it expressly reserves the right, in its sole discretion, to appeal any adverse judgment or order.

6. DUTY OF INSURED CLAIMANT TO COOPERATE

(a) In all cases where this policy permits or requires the Company to prosecute or provide for the defense of any action or proceeding and any appeals, the Insured shall secure to the Company the right to so prosecute or provide defense in the action or proceeding, including the right to use, at its option, the name of the Insured for this purpose. Whenever requested by the Company, the Insured, at the Company's expense, shall give the Company all reasonable aid (i) in securing evidence, obtaining witnesses, prosecuting or defending the action or proceeding, or effecting settlement, and (ii) in any other lawful act that in the opinion of the Company may be necessary or desirable to establish the Title or any other matter as insured. If the Company is prejudiced by the failure of the Insured to furnish the required cooperation, the Company's obligations to the Insured under the policy shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation, with regard to the matter or matters requiring such cooperation.

(b) The Company may reasonably require the Insured Claimant to submit to examination under oath by any authorized representative of the Company and to produce for examination, inspection, and copying, at such reasonable times and places as may be designated by the authorized representative of the Company, all records, in whatever medium maintained, including books, ledgers, checks, memoranda, correspondence, reports, e-mails, disks, tapes, and videos whether bearing a date before or after Date of Policy, that reasonably pertain to the loss or damage. Further, if requested by any authorized representative of the Company, the Insured Claimant shall grant its permission, in writing, for any authorized representative of the Company to examine, inspect, and copy all of these records in the custody or control of a third party that reasonably pertain to the loss or damage. All information designated as confidential by the Insured Claimant provided to the Company pursuant to this Section shall not be disclosed to others unless, in the reasonable judgment of the Company, it is necessary in the administration of the claim. Failure of the Insured Claimant to submit for examination under oath, produce any reasonably requested information, or grant permission to secure reasonably necessary information from third parties as required in this subsection, unless prohibited by law or governmental regulation, shall terminate any liability of the Company under this policy as to that claim.

7. OPTIONS TO PAY OR OTHERWISE SETTLE CLAIMS; TERMINATION OF LIABILITY

In case of a claim under this policy, the Company shall have the following additional options:

(a) To Pay or Tender Payment of the Amount of Insurance.

To pay or tender payment of the Amount of Insurance under this policy together with any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment or tender of payment and that the Company is obligated to pay.

Upon the exercise by the Company of this option, all liability and obligations of the Company to the Insured under this policy, other than to make the payment required in this subsection, shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation.

(b) To Pay or Otherwise Settle With Parties Other Than the Insured or With the Insured Claimant.

(i) To pay or otherwise settle with other parties for or in the name of an Insured Claimant any claim insured against under this policy. In addition, the Company will pay any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment and that the Company is obligated to pay; or

(ii) To pay or otherwise settle with the Insured Claimant the loss or damage provided for under this policy, together with any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment and that the Company is obligated to pay.

Upon the exercise by the Company of either of the options provided for in subsections (b)(i) or (ii), the Company's obligations to the Insured under this policy for the claimed loss or damage, other than the payments required to be made, shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation.

8. DETERMINATION AND EXTENT OF LIABILITY

This policy is a contract of indemnity against actual monetary loss or damage sustained or incurred by the Insured Claimant who has suffered loss or damage by reason of matters insured against by this policy.

(a) The extent of liability of the Company for loss or damage under this policy shall not exceed the lesser of

(i) the Amount of Insurance; or

(ii) the difference between the value of the Title as insured and the value of the Title subject to the risk insured against by this policy.

(b) If the Company pursues its rights under Section 5 of these Conditions and is unsuccessful in establishing the Title, as insured,

(i) the Amount of Insurance shall be increased by 10%, and

(ii) the Insured Claimant shall have the right to have the loss or damage determined either as of the date the claim was made by the Insured Claimant or as of the date it is settled and paid.

(c) In addition to the extent of liability under (a) and (b), the Company will also pay those costs, attorneys' fees, and expenses incurred in accordance with Sections 5 and 7 of these Conditions.

9. LIMITATION OF LIABILITY

(a) If the Company establishes the Title, or removes the alleged defect, lien, or encumbrance, or cures the lack of a right of access to or from the Land, or cures the claim of Unmarketable Title, all as insured, in a reasonably diligent manner by any method, including litigation and the completion of any appeals, it shall have fully performed its obligations with respect to that matter and shall not be liable for any loss or damage caused to the Insured.

(b) In the event of any litigation, including litigation by the Company or with the Company's consent, the Company shall have no liability for loss or damage until there has been a final determination by a court of competent jurisdiction, and disposition of all appeals, adverse to the Title, as insured.

(c) The Company shall not be liable for loss or damage to the Insured for liability voluntarily assumed by the Insured in settling any claim or suit without the prior written consent of the Company.

10. REDUCTION OF INSURANCE; REDUCTION OR TERMINATION OF LIABILITY

All payments under this policy, except payments made for costs, attorneys' fees, and expenses, shall reduce the Amount of Insurance by the amount of the payment.

11. LIABILITY NONCUMULATIVE

The Amount of Insurance shall be reduced by any amount the Company pays under any policy insuring a Mortgage to which exception is taken in Schedule B or to which the Insured has agreed, assumed, or taken subject, or which is executed by an Insured after Date of Policy and which is a charge or lien on the Title, and the amount so paid shall be deemed a payment to the Insured under this policy.

12. PAYMENT OF LOSS

When liability and the extent of loss or damage have been definitely fixed in accordance with these Conditions, the payment shall be made within 30 days.

13. RIGHTS OF RECOVERY UPON PAYMENT OR SETTLEMENT

(a) Whenever the Company shall have settled and paid a claim under this policy, it shall be subrogated and entitled to the rights of the Insured Claimant in the Title and all other rights and remedies in respect to the claim that the Insured Claimant has against any person or property, to the extent of the amount of any loss, costs, attorneys' fees, and expenses paid by the Company. If requested by the Company, the Insured Claimant shall execute documents to evidence the transfer to the Company of these rights and remedies. The Insured Claimant shall permit the Company to sue, compromise, or settle in the name of the Insured Claimant and to use the name of the Insured Claimant in any transaction or litigation involving these rights and remedies.

If a payment on account of a claim does not fully cover the loss of the Insured Claimant, the Company shall defer the exercise of its right to recover until after the Insured Claimant shall have recovered its loss.

(b) The Company's right of subrogation includes the rights of the Insured to indemnities, guaranties, other policies of insurance, or bonds, notwithstanding any terms or conditions contained in those instruments that address subrogation rights.

14. ARBITRATION

Unless prohibited by applicable law, arbitration pursuant to the Title Insurance Arbitration Rules of the American Arbitration Association may be demanded if agreed to by both the Company and the Insured at the time of a controversy or claim. Arbitrable matters may include, but are not limited to, any controversy or claim between the Company and the Insured arising out of or relating to this policy, and service of the Company in connection with its issuance or the breach of a policy provision or other obligation. Arbitration pursuant to this policy and under the Rules in effect on the date the demand for arbitration is made, or, at the option of the Insured, the Rules in effect at Date of Policy shall be binding upon the parties. The award may include attorneys' fees only if the laws of the state in which the Land is located permit a court to award attorneys' fees to a prevailing party. Judgment upon the award rendered by the Arbitrator(s) may be entered in any court having jurisdiction thereof.

The law of the situs of the land shall apply to an arbitration under the Title Insurance Arbitration Rules.

A copy of the Rules may be obtained from the Company upon request.

15. LIABILITY LIMITED TO THIS POLICY; POLICY ENTIRE CONTRACT

(a) This policy together with all endorsements, if any, attached to it by the Company is the entire policy and contract between the Insured and the Company. In interpreting any provision of this policy, this policy shall be construed as a whole.

(b) Any claim of loss or damage that arises out of the status of the Title or by any action asserting such claim whether or not based on negligence shall be restricted to this policy.

(c) Any amendment of or endorsement to this policy must be in writing and authenticated by an authorized person, or expressly incorporated by Schedule A of this policy.

(d) Each endorsement to this policy issued at any time is made a part of this policy and is subject to all of its terms and provisions. Except as the endorsement expressly states, it does not (i) modify any of the terms and provisions of the policy, (ii) modify any prior endorsement, (iii) extend the Date of Policy, or (iv) increase the Amount of Insurance.

16. SEVERABILITY

In the event any provision of this policy, in whole or in part, is held invalid or unenforceable under applicable law, the policy shall be deemed not to include that provision or such part held to be invalid, but all other provisions shall remain in full force and effect.

17. CHOICE OF LAW; FORUM

(a) Choice of Law: The Insured acknowledges the Company has underwritten the risks covered by this policy and determined the premium charged therefor in reliance upon the law affecting interests in real property and applicable to the interpretation, rights, remedies, or enforcement of policies of title insurance of the jurisdiction where the Land is located.

Therefore, the court or an arbitrator shall apply the law of the jurisdiction where the Land is located to determine the validity of claims against the Title that are adverse to the Insured and to interpret and enforce the terms of this policy. In neither case shall the court or arbitrator apply its conflicts of law principles to determine the applicable law.

(b) Choice of Forum: Any litigation or other proceeding brought by the Insured against the Company must be filed only in a state or federal court within the United States of America or its territories having appropriate jurisdiction.

CITY OF DESTIN

AGENDA ITEM

COUNCIL MEETING DATE: July 7, 2025
TYPE OF AGENDA ITEM: Ordinance
AGENDA OUTLINE NUMBER: 5.G.

TO: City Council

THRU: Larry Jones , City Manager
Kimberly Kopp, City Attorney

FROM: David Prichard, Community Development Director

DATE: June 27, 2025

SUBJECT: Second reading of proposed Ordinance 25-10-LC - Permitting decks to encroach up to five feet into rear setbacks for town homes that are not waterfront within the High Density Residential zoning district.

I. BACKGROUND: Currently, per the City's ***Land Development Code (LDC) Section 7.12.08***, ***Table 7-3: Schedule of Dimensional Requirements in Zoning Districts,*** townhomes (multi-family development) are required to provide a rear setback of 10' for any portion of a building having a height of 35 feet or less if the property does not front the harbor, bay, or gulf. The language reads as follows –

For lots fronting the harbor: Zero feet. For lots fronting the Choctawhatchee Bay: rear setback must meet the requirements set forth in section 11.01.10 Bay shoreline protection zone. For lots fronting the gulf the rear setback will be established by DEP. For all lots that do not front the harbor, bay or the gulf, but instead have a rear property line, ten feet for any portion of a building having a height of 35 feet or less. Fifteen feet for any portion of a building having a height above 35 feet but below 50 feet. For each ten feet or fraction thereof exceeding 50 feet in height, the rear setback shall be increased by two feet on each side.

II. DISCUSSION: There are multiple non-waterfront townhome properties within the HDR zoning district that have built accessory structures, such as attached decks/patios, onto the rear of their residence, encroaching on the required ten-foot (10') rear setback. Some of these improvements were made illegally without a permit, while a couple of others were erroneously approved and permitted by previous City Staff.

In an attempt to eliminate these non-conforming structures within the City, Staff is suggesting revising the LDC to allow decks for non-waterfront townhome properties having a maximum building height of 35 feet (35') or less within the HDR zoning district to encroach five feet (5')

into the rear setback. This would still provide a minimum of ten feet (10') between any two townhome deck structures that were to back up to each other, if designed accordingly.

As proposed, this ordinance would apply to fifty (50) townhome units (please see attached graphic for reference), and would have no effect on single-family dwellings, apartments, condominium buildings, and/or other waterfront townhome properties within the HDR zoning district.

Currently, the City does not define 'deck' within the Land Development Code (LDC); therefore, along with this ordinance, Staff is proposing the following definition be added within Article 3 of the LDC:

Deck: A roofless outdoor space built as an above-ground platform projecting from the wall of a building and is connected by structural supports at grade or by the building structure.

A. Link to Strategic Goals / Objectives: III. Economic development and revitalization

B. Effect on Budget (EOB): No effect on the City's budget.

C. Level of Service (LOS): No effect on the surrounding LOS.

D. Legislative Sponsor: Dewey Destin

E. Business Impact Statement:

III. CONCLUSION: Staff recommend that the City Council approve proposed **Ordinance 25-10-LC**, which would allow decks for non-waterfront townhome properties having a maximum building height of 35 feet (35') or less within the HDR zoning district to encroach five feet (5') into the rear setback.

City Council approved Ordinance 25-10-LC on first reading on June 16, 2025 with the condition that the definition of "decks" was included. ACCORDINGLY, THE ORDINANCE HAS BEEN MODIFIED SINCE FIRST READING, TO INCLUDE THE DEFINITION OF DECKS. SEE ATTACHED ORDINANCE.

IV. RECOMMENDED MOTION: I move that the City Council adopt **Ordinance 25-10-LC**, as presented.

(a) It shall be unlawful and a civil infraction for the owner or custodian of an animal to permit the following nuisances, which are hereby declared to be public nuisances, to be committed, either willfully or through failure to exercise due care or control:

***

(5) No animal shall be permitted to bark, bay, cry, whine or howl or make any other noise continuously and/or incessantly in an excessive, habitual or untimely fashion for such a duration that it annoys or disturbs a reasonable person of normal sensitivities residing in or occupying premises in close proximity to the premises on which the animal is located. However, a dog will not be deemed a "barking dog" if, at the time the dog is barking or making any other noise, a person is trespassing or threatening to trespass upon private property where the dog is situated or for any other legitimate cause which teased or provoked the dog. In the case of multiple animals at one (1) location, it shall not be necessary to single out which specific animal committed a noise nuisance. It shall be sufficient to demonstrate that the noise emanated from the premises. The provisions of this subsection shall not be applicable to any person duly licensed by the city to keep, house or shelter an animal belonging to another, as long as the animal is confined inside an enclosed building. Further, the provisions of this subsection shall not apply to roosters, except to the extent set forth in subsection 4-8 ("*Bad dog; bad cat; bad rooster.*") of this Chapter.
